REPUBLICAN TICKET. State. For Governor, M. L. HAYWARD. For Lieut.-Governor, GEORGE A. MURPHY. For Secretary of State, C. DURAS.

What are democrats talking about Maine? Do they want it unanimous for the republican ticket?

BYNUM, the sound money democratic congressman from Indiana, advises his democratic friends to vote the republican ticket on patriotic grounds.

No attorney in this county stands higher as a fearless, conscientious lawyer than J. L. Root. He has always been independent and fair.

The president has given it out positively that no more troops will be mustered out, so that Col. Bryan's visit to Washington is liable to prove fruitless.

GEN. OTIS, the American military commander at Manila, told the Philippine insurgents to get out of that city, and they got.

In the short, sharp and decisive war with Spain more than 100,000 Spanish soldiers surrendered to less than 25,000 Americans.

SAN DOMINGO listened to the flat syrens and tried the plan of issuing paper money, irremediable in nothing, and the result is now a pandemic that is bankrupting the island.

THE WORLD HERALD has at last found out who pays the tariff. A load of provisions has been in the harbor of Havana for several days.

BLANCO expresses an intense hatred for the United States, but he thoughtfully closed an interview by saying that "for the American army he had the highest appreciation of its noble and courageous behavior."

W. H. NEWELL is making a clean, manly canvass for the office of state senator. He has plenty of material at hand to make a warm campaign on public records if necessary.

The popepar manager in the state begins to see the hopelessness of their cause. Their bogus claims of reform have already been punctured and their campaign falls flat.

A NUMBER of Spanish officers and privates have expressed a desire to join the United States army. Evidently they have not read the yellow journals or they would know that to join Uncle Sam's army means starvation, neglect and several other horrible and inhuman things.

The soldiers of the Second Nebraska if mustered out soon, will give their surgeon, Mr. Holcomb's Omaha demopop doctor, a reception he will never

forget. His treatment of the boys is said to have been brutal in the extreme, and many of the members of the regiment would like to help him to a bath in the Missouri river. He was only one of many of Holcomb's incompetents, which Alger is named with.

Col. BRYAN'S speech against imperialism lacked the flavor of the "iron of thorns" oration and has fallen flat. His beloved side partner, Windy Allen, has remonstrated it, and comes out squarely for extension of territory, and most of the democratic leaders are with Allen.

JUDGE BAYWAID'S speech to the county convention yesterday, stripped from the opposition the mask of hypocrisy and unfair dealing its campaign has so far worn. The judge, who seemed their arguments and claims to be exaggerated grossness in the taxmatters by their administration of the affairs of state and showed pretty conclusively that they were ground of an issue not worth being fought.

Just as we have had a hundred times, free silver at 14 to 1 rates, means fat money, nothing more or less. The silverite's were indulgent a year ago at such an imposition, but they are getting around to it rapidly.

HOLCOMB AND ALLEN are lightened most to death over the situation in Nebraska and the former has gone to Washington to see if he can get the Third regiment mustered out so Bryan can come home and help the warring cause.

ASSISTANT Secretary of War McLaughlin will help "carry the war" to Nebraska and will make several speeches in this state before the campaign ends, after which he will go to Europe to recuperate.

THE N. BRANCO ULY NEWS LINE through its office in selling papers down there to be within the grasp of the legislature. The three boys will never do it, and the paper will be ashamed to, and republicans will think of such a thing. The idea of trying to get office in the name of the great McKinley will go, and the republicans will be disappointed.

THE Dreyfus case still holds a monopoly of public attention in Paris and London. Count Esterhazy kept the interest in the latter city where he is living in disguise.

The chairman of the democratic state convention over in Iowa the other day said he never knew a banker whose soul wasn't so shriveled that it would not make a pavement wide enough for a goat. The Iowa statesman evidently didn't know the politicians were running a banner for office over in this county, and that politicians are expected to vote for him.

Mr. Webster seems to have come out on top after all in that convention scrap with Mr. Rosewater, which would seem to indicate that it doesn't matter whether or not Mr. Webster can be trusted. A man who pays cash can afford to be oblivious to whether his credit is good or bad.

Mannahan, the man who swallowed the pins, thinks he is running for congress in this district, but so far he has been unable to get out a crowd anywhere to talk to. He has therefore concluded to challenge E. J. Bur-

rott, the republican nominee, in order to fill up the empty benches. We trust Burrott will not waste anytime in that way, but will proceed to a thorough canvass of the district.

The democrats seem to take new hope as the campaign progresses from the fact that the surplus in the treasury of the United States is growing. One of the most foolish things that the democratic party has ever been confronted with was a surplus, for in the sixty years in which it had control of national affairs it never was able to accumulate one. The republicans propose to take care of the surplus and use it wisely for the country's need.

The Evening postage stamp wastes half a column in telling what radical scribbles its editors are and how some of its contributors are saying editorially. The general public cares nothing for the scribbles or the scribbles, and we don't believe any man in Cass county ever took enough notice of the sheet to inquire about its politics, or care what it said.

Here! Here! the man who is almost as famous as Mannheim for swallowing pins, was in town yesterday dropping words of wisdom and advice. He says he has a cure for the "disease" of the people, and is willing to give it to anyone who will pay for it. He says he has a cure for the "disease" of the people, and is willing to give it to anyone who will pay for it.

Mr. H. H. Green, merchant of Chilhowee, Va., writes that he had consumption, was given up to die, sought all medicinal treatment that money could procure, tried all cough remedies but could hear of, but got no relief, spent many nights sitting up in a chair was induced to try Dr. King's New Discovery, and was cured by use of two bottles.

An exchange suggests that Judge Maxwell will no longer refer to the crime of '78, as the crime of '88 completely overhauled it.

The name of every man who takes part in the Cass county fair, to give money from the taxpayers of this county, who is recommended by the organized republicans, shall be a mark of shame. A man who is a member of the eyes of the public who is expected to be forced to pay the bills.

Even the "spotted cow called Speck" has been boycotted by the reformers, and butterine, bought of Phil Armour, has displaced dairy butter in the state institutions. In the interests of "economy" even the blind, insane and helpless wards of Nebraska must eat butterine in place of butter.

Tabler's Buckeye Pile Ointment relieves the itching itching. It soothes, heals and cures chronic cases where surgeons fail. It is no experiment; its sales increase through its cures. Every bottle guaranteed. Price 50 cents in bottles, tubes 75 cents. F. G. Fricke.

A CRITICAL TIME

During the Battle of Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago de Cuba, on July 23, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health in fact, I sincerely believe that at one critical time this medicine was the indirect savior of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know it four cases it absolutely saved life."
