HONOR THE NEBRASKA VOLUNTEERS.

The return of the gallant First Nebraska regiment will afford an opportunity to the citizens of Omaha and Nebraska to do honor to their fellow citizens who have heroically maintained the honor of their country and its flag.

To make this reception creditable and historic it must be given an official character and organized under the auspices of our state and city governments.

Now the coppery organs are engaged in discouraging enlistments for the Philippines. The character of these papers is too well known to give them any standing with men fit to be soldiers.

INFORMATION AND OPINION.

All kinds of bunting are steadily advancing in price, in anticipation of Dewey's home-coming. The visible supply is only 25,000,000 yards, and as every man, woman and child will want at least ten yards the deficiency will be something enormous.

MORE MEN FOR THE PHILIPPINES.

The fact that more men are wanted for the army in the Philippines than were thought to be necessary a few months ago does not mean that the campaign thus far has been a failure.

Ex-Judge Reagan, only surviving member of the confederate cabinet, said in a speech before the Texas Daughters of the Confederacy the other day: "It is better for the southern people to be in the union than out of it."

At Patterson, N. J., 700 Italian strikers, after a quarrel with the superintendent of the East Jersey Water company, retired a short distance from the works and raised a pole, on which they hoisted a black flag with skull and cross-bones and an inscription in Italian stating their grievances and in large letters these words: "Who cuts this down will die."

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong, I can't say too much in its praise."

Livingston Heights Pasture.

THE FORCE OF A CYCLONE.

A force fully equal to 473,000,000 horse-power was estimated as developed in a West Indian cyclone. This is about fifteen times the power that is created by all the means within the range of man's capabilities during the same time.

DOES COFFEE AGREE WITH YOU?

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee."
