

OTIS & LIPS BLOCKADE

It Is Done Under Pressure of Distress in the Islands.

SAN FERNANDO AMONG THE PORTS

Blockade Will Protect Some While While Merchants Run Risk of Confiscation in Others—Aguinaldo Reported Killed by General Pio del Pilar, but the Story Is Not Credited.

MANILA, June 28.—Major General Otis has ordered the opening of trade of many ports that have been closed since the outbreak. These include San Fernando on the west coast of Luzon; Aparri, on the north coast; Caramoza and all ports in the islands of Samar and Leyte.

Many ships used in inter-island commerce have been tied up in the harbor here for months and the shippers and merchants have been urging the government to raise the blockade. When the decision was made yesterday the scene in the custom house was as animated as the floor of an American stock exchange. It was a busy day. Shippers rushed to get their clearance papers, which will be a great boon in the ship business, which has been at a standstill. The ships will race to bring the first cargo before the demand weakens. As there is a heavy export trade on hemp, this will greatly increase the revenues.

The interests of the natives, as well as the machinists and traders generally, led General Otis to take this action. Delegations from the southern island told General Otis that cessation of business is doing much damage to peaceful inhabitants. Gunboats will protect shipping in some ports, but elsewhere shippers must risk confiscation by the insurgents, who exact heavy tribute of all ships they permit to sail.

The rumor that Aguinaldo had been assassinated was in circulation here for several days. It was not believed but its currency gave it a definite form. According to the story, General Pio del Pilar called on Aguinaldo upon June 19 and accused him of causing Gen. Luna to be killed. Aguinaldo denied responsibility, and added that he deeply regretted Luna's death. General Pio del Pilar, as the story goes, called him a liar and scoundrel, shot him twice in the head with his revolver and walked away unmolested. The report finds no credence in Manila.

A Filipino general, mounted on a big horse, with a numerous staff, has since been seen haranguing the Filipino troops around San Fernando, in Pangasinan province, and this officer is supposed to be Aguinaldo. Yesterday four guns of Hobbs' battery and other artillery bombarded the Filipino block houses and trenches about two miles north of San Fernando. The blockhouses, which had been used by Filipino sharpshooters to annoy the American outposts, were destroyed. The enemy made no resistance.

Yesterday the Spanish consul general, wearing a brilliant uniform, visited Major General Otis. He was received in the latter's office, which is hung with portraits of Spanish royal personages. In the course of a graceful speech he said that the Spaniards in the Philippines would hold no resentment because of the past and would entertain no sentiments but those of respect toward the new regime.

A WAR OF RACES.

Armed Negroes Are Taken Unawares and Three Are Fatally Shot.
BIRMINGHAM, Ala., June 28.—Three negroes are dead and one is not expected to live until morning as a result of a riot between the white and negro miners at the Oregon mines, near Cardiff, in Jefferson county. The dead are:

ED ELLIS, ringleader, armed with a rifle and a Colt's revolver, fell at the first fire. A rifle bullet did the work. There was another volley and four of the negroes fell. Jim Dill and Adam Snauls died in a few minutes after being removed to a negro's house. George Thomas was shot through the abdomen with a rifle bullet. He is not expected to recover. Rudolph Williams will live.

The trouble started yesterday when it was thought that John Sheppard, who, on last Wednesday afternoon, assaulted Mrs. Monroe Jones, near Corona, was in that community. The negroes armed themselves to prevent his capture. Both sides were aroused and only the timely arrival of the sheriff's posse prevented an outbreak. This morning the negroes held a mass meeting and refused to go to work. They all belong to a secret organization, known as the "Knights of Africa," or the "Mysterious Ten." They keep rifles and ammunition on hand at all times. It was in the afternoon that they gathered at Glasgow Hollow, although at what time is not now known.

Dewey Resumes His Journey.
WASHINGTON, June 29.—The navy department has received information that Admiral Dewey sailed from Colombo for Port Said this morning.

COLUMBO, Ceylon, June 29.—The United States cruiser Olympia, with Admiral Dewey on board, sailed from here for Port Said at 4 o'clock this afternoon. The admiral has been living quietly here and his health has improved. He went on board the cruiser at 10 o'clock this morning. The customary official visits were exchanged during the day. Previous to his departure Admiral Dewey visited the auxiliary cruiser Yosemite, now at this anchorage on board Captain Richard P. O'Leary, U. S. N., the governor of the island of Guam, who is now on his way to his post.

CANADA NOT PLAYING FAIR.

Alaskan Boundary Dispute Again in Bad Shape.

WASHINGTON, June 29.—The negotiations for a modus vivendi regulation of the Alaskan boundary have fallen into a state that jeopardizes a successful outcome and causes apprehension among officials. The last phase of the case was that the Canadians had come back with a counter proposal, in place of accepting the definite proposition, which had been carefully drawn with the sole purpose of preventing any future controversy over the points already agreed upon between Choate and Lord Salisbury. Instead of following the lines of the American proposal, and confining the counter proposition to a plain statement of the points already roughly indicated as marking the boundary, this last issue proposed a radical change in the line on the Dalton trail, and was of a character wholly unacceptable to the American side. Involving, as it did, the transfer into Canadian jurisdiction of the fortunes and claims of many American miners. Unless there is a decided abatement on the part of the Canadian side, the result will be as unlikely of attainment as was the permanent agreement on the boundary question, and the chances for a reassembling of the joint high commission will fade away entirely.

LONDON, June 29.—United States Ambassador Choate had a conference at the foreign office today with the Marquis of Salisbury in regard to the Alaskan boundary dispute.

MUST DECLARE THEMSELVES.

Spaniards in Ceded Colonies to Become Americans.

WASHINGTON, June 29.—The Spanish government is about to take steps to determine how many Spanish born residents of Cuba, Porto Rico and the Philippines intend to maintain their allegiance to the crown of Spain. The plan for this was made in the treaty of Paris, which allows one year from the date of exchanging ratification of the treaty within which Spanish born citizens may state their wish to remain subjects of Spain. The newly appointed Spanish consul general at Havana, Manila and San Juan will open registers at their respective stations and at other points where Spanish born residents may make a declaration before a court of record of their intention to continue allegiance to the crown of Spain; otherwise allegiance is renounced and they become citizens of the territory in which they may reside.

There will be no more Spanish consular appointments for the present, the purpose being to allow the new consul general to determine how far the service should be extended in Cuba, Porto Rico and the Philippines. The appointments then will be drawn from the best Spanish residents. In the way, the Spanish authorities expect to secure an organization in touch with the local Spanish sentiment. The Spanish minister, Duke of Arcos, leaves for Manchester by the Sea tomorrow, where the Spanish legation will be located through the summer.

An Enjoyable Afternoon.

Tuesday, June 27, marked a pleasant epoch in social annals of Plattsmouth society, being the natal day of Mrs. J. Nelson and Mrs. J. N. Wise, when the beautiful home of the former was thrown open to their many friends. The spacious parlors were comfortably filled with ladies in cool, dainty dresses. It was warm outside, but the rooms were cool and the vases of flowers and ferns seemed to make the air even more refreshing, while from behind a bowler of smilax in the hall soft strains of music were wafted through the rooms.

As the unique invitations designated, this was to be a "Salmagundi tea," so the various entertainments of the afternoon partook of the same nature, being various progressive games, followed by an "evening excursion," which was geographical in its nature—the successful contestants being awarded with dainty pieces of china. Mrs. Waugh won the prize for games and Mrs. Houseworth for the excursion.

As the shadows began to brighten and the guests returned from their excursion, they were greeted by a summons to the daintily laid tables, decked with nasturtiums. The hostess were assisted in serving by the Misses Dora Fricke, Doulah Elson, Retta Clark and Helen Travis, after which "good byes" were exchanged and hearty wishes for pleasant returns of the anniversary day to both of the ladies receiving.

Verdict For Grimes.

In the case of Grimes vs. B. X. ter, tried to a jury in Justice Archer's court, a verdict for \$75 was given the plaintiff about noon today, the jury being out but a short time. Grimes resides near Union and Baxter lives at Murray. Grimes entered into a contract with the latter to bore a well, the price to be \$1.25 per foot for the first forty feet and \$1.50 a foot after that depth had been reached. At the depth of 193 feet the drill became fast and no progress could be made. The contract also provided that Baxter should board Grimes and his assistant, but this Baxter refused to do after the work stopped, hence this suit for a balance of \$115, alleged to be due. The jury rendered a compromise verdict for the amount above given. The defendant has given notice that the case will be appealed.

Detail For Dreyfus Court.

RENNES, June 29.—The official list of the composition of the Dreyfus court-martial, which is to assemble in the army service building for the trial of the prisoner, is as follows: President, Colonel Jouanet; Major Brongnelat, artillery; Major de Breon, artillery; Captain Parfait, artillery; Captain Beauvais, artillery. All the members of the court martial have passed through the polytechnic school.

WERE HAPPILY WEDDED

Nuptials of W. J. Streight and Amelia Vallery Celebrated.

Married at the Presbyterian Church by Dr. Baird and the Ceremony Witnessed by a Large Number of Friends. Reception given at the Home of the Bride.

Wednesday evening, June 28, the marriage of Mr. Will Streight to Miss Amelia Vallery was solemnized at the Presbyterian church in the city. A large number of invitations were issued and the church was filled with the many friends of the bride and groom. At half-past eight Miss Kessler, who had been softly playing beautiful selections while the friends assembled, sounded the familiar notes of Mendelssohn's wedding march, the bridal party entering in the following order: Ushers, Messrs. Louis Vallery, F. H. Haller, H. B. Groves and Henry Goring. Bridesmaids, Louise White and Mia Goring. Maid of honor, Miss Mathilde Vallery. Best man, Mr. Ed Streight. The bride entering with her father, was received at the altar by the groom, the attendants on either side forming a beautiful picture with the altar decoration and one that will be long remembered.

Dr. Baird performed the ceremony, using the impressive service of the Presbyterian church. The bride was charmingly groomed in white brussels net, over taffeta silk, her bridal veil tastefully draped, and carried an immense bunch of white sweet peas.

Miss Vallery wore white mousseline, de sole over pink silk. The bridesmaids also were dressed in white and pink combinations, and all carried bouquets of pink sweet peas. The reception that followed the ceremony was held at the beautiful home of Mr. and Mrs. Jacob Vallery, and was a very brilliant and elaborate function. The bride party received their friends in the front parlor, the decorations of trailing asparagus, white asters and pink roses being tastefully arranged. The supper room was also made most beautiful with the artistic arrangement of the table, the center of attraction being the immense wedding cake, the decorations of sweet peas, roses and ferns also being most tastefully arranged. Messrs. Drummond and Waugh attended the guests in the dining room.

The presents were many and displayed in a side room where fruit punch was served by Miss Fricke and Miss Bertha White. Among the costly display of cut glass, silver, candelabras, etc., were a sawbuck and saw and an up-to-date tub and washboard, presented by the court house employees, who evidently appreciate the well known energy of the newly-married couple. There was also displayed a very elegant banquet lamp on an onyx stand from the same parties. Other gifts from home friends and friends from abroad bore loving testimony of affection and respect.

Mr. and Mrs. Streight took breakfast in their newly-furnished home on Locust street, and start on the voyage of life under the most auspicious environments, and the good wishes and hearty congratulations that were showered upon them were evidences of the regard of friends who had known them in the city from childhood.

A Destructive Blaze.

The residence property south of the Fourth ward school house, on Winter-street hill, known as the Kelley property and occupied by Maude Simmons as a sporting resort, burned to the ground between 11 and 12 o'clock last night, together with all the contents, except a small trunk owned by one of the inmates. The Simmons woman and the other inmates were on the second floor and knew nothing of the fire until the lower portion of the house was in flames, no one else being in the house at that time. One of them opened the door to go down stairs when the smoke shot into the room, almost suffocating them. They had barely enough time to get out of the house, leaving all of their clothing. The house was well furnished, and besides this a good piano was consumed.

The Alarm of Fire was Turned In.

When the firemen arrived the flames were too far along to be checked. The house belonged to Captain H. E. Palmer of Omaha, and was valued at \$400, but it is not known what insurance he carried. The Simmons woman carried \$250 insurance on the piano and \$300 on the household goods and wearing apparel, being insured with J. H. Traasler in the O tent and Milwaukee companies.

It is not known how the fire got started, but it is understood parties had threatened to burn the building unless the occupants moved out.

Grain-O Brings Relief.

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, affects the heart; and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. 15 and 25c. per package.

While visiting friends at Ashland Freddie Waugh fell from a tree and sustained what is known as a green-imb break to one arm—that is breaking the outer part of the bone. The doctor at Ashland pronounced it a sprain, but upon arriving home the injured limb was examined by Dr. P. Livingston, with the above result. He is now recovering.

Will Guthman, who went to Cuba with the Third regiment, arrived home this morning. He has been doing carpenter work in Havana, but as work was becoming slack he thought it a good time to leave. He was also desirous of leaving before the rainy season set in. Board was very high in Havana, costing \$48 for twenty-six days. Carpenters draw \$50 per month, but when their expenses were paid they hadn't much more left than one would have in this country.

THURSDAY.

L. E. Karnes returned last evening from his visit to Nebraska City and Tecumseh in the interest of the Odd Fellows lodge. He expected to have been absent a week, but owing to a number of washouts on the railroads he returned home. He will visit other parts of the state next month.

C. C. Parmelee went to Broken Bow this afternoon to look after his cattle interests in Custer county, near that place. They have about 1,500 head of cattle and the heavy rains have been playing havoc with the fences, etc., and Mr. Parmelee will go up and see what the condition is.

Wesley Stoneking, an old time employee of the blacksmith shop in this city, but now of New Whitcomb, Wash., where he is working in the railroad shops, arrived in the city this morning and will visit friends for several days. Sylvester McGuire went to Washington with him and is doing well.

Affirmed the Report.

Judge Ramsey this afternoon took up the report of the special committee to whom was referred the disbarment charges filed against Attorney J. C. Watson and who spent so much time in hearing the evidence presented. The judge said that it was useless for the attorneys to argue the matter or to file motions for new trials, for he had exercised great care in selecting the committee. It was composed of some of the ablest members of the bar of Otos and Cass counties; men in every way qualified to hear the evidence and fully determine on the same. He had the greatest confidence in their judgment and would therefore confirm their findings in the matter.—Nebraska City News.

Pleasant Picnic Party.

From Wednesday's Daily.
C. S. Polk treated his Sunday school class to a carnyal ride and picnic yesterday afternoon and evening at Heuser's grove, south of town. Refreshments, consisting of ice cream and berries, were taken along and served in the grove, and a most enjoyable evening was spent, the party returning about 11 o'clock.

The party was made up of the following: Bertha Kinkaid, Lillian O'Neill, Julia Keer, Grace Hawkins, Eva Harvey, Jessie Lane, Bertha Willets, Sadie Black, Anna Ekenberry, Blanche Poissal, Mary Davis, Miss Elizabeth Eikenberry, Mrs. C. E. Westcott and Mrs. J. C. Ekenberry.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils, and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion builds up the strength. Only 50 cents. Sold by F. G. Fricke & Co. druggists, guaranteed.

Vests of Paper.

There is a new rival to the chamois skin vests so long worn by women for extra warmth. These new vests are of paper. Those who have worn them pronounce them less bulky, just as warm and less expensive than the chamois. They are so cheap, indeed, that they can be thrown away and a new one purchased without troubling the conscience of the woman with only a moderate purse.

Thomas Rhoads, Centerfield, O., writes: "I suffered from piles seven or eight years. No remedy gave me relief until Do-Witt's Witches Hazel Salve, less than a box of which permanently cured me." Suffering, healing, perfectly harmless. Beware of counterfeits. F. G. Fricke & Co.

Polanders Live on Nothing.

Evidence was adduced in a suit over a board bill at Chester that showed how it is possible for some people among the foreign element to work for the low wages that many have accepted in competition with American workmen. A Polandier testified that the usual amount his countrymen paid in that city for lodging, washing and cooking was 10 cents a day.

The Appetite of a Goat.

A SMALL SPOT MAY BE CANCER.

MOST VIOLENT CASES HAVE APPEARED AT FIRST AS MERE PIMPLES.

The greatest care should be given to any little sore, pimple or scratch which shows no disposition to heal under ordinary treatment. No one can tell how soon these will develop into Cancer of the worst type. So many people die from Cancer simply because they do not know just what the disease is; they naturally turn themselves over to the doctors, and are forced to submit to a cruel and dangerous operation—the only treatment which the doctors know for Cancer. The disease promptly returns, however, and is even more violent and destructive than before. Cancer is a deadly poison in the blood, and an operation, plaster, or other external treatment can have no effect whatever upon it. The cure must come from within—the last vestige of poison must be eradicated.

Mr. Wm. Walpole, of Wash-ton, S. D., says: "A little blotch about the size of a pea came under my left eye, gradually growing larger, from which shooting pains at intervals ran in all directions. I became greatly alarmed, and consulted a good doctor, who pronounced it Cancer, and advised that it be cut out, but this I could not consent to. I read in my local paper of a cure effected by S. S. S., and decided to try it. It acted like a charm, the Cancer becoming at first irritated, and then discharging very freely. This gradually grew less and then discontinued altogether, leaving a small seal which soon dropped off, and now only a healthy little scar remains where what threatened to destroy my life once held full sway." Positively the only cure for Cancer is Swift's Specific—

S. S. S. FOR THE BLOOD

—because it is the only remedy which can go deep enough to reach the root of the disease and force it out of the system permanently. A surgical operation does not reach the blood—the real seat of the disease—because the blood can not be cut away. Instruct upon S. S. S.; nothing can take its place. S. S. S. cures also any case of Scrofula, Eczema, Rheumatism, Contagious Blood Poison, Ulcers, Sores, or any other form of blood disease. Valuable Books on Cancer and Blood Diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.
