The other had some good recommendations from had experience as an engineer but also as a man who was steady, careful and painstaking. However, there was some doubt as to his ability to run the machinery at the power house, as it was familiar. In addition to these proposed disqualifications, it was also shown that, in case all three of these men were employed, their duties would involve the running of the gas change, but since Messrs. Johns and Dabb had handed in their resignations and would go out on April 1, it was absolutely necessary that the council reach some conclusion in this matter. Hinshaw thereupon stated that he thought the mayor was empowered by law to make these appointments, and it was the council's duty to confirm them. His honor replied that he did not wish to take the responsibility to sebut if the council wanted to leave the carried by a vote of 6 to 4.
