ATTACK OUR SOLDIERS

A Scouting Party of the Fourth Infantry Are Pounded Upon.

FIVE OF THE AMERICANS KILLED

Twenty-Five More Wounded—Loss of the Philippines Reported to Be Very Heavy—Fighting Lasts Several Hours—The Friendlies Not So Friendly as Thought.

MANILA, June 10.—A battalion of the Fourth Infantry which left Manila, where General Wheaton is in command, this morning to reconnoiter toward Peres das Marinas, where it was believed that most of the rebels who had escaped from Parangue and Haseor had fled, was attacked in the rear by apparently friendly natives. This brought on a sharp engagement, lasting several hours, resulting in five Americans being killed and about twenty-five being wounded. The loss of the rebels was very heavy.

The battalion soon exhausted its ammunition and at 2:30 this afternoon General Wheaton and his staff, with the Second Battalion, two mountain guns and one field piece, went to reinforce the troops attacked. General Wheaton was fired on in a road and had a narrow escape.

Later the Third Battalion was ordered to the front and formed on the Las Minns road. Heavy firing on both sides followed, the artillery being freely used. The enemy was located in the woods at 4 o'clock, showing signs of retiring, as the rebels were being pressed very hard. One run of the Sixth artillery in an advantageous position did great execution.

The fighting was still in progress at 6 o'clock, at which time the Americans had secured a quantity of Filipino arms which had been abandoned in the woods.

HORRIBLE STORY FROM KLONDIKE

It is of Friend Devouring Friend When Supplies Give Out.

CIRCLE CITY, Alaska, May 29.—(Via San Francisco, June 20.)—A story of possible cannibalism and death on the Yukon trail has just reached here. Three men who left Dahl river December 5 for Jintown were not heard of again and they were supposed to have been lost. Nothing was heard of them here until the steamer Tidecut, which arrived today, brought a terrible story of suffering and horror. The men were Michael Daly, Victor Edzar and M. Provest. They were from Providence, R. I., Woonsocket, R. I. and Brockton, Mass., respectively. Their bodies were discovered seventeen miles from the mouth of Old Man's creek, they having lost the trail and become bewildered. Having left Dahl river with only three weeks' food, but which was amply sufficient for the 150 miles to Jintown, the poor fellows were soon reduced to starvation.

Daly's body was found, partly eaten, in a tent on the stove, just as it was left when death overtook the others. Some scraps of moose hide and moccasins were found, of which they were endeavoring to make a stew. Daly's body was identified by the clothes. The other two men were found dead five miles away from the tent. The fact of the tent flaps being shut down when found would seem to preclude the possibility of Daly's body having been eaten by animals. The other men had doubtless been driven by hunger to the awful extremity of cannibalism. Four hundred dollars were found on the bodies. The seven boats which wintered at Dahl river are all safe. They are the St. Michael, Reindeer, Monarch, Evans, Mary Graf, Luem and Pideout.

New Cabinet About Done.

PARIS, June 20.—Senator Waldeck-Rousseau has informed President Loubet that he hopes to complete the list of the new cabinet this evening. It is thought that Senator Waldeck-Rousseau's cabinet will be composed as follows:

- M. Waldeck-Rousseau, premier and minister of war.
Senator Mottet, minister of justice.
M. De la Nesselra, minister of marine.
M. Delcasse, minister of foreign affairs.
M. Millerand, minister of public works.
M. Caillaux, minister of finance.
M. de Lombré, minister of commerce.
M. Leygues, minister of public instruction.
M. Guillaun, minister of the colonies.
M. Le Pine, minister of the interior.
Possibly Senator Waldeck-Rousseau may take the portfolio of the interior and give General Brugere the portfolio of war.

Missunderstood Orders.

PORTLAND, Ore., June 20.—An east-bound northern Pacific train collided with an excursion train returning from Astoria, one mile east of Linton station. The cause of the collision is said to have been a misunderstanding of orders on the part of the trainmen. One man on the Astoria train was killed and five injured. The man killed is D. P. Bell of this city, who was engaged in serving lunches to the excursionists. The wounded are Homer Darling, severer; Birdie Butnam, Mrs. Bell, wife of D. P. Bell; Jones Mallin, engineer; E. R. Barnes, brakeman. Both engines were badly damaged and two cars containing live stock were demolished. All of the stock being killed.

Pope Makes Cardinals.

ROME, June 20.—The pope, at the consistory held this morning, created eleven cardinals and a number of bishops. The cardinals created here are: Mgr. Joseph Franca Nava di Bontifé, papal nuncio at Madrid; the archbishop of Louloue, France; the Latin patriarch of Constantinople; the Latin patriarch of Antioch; the archbishop of Turin; the archbishop of Ferrara; the archbishop of Reggio; Mgr. Clascia; secretary of the propaganda; Mgr. Trombaggata; secretary of the congregation (bishops and friars); Mgr. Lieneravas.

RECONSTRUCTION AT HERMAN.

Citizens of the Stricken Town Getting Substantial Encouragement.

HERMAN, Neb., June 20.—(World-Herald Special.)—Herman awoke this morning with a new spirit—the spirit of reconstruction. The new life is evident today. Rubbish is being removed, cellars are being emptied, streets are being cleared of obstructions and order is rising out of chaos. The pleasant sound of saw and hammer is heard on every hand and upon every pile of wreckage some one is at work.

The splendid assistance which Herman has received from the outside world has apparently acted as a healthy tonic. Her leading citizens have set a good example of pluck and enterprise and this has served to inspire every one else.

F. H. Wells, general manager for the Peavey Elevator company, which has 116 elevators on the line of the Omaha road, will begin this afternoon the erection of a 5,000 bushel capacity elevator. The building will be finished in thirty days. It will be larger than that destroyed by the cyclone.

Local merchants are getting in stocks of goods. The labor test will be applied in the distribution of supplies. The size of the family rather than other rules will govern.

KIPLING LIKES AMERICA.

Has Changed His Views During His Last Visit to This Country.

NEW YORK, June 20.—"The American public," said an intimate friend of Rudyard Kipling, "undoubtedly knows that Mr. Kipling left this country with a more favorable opinion of America and Americans than was the case when he sailed from New York three years ago for his English home. But only Kipling's intimate friends have a realization of the extent of the change in his attitude toward America since that first homeward trip."

"Kipling might not have voted the great difference in his feelings as he said good-bye on the dock, but in the period of his convalescence from his recent illness, and while he was winning back his strength in New Jersey and on Long Island, his changed attitude, unconsciously, perhaps, was manifested in unmistakable ways. His illness, doubtless, and the loss of his favorite daughter, Josephine, had much to do with this change of attitude. A man's recovery from a severe illness frequently changes the whole direction of his thought and entitles him to a more kindly view of the world in general. He sees in his friends and in his attendants admirable traits which he had not fully appreciated before.

That was Kipling's case. He became disposed to look upon the Americans, whom he disliked when he left New York three years ago, in a kinder light. The opportunity to scratch the skin and see what was beneath it had been given to him on his sick bed by the kindly hands of the nurses who had cared for him. He had felt the warm heart beats of the Americans whom he had so pitilessly held up to criticism, and had found that at the bottom of his own honest Anglo-Saxon heart he liked them."

Mr. Bryan the Coming Man.

CHICAGO, June 20.—A special to the Tribune from Bath, Me., says: George Fred Williams of Massachusetts and State Committee Chairman William McHenry have been here in conference here with Arthur Sewall, who ran with William J. Bryan on the presidential ticket of the silver wing of the democracy. They declined to be interviewed regarding their deliberations, but Mr. Williams when asked concerning Senator Gorman's prospects for the presidential nomination said: "Mr. Gorman cannot have the Massachusetts delegation. He can't have a single man of it, and he stands not a ghost of a show of getting the democratic nomination."

Do you feel confident that Mr. Bryan will get the nomination at the convention?

"I think McKinley will be renominated, and I feel more sure that Mr. Bryan will be, for, as I have said before, if the Chicago platform should be thrown over, which is not in the least likely, he would be nominated upon another ticket."

Word From Otis.

WASHINGTON, June 20.—General Otis has called the war department as follows:

MANILA, June 20.—Adjutant General, Washington: Sherman arrived this morning: casualty, Edwin L. Gantt, Company I, Sixth Infantry; Colonel Kellough, twelve men left Honolulu sick; seventeen cases typhoid fever enroute. Sixth infantry leaves for Iloilo to relieve the Californians on island of Negros. Transport Indiana will carry 134 officers and soldiers, discharged as sick, with civilians, left for San Francisco via Nagasaki yesterday. Hancock and Sherman, with the Nebraska, Pennsylvania and Utah artillery leave for the United States at seven o'clock. They will be placed in readiness; Californians will leave as soon as collected; Colorado to follow on first available transport. OTIS.

Governors on Record.

AUSTIN, Tex., June 20.—Governor Sayre is much encouraged with the prospects of a large attendance of governors and attorney generals at the anti-trust conference to be held in St. Louis on September 20. Up to this time seventeen governors have responded to his invitation to attend the proposed conference. Of this number thirteen are outspoken in favor of the anti-trust movement; three are non-committal and one is opposed to anti-trust legislation.

IN THE CASE OF WAR

The Boers Will Not Wait to Be Attacked, but Take the Offensive.

FIRST MARCH TO DIAMOND MINES

Plan is to Proceed from There by Rapid Marches to Capetown Before English Can Be Reinforced from Home—The Situation Presents a Serious Aspect.

LONDON, June 20.—The St. James Gazette contains a dispatch from an absolutely reliable source at Pretoria, capital of the Transvaal, the plan of campaign which will be followed by General Joubert, commander-in-chief of the Boers, in the event of war between the Transvaal and Great Britain. General Joubert's force, it appears, will consist of 20,000 men armed with Mauser rifles, in addition to forty-six quick-firing guns and 1,000 artillerymen, most of them drawn from the German and Dutch armies. With these troops and help expected from the Orange Free State, Joubert expects to take the offensive immediately after the declaration of war, enter the Orange Free State and march on Kimberley, the British diamond mining center in West Griqualand, which forms four of the five great divisions of Cape Colony. Kimberley is about 100 miles northwest of Bloemfontein. In his march on Kimberley as available, expects to capture the town with slight loss and blow up the De Beers diamond mine. Simultaneously, it is added, the railroad from Capetown to Bulawayo will be destroyed by Boer sympathizers and agents in Cape Colony, who will destroy the Port Elizabeth-Pretoria line south of Bloemfontein, to prevent British troops from using it.

Finally, immediately after Kimberley is captured, General Joubert will advance on Capetown, the capital of Cape Colony, through the western provinces where the Dutch predominates and are expected to join the Boers. Joubert calculates that he will be able to dictate terms of peace.

CANADA KICKS OUT TRACES.

Listens to No Proposal but a Tidewater Port on the Pacific.

NEW YORK, June 20.—A special to the Journal and Advertiser from Washington says: Canada has served notice on England that it must choose between the United States and its North American dominion in the settlement of the Alaskan boundary question. It is stated on the highest authority that this settlement represents a complete recognition of the United States and that it will be able to dictate terms of peace.

Sherman Reaches Manila. MANILA, June 20.—The United States transport Sherman, which sailed from San Francisco May 24, with 1,800 men and seventy-five officers, under command of Brigadier General Fred D. Grant, has arrived here, after a smooth voyage. One private died after the transport's arrival in a malarial fever. The troops brought by the transport will go to the island of Negros to relieve the California troops. General Bates, who arrived on the transport, and General Grant will probably be assigned to the command of the volunteer generals, some of whom will leave for home soon. Generals Hale and Funston desire to accompany their regiments home. Most of them have already accompanied the regiments to the Philippines. The Philippines and other insurgent forces in the south have apparently been planned. General Wheaton at Iloilo is sending reconnoitering parties today to locate the enemy and other localities are being made from Cavite. Recruits Ready for Service. WASHINGTON, June 20.—The following telegram was received at the war department today from two California senators: SAN FRANCISCO, June 20.—Hon. H. C. Corbin, Adjutant General, Washington: Southern California supports and administration in its efforts to suppress the Philippine insurrection and tender the president for immediate service well organized and thoroughly disciplined regiment of infantry. Officers and men ready for service as soon as necessary. Field equipment can be furnished. GEORGE C. PERKINS, United States Senator. STEPHEN M. WHITE.

Sampson's Health Good.

BOSTON, June 20.—The statements published to the effect that Admiral Sampson was ill, and would retire from the command of the North Atlantic squadron, have been authoritatively denied by an officer of his staff as wholly unfounded. On the contrary, Admiral Sampson is now in better health than he has been at any time since or during the war, and has no intention of giving up his command.

Capture of Supposed Robbers.

SALT LAKE, Utah, June 20.—A special to the Tribune from Montida, Mont., says: Near Dwells, Wyo., just south of Yellowstone park, the park scouts captured early yesterday the three men supposed to be the Union Pacific train robbers. The men were surrounded by the scouts just before daybreak. The men are now being taken across the country to the Mammoth hot springs. This news was brought to Montida by the driver of the Montida and Yellowstone park stage.

THE PRESIDENTIAL PARTY.

Massachusetts Towns Doing Finely in Entertaining the Chief Executive.

HOLYOKE, Mass., June 20.—President McKinley arose early today after a night of refreshing sleep. Mrs. McKinley the president said, was rested after the fatigue of yesterday. After breakfast at the Whiting mansion preparations were begun for the railroad trip to Northampton, to visit Smith college, at 9 o'clock the special train bearing the party left the station, due to arrive at Northampton at 9:30.

NORTHAMPTON, Mass., June 20.—Northampton was dressed in its best today, to welcome the president of the United States upon his arrival from Holyoke. Considerable effort at general decoration has been made and the public buildings and many residences were gay with bunting and flags. From every trolley pole along the entire route were long streamers running to each side and caught up in the center over the trolley wire, forming a long, bright archway.

The president's train arrived on time. Mr. William Whiting, the president's host at Holyoke, and Congressman Gillette and Lawrence came up from Holyoke with the party. A rousing cheer went up as the train came to a stop and President McKinley stepped down from the platform to enter the waiting carriage. This welcome was repeated at intervals and the president and Mrs. McKinley were constantly engaged in acknowledging the cheers. The presidential train stopped at a point where the car could just be entered from the rear platform. A reception committee representing the city greeted the party and the local militia company, with the Grand Army, presented arms. The procession was then formed and moved through the main street to the grounds of Smith college. The senior day chapel exercises were nearly concluded when the company arrived in the city ground. The weather was delightful, adding not a little to the pleasures of the occasion.

As the presidential party returned from the drive they were met by the military company and escorted to the station. As the train moved away three cheers for Holyoke were given and General Grant will probably be assigned to the command of the volunteer generals, some of whom will leave for home soon. Generals Hale and Funston desire to accompany their regiments home. Most of them have already accompanied the regiments to the Philippines. The Philippines and other insurgent forces in the south have apparently been planned. General Wheaton at Iloilo is sending reconnoitering parties today to locate the enemy and other localities are being made from Cavite.

Regarding the recent death of a United States marine from yellow fever, Major General Ludlow, the military governor, says that isolated cases are bound to occur occasionally, but he thinks it impossible that any infectious disease should occur without word being received by the sanitary department within a few hours. According to advices from Guanajuato, province of Pinar del Rio, the insurgents, after receiving their money, start for home, many of them on foot. One man was found murdered near Chicharron. These were found near Quibloacha. All had been robbed. Armed bodies of Cubans continue to arrive here in large numbers, claiming that only within the last few days had they learned that money was awaiting them. Some of the men have readily accepted the proposal of General Brooke that they should turn half their arms over to the civil government and receive ten rations, which will enable them to live until Lieutenant Colonel Randall returns to Havana and recomences payment here.

General Gomez expresses his willingness to aid the governor in arranging the lists. General Brooke is inclined to appoint a commission of Cuban officers, whose integrity would be guaranteed by Gomez. Sales of Union Pacific Lands. OMAHA, June 19.—During May the Union Pacific land department sold 113,891 acres of land in Nebraska, Colorado, Wyoming and Utah and 6,899 acres in Kansas. Since the first of the year 62,842 acres have been sold in the latter state. C. E. Westland, special agent for the department, who has charge of most of the sales in the west, says they will average about 100,000 acres a month during the year, making the total for the year 1,000,000 acres. The greater portion of the land is being sold to stockmen and this industry never had such a boom in the west as it is having now. Farmers everywhere in that section seem to be giving up a large portion of their agricultural operations and devoting more time to raising cattle and sheep.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when this condition is continued, it results in deafness. It is essential that the inflamed condition be taken out and this tube restored to its normal condition, hearing is restored forever. In many cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give one hundred dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. Sold by druggists. Hot Spot.

One of the hottest spots on the globe is the region around the Dead Sea. The sea is said to lose at least 1,000,000 tons of water a day by evaporation.

Prussia's Railroads.

Prussia began absorbing railroads in 1876. In eight years she owned 8,000 miles. Now nearly 16,000 miles are under control of the state.

THE ROLL NOT CORRECT

Much Confusion Attends the Work of Paying Cuban Soldiers.

GOOD ORDER ON THE ISLAND.

General Brooke Pays the Natives a Compliment—Brigandage Not Known in the Ordinary Acceptance of the Term and the Law is Generally Upheld.

HAVANA, June 19.—The greatest confusion exists in the lists of Cuban soldiers at Canajuaní. Many of them cannot collect their \$75, as they appear on the rolls as having been promoted to the ranks of officers, of which fact they had no knowledge previously. The Remedios regiment contains apparently over 2,000 men, while the lists only give the names of 700. Soldiers who have fought since 1896 are not shown on the lists, while boys who served as camp followers are able to secure payment. A petition has been sent to Governor General Brooke asking him to order a revision of the rolls.

With reference to the report of brigandage, of thieves and murders freely circulated, Governor General Brooke says that brigandage, in the American acceptance of the term, does not exist in Cuba. As for other kinds of violence he thinks it extraordinary, considering the war had devastated the island from end to end, that hardly a Cuban family has not suffered hardship or something worse, and that multitudes have been on the verge of starvation, that crimes of theft and bloodshed have been so few. General Brooke believes the percentage of crime among the Cubans today is probably less than among any other people in the world whose conditions have been so gravely disturbed.

The governor general has ordered a number of much needed changes in the administration of justice. Hereafter the principal court in the various provinces, known as the audiencia, has had jurisdiction of criminal cases. Under the new arrangement the audiencia of each province will have jurisdiction in both civil and in criminal matters, with a right of appeal to the supreme court.

Other reforms are now under consideration, particularly charged in the courts of first instance, where the laws now in force do not allow the judges local power as they have been invested by custom. Dr. Brunner, chief sanitary officer in Havana province, will probably resign his position this month, the city of Havana having offered him a tempting salary to take charge of sanitary affairs here. The general opinion here is that every effort should be made to retain his services. He understands the local situations and the Cubans thoroughly. The keen sense of duty and interest in the public as especially serviceable in the community, where there are so many attempts to evade the sanitary regulations.
