GEORGE WEIDMAN DEAD

Succumbs to the Ravages of Erysipelas Sunday Morning.

Announcement of His Death a Great Shock to His Family and Friends—Was Thought to Be Convalescing Saturday Evening—Funeral Tuesday at 2 O'clock.

From Monday's Daily.
George P. Weidman, after an illness of about five days with erysipelas, breathed his last at 8:30 yesterday morning.

The citizens of Plattsmouth were shocked to learn of his death, it having been reported on the day previous that he was getting better. Indeed, his folks were hopeful of his condition yesterday morning as he seemed much improved. But the dread disease had gotten too firm a hold on him and while his daughter was at his bedside ministering to his wants, the messenger came and he passed away without a struggle.

Deceased was born in Wersau, Hoeson Darmstadt, Germany, July 15, 1843, and in 1857, when fourteen years of age, came to America and settled in Illinois where he had relatives. In 1867 he was united in marriage to Miss Emaline Meisinger and in 1869 they removed to this county, settling on a farm out in Eight Mile Grove precinct, where they resided, with the exception of about a year, until 1885, when they removed to Plattsmouth. He served three years in the civil war, enlisting in the Forty-fourth Illinois regiment when eighteen years of age.

Coming to Nebraska when the opportunities for making money were excellent and having in his make-up that well known German thrift, he accumulated a large amount of property during his earlier residence, but he met with several business reverses in Plattsmouth and lost a considerable amount of it. Being of a very generous disposition and a willing giver to charity and all who were in need he was the possessor of many warm friends.

A widow and eight children are left to mourn his demise, the elder two being Mrs. Fred Ebinger of this city and Mrs. Fred Kroehler of Havelock, leaving six at home—Henry, who conducts the postoffice book store, Anna and George, and three younger children under twelve years of age.

The funeral, conducted by Rev. Freund of Evangelical St. Paul's church, will be held at the residence at 2 o'clock tomorrow afternoon.

INJURED ON THE RAILROAD.

Young Man Rendered Unconscious by Jumping From a Freight Train.

From Monday's Daily.

William Tate of Peru and Ad Wooster of Nebraska City were beating their way to this city from Pacific Junction on the Burlington this morning, and when the train entered the lower yards the trainmen saw them. The brakeman told Tate to get off, but he refused and the "shack" threw his hat off. Tate then jumped from the train and in so doing struck his head against a box-car standing on another track, cutting a deep gash over the eye and bruising his head up quite badly. His comrade went up to the depot, where Policeman Fry and Night Watchman Hassen were found and the three men went down where the young man was found in an unconscious state, with his head on the rail and blood flowing from the cut on his forehead. He was taken to the depot and cared for until 5 o'clock, when Deputy Sheriff McBride was notified and he was taken to the county jail. Dr. T. P. Livingston, the company physician, and County Physician Schildknecht were called and dressed the wounds.

The story told by Wooster is to the effect that one day last week Tate came to Nebraska City and wanted him to go to Omaha with him, which he did. They had spent several days here and when they arrived at Pacific Junction Wooster proposed coming to Plattsmouth, he having at one time lived with his parents here. They were getting short of money and concluded to beat their way, with the result as told above.

Tate was still unconscious at a late hour this afternoon, and just how badly he is injured the doctors are unable to determine.

Took Many Prisoners.

MANILA, March 17.—2 p. m.—Company G of the Washington regiment has captured 150 additional prisoners near Taguig and also seized some ammunition. Most of the rebels' arms were hidden or thrown into the river.

The engineers threw a temporary bridge across the Pasig river for the artillery and commissary arms.

The Twentieth regiment will return from the front today.

WASHINGTON, March 17.—The war department has ordered sent to General Otis three light batteries and a half dozen Hotchkiss guns to be used as mountain batteries. The general cabled last evening for those, saying that seventy-two horses should accompany the three batteries. These batteries are needed where it is impossible to move the heavier artillery now in the Philippines. The Hotchkiss guns can be mounted on mules, which

Aguinaldo Demonstrates His Desire to Continue Hostilities

Using Every Means in His Power to Suppress Any Signs Which Are Calculated to Bring About a Cessation of the Present Difficulties—Orders a General Execution.

MANILA, March 20.—9:40 a. m.—It is reported on hitherto reliable authority that Aguinaldo is taking extreme measures to suppress signs calculated to cause a cessation of hostilities. Twelve adherents of the plan of independence, residents of Manila, have been condemned to death because they wrote advising surrender and all loyal Filipinos have been called upon to perform the national service of dispatching them.

On Friday last General Lagarda visited Malolos for the purpose of advising Aguinaldo to quit. He argued with the insurgent leader and attempted to convince him of the folly of his persistence in the face of overwhelming odds. Aguinaldo was furious at the advice and ordered General Lagarda to be executed immediately. The unfortunate general was promptly decapitated.

Among the incidents of yesterday's fighting was the coolness exhibited by a company of Washington volunteers, who crossed the river in a native canoe under a heavy fire—fifteen being taken across on each trip of the small boat—to attack the enemy's trenches.

The inability of the commissary train to keep up with the advances led to considerable suffering and many of the men were completely exhausted when they were recalled, and falling from the ranks, were strung along for a distance of almost six miles, numbers returning to camp in the artillery ambulances, which were always close up to the lines. The work of the ambulances was especially worthy of mention.

Mountain Bandits Beaten.

MANILA, March 20.—4:30 p. m.—The mountain banditti of Panyil and recently threatened a serious attack upon Iloilo, but they were repulsed with a loss of 200 men by General Miller.

McNeill's battalion of the California regiment, under Lieutenant Colonel Dubee, has been ordered to embark on the Indiana tomorrow, in order to reinforce the garrisons of the towns of Bais and Baguayan, on the east coast of the island of Negros, where Colonel Smith is in command. This is only a measure of precaution, as Major General Otis says he does not anticipate trouble.

Recruiting in Canada.

In the British house of commons the other day the parliamentary secretary of the war office, Mr. George Wyndham, replying to a question on the subject, said that recruiting in Canada for the regular army of Great Britain was under consideration, and he was not prepared to admit that there were any obstacles to such a step on either side of the Atlantic.

Pneumonia Follows La Grippe. Pneumonia cannot follow the use of Foley's Honey and Tar. Pneumonia is striking down hundreds of those who thought they were cured of La Grippe. Foley's Honey and Tar, taken during or after La Grippe, is guaranteed to prevent pneumonia. F. G. Fricke & Co.

Home-seekers Excursion.

The B. & M. will sell Home-seekers' Excursion tickets March 21, April 14 and 18, May 2 and 16, 1895, for one fare for the round trip plus \$2, to following territories: Arizona, Arkansas, Indian Territory, Louisiana, New Mexico, Oklahoma, Texas and other states. For further information call at B. & M. depot.

Indians in the Lumber Business.

The Menominee Indians in North-eastern Wisconsin are as successful as anybody in their lumber operations. By the sale of pine logs in years past 1,200 men, women and children have a tribal fund which aggregates about \$1,000,000 and is still growing. The tribe expends about \$75,000 a year in logging operations and clears \$50,000 to \$100,000 yearly, which is added to the fund.

Volcanic Eruptions.

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them; also, old, running and fever sores, ulcers, boils, felons, corns, warts, cuts, bruises, burns, scalds, chapped hands, chilblains. Best Pile Cure on earth. Drives out pains and aches. Only 25 cents a box. Cure guaranteed. Sold by F. G. Fricke & Co., druggists.

Rings on Index Finger.

Rings never were more fashionable and it is the latest fashion to wear a ring on the index finger, and this is quite as awkward as wearing a circlet of jewels on the thumb. The ring most approved at present to wear on the index finger is large and costly. It consists of a ruby surrounded with diamonds. An emerald set in the same fashion is also in vogue. Women of fashion are also wearing curious ancient rings, many of which cover three fingers, after the style of Mrs. Mackey and her \$27,000 ring.

For a quick remedy and one that is perfectly safe for children let us recommend One Minute cough cure. It is excellent for croup, hoarseness, tickling in the throat and coughs. F. G. Fricke & Co.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at F. G. Fricke & Co.'s Drug Store.

The Way to go to California

is in a tourist sleeping car—personally conducted—via the Burlington Route. You don't change cars. You make fast time. You see the finest scenery on the globe.

Your car is not so expensively finished nor so fine to look at as a palace sleeper but it is just as clean, just as comfortable, just as good to ride in, AND NEARLY \$20 CHEAPER.

The Burlington excursions leave every Thursday reaching San Francisco Sunday and Los Angeles Monday. Porter with each car. Excursion manager with each party. For folder giving full information call at nearest B. & M. R. R. depot or write J. Francis, General Passenger Agent, Omaha, Neb.

The "Sick Man of the East."

The Turkish empire has been known for many years as the "Sick Man of the East," and this title was first given to it by Nicholas, czar of Russia. On the night of the 9th of January, 1853, the British minister at the Russian court, Sir George Hamilton Seymour, was at a party gathering in the palace of the Archduchess Helen, when the Emperor Nicholas approached him and drew him into a conversation. This was chiefly with reference to eastern affairs, and in course of it he made the following remark as to Turkey and its position: "We have on our hands a very sick man; it will be, if I tell you frankly, a great misfortune if one of these days he should slip away from us, especially before all necessary arrangements are made." On the following 20th of February he expressed himself again to the British ambassador in the same strain: "I repeat to you that the sick man is dying, and we can never allow such an event to take us by surprise."

Spoke in Queer Places.

William E. Gladstone, England's grand old man, used to make political speeches in queer places. In fact, it was he who initiated the custom of speaking from railroad trains. He poured out his political principles at the mouths of tunnels, on the tops of mountains—notably his adventures in Midlothian—at pit mouths and deep down in the bowels of the earth, on hay stacks, in chapels, once in a Congregational church and frequently on board ship.

Romance of a College Student.

A very bright and exceedingly humorous serial training of student life in a college town will begin in the April Ladies' Home Journal. It is by Mrs. Charles Terry Collins, a novice in fiction, who has written with charming freshness, cleverly picturing student life, the students' games and sports, their social diversions, etc. Into the deliciously droll story Mrs. Collins has subtly woven a most interesting, happy romance, from which the story takes its name—"A College Courtship."

Bismarck's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at F. G. Fricke & Co.'s drug store.

Expansion.

A little boy from the slums had been taken for the first time out into the country, and was discovered sitting apart on a high bank and looking toward the hills, to which he was a stranger. One of the friends who had made the trip possible for him approached, and quietly seated himself at the boy's side. The boy turned a radiant face upon him and said: "Teacher, is this purty thing ours? Is this all in the United States?"

Indians Smoking Cigarettes.

Whenever we think of "Lo, the poor Indian," we picture him in our minds as smoking the picturesque "pipe of peace," yet today we find him smoking cigarettes. It is enough to make Tecumseh, Samoset and the rest of the old-time braves rise from their graves with a flourish of the tomahawk and a warwhoop. It is a question how the Apaches and Navajos of the South-western reservation acquired this habit. Some say it was their associations with the Mexican tribes, who learned cigarette making from the Spanish. Others attribute their downfall to the cowboys. But, however they came by the habit, they do not smoke paper cigarettes. They simply gather up Indian corn husks and dry them. When a cigarette is wanted the dried husk is thoroughly wet in water, the tobacco placed on it and the husk rolled up.

Grain-O Brings Relief

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. 15 and 25c per package.

She Was Angry.

Mrs. Latehours (addressing her husband, returning at 3 a. m.)—Nice hour to be coming home! Nice company you've been in, no doubt. Latehours (nonchalantly)—Honi soit qui mal y pense. Mrs. Latehours—Yes, that's right! Come home and use bad language to your wife!

Praise for American Schools.

Dr. Krohn, a prominent educator, a graduate of Yale, and who has studied in France, Germany, Austria, Italy and England, says that he is firmly convinced that the system of public schools in this country is far in advance of all other nations, but that our system has too much forcing and unless much care is exercised in that regard it will tell on the children. He further says that precocity, unless carefully guarded and directed, is almost as dangerous as imbecility.
