What do the Children Drink?
Don't give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing and takes the place of coffee. The more Grain-o you give the children the more health you distribute through their systems. Grain-o is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about one-fourth as much. All grocers sell it, 15c and 25c.
Furnished or unfurnished rooms for rent. Enquire at 1056 Main street.
