## THIRD MUSTERED OUT.

### The Boys Are Now On the Way to Their Home State.

Each Private Receives About \$150, Including Travel Pay—Regiment Highly Complimented—General Wood Issues Marriage Laws Without Consulting Governor General.

AUGUSTA, Ga., May 11.—The Third Nebraska regiment is now a thing of the past. This morning at 10:30 sharp three paymasters commenced handing the men their money and the captains of each company handed over the discharges to each man in turn. They were mustered out according to their rank in their battalions. Each private received about \$150. This included their travel pay. The work was completed in about two hours and there was not a single unpleasant feature during the entire time.

The feeling that existed between the officers and men was exceptionally fine. They all seemed to be on the best of terms. Colonel Viquain goes out of the service very highly thought of as a colonel of volunteers. His men all love him. Colonel Viquain has at all times been very strict, but the men and officers were repaid for this, as when the time for muster out came, their books, records, etc., were in the best shape. The regiment was very highly complimented on this feature by the mustering out officer.

The first section left Augusta at 8:30 and the other two followed shortly afterward.

### Two Sets of Marriage Laws.

HAVANA, May 11.—The civil marriage decree recently issued in the province of Santiago differs from the decree on the same subject in course of preparation at headquarters here. The military governor of Santiago province, General Leonard Wood, acted without consultation with the governor general, and his decree was first heard of here through the local newspapers. Probably it will not be annulled specifically, but it will be rendered nugatory by a general paragraph in General Brooke's decree covering the entire island.

A letter has been addressed to General Wood, pointing out to him the undesirability of an attempt to handle the affairs of one province without regard to similar conditions in other provinces, and alleging the necessity of a uniform system in order to make the people homogeneous.

The decision of General Gomez to abandon Quinta de Molines, the old summer residence of the captains general, where he has been living, and to take a house in the city or to live with friends here, was announced to the members of his staff today, who were simultaneously instructed to repair to their homes. The order aroused considerable resentment among them, all accusing Gomez of deserting them and declaring that they have neither homes, work nor money. The disagreement is serious, and the newspapers continue to attack the settlement of the amount the soldiers are to receive.

La Discusion and El Reconcentrado seem determined to cause trouble. The former, in a bitter editorial today, declares that the payment of \$75 for an exchange of arms is merely an attempt to place the Cubans in the power of the Americans. The article, which is believed to be inspired by Manuel Saugully, says:

"These traitors have caused all the complications which have placed our country in the existing conditions, conditions that, if continued longer, will cause ferocious and bloody strife between the Cubans and Americans." The inspector by the board appointed to investigate the minimum of clothing that will answer for troops in this province took place today, the first endeavor being to ascertain the amount of suitable apparel now on hand, particularly of underclothing and abdominal belts. It is not believed that for the present it is practicable to alter the existing khaki uniform.

### Stevadores on a Strike.

More than 700 Cuban stevedores are now out on strike, and the work on ships in the harbor is being done by Chinese under police guard. The stevedores had been receiving 25 cents per hour, and are striking for an increase of 10 cents. Many vessels are delayed by the strike and the boats that are due to leave tomorrow will not be able to sail before next week. The commissioners of the Fifth Army corps did not meet today, as was expected, to arrange to begin the payment of the Cuban troops, as General Pedro Bentancourt declined to serve. General Carter Rojas has been requested to act in his stead.

An asylum for orphan reconcentrados was opened yesterday in Matanzas city. General Wilson, military governor of the Matanzas-Santa Clara department, and General Sanger, his chief of staff, were present at the ceremony. The institution contains sixty-three children, who are in charge of sisters of charity. The mayor exercises a general supervision. At the ceremony one of the orphans, Miguel Ojeda, addressing the generals, said: "In the name of God and of Cuba, we give thanks." At 3 o'clock this afternoon the temperature in Havana was 83 degrees Fahrenheit.

## LIVELY FIGHT OVER A GARDEN.

Hattie Harkins and Robert Johnson Entertain the Neighbors From Wednesday's Daily.

A lively little scrap is reported to have taken place up on Washington avenue at an early hour this morning, and the finish is set for tomorrow morning in police court.

It seems that Hattie Harkins, who resides across the creek, near McMaken's ice house, has a garden patch and not wanting to cultivate it had given one Robert Johnson the privilege of putting out a garden. This morning he put in an appearance and was arranging to sow the seed with the anticipation of a bounteous harvest, when the Harkins woman served an injunction or something like that preventing him from proceeding with the work. After having given him permission to use the ground she had concluded to give it to a poor man living near. Johnson remonstrated with her, and one word followed another until finally, so Johnson relates, Miss Harkins attacked him with brick bats. When he appeared before Judge Archer to swear out a warrant for her arrest blood was flowing from his forehead freely. He says in addition to this she struck him several times in the back, supposedly when he was retreating. Hattie also claims that Johnson conducted himself in a vicious manner, drawing a hoe on her.

The episode attracted the neighbors in the vicinity, who will be subpoenaed as witnesses, and the matter will be given a thorough airing tomorrow morning at 9 o'clock. Viola Muchinski, who is employed in the restaurant at the rear of F. G. Egenberger's saloon, caused the arrest of Joseph Hulla, who was given a hearing last evening before Police Judge Archer. The cause of Viola's wrath as set forth in the complaint is that the said Hulla used obscene and threatening language while talking to her in the restaurant Saturday evening. However, in the hearing she failed to prove that he used language that the judge deemed of a nature to warrant him in fining Hulla, and the case was dismissed.

## POLICE COURT PICKINGS.

### The Harkins-Johnson Case Results in Each Being Fined.

### Jake Miller Charged With the Theft of a Brick Press From E. Peterson—Fight at a Dance

From Thursday's Daily.

There were a large number of spectators in police court this morning to listen to the testimony in the Harkins-Johnson wrangle, the particulars of which were printed in yesterday's NEWS. After hearing the testimony Judge Archer concluded that a fine of \$1 each would be about right. Miss Harkins paid her fine and costs and Robert Johnson gave security for the payment of his fine.

From the testimony it could not be determined who struck the first lick, but the Harkins woman's face bore marks where Johnson had struck her, and for that reason Archer fined him. Although it had no bearing on the case the fact was brought out that some of Johnson's bed clothing was in possession of Miss Harkins and that they had been very good friends before this trouble came up. Upon the advice of Judge Archer the Harkins woman paid Johnson for the work he had performed in the garden, amounting to \$2, and there is not likely to be any further trouble between them.

Jake Miller was arraigned in Justice Archer's court this morning charged with the theft of a large casting, a part of a brick press, belonging to Rasmus Peterson, residing on High school hill. Peterson claims the iron is worth \$30 as the machine is rendered worthless without that particular part. Miller pleaded not guilty to the charge, stating that he purchased the casting of a boy to ship as scrap iron. The trial is set for May 20.

A dance was given at the home of Ed Sivey, residing near the east Fourth ward school house, last evening and a merry time is reported by the police. There were two or three "town boys" in attendance and it appears that their presence was very distasteful to the host, and, after their refusal to vacate, he proceeded to force them to do so by attacking one of them and beating him up somewhat. Officer Fry was called to put a quietus on the rumpus and today filed a complaint against Sivey and Charles Hatcher, his son-in-law, charging them with disturbing the peace by fighting. They will have a hearing in police court tomorrow afternoon at 4 o'clock, at which time the other fellows mixed up in the affair will be made known.

How's This. We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. S. CUREN & CO., Props., Toledo, O. We have understood, have known E. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm. WEST & TRUAX, Wholesale Druggists, Toledo, O. WALKER, KINNAN & MARNIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system. Price 75c per bottle. Sold by all Druggists. Testimonials Free. Hall's Family Pills are the best. THE NEWS prints the news.

## HIS LEG BADLY MANGLED

### George E. Arms the Victim of a Deplorable Accident.

### Was Taking an Engine From the Round House at the Time.

Geo. E. Arms, a passenger brakeman running between Pacific Junction and Omaha, was run over at Pacific Junction at 3:50 this afternoon and his right leg crushed and mangled from the ankle to the hip. The unfortunate man was brought to this city as soon as possible on a special engine and taken to the Perkins house, where he is under the care of the B. & M. surgeon, Dr. T. P. Livingston. The leg will be amputated at the thigh if the victim recovers sufficient strength to undergo the operation. Mr. Arms had not lost consciousness at the hour of going to press and, while exhibiting great courage, expressed the belief that he would not survive the accident.

Arms is about 25 years old, and it is believed that his family live in Omaha.

## REPORT OF CHICAGO MARKETS

CHICAGO, May 12, 1899.

The opening of the market this morning was much stronger and firmer than last night's close. Especially was the strength demonstrated in corn which opened 1/2 cent higher. The Liverpool cables showed a loss of 1d. on wheat and a gain of 1/2 on corn.

Numerous crop damage reports gave wheat somewhat of strength and it advanced from 69 1/2 to 70 1/2, when it seemed to get topheavy and declined rapidly to 70 again and at 11:30 stood at that point.

Corn, which had been somewhat weak on account of the Buffalo strike, grew immediately strong upon the final settlement of the difficulty and large exports helped push up the price, the clearances for today being \$333,240, while the combined clearance of wheat and flour amounted to \$433,000. Argentine exports for the week were 270,000 bushels of wheat and 340,000 bushels of corn.

Oats was strong in sympathy with other grain and gained from 2 to 2 1/2. Hog products also had a rally on the strength in corn and live hogs went 5c higher but later lost all the gain.

News from southern Illinois says that the chintz bugs and the Hessian fly have attacked the wheat fields and are doing an immense amount of damage.

The weather report predicts frost for western Nebraska and that a lower temperature may be expected all over the corn and wheat belt.

From noon until the close the market grew stronger, wheat reaching 70 1/2, the high point, near the close, and closing within a split of that figure.

The Modern Miller, a milling periodical says the wheat situation is very serious and the sentiment regarding that cereal very bullish.

Puts and calls sold up until two o'clock ranged as follows: Puts, July wheat 70 1/2 @ 1c, calls 71 @ 1c.

The following is the range of prices:

OPTIONS	Opening	Highest	Lowest	Closing
Wheat—	70 1/2	70 1/2	69 1/2	70 1/2 @ 1/4
July	70 1/2	70 1/2	69 1/2	70 1/2 @ 1/4
Sept.	69 1/2	69 1/2	68 1/2	69 1/2 @ 1/4
Oct.	68 1/2	68 1/2	67 1/2	68 1/2 @ 1/4
