SCHOOL BOARD MEETING

Course to Be Taken at the Commencement Exercises

The Crowded Condition of the Schools Necessitates the Addition of Another Room and the Hiring of Another Teacher - Members of the Woman's Club Attend the meeting.

The regular meeting of the board of education was held at the school house last evening at which little was done outside of routine business.

The crowded condition of the schools had been brought to the attention of the board and plans were taken to remedy the situation. It was decided to place a partition in the parlor room, conducted by Miss Margaret Spier.

The room is a very large one, being almost in possible for the pupils in the back of the room to see work on the blackboard and it is thought this will be an improvement besides affording another room. This made it necessary to engage an additional teacher and Miss Anna Sullivan was elected at last night's meeting to begin Jan. 1. Someone brought up the question of the best manner in which to conduct the commencement exercises which precipitated lengthy discussions by members of the board.

The discussions were on the lines of whether or not the board should pay all expenses of the exercises and give free admissions or leave the management of the same to the classes. The matter was not decided last night, but it is thought it will be taken out of the hands of the class.

At the last meeting of the Woman's club it was decided to set aside the amount of money which would have been used in the payment of rent for the purpose of purchasing pictures to be placed in the various school rooms. Seven members of the club attended the board meeting last evening and laid the matter before the members and their offer was gladly accepted and upon motion of H. D. Travis the ladies were given a vote of thanks.

Mrs. S. A. Davis acted as chairman of the committee and did the talking. The ladies attending the meeting were Mesdames B. M. Stoutenborough, O. H. Snyder, James Herold, H. C. McManen, R. O. Fellows, Toliff and S. A. Davis.

Police Pickings. Will Ohm was out having a good time last evening and got an overdose of booze on board and was picked up by the police. He was taken before Police Judge Archer, who assessed a fine against him of \$2 and trimming, and after making satisfactory arrangements for the payment, he was given his liberty.

R. R. Neckles, a farmer residing twelve miles south of town, was in the city yesterday and sampled the liquors on sale at the various refreshment resorts and became intoxicated in the evening. He got pretty boisterous and was arrested and taken before Judge Archer, who allowed him to go on the promise to return today and took a continuance until December 12, when he will have a hearing.

The Message

We have for you just now is in regard to our Union Underwear for men. It may be that you have never become acquainted with this kind of underwear, and therefore don't appreciate its many advantages.

Being one continuous piece from top to bottom, there is no pulling or sagging—none of that uncomfortable rolling up and bunching of the shirt and drawer about the waist. There is an evenness and perfection to the fit that lends itself to the better appearance of the outer garments. A man said to us the other day, after giving this kind of underwear a thorough trial, that he wouldn't wear any other kind. Maybe you'll be just like him if you investigate the matter.

Prices needn't stand in the way—we have them from \$1.25 up.
