THE pops and democrats of Indiana have decided to go it separately in the

THE commuting of John Benwell Karnes' sentence from life to seven the cause of lynching.

LONDON bankers express considerable anxiety as to the adequacy of the gold reserve of the Bank of England. will soon begin to import gold, which will further injure the reserve.

OMAHA has given up the project of sending special trains to San Francisco to carry the members of the First regiment home, and has also decided to only give a reception to the Omaha company, L. The state reception will be held in Lincoln, and great preparations are now being made.

SETH P. MOBLY of the Grand Island Republican, it is said, has been appointed to the position of deputy collector of revenues at Manila for the Philippine Islands. THE NEWS is pleased to hear of the editor's success, for there is not a more staunch repubiean or harder worker in Nebraska

THE managers of the Omaha exposition are having a great time, and by reason of Rosewater's recent roasts in the Bee it was decided to reorganize. It was found that the treasury was empty and things in a bad way generaily. J. B. Kitchen, one of the directors, who was supposed to be denating his services, put in a little claim for \$300 per month, which was allowed by the old board, but the new board will take steps to stop the payment.

THROUGH the courtesy of Alex Schlegel, who is deputy auditor of customs at San Juan, Porto Rico, THE NEWS is in receipt of the Fourth of July number of the San Juan News. It is a thirty-two-page number and is of particular interest to the people of the United States at this time, containing, as it does, a full resume of the resources and manufactures of the different provinces of Porto Rico. An elaborate program was carried out on the Fourth

REFORMS WITH GOOD RESULTS

The adoption by the comptroller of the currency of more stringent measures for bank examinations is said to have already had good results. The the public against bad bank managethat the present tendency to centralize business in the form of trusts, changing radically the character of the paper presented to banks for discount and for advances, imposes increased vigiance upon his office in the serutiny of bank management and loans and cerhe business public as well as by the stockholders of banks.
