

IS SELECTING OFFICERS

Secretary Root Busy Engaged in Going Over the Logg List of Names.

List Consists Largely of Men Who Served in the Spanish War Who Have Records.

WASHINGTON, Aug. 18.—Secretary Root was busy engaged the greater part of the day in selecting officers to fill the new regiments, going over the lists of names that have been submitted with recommendations for appointment and considering their efficiency records during the Spanish war. The secretary is giving the matter of these selections personal attention and the list is being prepared in his private office. After the selections are made by the secretary they will be sent to the president for his approval.

Preparations continue actively in the matter of arranging for the speedy transportation of the troops to the Philippines. The quartermaster's department has been considering the advisability of chartering more transports on the Pacific coast. Already the ships chartered make it possible to send nearly all the organizations now formed by September 25, instead of two weeks later, which was the schedule shown to Secretary Root. The transports Logan and Thomas are now being fitted up on the Atlantic coast, and it is expected they will be ready to sail by the middle of October and will take three regiments via the Suez canal.

At the latest calculation, it is now believed to be possible to land all the new regiments in the Philippines by the first of December or very soon after that date.

Seven of the lieutenant colonels named yesterday are now serving in the Philippines. They will remain there and await the arrival of their regiments. While it may not be necessary to use all the troops in the Philippines, it is understood to be the plan of Secretary Root to have a sufficient force to not only defeat the insurgents at every point, but to garrison and hold the places that may be taken, and thus insure a safe line of communication.

The map which has been prepared for Secretary Root, showing the location of the troops in the Philippines, has been completed, and is also accompanied by a statement explaining how this force is divided under the generals commanding the divisions. The first division, commanded by General Lawton, is south of Manila and consists of the following troops: Fourth, Thirtieth, Fourteenth, Twenty-first, Twenty-fourth and Twenty-fifth regiments of infantry; the First Washington, First Wyoming, part of the Fourth cavalry, Battery F, Fourth artillery; Battery F, Fifth artillery; Battery D, Sixth artillery, and Hawthorne's mountain battery.

The second division, commanded by General MacArthur, is near Manila and consists of the following: Third, Ninth, Twelfth, Seventeenth, Twenty-second and Thirty-third regiments of infantry; the Fifty-first Iowa, Twentieth Kansas, light Battery E, First artillery, a battalion of the Third artillery and part of the Fourth cavalry.

The provost guard of Manila consists of the Twentieth infantry and eight foot batteries of the Sixth artillery.

The garrisons in the other islands are: Pampanga—Eighteenth infantry, First Tennessee, Battery C, Sixth artillery.

Negros—Sixth infantry. Cebu—One battalion Twenty-third infantry.

Jolo—Two battalions Twenty-third infantry.

CENTRAL COMMITTEE MEETING.

Hold a Meeting in Weeping Water and Set Date of the Convention.

WEeping WATER, Aug. 19.—(Special to THE NEWS.)—The meeting of the republican central committee of the county was held in this city to-day. Chairman M. M. Butler calling the committee together at 1 o'clock. All of the precincts were represented except Mt. Pleasant, the two Rock Bluffs precincts and the Fifth ward, Plattsmouth. The date of the primaries was set for September 9 and the convention to be held in Weeping Water September 16. The representation is based on the vote of Hayward for governor, one delegate being allowed to each twelve votes or major fraction thereof and one delegate at large from each ward and precinct. The meeting was harmonious and much enthusiasm was shown by those in attendance.

Former Plattsmouth Man Injured.

The following, from the World-Herald, refers to Charles Wheeler, formerly of this city: "Yesterday afternoon, while Charles Wheeler and James White were working on the street railway repair tower, putting in new sustaining wires on the trolley cable over the Tenth street viaduct, they both fell from the tower platform as a result of an electric shock sustained by Wheeler, who fell to the stone pavement, alighting on his head and shoulders, inflicting a bad cut about three inches in length. White, in his fall, managed to catch hold of the rungs of the ladder, and received no further injuries than cuts on both hands and a bad scratch on his left arm.

"Wheeler, who has been with the street railway company for several years, was removed to his home at 909 North Twenty-fourth street, where his wounds were attended to by Dr. Davis, who says that while he will be confined to his bed for some time, he is not in serious danger.

"As the repair tower is supposed to be always perfectly insulated, the manner in which Wheeler came to receive the shock is not clearly understood. Assistant Superintendent Gorman of the street railway company, who was present at the time the accident occurred, says that both men had hold of the new sustaining wire and that Wheeler suddenly uttered a cry and stepped backward, falling as described. White's fall was caused by his losing his balance when Wheeler loosened his hold on the wire."

Face Badly Scathed.

Mrs. W. E. Gess doubtless was born under an unlucky star. The number of accidents which have befallen her during her lifetime would fill a book. Last Tuesday, however, she met with an accident that, aside from being extremely painful, might have resulted in the destruction of her eyesight.

She was preparing some cans to be filled with tomatoes and had filled them with water and put them on the stove, putting the lids on tight. In removing one of them the accumulated steam blew off the cover and the hot water struck her fairly in the face. Her face and neck were scalded in a horrible manner and for a time it was feared her eyesight had been destroyed. Dr. Hollister was called and did everything in his power to alleviate her suffering. Her face is swollen to double its normal size and the pain she continually suffers is indescribable. At times of going to press she is able to see dimly from her right eye and Dr. Hollister has hopes of restoring her sight.—Louisville Courier.

MOTHER WINSLOW DEAD

Passes Away at the Home of Her Daughter, at the Age of 75.

Was in Her Usual Good Health Until Last Night, When She Was Taken Ill With Congestion of the Lungs—Had Been a Devoted Member of the Methodist Church for Many Years.

From Monday's daily.

The many friends of Mrs. Sarah M. Winslow were shocked this morning to learn of the death of that lady at the home of her daughter, Mrs. S. A. Davis, in this city. She was in her usual good health yesterday, but was taken with congestion of the lungs during the night and at about 3 o'clock this morning, realizing that she must go, called her daughter and grandchildren to her bedside and with many kind messages of love and encouragement, bid them good bye. She left messages for the church, Epworth league and other friends. She suffered great pain until 6 o'clock this morning when death released her.

It was a glorious sun set after a day full of good deeds, kind services and noble sacrifices.

Miss Sarah M. Hunter was born in Stanton, Augusta county, Virginia, June 10, 1824, being seventy-five years old her last birthday. She was married in St. Louis in 1851 to Charles H. Winslow, who preceded her to the great beyond twenty-one years ago. She was the mother of three children—Mrs. S. A. Davis, Mrs. J. S. Howard of Benedict, Neb., and Henry A. Winslow of Konesaw, all of whom survive her.

Mother Winslow united with the Methodist church at the age of thirteen and continued a devoted member until her death.

The funeral will be held from the home of S. A. Davis on Pearl street at 8 o'clock Wednesday morning.

Want to Extend Their Line.

Thomas E. Parmele, vice president, and T. H. Pollock, general manager of the Plattsmouth Telephone company, called on General Manager Kenyon of the Stock Yards company yesterday in reference to extending the lines of their company to the Exchange building. It was stated that this company is erecting lines for the benefit of the farmers in Cass and Sarge counties and an office at the live stock exchange is greatly desired, as it will give the country people an opportunity of keeping in close touch with the market. Mr. Parmele also explained to Mr. Kenyon that his company had connections in Iowa and Missouri. No arrangements for the opening of an office were made, as the Plattsmouth company has no franchise to enter the city or string wires along the streets or alleys.—South Omaha Department of Bee.

George Olive brought his eight-year-old daughter over from Weeping Water yesterday to have an operation performed on her throat. Dr. Humphrey performed the operation, which was quite difficult, and the little girl is now getting along nicely.

William Crawford of the Fairview gardens is about the busiest man in Plattsmouth these days. Besides keeping a large number of customers in vegetables, he ships to various points in the west and northwest. During the season he has handled as high as forty bushels of cucumbers in one day. He is now delivering small cucumbers, suitable for pickling, which are very fine. He also has small white onions for the same purpose. Mr. Crawford is very accommodating and sells at reasonable prices, hence his large trade.

The eleventh annual reunion of the old settlers of Cass county, which was held at Union Friday and Saturday, was a grand success. It was estimated that over 5,000 people were in attendance each day.

E. W. Black was up before the birds this morning. He went out in the country and before 6 o'clock had forty head of fat hogs in the yards ready for shipment to South Omaha. Wilcoy is building up a large business in produce and live stock.

Besides Mrs. Isabella Spurlock, mother of the judge, the following Lincoln people were in the party: Mr. and Mrs. Paul F. Clark, Mr. and Mrs. W. E. Hardy, Mr. and Mrs. Will Owen Jones and Mr. and Mrs. Lincoln Frost. The members of the party passed the time most pleasantly in mountain climbing, fishing and hunting. Trout fishing was very fine and they averaged catching fifty fish a day. The camp was pitched near a swift running stream of ice cold water. The days were comfortable, but a few of the nights were very cold, water freezing in buckets. During the time it was the hottest here the judge slept with his clothes on and about four comforts in addition. However, they had a delightful outing.
