

FIVE NEW REGIMENTS.

Still More Recruits to Be Enlisted for Service in the Philippine Islands.

War Department to Name Colonels and Governors all Officers Under That Rank.

WASHINGTON, Aug. 15.—Plans were completed today for the enlistment of five additional regiments to be known as the Thirty-eighth, Thirty-ninth, Fortieth, Forty-first and Forty-second infantry, which are to be recruited for service in the Philippines...

It is understood that the colonels for three of these regiments have been selected and that the names of two officers are now under discussion for the remaining regiments. Governors of states have been called upon to indicate those who are best fitted of those in the state militia to take the positions of rank under the colonels...

Nebraska Will Probably Get Four. Nebraska under these conditions cannot fail to receive as its quota less than four officers, probably a major, a captain and two lieutenants, and should Governor Poynter's recommendations be at all in keeping with the splendid achievements of the First Nebraska, the Prairie state might receive six designations of line and staff.

It has been determined to continue recruiting for these new regiments at stations now occupied by ten regiments in this country. The only exception now being considered are abandonment of the rendezvous at Fort McPherson, Ga., Vancouver Barracks, Wash., and Fort Sam Houston, Tex. Recruiting at these points has not been up to the standard of the other places occupied.

Fort Snelling, Minn., is being considered as a point for the establishment of a rendezvous for one of the five regiments, as is Fort Crook, Neb., or old Fort Omaha, which is still in possession of the government.

Recruiting returns received at the close of office hours today showed an aggregate enlistment of 13,454, or 364 over the authorized strength of ten regiments. Of this number, however, 519 enlistments are for general Philippine service and 400 of these men have just been ordered from Columbus barracks, Ohio, to the Presidio, California, to prepare for the trip to Manila, leaving 110 still unassigned.

Standing of the Ten Regiments. Returns show that 444 men were enlisted yesterday. The following is the standing now of the ten regiments:

Twenty-sixth infantry, Plattsburg Barracks, N. Y. Colonel Rice in command, 1,425; Twenty-seventh, Camp Meade, Pa., Colonel J. M. Bell, 1,434; Twenty-eighth, Camp Meade, Lieutenant Colonel Leonard, 1,404; Twenty-ninth, Fort McPherson, Colonel Hardin, 1,057; Thirtieth, Fort Sheridan, Ill., Colonel Gardner, 1,345; Thirty-first, Fort Thomas, Ky., Colonel Pettit, 1,451; Thirty-second, Fort Leavenworth, Colonel Craig, 1,134; Thirty-third, Fort Sam Houston, Colonel Hare, 1,084; Thirty-fourth, Fort Logan, Lieutenant Colonel House, 1,503; Thirty-fifth, Vancouver Barracks, Lieutenant Colonel Plummer, 914. For service in the Thirty-seventh, 14; for unassigned Philippine service, 510.

W. B. Price of the auditor's office, Lincoln, Neb., is in the city on private business connected with the Interior department. Mr. Price said that ex-Governor Huleb was the nominee of the fusion forces in Nebraska for the supreme judgeship. He confessed that there was a good deal of opposition to Holcomb from unsuccessful office-seekers, but said that the people were with Holcomb. From a republican standpoint Mr. Price thought that Judge Harrison would be re-nominated, notwithstanding his determination not to be a candidate.

"As for crop prospects," said he, "Nebraska never had such fine conditions. Rains have been frequent and timely and I think it safe in predicting that our state will raise such a corn crop as will astonish the world."

Miss Gertrude Dietrich, daughter of Hon. C. H. Dietrich of Hastings, Neb., reached Washington last evening for a week's visit with Mr. and Mrs. W. E. Andrews, auditor for the Treasury department.

STARTLING STORY IS PRINTED.

Members of the Yorktown Claim to Be Cruelly Treated.

SAN FRANCISCO, Aug. 15.—The Bulletin publishes a startling story from the Philippines regarding Lieutenant Gilmore and the party from the Yorktown, who were captured by the Filipinos and who have been reported as being well cared for and well treated. It appears that when the Americans reached San Isidro, where the Yorktown members and some soldiers and civilians have been imprisoned, they found the names of the prisoners scratched on the walls of the jail. Some letters from the men were found secreted under stones and a Spaniard who had been entrusted with several presented them to General Lawton. The letters told of the hardships the men were compelled to suffer and begged that aid be sent them. The men complained that they had been starved, beaten and bound, and, moreover, were in rags. One of the letters, signed by Albert Lowenhon, said that the Spaniards had been treated very badly, worse than the Americans, and that hundreds were dying of dysentery and other diseases and that the government took no notice of the sickness prevailing. In his letter Lowenhon, who was formerly of the steamship Zealandia, gave the list of prisoners held by the Filipinos as follows:

Prisoners from Yorktown: J. C. Gilmore, U. S. N.; W. Wilson, C. O. M.; P. Vandovill, S. M. M.; Wells-worth, coxswain; S. Briscoe, O. G.; A. Pearson, apprentice; F. Anderson, landsman, captured at Baler, April 11; A. D. Brice, A. Honneman, Nevada cavalry, captured January 30; A. Bishop, Third artillery, April 12; H. H. Huber, hospital corps, and J. O'Brien, civilian, January 27.

More Whitecap Outrages. ATLANTA, Ga., Aug. 15.—A special to the Constitution from Greenwood, S. C., says: The sheriff of this county today appealed to Governor McSwain for assistance in suppressing the whitecap outrages which began here a week ago.

The governor sent word that he would be in Greenwood tomorrow with Attorney General Bellinger to make a personal investigation of the situation.

For more than a week a gang of so-called whitecaps have been whipping negroes nearly every night. The section is largely tenanted by negroes, who react from white people.

The negroes are in a state of terror and many spend the nights in the woods and swamps. They are afraid to give information and certain white men have been threatened if they take action against the whitecaps.

A Most Unique Experiment. BIRMINGHAM, Ala., Aug. 15.—A special to the Age-Herald from Anniston, Ala., says: By a vote of fully ninety per cent of the registered voters, Hudson City today decided to become the most unique city in the United States, in that it will be the only exclusively negro town in the country. Today's election was by order of the probate court to decide whether or not the town should be incorporated.

Incorporation carried unanimously, not a single vote being cast against it. The town is located three miles from Anniston, has a population of 400, all negroes, and contains 100 houses, three churches, a school house, several stores and no saloons. At today's election the entire population turned out, the men to vote and the women to see that they voted right, and not a drop of whiskey or the least disorder was in evidence. Following the incorporation will be the most unique experiment in town government ever attempted in Alabama. Within five days the municipal election will be ordered and the negroes will select city officials, every one of whom will be colored.

RAILROAD NOTES AND PERSONALS.

From Wednesday's Daily. Walter Holmes of the Burlington shops at Havelock was in the city over night visiting friends.

The special train of thirteen coaches bearing the Cincinnati Eququirer Household Club excursion passed through this city over the Burlington at 5:50 last evening. There were 200 people on board and it was a fine train. It contained nine Wagner sleepers, a dining car and a refrigerator car. The latter contained what looked to be provisions enough for an army for a week. The excursion party stopped four hours in Omaha, during which time the members visited the exposition, leaving for the west at 10:30. The Eququirer gives these excursions regularly each year and they are certainly a source of great pleasure to the members of the party.

M. C. Joy, who has been employed in the Burlington freight shop at this place for a long time, has been transferred to the Alliance shops, and with his family left this afternoon for that place.

J. H. Waterman of the Burlington supply department at Lincoln was in the city on company business today.

From Thursday's Daily. W. D. Messersmith returned to his work in the Burlington yards this morning after a ten days' lay off on account of illness.

L. E. Karnes, grand patriarch of the Odd Fellows, has been arranging to make a trip up into the northwest part of the state in the interest of the order. However, owing to the scarcity of operators, it may be that he will not be able to get a man to relieve him at the depot.

Stampede From Dawson City.

VICTORIA, B. C., Aug. 16.—The steamer Dirigo, with sixty passengers and considerable treasure, arrived today from Alaska. Among its passengers is Ferguson, the partner of Alexander McDonald, who denies the bankruptcy of McDonald. News was brought of two stampedes from Dawson, almost simultaneously, about August 1, for the zone in the vicinity of Selkirk, where two creeks were discovered, running from 50 cents to \$2 a pan; the other is a fine quartz lead on Rock creek, about thirty-five miles north of Dawson, where a local assayer found values of \$1,700 to \$3,200 gold. Ed Brice of Dawson has returned from Cape Nome, where he found reports grossly exaggerated. He offered ten claims for \$100.

HARD BLOW TO FAITH HEALERS.

Mrs. Henrika Blatsch, a Disciple of Dowdle, Violated State Law.

CHICAGO, Aug. 16.—By a decision of Justice Everett a hard blow was dealt to the methods of faith healers. Mrs. Henrika Blatsch, a follower of Alexander Dowdle, the "divine healer," was charged with violating the medical practice act in administering to Mrs. Annetta Fladers, who died under the faith "divine healing" treatment of Dowdle, who claims to possess the power of healing the sick by the laying on of hands.

Mrs. Blatsch was found guilty and a fine of \$100 and costs was imposed. Justice Everett held that within the law the followers of the faith healer must resort only to spiritual and mental means of treating the sick. When these means are not resorted to solely and material means are used, then the state law governing the practice of medicine has been violated. The faith healer must hereafter cure only by spiritual and mental means, even the ordinary means to assist nature being denied him and his followers, because the court held that all a physician or surgeon did was to assist nature.

An appeal was taken from the decision of the justice.

AVOCIA ITEMS.

Jacob Opp and wife were Omaha visitors Tuesday.

The rain of the last of the week has retarded threshing.

Mr. Louis Jensen and Miss Mary O'Mara were married in Omaha Tuesday. Both of the parties are well and favorably known here, and their large circle of friends will wish them all possible happiness in their journey throughout life.

The annual convention of the Cass County Christian Endeavor society is in session here. The convention is very well attended and has been a most successful session in all regards. Delegates from Greenwood, Elmwood, Weeping Water, Nehawka, Otterbein, Plattsmouth and Union are here. Tuesday evening was given to a song service, followed by an address by Professor Taylor of Weeping Water. Wednesday morning was spent in a sunrise prayer meeting, followed by presentations of papers by the various delegates. The feature of the session was the address given by Rev. Cheesman of Ashland, which was listened to by an audience limited by the seating capacity of the church.

Chas. Brandt of Nehawka was a business visitor Tuesday.

ATLANTON GLOBE SIGHTS.

It is not the work that a man does that tries him—it is getting rid of bores.

When ampu is missing, every one's first impulse is to count the women left in town, to see if one is short.

An Atlenton girl has a suit called her "Funtson suit." It stops above the knees, and she wears it in going riding.

The average man never thinks it is time wasted to hunt up another man and point out where he has made a mistake.

When a man refuses to have his teeth cared for, saying that he can't afford it, it means that he lacks the necessary nerve.

When a miller announces that she has gone "east" to buy goods, the other milliners know of it if she comes back a day sooner than it would have taken to go to New York.

Every time a woman attends a home makers' convention, it means poorer cooks at home, more discontented men, and better business at the restaurants where male cooks are employed.

People who live in town with two railroads, are usually inclined to be smart-elephants. People who live in a town with one railroad, or three, or ten, are all right, but those who live in town with two railroads are usually a little bit gay.

That Throbbing Headache. Would quickly leave you if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by F. G. Fricke & Co.

Republican Committee Meeting. There will be a meeting of the republican county central committee at Weeping Water on August 19, at 1 p. m. All members are hereby notified to be present. M. M. BUTLER, Chairman.

F. P. and Logan Brown, with their families, departed this morning for Rock Island to attend a family reunion. They expect to be absent several days.

A girl was born to Mr. and Mrs. Frank Buttery yesterday afternoon. The mother and child are doing nicely, but it is not known whether or not Frank will recover.

Mrs. B. S. Ramsey, son, Willie, and daughter, Sarah, departed this afternoon for Chardon, where they will visit a few weeks with the family of Mrs. Ramsey's brother, Judge A. W. Crites.

Colonel Dick Barr and E. S. Perry were fishing in the Four Mile, near the Platte this morning and returned about noon with a fine catch, having about twenty nice fish. They did not secure any roasting ears this trip, however.

The funeral of the eighteen-month-old child of Mr. and Mrs. Samuel B. I-lance was held shortly before noon today, the body of the infant having arrived at 11:20. The services were conducted by Rev. H. B. Burgess of the Episcopal church and a large number of sympathizing friends were in attendance.

THURSDAY.

Mrs. Harry Minert was taken quite ill this morning.

Sam Ballance and wife returned to their home in Lincoln this evening.

Mrs. Fletcher and daughter, Gertrude, were visitors in Omaha today.

F. W. Kioeping of Murray was in the city yesterday and made this office a call.

Robert Carnes has returned from South Dakota, where he has been doing railroad work.

E. M. Clark and wife are the proud parents of a new girl which arrived at their home last night.

Miss Dora Fricke gave a party to a number of her friends last evening and the guests report a most delightful time.

Miss Olive Gass arrived home from her California trip this evening. She stopped at different cities on the way home, her last visit being in Denver.

C. E. Westcott is having the lot graded around his new house at the corner of Seventh and Main streets, preparatory to laying brick sidewalks.

Rev. F. A. Campbell went to Superior this morning, where he will spend Sunday. He will occupy the pulpit in the Methodist church at that place next Sunday.

The delegates who were in attendance at the Christian Endeavor convention at Avoca returned today and report having had a good meeting. THE NEWS will give its readers a full report tomorrow.

Mrs. Nobles returned yesterday from an extended visit with relatives in California. She visited most of the places of interest around Los Angeles, San Bernardino and San Francisco. She visited the Presidio several times and saw the First Nebraska regiment. She went with the party from Plattsmouth who left for Los Angeles on July 5. Miss Gass accompanied her as far as Denver, where she will visit for a few days.

H. R. Gering and W. W. Coates left this afternoon for Cabool, Mo., with a view of purchasing some of the land which has just been opened for settlement, having been held in reserve until now. The land is situated 120 miles southwest of St. Louis and has upon it a heavy growth of oak and hickory timber, which is very valuable. The land is in the great fruit belt, and should these gentlemen make purchases they will immediately set about to clear the land and set out fruit trees.

City Marshal "Billy" Slater joined the democratic medicine mixers and went to the Greenwood convention this morning. He says that when a meeting of the Indian war dancers is called it is a great deal more essential that he should be on hand and do his duty toward his brothers than to stay at home and see that provisions of the law are not fractured, so he put on a liberal amount of war paint and got on the cars—allowing the old town to go to the dogs for one day. However, with all the democrats out of town everything has gone along smoothly and the services of an officer have not been needed.

To the Public. Notice is hereby given that my wife Elsie Eisenhut has voluntarily left my bed and board and that I will not be responsible for debts contracted by her. CARL EISENHUT, Murdock, Neb.

For Sale. A good 160-acre farm two miles east of Murray. House and barn; about 100 acres under cultivation. For particulars inquire of J. H. Thrasher.

Kodol Dyspepsia Cure cures dyspepsia because its ingredients are such that it can't help doing so. "The public can rely upon it as a master remedy for all disorders arising from imperfect digestion."—James M. Thomas, M. D. in American Journal of Health, N. Y. F. G. Fricke & Co.

Labor Creates the Value. A pound of raw cotton is worth five cents; when made into fabrics that amount is worth twenty-five cents; to one dollar. Massachusetts has 8,000,000 spindles and spins 1,250,000 bales of southern cotton to sell back to the south. The south hews the wood and draws the water; it does the drudgery of producing the raw material for the north to manufacture and get rich upon.

Photographing Convicts. After a convict has served out his time in the state prison of Maine and has donned the suit of clothes given to him by the state he is required to sit for his photograph, and it is kept for career use for it. Heretofore only the picture taken upon commitment has been kept and this has often been found of little avail in later years.

EDUCATION IN THE HOME. Family Alliances Should Be Formulated Against Ignorance of the Three R's. "When one finishes school or college one is only beginning to learn, and what better post-graduate courses could one have than the practical application of ideas through the medium of friends and family?" inquires Frances Evans, in the Ladies' Home Journal.

"As far as education is concerned the best family friend is the dictionary. When you see some one in a family consulting the dictionary whenever a doubtful word or phrase comes up in the course of conversation you will find the members intelligent people as far as facts can educate. We may not be able to aid each other in the 'higher education' of philosophy, science and ethics, but one thing is certain, we can form family alliances against ignorance of the three R's as well as geography, spelling and good English. Slang has its uses, no doubt, but if American parents do not give some heed to the English talked by their children at home, Americans a hundred years hence will have absolutely forgotten their mother tongue."
