MARK TO OUR AFTERCOMERS

Some of our public employees at the end of this century, as anything Admiral Dewey would have been likely to express if he had written ten columns.

There are many funny things in Plattsmouth, but among the funniest are some of the discharged soldiers.

IN looking over the news columns of the Deadwood Independent announcements of injuries to boys while enacting a scene. This sounds very queer to the people of Nebraska, where there is not a flake of snow to be seen and where linen dusters are more in demand than overcoats.

A CRITICAL TIME

During the Battle of Santiago. SICK OR WELL, A RUSH NIGHT AND DAY.

THE Packers at the Battle of Santiago de Cuba Were All Heroes—Their heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. BUTLER, of pack-train No. 3, writing from Santiago de Cuba, on July 23, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect savior of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. We comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

THE above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa, for sale by all druggists.
