

THE END IS IN SIGHT.

Prospects For Peace in the Philippines Considered Good.

Praise On Every Hand For the Volunteer Soldiers—Colonel Funston Entitled to Much Praise For Bravery Shown—Volunteers in the Philippines Shown the Awarded Medals of Honor.

WASHINGTON, April 28.—The end of the Philippine insurrection is in sight, in the opinion of many and many officials. A telegram received from General Otis announced that Aguinaldo had taken what is regarded as the first step toward surrendering, namely, requesting a cessation of hostilities. Secretary Alcor said, as the department closed, that while it could not be said that peace was assured, he regarded the prospects as of the brightest and most confident that the end of the insurrection was near. To his mind there would be a reputation of the negotiations which were had before Santiago. The secretary left Washington tonight for a ten-days' trip in the west and it gave him great satisfaction to leave affairs in such promising shape.

Everybody is praising the volunteers, a marked change in the sentiment expressed a few days ago, when it was understood that the same men were pending to be brought home. Colonel Funston came in for the most commendation, even the regular officers taking note with admiration of the fact that his achievements were all strictly within the line of plans laid down for him by his superior officer, General Wheaton.

General Corbin said that every volunteer who participated in the fighting in the Philippines since peace was declared should have a medal of honor. By the terms of their enlistments they were entitled to withdraw from the service, but they had remained voluntarily, performing more than was required of them, which was more than the ordinary duty of a soldier.

It is expected that tomorrow there will be further negotiations with the insurgent representatives. While the hope is expressed that our commission will not hold out for terms so severe as to lead to a renewal of the fighting or the withdrawal of the insurgents to another stronghold further north, it is realized that Otis must exercise care to make sure they do not in bad faith take advantage of the opportunity afforded by a suspension of hostilities to secure whatever of benefit to themselves may come from the rapidly approaching rainy season. Campaigning on the part of the Americans will be almost impossible at that time. However, it is believed that Aguinaldo is now really in earnest and that his sole effort is to shift responsibility for the surrender to the Filipino congress.

Adjutant General Corbin says the Filipino peace overtures will not bring about any change of plan in this country as to forwarding of ships, supplies and troops to the Philippines. Transports are about to sail from San Francisco and a considerable number of troops are under orders to proceed to Manila.

It is said at the navy department that the developments of the day make it improbable that the Iowa will be sent to Manila according to the original program. In view of the state of affairs in China, however, the American fleet on the Asiatic station will be kept at a high standard.

More Nebraskans Are Dead.

Train Drops Through Bridge.

ALBUQUERQUE, Neb., April 28.—Missouri Pacific mixed train, No. 310, on the Crete branch, due in this city at 5:35 p. m., went through a bridge three miles west of Burr, Neb., at 3:30 this afternoon doing considerable damage. The engine had just crossed when the bridge gave way, wrecking several cars of grain and two cars of stock, killing about thirty hogs. There were no injuries to passengers or train crew. The wrecking train has been ordered from Atchison.

A SENSATION AT BEATRICE.

A Man Who Out-Rivals Schlatzer Is Healing the Multitudes.

A fellow named Kharna is at Beatrice and is curing cripples and all sorts of invalids without the use of medicines. His hands give a shock like a battery. He cannot be a fake for he charges nothing in advance, but is usually well paid for the good he does, and from the reports he does lots of it. He holds a medical diploma from the University of Kentucky, yet he does not "practice" medicine. He says he learned the art of healing in India. People are flocking to see him and none are disappointed.

Shadow social at Eight Mile Grove church Saturday evening, May 13th. Everybody come.

It is a fact beyond question that John T. Coleman, the jeweler, has the most desirable line of rings to be found in the city.

A LETTER FROM THE KLONDIKE.

Will Sampson Tells of Work and Prospects in the Land of Gold.

Following is a letter from Will Sampson to his father, Ezra Sampson, of this city. Before going to the Klondike the writer resided here and has many friends who will be glad to hear from him:

DAWSON CITY, Y. T., March 25.—Dear Father: Your letter of January 22 just received and was glad to hear from you, and that you are still in good health. I also received four letters from Nellie, but her letters were written in September. The mails have just begun to come in, and I suppose we will get plenty of it now. Nellie seems to worry about my health. There is no need to worry on that account, as I never had better health in my life. I weigh 200 pounds and am as strong as an ox. My blood is thick as mud, and 40 degrees weather don't bother me at all. I have plenty to eat this year, which I didn't have last year, and that makes some difference. I suppose Mr. W. K. Wright and myself bought into a claim before he left, and I am at work opening it up. I find it better ground than expected. I have a tunnel in now seventy-five feet, and want to get in 125 feet before I commence to drift. It will take all summer to drift it out. I wanted to come out this summer, but can't tell yet whether I can come or not. I may take a trip out late in the fall.

I see by the papers that the Klondike boom has "busted" on the outside. We are glad to hear that, for we don't want 25,000 Chitcheos swarming over this country like they were last year. They cut down prices, wages and everything else. We have a good country here and know it, and want to keep it.

I have not seen Barber this winter. I have not been in the city but three times. I heard Barber bought into a claim on Dominion, which promises to be very rich.

I have a splendid place to live on my claim. My cabin is away up on the mountain, and I have a nice claim to work. I am fifteen miles from Dawson City and one and one-half miles from Grand Forks, which is quite a town.

My claims on Bonanza and Little Skookum promise to be good, but can't tell until the clean up of this spring. I am determined to make a stake here. I quit this country for good. This is not a bad country to live in after a person gets used to it. It is hard to get around. You have to walk wherever you go. This is the last mile out till navigation opens in June. I will write you again soon and let you know if I will come out this summer. With love to all, I remain your affectionate son,

W. L. SAMPSON.

SUFFERING OF S. H. FISHER ENDS

He Passes Away After a Lingering Illness With Spinal Trouble.

From Saturday's Daily.

Last night at his home in the western part of the city, S. H. Fisher, after an illness of eighteen months with spinal trouble, passed to his reward.

Deceased has been a resident of Plattsmouth since 1890, coming here from Omaha. He was employed from that time to the date of his illness in the B. & M. shops. He was married in 1890, and leaves a wife, but no children.

He was a sober and industrious citizen and a member in good standing of the Odd Fellows and A. O. U. W. lodge No. 8, carrying \$2,000 insurance with the latter organization.

Arrangements for the funeral have not yet been made, although it will probably be held on Monday of next week.

A Bad Case of Rheumatism

Joshua Murray and wife arrived in this city last evening and are stopping at the Hotel Plattsmouth for a few days. Mr. and Mrs. Murray are old-time residents of Plattsmouth and this community, but removed from here about five or six years ago and settled in Cuming county. For the last several months they have been traveling for Mrs. Murray's health, she being a terrible sufferer from rheumatism. The disease has been bothering her for six years and she is growing steadily worse. She has not been able to walk a step for ten weeks, being absolutely helpless. They have just now returned from Eureka Springs, Ark., where Mrs. Murray had been taking treatment, but without avail. They expect to visit relatives in Mills county, Iowa, a few days, after which they will return to this city and in all probability remain here during the summer. The many friends of Mr. and Mrs. Murray in this city are sorry to learn of the latter's condition.

Minus the Revenue Stamps.

The revenue collector was in the city today to look after the stamping of the bonds filed by the applicants for saloon license and druggists' permits—this duty having been overlooked by some of them. It is also said that all of the recently elected councilmen have failed to comply with the law in this respect. However, as it was shown that the omission of the stamps was not done with the purpose of saving the price of the stamps it is thought they will get out of the dilemma on the payment of a small fine.

Allice-Jones.

Rev. H. B. Burgess united in marriage George Allice and Miss Alice Jones at the home of the bride's brother, Jake Jones, last evening at 8:30 o'clock. The wedding was a private affair, only a few friends and relatives witnessing the ceremony.

The bride is the daughter of Riley Jones and wife of Osceola, Ia., formerly of this city, and the groom is employed in the Vienna bakery. They will make their home in this city.

PROSPECT OF PEACE.

Believed to Be Improving by Those in Authority.

Revised Proposals Will be Submitted by General Luna—Filipino Prisoners Reported 75,000—Refugees North of San Fernando—No Word Received Yesterday From Otis.

MANILA, April 30.—8:10 p. m.—While it is the general expectation among Americans that the Filipino emissaries will return with revised proposals from General Antonio Luna, Major General Otis is not letting this prospect interfere with his preparations for pushing the war. Yesterday he ordered Major General Lawton to return to Angra, a few miles northwest of Norzagaray, but not to advance aggressively while the negotiations are pending. General MacArthur is apparently acting on the same policy, but he is repairing bridges and strengthening the lines of his force, which is stretched out with a four-mile front and within a quarter of a mile of the enemy.

The possibilities of peace are gratifying to a great majority of the army, which has regarded the war as an unpleasant duty that must be performed according to American traditions. Manila is cheerful over the prospect of a return to normal life, though there are skeptics who remark that a truce would enable the insurgents to rest until the rainy season, upon which they have been depending as an important aid.

The prisoners report that there are 75,000 refugees north of San Fernando. This is not impossible, considering the thickly populated region which the Americans have cleared. It seems also that smallpox is spreading among them.

The so-called Filipino congress will meet at San Fernando tomorrow.

Flight of the Natives.

When Dean C. Worcester of the United States Philippines commission, who accompanied the Filipino emissaries from Calumpit, said to Colonel Manuel Arguelles that the Americans were under no obligations to refrain from fighting, the Filipino officer said: "Would you fight while we are discussing terms of peace?"

Mr. Worcester responded with the suggestion that an armistice would give the Filipino leaders time to escape.

"My God, where would we escape to?" the Filipino exclaimed, referring in this to the menacing hostile tribes behind the Filipino line.

Colonel Arguelles told the correspondent of the Associated Press that he was much disappointed in the results of his mission. He said also that Aguinaldo expected Calumpit to be a cemetery for the American army.

Lieutenant Colonel Wallace of the Montana regiment, Major Adams and Major Shields, who slept on Friday night in General Luna's camp, where they went to inform the Filipinos that their envoys would return in safety, found the Filipino commander cordial, the Filipino troops removing their hats as the Americans passed.

The Filipinos complained to them that the Americans used explosive bullets, which is not the fact. The American officers retorted that the copper shells used by the Filipinos are worse than explosive bullets. General Luna said he regretted being obliged to kill Americans, but that was his business. General Wheaton entertained Colonel Arguelles and Lieutenant José Bernal and provided them with horses to return to their camp.

No Word From General Otis.

WASHINGTON, April 30.—Not a line of official news from Manila was received today by either the war or the navy departments. Since the opening of the campaign against the insurgents scarcely a day has passed without dispatches from General Otis and the absence of advices today is taken by the war officials to mean that, pending further negotiations on the part of the Filipinos for peace, the situation is precisely as General Otis reported it yesterday.

It is known that supplies are being pushed forward from Manila to the troops at the front in order that they may be prepared for an advance movement should such action become necessary. There has been no suspension of hostilities, but it is regarded likely that General Otis, while not losing any of the advantage he has gained, will afford the Filipinos reasonable time to consider the situation and terms as he presented them to the envoys of General Luna. It is expected confidently by the officials of the war department that the way to peace now being paved, further negotiations will be opened by the insurgents.

It is believed to be probable that the next important news received from Manila will be that the Filipinos have made additional overtures toward a conclusion of hostilities.

The war department has been notified of the arrival at San Francisco from Manila of the transports Grant and Sherman. The officials are greatly gratified at the rapid run of the Sherman. It made the trip of more than 7,000 miles in twenty-six days.

Mrs. George Churchill departed today for Bickleton, Wash., where she will join her husband and other members of the family, who went out several weeks ago. They expect to reside there in the future. Several Cass county families have settled at that point.

The News office is the best equipped job office in Cass county. First class work done on short notice.

LIGHTNING'S PECULIAR PRANKS.

Electrical Charge From the Heavens Badly Shatters a House.

From Monday's Daily.

About 11 o'clock yesterday morning lightning struck the house occupied by R. D. Blunt and family, in Mercerville, and the escape of the members of the family from death is indeed miraculous. The electrical charge struck near the chimney and after getting under the roof seemed to spread over almost all of the house. In one room thirteen holes were made in the ceiling, while another was punctured in ten different places. All of the members of the family were in the house at the time except Mr. Blunt, who was in an adjoining wood house, and none of them were stunned in the least by the shock, but they were quite badly frightened at first, as would naturally be supposed. The damage to the house is estimated at \$100.

S. H. Fisher's Funeral.

The funeral of S. H. Fisher will be held tomorrow afternoon at 2:30 at the Presbyterian church, under the auspices of the A. O. U. W. The Odd Fellows lodge of the city will attend in a body. Rev. F. ONLY ONE CURE FOR SCROFULA.

S. S. S. is the Only Remedy Equal to this Obstinate Disease.

There are dozens of remedies recommended for Scrofula, some of them no doubt being able to afford temporary relief, but S. S. S. is absolutely the only remedy which completely cures it. Scrofula is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the many so-called purifiers and tonics because something more than a mere tonic is required. S. S. S. is equal to any blood trouble, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Milledgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be lanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began their treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return." Swift's Specific—

S. S. S. FOR THE BLOOD

—is the only remedy which can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics, etc., all sufferers from blood troubles can be promptly cured, instead of enduring years of suffering which gradually but surely undermines the constitution. S. S. S. is guaranteed purely vegetable, and never fails to cure Scrofula, Eczema, Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetters, Pimples, Sores, Ulcers, etc. Insist upon S. S. S., nothing can take its place. Books on blood and skin diseases will be mailed free to any address by the Swift Specific Company, Atlanta, Georgia.
