

MEETING OF THE "DADS"

Finance Committee Makes an Estimate of the City's Expenses

Park Commissioners Present at the Meeting and Give an Outline of the Proposed Improvements at the Public Park—Big Batch of Sidewalk Work Ordered Done.

The city "dads" met in regular session last night, and at the call of the roll it was found that Messersmith and Fitzgerald were the only absentees, but the latter gentleman came in afterwards.

Minutes of last meeting read, corrected and approved. A petition from Messrs. Kirkham & Green, publishers of the Weekly Journal, asking that their bill of \$7 as balance due them for printing the election notices be allowed, was read. The publishers claimed to have no contract with the city and therefore were entitled to charge the full legal rate of 25 cents per square. On motion of Hinshaw, the city attorney was instructed to look the matter up and give an opinion.

The reports of the police judge and city marshal were passed upon favorably by the police committee.

Quite a number of grading and sidewalk matters next received attention. Sattler asked that the work on Granite, between Fifth and Sixth streets, be raised to a level with the street and otherwise repaired, also that some tiling be put in up on Rock street. His motion to have this work done carried, as did also one by Herold for the placing of fifty feet of tiling across Chicago avenue near the Kinser property. Lutz of the Fifth reported that the grading ordered done on the road out near the O'Neill property had not yet received attention, and upon his request the street commissioner was instructed to do the work immediately. On motion of Buttery the sidewalk near Mrs. Lamson's residence was ordered repaired and also some grading done near the Kinkead property on Tenth street. The matter of repairing the sidewalk on Granite, between First and Second streets, was on motion of Whalen, referred to the streets committee. Several requests from citizens for permission to work out their poll taxes on the streets were also granted.

The matter of having a Plattsmouth telephone put in at the ferry was again brought up, and the proposition was defeated by a vote of 6 to 3. The report of the finance committee giving an estimate of the city's running expenses for the year ending in August, 1900, was read by the clerk. The report showed that \$28,434.25 was required. After some discussion the report was adopted, and the clerk instructed to look after the publication of the resolution.

Another chicken ordinance, somewhat similar to the one passed at a former meeting, was read by the clerk and adopted. It was found that the former ordinance could not be placed in force owing to the fact that it had only been published once, while the law requires that an ordinance which prescribes a penalty must be published in a daily newspaper for one week.

The report of the claims committee was adopted and Clerk Kerr also ordered to draw warrants for the salaries of the city officials for the last quarter. Following are the claims allowed against the city:

Table with 2 columns: Name and Amount. Includes items like Platts Water Co. hydrant rent, L. O'Neill, work, Ben Decker, same, J. W. Moore, same, John Gungely, same, L. Kidlow, street work, Geo. Pease, same, J. Bates, same, Chas. Henderson, same, Joe McKracken, same, E. Cooper, same, Chas. W. H. H. same, J. Patridge, same, J. Archer, same, L. Kidlow, burying dog.

On motion of Sattler, it was ordered that the Nebraska Telephone company be notified to remove a pole which was obstructing the avenue near the Turner hall.

R. B. Windham spoke to the council on behalf of the park commissioners. He outlined some needed improvements on the public park which they proposed to make, and asked that an appropriation of at least one mill, and, if possible, one and a half mills, be made for park purposes. By a vote of 7 to 2 the latter amount was appropriated. Adjournment was then taken.

City Marshal Slater received a message from the authorities at Creston stating that tramps had stolen nine pairs of shoes from a merchant at that place and that they were headed this way. The marshal went down in the yards and rounded up seven of the weary willies, taking them up in police court where they were searched, but they all wore old shoes and did not have any money. Slater ran a "sandy" on them by asking them which they preferred—to work on the rock pile or get out of town. They got out of town. That shows what benefit would accrue if there was a large rock pile in the city.

W. D. Jones has sold a half interest in his livery barn to A. Magown and wants all of his old accounts settled at once. The new firm is well fixed to do a general livery business. They will pay especial attention to picnic parties, weddings, funerals, etc., as they have the finest turnout in the city. Hack orders promptly attended, day or night. Special care taken of boarding horses. Plattsmouth telephone 76.

She has been a continuous resident of Cass county for forty-three years. The presence of all her children and many of the grandchildren and great grandchildren made the affair a very happy one.

THE OUTLOOK IS FAVORABLE. The Public Library Project Talked of With Enthusiasm.

The scheme to erect a public library, as originally brought before the public by THE NEWS, is being talked of with a great deal of enthusiasm. And it does not end with talk. THE NEWS asked who would be the first one to donate the ground upon which to erect the building, and in response Mrs. C. H. Parmele offers the lot at the corner of Fourth and Vine streets for the purpose. Besides this generous offer the firm of S. H. Atwood & Co. offer to furnish the stone for the foundation, James Robertson offers the land and necessary and A. W. Atwood says he will contribute the paint.

With these donations coming so easily it looks as though there could be no doubt of the success of the project.

PAYING OFF THE CUBANS. Very Small Proportion Will Refuse to Share Uncle Sam's Bounty.

HAVANA, June 25.—Brigadier General Randall has paid, up to date, in the provinces of Havana and Pinar del Rio and the western half of Matanzas province, 3,250 Cuban troops. This raises the full number, exclusive of provinces of Puerto Principe and Santiago, to about 4,000. If the same ratio is maintained in the two latter provinces, as the original lists stand, the figures will reach a total of 12,000. The additional pay rolls will probably add 10,000 names, 50 per cent of which are likely to receive payment. The present rolls contain 29,000 men, not counting the supplemental lists of the officers paid. It is believed that not 1 per cent will refuse to come forward for payment. A prominent Havana club was the scene of a disturbance last night between two well-known Cubans, and several American officers, all of whom had been drinking. The Cubans began cursing the American administration, President McKinley, the United States troops and their officers. Finally one of the Americans, thoroughly out of patience, struck a Cuban in the face. The latter demanded a duel but the officer laughed at him. The Cuban, in a perfect fury, called for a gun and said he would shoot his assailant anyway. At this juncture a party of Americans and Cubans interfered and sent the disturbers about their business. An hour later some Cubans returned and began demanding satisfaction, but the Americans had left the club. The Cubans involved are prominent in local society, but have no political science. They are chronic disturbers of order.
