City's New York Agents Communicate With the Council.

Wonscott Savings Institution Claims That Something Over \$300 Is Due Them From the City of Plattsmouth—Considerable Work Is Ordered Done On the Streets.

The meeting of the city council held last evening was rather a quiet affair and owing to its being pay day the session did not open until shortly before 9 o'clock.

The clerk read a communication from the Wonscott Savings Institution regarding the matter of the interest they claim is due them from this city.

There is a misunderstanding about the matter, as the council was under the impression the interest had been paid, while the institution claims that there is something over \$300 due.

The matter was referred to the city attorney and treasurer.

A request from Spitzer & Co., who purchased the bonds recently, for \$150 to defray the expense of making the transfer was referred to the finance committee.

A communication from Herman Streitweiser in regard to the engine in the power house was next read.

Mr. Streitweiser recently did some work on the engine and the council allowed a bill of \$84 for the payment, but there was a spirited discussion over the matter, some objecting to the payment.

Upon hearing of the objections to the bill and the criticism of the work on the engine, Mr. Streitweiser set about to inform the council as to what he considered was the reason the engine did not do satisfactory work.

He stated that a large amount of steam was wasted by reason of having too high pressure and there were other causes due to the mismanagement of the superintendent.

Mr. Boyer, the superintendent, was present at the meeting and got back at Mr. Streitweiser by stating that the engine did not work as well as it did before the work was done.

After some discussion, Mr. Whalen's motion to refer the communication to Superintendent Boyer carried.

The city marshal and police judge's report for August shows that there were ten arrests, seven fines paid and three commitments, the fines amounting to \$29.

The report of the city treasurer showed a balance on hand of \$5,072.57.

Lutz (Fifth) suggested that the new hose house which is being erected at the rear of the gas plant should be painted, and the matter was referred to the fire and water committee with power to act.

At the last meeting the council ordered the fire and water committee to have the water mains extended and a hydrant placed near the Columbian school in order that the building could have fire protection and water for the heating plant.

Since the meeting the members have talked the matter over and some of them were of the opinion that a supply pipe would answer the purpose and be a great deal cheaper for the city.

This plan met with objection, however, as the water thus secured would be inadequate for fire protection, and the matter was allowed to stand as it was—the hydrant to be put in place.

Sattler called attention to the bad condition of the sidewalk around the West Fourth ward school, and the same was ordered repaired.

A large list of bills against the city, including those of the police officers, were allowed.

Hinshaw asked that some grading be done on Fourteenth and Oak streets, and Buttery wanted repairs made on Fourth and Elm streets.

The work was ordered done.

Herold wanted some grading done on Patterson avenue, the bridge repaired at the old ball park and some grading on Thirteenth and Pearl streets.

Referred to street commissioner with power to act.

Beal requested that the street commissioner be instructed to make some repairs on Patterson avenue.

A petition was presented to the council some time ago asking that an arc light be placed on Third street, north of Main, and the matter was referred to the Fifth ward councilmen.

Fitzgerald reported favorably on the petition, but the matter was tabled.

Chairman Hinshaw of the judiciary committee asked for further time in which to consider printing bids and the same was granted.

Sattler suggested that the council ought to have the ordinances compiled and printed in book form. The clerk was instructed to get them in shape so that bids can be filed.

This completing the business the council adjourned.

Laid At Last. The funeral of Perry Walker was held from his late residence at 2 o'clock this afternoon.

HAD THE CONSTABLE BUNCOED. Mead Rutherford Has Fun With an Inexperienced Officer. Mead Rutherford, who has been conducting a saloon in Union under the guise of the Union Commercial club, was again arrested Saturday morning upon the complaint of Myron Linde, two kegs of beer and a supply of whiskey being found when the place was searched.

"SI" McKain, the constable, was away from home and Eck Baker was deputized to make the arrest. He did the job nicely and everything went smoothly at first, but Rutherford stated he desired to come to Plattsmouth where he could secure bondsmen, and here is where the trouble began, as Rutherford proceeded to accumulate a jug. He was unable to secure bond and at 4 o'clock Baker wanted to return with his prisoner on the Missouri Pacific train, but here the latter balked and refused to go. He was finally ejected from Donat's saloon, becoming very noisy, and Officer Fry happening along just then was going to run him in when he learned he had no jurisdiction, the warrant being made out in Baker's name. By this time the deputized constable was thoroughly frightened by reason of the dire threats Rutherford had made and he repeatedly tried to turn him over to the sheriff or any old officer who would take him, only to be told that he was responsible for the prisoner's return to Union. After parleying an hour, during which time a large crowd gathered, the dispenser of liquid refreshments consented to return to Union with Baker and Lee Allison, the trip being made by carriage, but he would not permit the officer to occupy the seat with him, and when they drove through Main street he made his presence known by any amount of loud talk. He made one attempt to gain his liberty just before reaching Union, but did not succeed.

There was great consternation at Union when the party arrived and Rutherford again began to make use of a good pair of lungs, nearly every man, woman and child in the village being attracted. By this time "SI" McKain, the regular constable, had arrived home and Baker, with a sigh of relief, turned to again bring the prisoner to Plattsmouth and incarcerate him in the county jail with the exception of the latter. While the constable had Rutherford in charge he allowed him to enter a water closet, keeping a watch from the outside. After some length of time a search was made and it was discovered that the bird had flown—Rutherford having suddenly conceived the idea that Iowa was the proper place to reside. He was heard from at Pacific Junction, but no effort has been made to catch him. The officers seem to be very well pleased with the outcome, but should he show up in the county again it is pretty certain he will be landed in jail.

PERRY WALKER'S DEATH

The Final Summons Came Early Sunday Morning.

Had Been in Ill Health For Years, But His Condition Has Been Serious Only a Few Days—Was An Old And Respected Citizen of Cass county—Funeral Tuesday Afternoon at 2 p. m.

From Monday's Daily. Perry Walker died at his home in this city at 7 o'clock Sunday morning after a long illness with that dread disease, consumption. For the past several weeks his illness has been a source of considerable anxiety to the members of the family, but it was only Friday night that they realized that death would soon claim him. He remained conscious until 6 o'clock Sunday morning, death following an hour later.

The deceased was born in Ludlow, Vt., in 1830 and was united in marriage to Miss Emma F. Sayles in Potsdam, N. Y., in 1862. Two years later they removed to this county, where they have since resided, living on their fine farm a short distance from town for many years and since being residents of this city. Mr. Walker was a conscientious and upright citizen and by hard work and close attention to business had become the possessor of a considerable amount of this world's goods.

Deceased leaves a widow and seven children, Carroll Walker of Norfolk, Neb., Hattie A. of LaGrande, Ill., Herbert J. of Wray, Colo., and R. A., Grace V., Cora and Clara of this city. Rev. J. T. Baird of the Presbyterian church will conduct the funeral services at the residence Tuesday afternoon at 2 o'clock and interment will be made in Oak Hill.

Are Satisfy Afflicted. From Monday's Daily. Mr. and Mrs. F. H. Daubar were called upon to part with their little seven-months-old boy, death having claimed it last night. The little one has had a serious time during the last few months, but had gotten considerably better. However, about a week ago it was again taken ill and the change in the weather seemed to have made it much worse. Although the best of medical assistance was rendered it was beyond human power to save the little sufferer's life. The afflicted parents have the sympathy of the Plattsmouth people in their sad bereavement.

The funeral will be held from the Hotel Riley tomorrow at 3:30, conducted by Rev. Baird, and interment will be made in Oak Hill.

An Infant's Death. From Monday's Daily. The one-year-old boy of William Allenbough and wife died at 10 o'clock this morning after a two weeks' illness with summer trouble. The family is in destitute circumstances and need the attention of the charitably inclined people. The arrangements for the funeral have not yet been made.

A Complete Surprise. A large number of the Loyal Mystic Legion planned and carried into execution a complete surprise on F. H. Steinkor, one of the members, the occasion being the fifty fourth birthday of that gentleman. There was a meeting of the order in the evening and at the close Mr. Steinkor went home as usual only to be followed by the other members. Baskets of good things to eat had been provided and with the assistance of Mrs. Steinkor a bounteous supper was served. The remainder of the evening was spent in social conversation and a most enjoyable evening spent by all.

Among those present were: Herman Spies and wife, J. L. Leek and wife and daughter, Lulu, Mr. and Mrs. Ross, Grant City, Mo., Mrs. Phil Thieroff, E. W. Pitt, Mitchell Patton and wife, George Hay, wife and daughters, Ada and Nellie, Joe Gray, Mrs. Carl Kunsman, A. J. Graves and wife, D. E. Wellman and wife, P. C. Petersen and wife.

High School Room Enrollment. The high school room opened this morning with the largest attendance in the history of the school. There were 156 in attendance this morning, which number is about thirty or forty greater than ever before. Superintendent McHugh states that it is going to be a difficult matter to handle so many pupils with the limited room. There are but 126 seats in the main room, and there will be more pupils start to school later.

He also says the High school is made up of a fine lot of pupils and he anticipates great success during the year if the crowded condition will permit.

Death From Pneumonia. The ten-months-old daughter of Mr. and Mrs. Patrick Egan died at 6 o'clock last evening. The little one had been ill with whooping cough for some time, but was recovering from that disease when pneumonia set in and despite the best of attendance its life could not be saved. The bereaved parents have the sympathy of the entire community in their sad affliction.

The funeral will be held Wednesday afternoon at 2 o'clock from the residence on Rock street.

Large Sale of Horses. E. Broquet brought something like 100 head of western horses from North Platte to this city a few days ago which he has been selling with the aid of W. D. Jones and O. M. Streight. The animals range in age from two to five years, and have been selling at a very low figure. There are a number yet unsold and anyone wanting horses would do well to see them.

RAILROAD NOTES AND PERSONALS

The citizens and friends of McCook will be gratified to learn that the appropriation set aside by the Burlington to build machine shops at this place has been increased to \$10,000 and that the work of erecting the building will be commenced at once.

Plans have been submitted and approved by the officials. The new shops will be located east of the round house, between the blacksmith shop and bath house. This will be of great benefit to McCook, in that the force in the shops will be considerably increased, and give a much larger monthly income to the city. The officials and men are much pleased that the matter has been finally decided, and that they will soon have new, more commodious and convenient quarters to work in.—McCook Republican.
