THE EXPOSITION IN 1899

Editor Rosewater In Washington In Its Interest.

Says That the Heads of Departments and Other Officials Favor the Project—Removal of Dead Soldiers Deferred Until February for Sanitary Reasons—Other Telegraphic News of Interest.

WASHINGTON, Dec. 2.—Mr. Rosewater, who has been in Washington the last week interviewing members of the cabinet, heads of departments and others in official life as to the advisability of continuing the exposition next year, has met with great encouragement from those interviewed. Even President McKinley, in a talk had with Mr. Rosewater, conceded that there were many arguments in favor of continuing the exposition, but thought the time too short in which to prepare proper colonial exhibits as proposed to take the place of the government exhibit to a large extent. The question of an appropriation to cover the expense of a curtailed government exhibit, with exhibits from Cuba, Porto Rico and the Philippines, was also discussed in all its bearings, but no decision was reached. While Mr. Rosewater is not prepared to definite y commit himself to another exposition until he has ascertained what can be done in Washington, he says the proposition is received with enthusiasm in many official quarters, which is decidedly encouraging.

Removal of Soldier Dead.

WASHINGTON, Dec. 2.—The war department has decided to adopt at once the suggestion of General Wood, in command at Santiago, that the removal of the remains of American soldiers from that section of Cuba be deferred until February at the earliest. While it is fully realized that this postponement will bring great disappointment to the friends and relatives of the dead soldiers, the officials believe they have no right to expose to the horrors of the yellow fever outbreak the large population of Santiago and neighboring towns for a mere sentimental consideration.

The department had advanced very well in the preparation of plans for the removal of the dead and was in position to begin the work of disinterment almost immediately. It had employed the services of an expert named Rhodes, who had thoroughly gone over the ground at Santiago and arranged the details of the plan. For some time past the department has been granting permits for the removal of the remains of individual soldiers, provided the relatives of the soldiers furnished a metallic casket, which could be heremetically sealed, thus preventing the introduction of contagious diseases into the United States.

The Spurlock-Smith Wedding.

THE NEWS is in receipt of a copy of The Maryville (Mo.) Tribune which contains a lengthy account of the Spurlock-Smith wedding, with a half-tone cut of the contracting parties. The following extracts are taken from the article:

"The wedding was one of the most interesting and elegant social events that ever took place in this city. The bride and groom have friends in all parts of the United States, and altogether 450 invitations were issued, most of them being sent to people away from Maryville. Ninety people witnessed the ceremony and sat down to the wedding supper.

"Miss Smith's attire was very pretty, tasteful and rich. It was of ivory satin over pink silk, trimmed in point lace and mousselyn de soie, and was highly becoming. She wore Mrs. J. Woodson's Smith's wedding veil, and carried white chrysanthemums. The groom wore full evening dress.

"Mrs. Spurlock was reared in Maryville, and no young lady who ever claimed this city as her home has more friends here. The bride has a good-sized fortune in her own right, and is a highly accomplished young lady. She graduated from DePauw University, at Greencastle, Indiana, a few years ago, after which she went abroad. After completing her musical education under Moscowsky, in Berlin, she traveled extensively in Europe and the United States, visiting many of the most important places both in America and on the continent. Since the completion of her studies, she has not allowed her interest in her music to flag, and she is unquestionably one of the most accomplished pianists that ever lived in or visited this city. In addition to her accomplishments, she is gracious and pretty and has a charming disposition, which will make her friends wherever she goes. She will prove a very popular addition to the best society of eastern Nebraska. Much of her time in the last few years has been spent in Marshall, Mexico, Boonville, Kansas City and St. Louis, in all of which she has relatives and is a social favorite.

"Mr. Spurlock is now serving his second term as probate judge of Cass county, which in Nebraska is quite a responsible position, and is regarded as one of the most promising young lawyers in eastern Nebraska. Mr. Spurlock graduated from the law department of DePauw University, where he was a room-mate of Leon Smith, brother of the bride, a few years ago—it was while fellow-students there that the young people became acquainted—and returned to his home town to engage in practice. In the face of the opposition that every young lawyer meets, he has succeeded in making a name for himself, and is looked upon as a young man with a future.

RAILROAD NOTES AND PERSONALS

The Chicago daylight train, which formerly passed through here at 7:17 a. m., now goes at 7:12.

—

Andy Kroehler of the Burlington shops at Havelock was an over Sunday visitor in this city.

—

D. Hawksworth, Superintendent of Motive Power of the B. & M., was in the city yesterday.—Alliance Grip.

—

John and Ed Kroehler, who left here last summer for the northwest, have worked in several towns in Wyoming, Montana and Idaho. John is working in the shops at Great Falls, Mont., but Ed has gone down into Colorado. They have worked in various towns in California and expect to visit the east before they come back to Plattsmouth to settle down.

—

The pay car is scheduled to arrive Saturday to gladden the hearts of the employes of the Burlington.

—

The run between Creston and Pacific Junction, a distance of eighty-six miles, was made in eighty-six minutes by the fast mail the other day. From this it will be seen that the Burlington will have no trouble in making the required speed for the new mail service.

—

C. P. Olsen, superintendent of bridges, has a force of men at work at the east end of the bridge building a stone riprap to protect the big fill which is being made.

—

Engineer Chas. Rutherford brought engine No. 193 down from Gibson last Friday. She got the worst of it in a little smash-up in the South Omaha yards and will be repaired in the Plattsmouth shops.

—

The tracks at Oreapolis are being rearranged so that a thousand feet more of double track will be given, which will be very beneficial in making switches.

—

A new system of semiphores are being placed on the Burlington, the first of which is at Oreopolis and the next one will be in the yards at this place. It is a great improvemet over the old system. It has two arms—one to signal trains going in one direction and the other for those going in the opposite. It will signal one train without interfearing with the operations of those going in the other direction.

GILLETT IS LOCATED.

Missing Cattle Plunger Is Said to Be Hiding in Mexico.

Detectives Are Shadowing His Every Movement and It Is Thought His Arrest Will Follow In a Few Days—Steamer Seneca Arrives at New York—Other News Notes.

KANSAS CITY, Dec. 4.—A dispatch to the Journal from Chihuahua, Mex., says:

Grant G. Gillett, the missing cattle plunger, whose sudden disappearance so startled the financial world, arrived in Chihuahua on November 23 and left on the morning of the 24th for Durango, where it is stated that he deposited a large sum of money in the bank. He remained only a short time in Durango, when he bought a return ticket to Chihuahua.

Two prominent business men of this city came up from Durango on the same train with him and stated that he bought a first-class ticket and rode in a second-class coach as far as Torreon, where he took the Pullman. The gentlemen entered into conversation with him and he said he had made considerable money in Colorado in the general merchandise business and that he was in Mexico with the view of investing in ranch and mining properties. He conversed quite freely upon various topics, referring occasionally to the cattle business. He was well dressed and wore several beautiful diamonds.

At Jiminez he was met by his attorney, C. R. Troxel, and the two entered into a low conversation and remained together until they reached Chihuahua. They arrived here last Monday and went to the leading hotel, where they registered. The man was undoubtedly Gillett, as his signature corresponded with his signature in a document held in this city.

Troxel left Tuesday on the stage for the west, presumably to the mining camps in the Sierra Madre mountains.

Gillett is still in the city but his whereabouts are unknown, except to the detectives, who are closely shadowing his every movement. The report that Gillett had been arrested and held in custody here is untrue. The Jefe Politico says that the Mexican authorities have not seen him and know nothing of his whereabouts.

He will be arrested immediately upon the arrival of the authorities from the states, who are expected to arrive soon from El Paso. Their baggage is all in this city, and on one of the trunks is a tag with the name C. R. Troxel.

Three letters which have arrived at the hotel for G. G. Gillett have mysteriously disappeared.

Back From Cuba.

NEW YORK, Dec. 4.—Among the passengers who arrived today on the Ward line steamer Seneca from south side Cuba ports were Surgeon Byrnes of the United States steamship Cincinnatti and H. V. Barclay of the United States steamship Glacier, having in charge W. W. Seymour, engineer and yeoman of the Glacier, who is suffering from insanity. He will be taken to the naval hospital at Washington. During the voyage he jumped overboard in an attempt to commit suicide, but was rescued. Among the other passengers were Surgeon H. M. Patton of the Fourth infantry, Captain Frost, Colonel Borup and Lieutenant Clark of the Third United States infantry. The officers of the Merritt & Chapman Wrecking company, who have been working on the Spanish ships sunk at Santiago were also on board. They express the opinion that the Cristobal Colon cannot be saved.

Without doubt, there is no disease so common as the piles, none more painful or annoying, or that has been so unsuccessfully treated. The only permanent cure for piles, either itching or bleeding, yet discovered, is Dr. Sawyer's Arnica and Witch Hazel Salve. A. W. Atwood.

Cattle Given a Receiver.

KANSAS CITY, Dec. 2.—A special to the Star from Abaline, Kan., says: Suit was today filed in the district court by Morton Jourdan asking a receiver for 1,500 of Gillett's cows with their calves of the "70" brand, now near Herrington. The petition states that last July, Gillett gave mortgages on said cattle to Elmore & Cooper of Kansas City for $37,000, due November 16; that they were then extended, additional notes for $8,034 given, and the notes all endorsed and sold by Elmore & Cooper to plaintiff; that Thomas Kinnehan claims to own the cattle, and the National Bank of Commerce, Kansas City; Third National bank, St. Louis; William Thomas and O. W. Pratt claim interest in the herd derived under Kinnehan, and that the cattle are suffering for care and deteriorating in value. George A. Rogers was appointed receiver by the probate judge in the absence of the district judge, and went to Herrington at once to take charge of the stock.

Nothing has been heard here or at Woodbine of Gillett's capture.

E. L. Hammond has sold his town property, lot 3 in block 1, to R. Delaney, and will give possession on or before March 1, 1899.

James Allison of Rock Bluffs precinct marketed fifty head of fine porkers here last Wednesday, selling to Elmer Pritchard. That is evidence that Union is all right as a market for stock as well as everything else the farmers have to sell.

Wednesday afternoon Syl Hathaway met with a singular accident that causes him to wear a forlorn look. In driving across a field the fore wheels of the wagon dropped into a ditch, the sudden motion throwing Syl forward against the wagon box with such force as to fracture a rib on his left side. He is able to be out, but is very sore as a result of the accident.

Hon. E. M. Pollard of Nehawka was in town Wednesday evening on his way home from Omaha, where he attended a banquet given by the the U. S. Grant republican club of that city. Mr. Pollard is the leading candidate for the speakership of the house, and we are pleased to learn that his appearance at the banquet added materially to his strength and makes his chance for securing the honor very flattering.

M. H. Shoemaker had the misfortune to fall from a hay mow on Tuesday evening, and when he got to the end of his short journey, he saw enough stars to remind him of the electric lights on the exposition grounds. He did not think he was seriously injured, but the pain in his left shoulder next morning caused him to call Dr. Wallace, who found the shoulder dislocated. The necessary repairs were made and in a short time "Matt" will feel none the worse for his acrobatic feat.

From the Elmwood Leader-Echo.

Dan Eells received a card the first of the week announcing the marriage of his son Herbert, to Mrs. Myrtle Hallie of Denver, Colorado. The ceremony took place Tuesday, November 29, at Denver. Herb's many friends at this place will unite in extending the usual congratulation.

Charley Hinman, a young man about eighteen years of age, residing about a mile west of Manley, was out hunting rabbits with a 32 caliber revolver Tuesday, and near noon when cocking the revolver to shoot at a babbit the weapon was accidentally discharged, the bullet entering the fleshy part of one of his limbs.

Dr. Stockert was summoned and went out and dressed the wound, and the young man is doing nicely. The doctor says no bad results will ensue provided blood poisoning does not set in, which is not probable.

From the Louisville Courier.

Mrs. Hayes, wife of County Commissioner John Hayes, left Tuesday for Ohio, being called to the bed-side of her mother.

Miss Ellen Petersen and Mr. Benjamin D. Barker, both well known people of Louisville, were married in Omaha on Wednesday of last week. The bride is the good looking and accomplished daughter of Mr. and Mrs. P. Petersen and the groom is a son of Mr. and Mrs. Jackson Barker, and is a sober and industious young man.

Last Saturday evening the flanges on one of the drive wheels of the engine drawing the M. P. passenger train due here at 6:16 were broken off between Portal and Springfield but was not noticed by the engineer until he reached the latter place. A freight engine took the train on south while the crippled engine was taken back to Omaha for repairs. The engine came very near leaving the track just before it reached Springfield. It was a narrow escape from what might have been a serious wreck.
