Press' hair was of the United States embassy in Paris singed by the flames. The damage is

POSITIONS IN CENSUS BUREAU.

Apportionment Made to Senators and

Representatives-Nebraska's Quota, WASHINGTON, July 12.-The census office is preparing its announcement of cerical positions to be charged to each senator and representative in congress and has fixed Nebraska's quota as follows: Eight positions to each senator, four places to each republican representative, two places to each populist member. Letters are now being sent out to each member of the Nebraska delegation asking that the designate the names and postoffice addresses of persons not exceeding twice the number to which they are entitled, whom they desire examined for positions allotted. And to reduce travel expenses of these applicants, Director Merriam of the twefth census announces that an examination will be h. I in Omaha some day next fall when applicants from Nebraska

The salaries of these positions will range from \$600 to \$1,200, the exact | dell. when Kirk disputed with his sis- | although the accommodations were amount to be determined in each at the time of the appointments. Boyer will have to be indorsed by his senator or representative as the case may | with instant death if they ever told be, to even receive attention. Already there are quite 400 eligible on the list | brother out to tell the neighbors that | Sambro. The arrival of the steamers waiting, like Micawber, "for something to turn up," and this list will be augumented a hundred fold it is expected by the time the clerical force is needed for work upon the twelfth census.

If there are any Indians at the Greater America Exposition the Indian office would like to know it. "A bond for \$5,000 has been deposited in an Omaha bank under instructions of the secretary of the interior," said an office today, "to guarantee the care and subsistence of 100 Indians with the understanding that the commissioner of Indian affairs would be informed what Indians were desired. With this information at hand we would have instructed our agents to allow the departure of the Indians from the reservations. But while the money, \$50 per capita, has been deposited, we have yet to hear of any desires of the management as to any Indian representatives and I have about come to the conclusion that the Indian congress of 1898 at Omaha will never be repeated."

Reports Veneuzuela Quiet.

passengers who arrived today by the was F. B. Loomis, who said that he was on leave of absence from his post. "There is very little of interest in Venezuelan affairs. A small revolution was attempted in the mountains some weeks ago, but the government has it under control. The only important public business of interest to Americans is the treaty established in regard to postal service. The money order and parcel post systems are to be put into immediate operation. I have succeeded in getting this matter in such shape that this treaty was signed and everything is in readiness to begin. I expect it will be of considerable service, as it has been impossible to send drafts for small amounts because of the exchange. It will be possible in the future to send amounts of less than \$5 and parcels can be sent under similar methods as those in operation with other countries."

Meeting of Park Commissioners:

From Thursday's Daily. Messrs. Wash Smith, J. A. Gutsche and R. B. Windham, members of the park commission, held a meeting last | H. H. Seldomridge. evening. Rules and regulations governing the park were drafted and some minor affairs attended to. The pro- Buys a hemstitched handkerchief of viding of seats for the park was considered, but definite action was deferred for the present. It was suggested that enough public spirited belonging to the local Grand Army fied. Mr. Root notified the county White Rock, Shoshone Indian resercitizens might be found to supply the post is offered for sale by the trustees: physician for that district, under vation, say there are prospects of disneeded seats, and this scheme will probably be looked into.

CANCER IS DEADLY!

Results Fatally in Nine Cases Out of Ten-

This fearful disease often first appears as a mere scratch, a pimple, or lump in the breast, too small to attract any notice, until, in many cases, the deadly discuse is fully developed.

Cure Found at Last. Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the sore or ulcer-known as the Cancer-may be cut away, the poison remains in the blood, and promptly breaks out afresh, with

renewed violence. The wonderful success of S. S. S. in curing obstinate, deep-scated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved equal to the disease and promptly effected a cure. The glad news

spread rapidly, and it was soon demonstrated beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accumulated which is incontrovertible, of which

the following is a specimen: "Cancer is hereditary in our family, my father, a sister and an aunt having died from this dreadful disease. My feelings may be imagined when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way as to cause great alarm. The disease seemed beyond the skill of the doctors, for their treatment did no good

whatever, the Cancer growing worse all the while Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family, for I know how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (8, 8, 8), which, from the first day, forced out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the

dreadful affliction, though many years have elapsed. S. S. S. is the only cure for Cancer,—Mrs. S. M. Ipol., Winston, N. C. Our book on Cancer, containing other testimonials and valuable information, will be sent free to any address by the Swift Specific Company, Atlanta, Georgia.
