## Obsèques of Fred Longenhagen Largely Attended By Friends.

### Modern Woodmen of America Have Charge of the Funeral—City Council Consummates a Deal for the Sale of \$103,000 Worth of Refunding Bonds

Other Important News of the Day.

All that was mortal of Fred Longenhagen was laid at rest in Oak Hill cemetery Wednesday afternoon.

The obsèques were under the auspices of the Modern Woodmen of America, and, headed by the M. W. A. band, they marched to the home of the deceased's parents, Mr. and Mrs. George Longenhagen, on North Sixth street, thence back to the Presbyterian church, where Rev. Baird preached the funeral sermon, speaking soothing words to the sorrowing parents and friends, after which the body was borne to the cemetery, followed by the band, the members of the lodge, the employees of the Burlington paint shop, whose deceased had worked, and a large number of friends in carriages. At the grave the beautiful ritualistic ceremony of the Modern Woodmen lodge was performed and the body of an honored member of the lodge was laid at rest.

The casket in which Fred Longenhagen entered upon his last long sleep was a most beautiful metallic one, being secured at Chicago and weighed 600 pounds.

The pall bearers were H. R. Gering, George Ackerman, Logan Brown, John Schuhler, E. A. Murphy, Wesley Bookmyer, Tom Tidd and J. W. Grassman.

### City's Refunding Bonds Sold.

The adjourned session of the city council was held Tuesday evening, as arranged, for the purpose of receiving the report of the finance committee, who were appointed to consult with W. A. Barnett, as agent for Pitzer & Co., in regard to the sale of the city's refunding bonds. The committee reported favorable on the matter and the report was adopted by the council. The matter was thoroughly discussed and Mayor Richey and City Clerk Kerr were authorized to consummate the deal and make a contract with the company. There are \$103,000 worth of bonds which include the High School bonds of \$53,000, which are now drawing 6 1/2 per cent interest; the intersection paving bonds of \$10,000, at 6 per cent and the storm water sewer bonds of \$40,000 at 6 per cent.

The rate of interest to be paid under this contract is 5 per cent, and will make a saving of over \$1,200 a year. The deal is a good one, and the council is to be commended for its action.

## WAS A DOUBLE SURPRISE PARTY

### H. F. Coos and H. E. Weidman Pleasantly Surprised Tuesday Evening.

The home of Mr. and Mrs. William Schmidtman, on Vine street, was the scene of a merry party Tuesday evening the occasion being a double surprise. H. F. Coos, Mrs. Schmidtman's brother, and H. E. Weidman were the victims. Progressive high five and dancing were indulged in and everybody present seemed to enjoy the evening most highly. Elegant refreshments were served. Miss Mayne Sullivan captured the ladies' king prize in the progressive high five and L. D. Hiatt carried off the gents'. Among those present were: Messrs. H. F. Coos, H. E. Weidman, F. A. White, L. D. Hiatt, F. R. Ballance, Herrman Kessler, G. Tartsch, Percy Agnew, J. T. Coleman, Ralph White, Misses Tony Kessler, Mabel Swearingen, Claire Green, Ella Clark, Florence White, Mayne Sullivan, Jeannette Morgan, Dora Fricke, Della Tartsch and Minnie White.

Miss Edith Patterson and Mr. and Mrs. T. H. Pollock entertained a number of friends very pleasantly Tuesday evening at the Patterson home. Various games were played which were highly enjoyed by the guests. Sandwiches and coffee and ice cream and cake were served. Among those present were: Messrs. R. B. Windham, James Patterson, Jr., G. K. Pollock, W. J. Straight, J. G. McHugh, Geo. L. Farley, and Misses Julia Herman, Amelia Valley, Matilda Valley, Louise White, Olive Jones, Mrs. Jas. Donnelly.

### Mortgaged a "Solid Team."

On the 22d of last October Perry Marsh of Rock Bluffs purchased a team of horses from A. J. Priche, also residing near Rock Bluffs. The deal was made at noon on that day, so Marsh says, he paying \$90 cash for the team. The mortgage record in the county clerk's office shows that at 4:45 o'clock p. m. of the same day Price mortgaged the team to C. L. Martin for \$25. Since that time Price has left the country and now Martin is wondering how he will get his \$25 back. The mortgage was not discovered until last Tuesday.

## RAILROAD NOTES AND PERSONALS

### From Wednesday's Daily.

The Burlington took out eighteen car loads of equipment from Ft. Crook for the Twenty-second infantry, consigned to San Francisco, last evening. The crew was taken from Pacific Junction and the train ran over the old line to Ashland.

Joe Carrigan is taking a lay off from his duties in the Havelock shops on account of an attack of the grippe. He came home yesterday.

John Lloyd, son of Engineer Joe Lloyd, is in the city, visiting his parents and friends. He is going on the Union Pacific out of Omaha.

Henry Sitzman, employed in Steinberg's gang in the Burlington shops, suffered the loss of his thumb nail yesterday afternoon. He was sawing a piece of timber when a portion of it flew off with such force as to tear the nail out by the roots.

### From Thursday's Daily.

The telegraph construction gang of the Missouri Pacific has reached this point with the new line which is being built between Omaha and Nebraska City.

The first battalion of the Twenty-second infantry passed through this city this afternoon over the Missouri Pacific enroute to San Francisco. The train of tourist cars were taken to Ft. Crook last evening for the purpose of carrying the troops. The Burlington will leave the fort tomorrow afternoon with its train load of troops, coming down to Oronolis and going out on the main line. The Rock Island also carries a portion of them and will leave tomorrow.

The American troops who were guarding the plantation arrested Planich and brought him to Guantanamo. On his way he told them that he had acted under the orders of his own officers, though he refused to give names.

Lieutenant Colonel Ray, who is in command of the United States forces in this district, says the action of Planich is by no means isolated case. All over the valley are small bands of insurgents who refused to disarm and whose officers will permit their men to work only three days a week, compelling them to report at their camps for duty on the other days. Colonel Ray says that several of these people, tiring of the tyranny of their officers, have been applying to him for protection, which had invariably been granted.

Twenty-three plantations in the Guantanamo district are now guarded by United States troops, the work engaging the greater part of Colonel Ray's regiment, in addition to troops whose headquarters are at Baracoa and other places. He says he cannot understand their motives in burning the plantations unless it is that they are trying to keep the district unsettled. At all events these insurgent bands are extremely impudent.

Major Edward Wilson of Ray's regiment, who was recently called to account for a shortage in his accounts, admits that this amounts to \$200 and has tendered a check for the deficit. He stoutly repudiates anything more serious than inadvertence or carelessness, but he has been placed under arrest and may be charged with conduct unbecoming an officer and a gentleman.

There has been considerable sickness among the troops in the Guantanamo district, many of the men suffering from malarial fevers. Lieutenant Colonel Ray will recommend the removal of the main garrison to a point in the mountains, twenty-seven miles off, where fevers are practically unknown and where the Spanish authorities invariably sent troops fresh from Spain. Owing to the number of men discharged and on the sick list the regiment is now much reduced numerically, but the officers believe that if the recommendation is approved the number of sick will be reduced by one-half in less than a month.

### Home Grown Fruit Trees Are the Best.

The Riverside Nursery Co. has a full and complete stock of all kinds of fruit trees, vines and plants which they have grown with care. Their many years of experience in the business has enabled them to grow nursery stock that will compare with any in the country. They have all the standard and choice varieties suitable for this climate, also new and valuable varieties. They do their own budding and grafting, and can guarantee their varieties to be true to name and strictly first-class. Why not buy your trees here where you can get them fresh and grown in the same soil and climate in which they are to be transplanted? It will save you time and money. They invite you to come and inspect their stock and be convinced of these facts. Nursery two and one-half miles east and one-half mile north of Union, Neb. Call or write in regard to varieties, prices, etc.

C. F. MORTON, Prop., Union, Neb.

### Card of Thanks.

We desire to thank the people of Plattsmouth, especially the lodges, for the many acts of kindness during the sickness and after the death of our beloved son, Fred. We assure you that your kindness will never be forgotten.

## TO DISTRIBUTE RATIONS

### Towns in the Province of Matanzas Receive 375,000 Rations

### Major of Guantanamo Denies Emphatically That the Insurgents Are on the War Path—Mixed Opinion as to What the Insurgents Are Doing—Other News From Cuba.

HAVANA, Jan. 25.—Major General Wilson has ordered the distribution in the towns of Matanzas province of 375,000 rations. The city institutions are amply provided for.

Major General Ludlow has received from a number of poor widows of Spanish officers, who, under his instructions, have been getting government support, an expression of their deep thanks. They say that never in their lives were they so comfortable and well cared for as they are today.

The Cuban general, Morlet, has been commissioned to ask permission of the American authorities for the construction of a Central Cuban railroad from Pinar del Rio to Santiago de Cuba by British and French capitalists, who are ready to undertake the work.

Lieutenant Colonel L. M. Maus, chief surgeon of the Seventh army corps, found in a corner at the custom house today 10,000 vaccine points which had been lost for four days and are now probably spoiled. They were sent from New York for use in the interior of the province.

There has been no increase in smallpox and the work of vaccination is proceeding. There are 125 cases of measles.

Collector Bliss will establish February 1 a system of bonded warehouses, hitherto unknown here. They will prove a great convenience to commerce and will be largely patronized. He will also establish a system under which an importer may receive immediately it is unloaded 90 per cent of a cargo, the remaining 10 per cent to be held for appraisal and the levy of duties on the whole. This will tend to prevent congestion and will allow of goods being placed on the market with the least possible delay.

At present Collector Bliss makes a practice of delivering a miscellaneous assignment upon payment of the estimated dues, after examination, of course, to prevent smuggling.

### Say Guantanamo Is Peaceful.

GUANTANAMO, Cuba, Jan. 25.—Major General Pedro Perez, mayor of Guantanamo, denies absolutely the charges recently brought by Lieutenant Colonel Ray and others against the insurgents in their district—particularly the charges of incendiarism and brigandage. Exhibiting his commission as a major general in the Cuban army as a proof of the hold he has on the insurgents Mayor Perez said to the correspondent of the Associated Press today:

"They are all my friends and I must know it if such acts as have been reported were really committed. I am convinced that there is no band organized to burn the sugar cane and I know there is not an insurgent camp in the entire district under my supervision as a Cuban commander and I believe this section about Guantanamo is the most peaceful part of the province."

Among the planters opinions are about equally divided. Three whose plantations are in the immediate vicinity of Guantanamo assured the correspondent today that they had no trouble and did not believe anyone else had. On the other hand three others, with equally good opportunity to know the facts, confirmed the reports of burnings.

Sealed plantation, which employs 400 ex-insurgents, has begun grinding, and Ernest Brooks, manager and part owner, denies that there has been any trouble. He says it is nothing unusual at this time of the year for cane to burn, as any accident might set it on fire. In his opinion the insurgents, for the most part, are ready to return to work.

Then again, his brother, Theodore Brooks, who owns several large plantations, is convinced there does exist an organized band for burning cane and preventing grinding.

The United States soldiers who are guarding the plantations, are equally divided in opinion as to this matter, some of them saying that they are always expecting trouble, while others can see no necessity for guarding the plantations.

Chief of Gendarmerie Valiente, who has been making a special investigation, asserts that this district is absolutely the most peaceful part of the province and that over 5,000 former insurgents are now at work on various plantations within a ten-mile radius of Guantanamo.

### Quality Not Quantity.

The motto of the concertists to be given by the Woman's club is quality not quantity. A very low rate has been made for the concert—\$1 for the course of three concerts. The course is as follows:

Herr Gahn of Omaha, pianist, January 31; Holmes Clower of Chicago, tenor, February 21; Schubert, lecturer, April 3. Single admission for each concert 50 cents. At the Presbyterian church.

### The Longest Head of Hair.

The woman who possesses the longest head of hair in the world is said to be Mercedes Lopez, a Mexican. Her height is 5 feet, and when she stands erect her hair trails on the ground four feet and eight inches. The hair is so thick that she can completely hide herself in it. She has cut it very frequently, as it grows so quickly, enabling her to sell large tresses to hair dealers every month. She is the wife of a poor sheep-herder.

She leaves an estate valued at about \$9,000, it is said, and there are three rightful heirs, of whom Sammy is one, but she made a will just before her death and left them out. Sam and his brother, Julius, departed this evening for Lawrence and will try and straighten the matter out by having the will set aside.

The infant child of Mr. and Mrs. Charles Hinkle died at midnight Monday night, thus completely desolating a home. Four children have been born to this couple and up to a fortnight ago the two surviving ones were apparently healthy and hearty. Now their bodies lie under the soil. It would be hard to imagine a greater sorrow than has befallen these stricken parents and the community is a unit in extending sympathy and any help that can be given.—Havelock Times.

### A Reliable Firm.

We publish an advertisement of Krodol dyspepsia cure in our columns this issue, and wish to say to our patrons that we believe this preparation is worthy of a trial by any person suffering from this agonizing complaint. We honestly believe this preparation will do for you all the manufacturers claim for it.

Krodol dyspepsia cure is prepared by the well known and reliable firm of E. C. DeWitt & Co., Chicago, and from our long experience in a business sense, with this firm as advertisers, we feel safe in saying, that they would not place on the market a preparation for the cure of dyspepsia unless they had a remedy of the highest merit, and conscientiously believed it would cure this well known and almost universal complaint.

We further add that if this preparation is equal to the other well known remedies which they make, viz: DeWitt's little early riser, DeWitt's witch hazel salve, and one minute cough cure, it will speedily win its way into public favor.

We cheerfully and heartily give our personal endorsement to this concern, and the reliability of the goods they manufacture, which have been largely the means of their success, and in writing this voluntary endorsement on our part, we feel that we are simply performing a duty which we owe to our patrons.

### It Has Been Lately.

It has been lately proved in Italy that yachts having copper bottoms, anchored near the steel and iron ships of the Italian navy, have exercised highly injurious effects upon the ships. Actual contact, it appears, was not required to produce the result. The water in which the yachts lay was a sufficiently powerful agent.

## Finding One's Feet.

One who acquired great reputation for capacity, William Cobbett, confesses that the world (which he first came to America) could not have persuaded him that he should be either a soldier or an author. "If I had any talents for either," said he, "they were buried in me, and might have even continued so had not the necessity of the times dragged and driven them into action." He was unconscious of his powers, as most persons are; hence, trusting yourself to events is good. It is prudent in men not to guess their abilities but determine them by enterprise and achievement. The first step to success is to try. There is no learning to swim without going into the water.

### Beau Brummel.

The splendid spendthrift known in the latter part of his life as "Beau" Brummel, was at one time a man of wealth who dressed in exquisite taste, and became a recognized leader of English fashions. His real name was George Bryan Brummel, and he was born in 1778. He became the intimate companion of the Prince of Wales, who was himself a noted spendthrift and dandy. Brummel kept up a magnificent establishment in London until his fortune was gone, when all his friends deserted him. He gradually fell into distress, and finally died in great wretchedness in France in a hospital for mendicants, in 1840.
