REPUBLICAN TICKET.
State.
For Governor, M. J. HAYWARD.
For Lieutenant-Governor, GEORGE A. MURPHY.
For Secretary of State, C. DURAN.

THE bogus butter reformers are on the run. The people have awakened to the real situation with reference to those great antimonopolists who ride on passes and try to deceive the people, and they will be turned down by a decisive vote this fall.

Gov. HOLCOMB made a spectacle of himself for two weeks trying to decide which of the Nebraska regiments should be mustered out, and then finally flunked and dodged the responsibility by referring the matter back to the secretary of war.

MR. MANAHAN and his friends seem to be in doubt upon what platform Hon. E. J. Burkett stands. If they would come out and hear him their minds would soon be relieved.

GEN. MERRITT says the Filipinos are not difficult to govern, and adds that all the foreigners residing in the islands, Spaniards, Americans, Portuguese, English, Germans, favor the annexation of the archipelago by the United States.

BELOW PAR. The poperaat campaign drags wearily and no show for their carrying the state longer exists. The fusion voters are tired of being humbugged.

It is true that state warrants were below par when these state officers took charge of the state government eighteen months ago. Everything was below par then.

Farmer credit was below par eighteen months ago. Farm loans were hard to get at eight per cent. Now the lenders in Nebraska have more money than they can put out at five and one-half per cent.

We regret to notice that the annual installment of box-elder bugs is now being delivered. These bugs are a new invention which began to annoy the people about the time the populists came into power in Nebraska.

gold standard has not been defended here at all. If this be so, it is because the gold standard life insurance needs no defense.

"Being the day I have heard many times, from the advocates of a statutory ratio of 16 to 1 between the metals, and from those who stand for a government issue of fiat paper currency, frequent reference to Jefferson and Jackson. This rose to an impassioned height in the address of Mr. Weller, of Iowa, whose purely sentimental activity in affairs has for years excited my admiration.

"Jackson said that gold is the universal and only honest standard of value.—The Conservative.

DESERVED HONORS TO DEWEY. It is stated that the president and Secretary Long will ask congress to revive the grade of vice admiral for the benefit of Rear Admiral Dewey, and to extend his retiring age ten years.

INFORMATION AND OPINION. The orders have been issued for General Lee's army to go to Havana, and in the list of regiments designated we notice that the Third Nebraska is one of them.

E. J. Burkett had a crowded, enthusiastic meeting at Louisville last week, and delivered an eloquent speech, which prominent critics say was one of the best ever made in the country.

An exchange pertinently remarks of the deputy attorney general as follows: "It is feared that the Omaha doctors who undertook to remove an abscess from Ed Smith's head, inadvertently removed his head and left an abscess."

As the details of the fight at Omdurman come in, the British people take less and less pride in it. It was rather a slaughter than a battle. The dervishes merely rushed to their death against the Maxim and quick-firing guns of the British column.

As soon as Colonel Bryan reached Jacksonville after his trip to Washington he held a regiment election to decide whether the Third Nebraska ought to be mustered out immediately.

What was the real reason for Manahan's offer to go into a joint discussion with Burkett after he knew that the republicans had made up their schedule of meetings for the entire campaign? Was it a bluff, or did Manahan despair of getting any crowds to hear him, and adopt this scheme in order that he might get to talk to the crowds that are attending Burkett's meetings?

The prospective doubling of the new Armour meat packing plant at South Omaha will so far to assure for this city the position it has attained as one of the greatest cattle markets in America and in the world.

There is nothing like consistency, says Senator Jones, the democratic leader, who denounced greenbacks in 1895 as the worst money the country ever saw, and praises them in 1898 as the best.

Ex-Governor Waito of Colorado, who wanted to ride in blood up to the bridge re-ins and was silver mad, is now the happy owner of rich gold mines. Wonder if he will now sell an ounce of his gold for sixteen ounces of silver.

We are authorized to deny on the highest authority that there is no truth in the statement that the commissioner of pensions has ruled deafness and rheumatism as non-pensionable disabilities. The law remains unchanged, and no change has ever been made or contemplated.

Including original and increased claims for pensions, the McKinley administration is allowing 254 per day against 183 under Cleveland, while the rejections are only 216 per day compared with 313 under democratic rule. These figures speak for themselves.

In 1896 the democrats and their political allies said, "as silver goes down so wheat depreciates in price. Silver and wheat are linked together by inseparable ties." On September 1, 1896, a bushel of wheat was worth 67.2 and an ounce of silver 67.2—silver and wheat were at par.

The initial number of the Weeks Review, Elmwood's new paper, is before us bright and clean as a new pin. It would be a credit to a larger town, and we congratulate Brother Mayfield on his assurances of success.

Pertinent Poetry. Your absence takes from fusion a chance, The "state house gang" do fret and prance. While the pops execute a Sioux war dance, Because the Third is not mustered out.

The silver apostle in the south must stop. Wide Nebraska has a fine wheat crop. The middle-of-the-roader is about to stop. Much to the disgust of the hungry pop. Because the Third did not get out.
