THE LARGEST CIRCULATION OF ANY CASS COUNTY PAPER.

FRIDAY, SEPTEMBER 1, 1899.

HOUSE RENT SI was governor two terms, but he will not be supreme judge any part of one term.

JOHN SATTLER could not serve as deputy treasurer and coroner both, so what is the use of talking about it.

IT IS pretty certain that the Nebraska boys can see their services were appreciated by their friends at home.

The political pot is beginning to boil a little bit and the first thing that is known some of the fusionists will get scalded.

THE people got quite enough of Holcomb while he was governor and he will be excused from sitting on the supreme bench.

AMONG the numerous candidates for county judge on the republican ticket T. Frank Willes of Plattsmouth precinct seems to be the leader so far as this part of the county is concerned.

THE democrats are booming James Herold for county treasurer. Jimmie is a tiptop fellow and it looks wicked to kill him off while he is so young. But such is politics - anyhow popocratic politics.

W. J. BRYAN, the free silver lunatic, it is expected has promised to speak in Plattsmouth on the 27th of September and the fanatics of his persuasion are in high feather over the announcement.

THE early closing rule which went into effect in Omaha some time ago has been broken. A number of the leading merchants have announced that they will keep open beginning with next Saturday evening.

MR. JOHNSON'S many friends will regret his decision not to become a candidate for sheriff. He could certainly have been elected, and many democrats would have an opportunity to attest their appreciation of his merit.

THE Ohio democratic convention at Zanesville yesterday nominated John R. McLean of the Cincinnati Enquirer for governor on the first ballot by a majority of a half of one vote. The platform endorses the Chicago free silver deliverance of 1896 and denounces trusts and combines. The candidates will probably butt their brains out fighting Hanna.

THE NEWS, in anticipation of a big run of business, has just received a shipment of two tons of paper. The subscription list to THE DAILY and SEMI-WEEKLY NEWS is growing rapidly, which is evidence that the people appreciate a clean, fair paper that gives the news and does not seek to besmirch anybody and one that is not the personal organ of a few old relegates.

"WE know what American victory means. It means not to oppress, not to tread on the necks of the fallen. It means to lift them up, to place them upon their feet, and to do all that is in our power to extend comfort, civilization, happiness and prosperity to all mankind. This war has brought under the dominion and protectorate of the stars and stripes many millions of our Catholic people, far removed, some of them, from the American continent, but we predict for them unhesitatingly that they will make American citizens as loyal, as sturdy and as true as those that are here today." - Father Lavalle in speech introducing President McKinley, at Catholic Summer School Grounds, Champlain, N. Y., August 15.

THE free-traders who were in such high feather over the slightly increased importations of the fiscal year 1899 have lost interest in that subject since it is discovered that this increase was almost entirely in articles required by manufacturers whose business had been increased by the protective tariff. The imports of raw silk for manufacturing were in the fiscal year 1899 \$31,576,342, against \$17,558,163 in the last year of the Wilson law; of raw fibers for use in manufacturing the imports of 1899 were \$20,290,727, against \$13,446,186 in 1898, and \$12,336,418 in the last year of the Wilson law; of crude India rubber the imports for use in manufacturing were in 1899 \$31,576,342, against \$25,545,391 in 1898, and \$17,578,163 in the last year of the Wilson law; while the imports of tin for use in manufacturing tin-plate were, in 1899, \$11,843,357, against \$8,775,151 in 1898, and \$6,333,352 in the last year of the Wilson law. The only reduction in imports of material for manufacturing was in wool, of which the imports in the last year of the Wilson law, while the imports were admitted free of duty, were \$53,243,191; in 1898, the first year of the Dingley law, they were \$16,783,692, and in 1899, the second year of the Dingley law, but \$8,322,897.

A WAR WELL-FINANCED.

History will give the administration high credit for the financial management of the war with Spain and the war that followed it as an unwelcome but unavoidable sequel, says the Globe-Democrat. The cost has been far less than was anticipated before hostilities began. War taxes were wisely imposed at the beginning of the conflict and the country, in spite of greatly increased expenditure, has avoided a formidable accumulation of debt. Most of the expenses of the war were charged up during the last fiscal year ending June 30. The deficit for the year was \$89,000,000, much less than any of the estimates. This year's prospect is that the treasury will keep even, or nearly so. Revenue is increasing and expenses falling off. The navy costs but little more now than on a peace footing. Congress appropriated \$80,000,000 for the authorized army of 100,000 men. The cost of maintaining the army in the Philippines is not yet closely ascertained, but it will be nothing unusual except in the matter of transporting troops. Manila is an ideal base for convenience and security, and campaigning in Luzon will be no more expensive than elsewhere. Carrying army supplies in ships is the cheapest method known.

Nothing in the condition of the treasury indicates that heavy taxes will be necessary and those in existence bear lightly upon the people. There is an ample balance of cash on hand. The United States came out of the war with Spain in extraordinary good financial shape, and paid a large sum to the defeated nation instead of asking one. At the end of modern wars, as a rule, both combatants have contended with huge additions to national debts and have been compelled to meet the emergency with increased taxation or, for the winning side, a demand for immense indemnity. When war with Spain became a certainty the average estimate of the probable cost was about \$700,000,000. That was the general judgment, and the great difference between that figure and the actual expenditure is the just measure of the financial efficiency and foresight of the administration.

THERE are two factions in the fusion ranks in this county. If they should fail to fuse there would be six little bunches of dissatisfied, disgruntled politicians - the two pop factions, the democratic factions and last and least, the free silver republicans.

THE fusionists have the biggest job on their hands this fall they have ever had to elect any part of their ticket. This is not a good year for the rear-bucks. There are good crops and money is too plentiful for their cause to prosper.

DR. JOHN C. PATTON'S reports for the last year tell of 1,102 South Sea Islanders won from cannibalism to Christianity, one missionary alone receiving 200 adults into church membership.

THE imports of Argentina from the United States during the first three months of 1899 were \$3,500,000, being worth nearly double what they were for the first three months of 1898.

THE truth is, heresy is becoming very unpopular, and it is very generally believed that efforts of this kind result ever in greater and greater liberality and latitude of belief in religious matters. Sectarian cords are loosening rather than tightening, and those who have been so ready to denounce the least departure from the new established creeds are beginning to see that calling liberal interpreters to strict account does not keep even the faithful from trying the fences of the fold.

THE citizens of Spokane, Wash., are raising funds for the erection of a monument to John Robert Monaghan, who was killed in Samoa during the attack upon the British and American marines by the followers of Mataafa. Monaghan was well liked in Spokane, where he lived, and \$2,000 has already been subscribed toward the monument.

A figure has appeared in a quarry at West Orange, N. Y., which bears a resemblance to the traditional pictures of St. Anne, and hundreds of devout Italian Catholics have gathered to do homage to what they regard as a miracle. The figure appears to be in relief from the white rock and about a foot high. It stands some fifty feet from the ground, so that access to it is impossible.

Investigation at the Chicago stock yards in regard to the recent advances in the price of beef brought out the statement that never before in the history of the American cattle market has there been such a demand for all kinds of meat as the present time. The demand for export cattle is enormous. The statement is made that the prices of all cattle will be higher next year than they are now.

An Atehison (Kan.) milliner is making two bonnets from cornhusks, one of which is to go to Queen Victoria and the other to Helen Gould. The one designated for Miss Gould will be the prettier of the two, so her youth will permit of more color than could be worn by the aged queen across the sea. A similar bonnet made by the same milliner two years ago is now in possession of Mrs. McKinley, wife of the president.

REPUBLICAN STATE CONVENTION

The republican electors of the state of Nebraska are requested to send delegates from their respective counties to meet in convention in the city of Omaha on Thursday, the 21st day of September, 1899, at 2 o'clock p. m., for the purpose of placing in nomination candidates for the following offices: One judge of the supreme court. Two regents of the state university. And to transact such other business as may properly come before the convention.

The several counties are entitled to representation as follows, the apportionment being based upon the vote cast for Hon. M. L. Hayward for governor in 1898, giving each county one delegate at large and one for each 100 votes and major fraction thereof, to-wit:

Table listing Nebraska counties and their number of delegates: Adams 1, Antelope 1, Banner 1, Blaine 1, Boone 1, Box Butte 1, Boyd 1, Brown 1, Buffalo 1, Burrhead 1, Butler 1, Cass 1, Cedar 1, Chase 1, Cherry 1, Cheyenne 1, Clay 1, Colfax 1, Cuming 1, Custer 1, Deuel 1, Dixon 1, Dodge 1, Douglas 1, Dundy 1, Franklin 1, Furness 1, Gage 1, Gosper 1, Grant 1, Greeley 1, Hall 1, Hamilton 1, Harlan 1, Hayes 1, Hitchcock 1, Holt 1, Howard 1, Jefferson 1, Kearney 1, Keith 1, Keya Paha 1, Kimball 1, Knox 1, Lancaster 1, Lincoln 1, Logan 1, Lyon 1, Madison 1, McPherson 1, Merrick 1, Nemaha 1, Nance 1, Nebraska 1, Neligh 1, North 1, Otoe 1, Pawnee 1, Perkins 1, Phelps 1, Pierce 1, Platte 1, Platteau 1, Polk 1, Red Willow 1, Richardson 1, Rock 1, Saline 1, Saunders 1, Scott 1, Sherman 1, Sheridan 1, Sherman 1, Stanton 1, Thomas 1, Thurston 1, Valley 1, Washington 1, Wayne 1, Webster 1, Wheeler 1, York 1, Total 1,829.

It is recommended that no proxies be admitted to the convention and that the delegates present be authorized to cast the entire vote of the delegation of the county which it represents.

It is further recommended that wherever two county conventions be held the selection of a county committee shall take place at the first convention and then in every case the secretary be required to promptly advise the state committee of the organization of such new committee with the names of officers, members, post-office address and name of precinct represented by each.

Omaha, Nebraska, June 23, 1899. B. SCHNEIDER, Chairman. P. O. HELDUNG, Secretary.

CALL FOR COUNTY CONVENTION

The republican electors of Cass county are hereby called to meet in convention to be held at Weeping Water, September 16, 1899, at 11 o'clock a. m., for the purpose of electing twenty-six delegates to attend the state convention to be held in Omaha, September 21, also twenty-four delegates to attend the judicial convention to be held at Nebraska City, September 22, and to place in nomination candidates for the following offices, to-wit:

County clerk, county treasurer, clerk of the district court, county judge, county sheriff, superintendent of public instruction, coroner, county surveyor, one member of board of county commissioners for Second commissioners' district, and for the transaction of such other business as may come before it. The committee recommends that there be no proxies recognized, but that delegates present cast the full vote of their several precincts and wards. Primaries to select delegates to said convention will be held on Saturday, September 9. Representation is based upon vote cast for candidate for governor, Judge Hayward, in 1898, being one delegate for each twelve votes or major fraction thereof, and one delegate at large for each precinct or ward.

CORN RUSHING TO MATURITY.

It was a Hot and Dry Week in Most Counties of the State. UNIVERSITY OF NEBRASKA, LINCOLN, Aug. 29 - The past week has been warm, with scattered showers in the southeastern portion of the state. The average daily excess of temperature has been between three and four degrees. The maximum temperatures on the first days of the week ranged from 90 to 104 degrees.

The rainfall of the week was very light, except in small areas in Richardson, Johnson, Saline, Nuckolls and Franklin counties, where an inch or more fell. Light, scattered showers occurred in the central and southeastern counties, while in the northern and western counties little or no rain fell.

The past week has been an excellent one for haying, stacking and thrashing. Most of the small grain is now either thrashed or in the stack. The yield of wheat in the northern counties is generally between ten and fifteen bushels per acre. Hay is generally a good crop. The dry weather, with high temperature, has been unfavorable for corn in most parts of the state. In parts of the southeastern section, where the moisture was sufficient, corn has advanced rapidly toward maturity, without injury. In other parts of the state it has deteriorated somewhat in condition and has ripened too rapidly. Good progress has been made with plowing, and a little seeding has been done. The ground was getting too dry to plow well in most sections by the last of the week.

Southeastern Sections. Butler - Warmer weather maturing corn very fast; heavy hay crop. Cass - Good week for maturing corn crop; ground rather dry for plowing; pastures good; sorghum and millet being cut.

Clay - Late corn improved; sorghum ready to cut; plowing for fall wheat being pushed. Fillmore - Corn will be fair; hay crop good; late corn and fall plowing benefited by rain.

Gage - Corn maturing very fast; ground in good condition for plowing; much ground plowed. Hamilton - Corn injured by hot, dry weather.

Jefferson - Fall plowing progressing rapidly; corn in excellent condition; hay crop fine and excellent quality; early apples plentiful, but late ones scarce. Johnson - Corn ripening; some wheat and oats damaged by rains; fall plowing in progress.

Lancaster - Good week for corn; fall plowing in progress; considerable fall wheat will be sown. Nemaha - Corn growing well, especially late corn; early apples plentiful; ground in good condition for plowing; grapes plentiful.

Nuckolls - Some late corn damaged by dry weather; some rye sown; ground in fine condition. Otoe - Corn is hardening in some fields; pastures good; hay fair.

Pawnee - Corn is getting quite hard and will be a large crop; millet good; plowing for fall wheat well along; pastures need rain. Polk - Corn crop maturing nicely, except some thickly planted, which needs more moisture; many plowing for fall grain.

Richardson - Heavy rains put ground in fine condition for fall plowing and seeding; corn maturing rapidly. Saline - Fine weather for ripening corn; plowing progressing rapidly; pastures good.

Saunders - Corn maturing fast; hay fine; fall plowing in progress. Judicial Convention. NEBRASKA CITY, Neb., Aug. 18 - The republican judicial convention for the Second judicial district in Nebraska is hereby called to meet at Nebraska City September 22, 1899, at 1 o'clock p. m. of said day in the district court room in said city for the purpose of putting in nomination one judge of the district court in said district, and to transact such other business as may properly be brought before said convention.

The representation in said convention will be: Cass county, 24; Otoe county, 23; being one delegate for each hundred votes cast for Hon. M. L. Hayward in 1898, or the major fraction thereof.

M. L. HAYWARD, Chairman. JESSE S. MAFES, Secretary.

The art of self-defense is inculcated early among some of the wilder tribes of the Caucasus, who instruct their children, as soon as they can walk, in the use of the dagger. First, the little ones are taught to stab water without making a splash, and in the course of time, incessant practice gives them an extraordinary command over the weapon.

"DeWitt's Little Early Risers did me more good than all blood medicines and other pills," writes Geo. H. Jacobs, of Thompson, Conn. Prompt, pleasant, never gripe, - they cure constipation, arouse the torpid liver to action and give you clean blood, steady nerves, a clear brain and a healthy appetite. F. G. Fricke & Co.

Helmholtz' Brain. Prof. Hansemann of the faculty of pathological anatomy at the Berlin university announces the completion of his study and investigation of the brain of the late Helmholtz, which, he says, developed the most astonishing fact that the world's greatest mathematician, physiologist, physician and natural philosopher during the past four decades had been both an epileptic and a sufferer from hydrocephalus.

Triumph for a Brahmin Scholar. The highest of the graduating honors at Cambridge university, in England, goes to a colored man, a Brahmin from Bombay.

Spain's Greatest Need.

Mr. R. P. Oliva, of Barcelona, Spain, spends his winters at Alhena, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest blood and nerve remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed, only 50 cents. Sold by F. G. Fricke & Co.

The Origin of Whist. The game of whist originated in England. It is believed to have developed from the older game of triumph, or triumph, which was played as early as 1350. In fact, in that year sermons were preached denouncing the game as one that tended to take the mind off the truths of religion. In 1841 whist is first mentioned in English literature.

Dark Under Water. The depth to which the sun's rays go down into the water has been found by the help of photography. It has been found that at a depth of 553 feet the darkness was nearly the same as that on a clear but moonless night. Sensitive plates left open at this depth for long time showed no light action.

Quickly cure constipation and rebuild and invigorate the entire system - never gripe or nauseate - DeWitt's Little Early Risers. F. G. Fricke & Co.

A Bridal Gown at the Battle of Manila. An interesting story is attached to the wedding dress which was worn by the bride at the recent marriage of Bancroft Gherardi, son of the rear admiral, to Miss Mary Butler at the latter's home in Paterson, N. J. Its absence might have delayed the ceremony but for a well-stocked wardrobe. Some time ago Henry Butler, ensign on the Olympia, of the Asiatic squadron, offered to buy goods for a wedding dress for his sister in China. It was faithfully awaited and expected, but failed to arrive. A few days ago came the explanation. The merchant from whom the purchase was made, instead of sending the dress to Paterson, forwarded it to Ensign Butler, who was unable to send it to Paterson until after it had undergone on Admiral Dewey's flagship the experience of the great battle of Manila bay. Thus it was Americanized.

Blotches and excrescence, which so often annoy people, are simply efforts of nature to throw off impediments to the proper performance of her duties. Herbine will aid and assist nature in her work, and ensure a skin clear and beautiful, entirely free from all imperfections. Price 50c. F. G. Fricke & Co.

A Paper Church. Bergen, Norway, boasts of a paper church large enough to accommodate 1,000 persons. The building is rendered waterproof by a solution of quicklime, curdled milk and white of egg.

A Great Scheme. "What is your object in visiting Spain at this time?" Towne - "I want to be on the ground early so I can have first choice of castles." - New York Journal.

He who seeks honor of men, must become their slave. No one knows the unbearable torture, the peculiar and agonizing pain, caused by piles, unless they have suffered from them. Many believe them incurable. This is a mistake. Proper treatment will cure them. Tabler's Buckeye Pile Ointment is an infallible cure. Price, 50c. in bottles, tubes 75c. F. G. Fricke & Co.

"Tattooed Lady" on the Cable Car. One sometimes hears rumors of women resorting to tattooing as a fad, but the designs are usually made on some part of the body where they will not be visible in ordinary conditions. A woman on one of the Broadway cable cars, the other day, however, carried a conspicuous tattoo mark on the back of her hand, a little to one side. Her hands were bare and brown, having the look of strength and much exercise. One fancied that she belonged to sailor or fisher folk somewhere, and that she could lend a hand when necessary with the best of them in managery a boat and similar work. - Ex.

"Our baby was sick for a month with severe cough and catarrhal fever. Although we tried many remedies she kept getting worse until we used One Minute Cough Cure, - it relieved at once and cured her in a few days." - B. L. Nance, Prin. High school, Bluffdale, Texas. F. G. Fricke & Co.

Rarely does a "green hand" give the long-suffering doctor such an opportunity as that below, noted in the Catholic Standard and Times: "Here's a story of a thief," said the enthusiastic young and new reporter, "who secured a room at a local hotel and robbed other guests of their money. What sort of head shall I put on it?" "Oh," said the editor, "suppose you make it 'Scoundrelly Roomer Gains Currency.'" -

Parrots Are Not Thrifty Birds. Many animals in desert regions never have any water except the dew on vegetation. A parrot in the London zoo is known to have lived fifty-two years without drinking a drop of water.

Kodol Dyspepsia Cure cures dyspepsia because its ingredients are such that it can't help doing so. "The remedy can rely upon it as a matter of public fact for all disorders arising from imperfect digestion." - James M. Thomas, M. D. in American Journal of Health, N. Y. F. G. Fricke & Co.

FOR SALE OR RENT - Store room and dwelling combined, 34x58 feet, known as the T. V. Davis store, in Murray. Inquire of J. W. Edmunds, Murray, Neb.

Suffering Vicariously. Father to Son - "Why don't you sit down, Tommy?" Tommy - "This morning I asked you how many made a million, and you said 'damned few.' I told a teacher that in arithmetic class, an' that's why I can't sit-down."

He Was Ready. "Will you have your sausage now, sir?" said the waiter to Mr. Dillingham. "Yes, I am prepared for the worst."

A free and easy expectation is produced by a few doses of Ballard's Horehound Syrup, in all cases of hoarseness, sore throat, or difficulty of breathing. Price 25c and 50c. F. G. Fricke & Co.

Crippled by Rheumatism.

Those who have Rheumatism find themselves growing steadily worse all the while. One reason of this is that the remedies prescribed by the doctors contain mercury and potash, which ultimately intensify the disease by causing the joints to swell and stiffen, producing a severe aching of the bones.

Dr. E. C. Hughes, the popular railroad conductor of Columbus, S. C., had an experience with rheumatism which convinced him that there is only one cure for this painful disease. He says: "I was a great sufferer from muscular rheumatism for two years. I could get no permanent relief from any medicine prescribed by my physician. I took about a dozen bottles of your S. S. S., and now I am as well as ever was in my life. I am sure that your medicine cured me, and I would recommend it to any one suffering from any blood disease."

Everybody knows that Rheumatism is a diseased state of the blood, and only a blood remedy is the only proper treatment, but a remedy containing potash and mercury only aggravates the trouble.

S. S. S. For the Blood. being Purely Vegetable, goes direct to the very cause of the disease and permanent cure always results. It is the only blood remedy guaranteed to contain no potash, mercury or other dangerous minerals. Books mailed free by Swift Specific Company, Atlanta, Georgia.

ED. FITZGERALD. Has new stock, new rig and is prepared better than ever to take care of.
