## Bloodthirsty Proclamation of Filipinos Cabled By Otis.

Insurgents Around Iloilo Are Losing Heart and Scattering In All Directions—Miller Confident of Maintaining His Position Without Reinforcements—Hot Weather at Manila.

WASHINGTON, Feb. 21.—The following dispatch was received this afternoon from General Otis:

"MANILA, Feb. 21.—Adjutant General, Washington: The following is issued by an important officer of the insurgent government at Malolos, February 15 for execution during that evening and night in this city:

"First—You will so dispose that at 8 o'clock at night the individuals of the territorial militia at your order will be found united in all of the streets of San Pedro, armed with their rifles and revolvers or guns and ammunition, if convenient.

"Philippine families only will be respected. They should not be molested, but all other individuals of whatever race they may be will be exterminated without any compassion after the extermination of the army of occupation.

"Third—The defenders of the Philippines in your command will attack the garrison at Bilibid, liberate the prisoners and presadors and, having accomplished this, they will be armed, saying to them: 'Brothers, we must avenge ourselves on the Americans and exterminate them that we may take our revenge for the infamy and treachery which they have committed upon us; have no compassion upon them; attack with vigor. All Filipinos on horse will second you. Long live Filipino independence!'

"Death to Tyrants.

"Fifth—The order to be followed in the attacks will be as follows: The sharpshooters of Tondo and Santa Ana will begin the attack from without and these shots will be the signal for the militia of Tondo, Binondo, Quiapo and Sampaloc to go out into the street and do their duty; those of Lake, Ermita and Malate, Santa Cruz and San Miguel will not start out until 12 o'clock unless they see that their companies need assistance.

"Sixth—The militia of Tondo will start out at 8 o'clock in the morning and if all do their duty our revenge will be complete. Brothers, Europe contemplates us. We know how to die as men, shedding our blood in defense of the liberty of our country. Death to the tyrants!

"Near without quarter to the false Americans who have deceived us. 'Either independence or death.'

The portion of General Otis' dispatch indicated by dashes, the officials were unable to decipher tonight.

There is no "fourth" paragraph in the insurgent statement as furnished to the press.

Rebels Disintegrating.

The War department received the following this morning:

MANILA, Feb. 21.—Adjutant General, Washington: General Miller reports on the 19th inst. that the insurgent forces a few miles out from Iloilo are believed to be disintegrating. He can maintain his position with present force. Business in the city is being resumed.

He has sent up four representative men, officials from the capital of the island of Negros, where the American flag was raised and American protection requested against a small insurgent force in the islands. Affairs there and in Cebu are very encouraging. I shall endeavor to maintain and improve the present promising conditions.

Affairs here are quiet. A small insurgent force east of the city were driven away yesterday with considerable loss to the enemy.

Owing to lack of punctation and economy of cable tolls General Otis' cable is not very clear in some parts, particularly in reference to the island of Negros.

A careful study of the dispatch on that point indicates that General Otis means to say four representative inhabitants of the island of Negros have come to Manila, having been sent by General Miller to confer with General Otis regarding the extension of Americans to that island.

Negros is the fourth island of the group in importance. It lies at its nearest point about ten miles from the island of Panay and General Miller's forces must have been in sight of Negros during the weeks preceding the capture of Iloilo. Just east of Negros, separated by a very narrow strait, is the island of Cebu, which it is also a part of General Otis' intention to occupy. From the dispatch it is gathered that neither at that point or at Negros is there likely to be a very substantial resistance.

Hot Weather at Manila.

MANILA, Feb. 21.—5:15 p. m.—The United States transport Newport has arrived here from Iloilo with dispatches from General Miller to General Otis. It reports all quiet at Iloilo. The American troops there are occupying the suburbs of Jaro and Molo. Business has been resumed generally with the outside world. Some rice is coming in from the provinces and there has been no fighting since February 12.

All is quiet at Manila. The heat is causing some inconvenience, but no casualties have been reported.

# Summer Quarters For Troops.

HAVANA, Feb. 22.—Major General Brooke, the governor general, approves the plans of erecting plain wooden barracks for the troops which will remain here during the hot weather. A building for each company, 150x200 feet, with double roof and having for the sides of the house panels on horizontal pivots, so as to swing completely open, with a kitchen separate, but connected by a covered way, will cost per company \$5,000. Some of the troops will occupy the Spanish masonry barracks. General Carpenter has just found one capable of accommodating 3,000 men at Ciego de Avila, on the Moron trocha.

# Hottel-Kaffenberger

At 2 o'clock, Tuesday afternoon Rev. Katz of the German Presbyterian church pronounced the words which made Julius Hottel and Miss Mary Kaffenberger man and wife, only the relatives and immediate friends of the contracting parties witnessing the ceremony. The groom is well and favorably known in the city, having been employed for a number of years in the Burlington shops, while the bride also enjoys a large circle of friends, having resided here for a number of years. The happy couple departed on Wednesday for Kearney, near which place they will reside in the future.

THE NEWS extends congratulations and best wishes to the young people.

# Bengen-Bengen.

Monday February 20, 1899, just as the clock was about to strike the hour of 12, Mr. George Bengen, of Peoria, Ill., led to the hymeneal altar Miss Lily Bengen, the lovely daughter of Mr. and Mrs. Cornelius Bengen, residing near Myard. The ceremony was performed by Rev. J. D. Oldham, pastor of the Presbyterian church of Murray.

The bride was attired in a beautiful cream colored dress and looked very charming. The groom wore the conventional black and was at his best.

After the ceremony the guests repaired to the dining room to unburden the groaning table, and went away feeling glad that they were there.

# Program of School Board Convention.

Following is the program of School Board convention to be held at Weeping Water, February 25, 1899:

10:30 A. M. Should the Board Hire the Teacher Before the Annual Meeting? ... L. C. Pollard, Nelwaka.

11:30 A. M. Is the Free Text Book Law a Success? ... F. E. Everett, Weeping Water.

1:30 P. M. Are Teachers' Wages High Enough? ... Turner Zink, Wabash.

2:30 P. M. Transferring Pupils from one District to Another—Will it Work Successfully? ... G. P. Foreman, Alvo.

3:30 P. M. Question Box. (Questions may be written or oral, and you need not sign your name.) County Superintendent An opportunity will be given for general discussion of each topic.

Several directors have suggested that it would be an excellent idea for members of the school boards to meet and discuss important matters connected with their work, hence this experiment. Farmers can get away about as well in February as any month in the year. We want as many districts represented as possible.

It would be perfectly legitimate and proper for the school district to pay the actual expense of any who take the time and trouble to attend. They could hardly afford to spare any of their "salary."

The convention will be held at the school house. Respectfully, GEO. L. FARLEY

# ACCOUNT OF SKIRMISH.

## Fresh Outbreak of Incendiarism Is Followed By Fighting.

Many Residences and Business Houses Burned and Hundreds of Inhabitants Were Rendered Homeless—The Night a Terror to Thousands of Inhabitants of Manila.

MANILA, Feb. 23.—7:30 a. m.—There was an outbreak of incendiarism, accompanied by fighting, in Manila last evening. The casualties were few, but the property loss is enormous.

9:30 a. m.—Immense damage has been done by fires, which are believed to have been started by insurgents last night. The fire department has experienced great difficulty in fighting the flames owing to defective apparatus. It is reported that the natives have damaged the apparatus.

There was some fighting in the streets during the night, but the Americans quickly quelled the uprising. A number of insurgents were killed and several American soldiers were wounded. A large market place was among the first to burn and from 500 to 600 residences and business houses were destroyed. Fires were started at several points simultaneously and spreading with great rapidity resisted all effort to control them. Hundreds of homeless natives are huddled in the streets, making patrol duty of the Americans difficult.

The night was one of terror to thousands of the inhabitants of Manila, the rebels making good their threats of burning areas of Manila. One officer was wounded. At 8 o'clock an incendiary fire occurred in a block of brick buildings occupied by Chinese on Calle Lae street. A stiff breeze was blowing and the inflammability of the structures caused the blaze to spread with alarming rapidity. The city fire department was hopelessly incompetent and the English volunteer brigade from Santa Mesa was summoned and with a modern engine pumping adequate streams from the canal succeeded, after four hours' work, in getting the blaze under control.

Hundreds Rendered Homeless. Meantime the entire block and the greater part of two others across the street were completely gutted. Hundreds of inhabitants were rendered homeless. Chinese and natives lined the adjacent streets while hundreds more, fearing a general conflagration, removed their furniture and other portable goods in every direction, within a radius of a quarter of a mile when the alarm was first given. General Hughes personally superintended the police arrangements. The whole city was thoroughly patrolled and guards were doubled. Every available man was dispatched to the region of the fire.

Impediments were placed in the way of the firemen and the hose was cut five different times. This resulted in all the natives being driven off the streets, those in the immediate vicinity of the blaze being corralled in vacant lots and guarded until the excitement was over. In many instances the natives were insolent and paid no regard to the orders given them and the soldiers were compelled to use harsh measures. The butts of their rifles and their bayonets were freely applied.

Captain Robinson of Company C, Thirteenth Minnesota, and three men were wounded.

# Discovered by a Woman

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its claws upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hannick & Co., of Shelby N. C. Trial bottles free at F. G. Fricke & Co's. drug store. Regular size 50c and \$1.00. Every bottle guaranteed.
