Otis Cables That the Nebraskans Are Preparing to Sail.

THE CONDITIONS IN THE ISLANDS

Portions Inhabited by the Tagala Now Practically Under American Control— Rebel Forces Are Scattered—No Feasible Body Likely to Be Encountered.

WASHINGTON, June 27.—General Otis, in reply to a cablegram from the War department asking for information regarding the situation and conditions in the Philippines, today cabled a long reply, as follows:

MANILA, June 26.—Adjutant General, Washington, Rician seas. Little inland campaigning possible in Luzon. We occupy large portion Tagalog county, lines stretching from Iloilo south, to San Fernando north, nearly sixty miles and to eastward into Laguna province. Insurgent armies have suffered great losses and are scattered; only large force held together is about 4,000 in Tarlac province and northern Pampanga. Their scattered forces are in bands of fifty to 500 in other portions of Luzon; in Cavite and Bantanga provinces could assemble possibly 2,000, although demoralized from recent defeat. The mass of the people are terrorized by insurgent soldiers, desire peace and American protection and no longer flee on the approach of our troops unless forced to do so by the insurgents, but gladly welcome them; no recent burning of towns. Population within our lines becoming dense, taking up land and cultivation extensively. They are kept out of Manila as much as possible, as the city population is becoming to be great to be cared for. Natives southeast of Luzon are combining to drive out the insurgents.

The only hope of insurgent leaders in United States is, they proclaiming the near overthrow of the present administration, to be followed by their independence and recognition by the United States. This is the influence which enables them to hold out. Much contention prevails among them and no civil government remains. Trade with ports not in our possession and former source of insurgent revenue now interdicted. Am not certain of wisdom of this policy, as the people in those ports are without a supply of food and merchants are suffering losses. I meditate restoring trade privileges, although insurgents will reap the benefits. The courts here are in successful operation under direction of able Filipinos.

Affairs in other islands are comparatively quiet, awaiting results in Luzon. All are anxious for trade and repeated calls for American troops received. Am giving attention to Jolo archipelago and Palawan islands. Our troops have worked to the limit of endurance. Volunteered organization have been called and replaced by regulars, who now occupy salient positions. Nebraska, Pennsylvania and Utah troops now taking transports and the Sixth infantry has been sent to Negros to relieve the Californians. These troops are in good physical condition; sickness among troops has increased lately, due mostly to arduous service and climate influences. Nothing alarming. Of the 12 per cent of the command reported sick, nearly 6 per cent is in the general hospital, of whom 3 per cent have typhoid and 17 malarial fevers; 25 per cent have intestinal trouble, remaining 55 per cent have various ailments, 14 of which are due to wounds and injuries. Many officers and men who served in Cuba become sick with recurrence of Cuban fever and regular regiments lately received are inadequately officered.

The inadequacy of the number of officers mentioned in last part of above cablegram has been remedied by the sailing of the transports Zealandia and Sheridan, carrying a number of officers for regiments in the Philippines. Adjutant General Corbin says that all officers belonging to regiments in the Philippines who were not absent on account of a surgeon's certificate are under orders to join their regiments at once. Forty-four officers have sailed on the recent transports from Manila. Secretary Alger said today that no action will be taken for the enlargement of the army or sending troops to reinforce General Otis until the return of President McKinley. He also said that General Wheeler would receive no assignment until that time.

Golden Jubilee of Singers. CINCINNATI, June 27.—The golden jubilee of the North American Seaboard will not doubt be the most largely attended event this week that was ever known in this city. This international saengerfest was first held here fifty years ago and the triennial meeting this week will be the most notable one in the history of the organization. There are quite a number of societies which begin on Wednesday. The musical societies will arrive today. The visitors will not be here until tomorrow or Wednesday. The new hall, with a stage capacity of 4,000 and a total capacity of 14,500, was dedicated last Sunday and was visited today by thousands.

AFFAIRS AT HAVANA.

Columns Arranging to Form a Government—Brooke Criticized.

HAVANA, June 27.—The Society of Veterans of Independence, organized by the leaders of the former military assembly, continues growing and enlisting all who are willing to work unitedly. It is composed of three classes—members of the army, civilians who acted as agents in the Cuban cities during the war, and those who were deported by the Spaniards. Headquarters will be here and in Santiago, and central committees will be established in the capitals of the various provinces. A prominent member of the society said today: "Just as soon as our organization is complete, we shall ask Governor General Brooke for recognition and permission to operate in a political body. Then each district will name delegates to a provincial convention with instructions as to how to vote in electing representatives to sit in a general convention."

The general convention will select six department chiefs, who will arrange for clubs in the various provinces and in other ways facilitate preparations for the election of a president, using in the meantime, every effort to secure harmony among the various members. Members of the organization will be required to give assistance in a general scheme for educating the people. Free day and night schools, with volunteer teachers, will be opened wherever it is possible. Only adults will be admitted to membership in the society.

At a meeting held today at the Union club, an important organization including some of the best people of Havana, political matters were discussed. Among those present were several appointees of Governor General Brooke, who took no part in the discussion, however. One speaker, a Cuban officer, who took up a good deal of the time of the meeting, said that General Brooke was following a wrong course in giving politicians government positions while military men were getting nothing. "This method," he declared, "will lead eventually to trouble. Those who defended the country deserve recognition and will tire of being constantly ignored."

Another speaker said: "Only those having influence with Secretary Alger, through Washington connections, are able to secure appointments and there are some of those who were not in Cuba during the war." Brigadier General Randall has paid up to date, in the provinces of Havana and Pinar del Rio, and the western half of Matanzas province, 4,260 Cuban troops. This raises the full number, exclusive of provinces of Puerto Principe and Santiago, to about 45,000. If the same ratio is maintained in the other provinces, as the original lists stand, the figures will reach a total of 12,000. The additional payrolls will probably add 10,000 names, 50 per cent of which are likely to receive payment. The present rolls contain 39,000 names, not counting the supplemental lists or the officers paid. It is believed that not one per cent will refuse to come forward for payment. American army officers consider that the figures shown in the payments represent the most reliable estimate of the size of the insurgent army, which included a large number of unarmed camp followers.

DEATH REPORT FROM MANILA.

How to Be Averted.

LONDON, June 27.—The firm attitude of Great Britain appears to be having the desired effect in the Transvaal complications. The latest cablegrams from South Africa talk of various semi-official missions for negotiations between Capetown, Bloemfontein and Pretoria, aiming to arrange a franchise compromise on a basis of five or six years past residence. President Kruger is represented as agreeable to some such arrangement, but is finding considerable difficulty in handling his own conservative elements. In a reported interview he is alleged to have said regarding the war refugees: "The mountains were being made of mole hills, and that he was firmly convinced that Queen Victoria would never allow 'letting loose the dogs of war' over South Africa."

NO NOMINATION AS YET

The Three-Cornered Fight for gubernatorial honors in Kentucky.

SETTLEMENT IS NOT AT HAND

Many Delegates Have Gone Home Disgusted with Factional Differences—Convention in a Turmoil During Part of the Time It Was in Session.

LOUISVILLE, June 27.—When the democratic state convention was called to order at 10 o'clock this morning the three-cornered fight for the gubernatorial nomination was apparently no nearer settlement than on Saturday. Conferences lasting until long after midnight failed to bring any two of the candidates nearer together, though for a time it looked as though Stone and Hardin might act together. This is an unlikely combination, for no matter what its result, one of the parties must lose all, for Goebel has the state organization.

Many delegates have gone home. What effect this will have on the main contest is an open question, but it has seriously alarmed many of the candidates for minor offices. Hon. John S. Hines got the floor at once and called attention to the presence in the hall of policemen, the inference being that they were not there simply to keep order. He moved that the chairman order them removed. The chairman recalled the attempt of Friday night by outsiders to interfere with the proceedings of the convention; said the police had been called at his request and declared the motion out of order. Stone and Hardin leaders appealed from this decision and demanded a call of the counties. The chair declined to recognize the appeal and ordered the roll called for a ballot for governor.

Instantly the convention was in a turmoil equal to any of the exciting incidents of last week. The Stone and Hardin leaders made a frank appeal for justice and fairness. A dozen of them gathered in the space in front of the chairman and with the vociferous support of hundreds of delegates declared the ballot should not proceed until their appeal from the decision of the chair was put to the house. The discontent over what were believed to be arbitrary decisions of the chair had fair to put a stop to further business. Here occurred an incident well illustrating the state of feeling. A note was handed Chairman Redwine and he sat down to read it. Again the delegates became wildly excited. "What does your boss say?" "Read it out!" they yelled at the top of their voices. The note was handed to the clerk and read. It proved to be a note from the printer in regard to a shortage of tally sheets.

TEXAS CATTLE COMBINE.

New York Capitalists Will Form a Company With Large Capital.

FORT WORTH, Tex., June 27.—Geo. B. Loving, who is at the head of the great deal having to do with the formation of a gigantic cattle and ranch company in Texas, in an interview tonight said that the company will be an American organization composed of New York capitalists, and not Englishmen, as reported. The company is to form a company with \$40,000,000 capital, \$25,000,000 or \$30,000,000 of which is to be used in the purchase of cattle and ranch property in this state, the balance of the capital stock to be used in operating the big concern. It is believed the business can be more successfully conducted and at less expense under a single management. For the past two months parties representing Mr. Loving have taken options on cattle and ranches to the amount of \$20,000,000. These options expire July 1, but it is understood if necessary they can be renewed. No doubt is expressed but that the big deal will be consummated for the price to be paid is fair. Mr. Loving says there is no intention to form a cattle trust, merely an effort to conduct an extensive cattle business, the largest in the world. There are 6,000,000 cattle in Texas, valued at \$120,000,000. Mr. Loving says there is no intention to disregard the anti-trust laws of the state; that the organization of the company is nothing more than an immense cattle transaction.

Dives from St. Louis Bridge.

ST. LOUIS, June 27.—Miles McDonald, aged 20, employed by the F. M. Long Syrup company, today, as the result of a wager with some fellow employees, dived from the center span of the Eads bridge, badly injuring himself and narrowly escaping death. McDonald alighted on his shoulders and the upper part of his back, and but for the prompt assistance of a boat and crew in readiness he would have been drowned.

Arkley and is here on his way to Frankfort, Ky., and Medical Inspector J. C. Wise of the Baltimore, who is going to Washington.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by restoring the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it becomes permanently closed, deafness results unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be restored forever, since cases out of ten are caused by catarrh, which is nothing but an inflammation of the mucous surface. ROUGH RIDERS GATHER

The Ex-Soldiers Spend Sunday at Memorial Services.

LIFE OF THE TROOPS PRAISED

Iowa Editor Speaks of the Campaign and its Present Fruits—Nation Joined by New Band of Sympathy—Troopers Honor Roosevelt with Gift of a Souvenir Medal—Incidents of the Day.

LAS VEGAS, N. M., June 26.—Memorial services were the first thing on the Rough Riders' reunion program Sunday. It was held at 11 o'clock in the morning at the Duncan opera house and Rev. Thomas A. Tzetzell, pastor of the Peace church, made of Denver, preached the memorial sermon. He said that the soldier who is forced to remain behind is worthy of praise and recognition as well as the man who is at the front. The Rough Riders, he declared, have by their acts at San Juan and in the fighting around Santiago succeeded in writing one of the brightest pages in American history. Their deeds would be read by coming generations and would kindle a new view of country and an admiration for true heroism.

Lafe Young, editor of the Iowa State Capital, then delivered an address. Mr. Young served with the Rough Riders and his recitation of the regiment's experience at Tampa and San Antonio found a responsive echo in the hearts of the assembled Rough Riders. "The Fourth of July," he said, "is our national Christmas commemorating the birth of the nation, but the Rough Riders' celebration should be its Easter, for it marked the resurrection. It remained for the Spanish war to bridge the bloody chasm to our old glory everywhere, to wind up the late unpleasantness with the new battle hymn of the republic. 'There'll Be a Hot Time in the Old Town Tonight.' On the plains of Cuba," he concluded, "I saw the sons of veterans marching beneath the flag which their fathers died to save, and the sons of confederates clothed in the same uniform, bearing the same cross and marching under the same flag, and the sons of former slaves accented and armed like the others, with the flag above them and the same purpose in their hearts, and 100 native born full-blood Indians aiding the same cause—when I saw these I made a vow to high heaven never to be a partisan again and henceforth and forever all Americans should look alike to me."

The regimental parade took place Sunday afternoon at 4 o'clock. The regiment formed at Camp Corban and marched to the tournament grounds, six blocks away. Colonel Roosevelt rode as commander, accompanied by a staff of officers. At the tournament grounds Colonel Roosevelt occupied a box reserved for him and the guests of the regiment. As the Rough Riders passed and re-passed the grandstand performing their evolutions Colonel Roosevelt stood with bare head. Each troop was preceded by its respective captain, as far as they were present. The scene witnessed by fully 10,000 people. While the review was going on rain clouds were banking heavily in the north and Chairman Whitmore of the local committee on arrangements requested the colonel to hurry the movement of the Rough Riders, ostensibly on account of the approaching shower. Roosevelt complied with the request and in another instant the troopers were standing in attention in front of the grandstand. This was a neat bit of strategy and before Colonel Roosevelt could realize why he was being spoken to, Hon. Frank Springer, acting on behalf of the people of New Mexico, began his speech presenting Colonel Roosevelt with a medal.

The presentation was a genuine surprise to Colonel Roosevelt. Mr. Springer handed the medal to his young daughter, Miss Eva, who pinned it on the lapel of Roosevelt's Rough Rider blouse. The recipient was visibly affected and responded as follows: "Judge Springer, and to Miss Springer, and to you, my fellow Americans of New Mexico, I want to say I cannot express in words how deeply I am touched by what you have done. I prize this gift more than anything else that could have been given to me, coming as it does, and in the way it does, and from those from whom it comes. For it comes on the anniversary of a day fateful in the annals of the west—Twenty-three years ago Custer rode to his death, with his gallant men at the Rosebud, adding his share in the 'winning of the west' in the upbuilding of the west, which you have all of you upbuilt, bringing up your section level in patriotism, level in highness of purpose with all that there is in this nation. I cannot say how glad I have been to come here. I never was in New Mexico before, but I have never felt like a stranger for one moment among you."
