

TRAIN ROBBERY AT DEKALB, ILL.

Five Masked Men Flag the Northwestern Limited and Shoot the Engineer.

Station Agent Badly Pounded Up and Left Unconscious on the Depot Floor.

CHICAGO, Oct. 13.—The Northwestern limited train, leaving Chicago at 10:30 p. m. tonight was held up not far from DeKalb, Ill., and robbed. The train is due at DeKalb at 12:20 and the holdup occurred at Tower W, three miles from Maple Park, Ill.

It is not known whether the robbers secured any great amount of booty. A special train containing a number of armed men and detectives left the Northwestern station in Chicago tonight bound for the scene of the robbery.

It is said there were five masked men engaged in the operation. The train was flagged and while two of the men compelled the engineer and fireman to run the engine ahead the balance of them robbed the train. The train dispatcher's office of the Northwestern road in this city admitted the truth of the story to the Central police officials.

The robbery was evidently carefully planned. Twenty minutes before the train was due at Maple Park the robbers burst into the station house and presenting revolvers at the head of the station agent, compelled him to remain quiet while they bound him. After tying him fast to a chair they forced a gag into his mouth and left him utterly helpless.

The signals were then changed so that the train would be compelled to stop before reaching the depot. The robbers went down the track to the point where the train would stop and waited for it.

As soon as it came to a halt one of the men covered the engineer and fireman with revolvers and after uncoiling the engine, compelled the engineer to run down the track two miles.

They then blew up the express car with dynamite, practically demolishing it and blocking the track. They then blew open the safe and rifled it. It is not known how much money was secured.

Immediately after grabbing what they could from the safe, the robbers fled into the darkness. They are now being pursued, but the robbers have quite a lead over the posse that is after them.

Engineer Daniel White of the train was shot and it is reported very seriously wounded in the breast, because he refused to run his engine away from the train. After shooting him one of the robbers ran the engine down the track two miles to a switch, where it was killed.

It is reported that the station agent was badly pounded up and was left unconscious on the depot floor when the robbers went out to stop the train. It is not thought that his injuries are fatal, but it was two hours after being assaulted before he recovered consciousness.

Three Americans Killed.
MANILA, Oct. 13.—11:15 p. m.—Major Cheatham, with a scouting party, while proceeding along the west shore of the lake yesterday encountered a force of rebels strongly entrenched at Muntinlupa. Major Cheatham reports that he drove the rebels from their position and that in the engagement three Americans were killed and two were wounded.

Rumors are in circulation in Manila that Major Cheatham discovered three American prisoners who had been bound and gagged and shot by the insurgents. These rumors, however, are not confirmed.

One Sandago, a lieutenant of the native police, has been arrested and lodged in jail, his subordinates having reported to the authorities that he was endeavoring to enlist them in a plot to turn the police against the Americans in the event of an uprising.

Reports having reached the provost marshal that arms were concealed at the headquarters of the Dumfries friars, a detachment of soldiers made a search of the building. They found a small stock of Mausers, revolvers and ammunition, which was confiscated, despite the protest of the friars that the arms were not intended for unlawful use.

General Schwan, with the infantry, has reached Bacoor. The troops are greatly exhausted, having had one of the hardest marches of the campaign. From Malabon to Perez Das Minas they marched through rice fields.

The fourth infantry, from Imus, joined General Schwan at Perez Das Minas. The Filipinos deserted the town on learning of the approach of the Americans.

Two strong shocks of earthquake lasting several seconds were felt at Manila at 10 o'clock this evening.

Bryan Has Nothing to Say
LEMAIRS, La., Oct. 13.—Several thousand met in a tent tonight to hear W. J. Bryan's speech on currency, trusts and imperialism. The night was cold and the crowd chilly, though they generally applauded in the right places. Mr. Bryan is still hoarse and spoke only an hour, being preceded by C. A. Wadde of the Gatling Gun, Ottawa, Ill. Bryan says he is feeling much better and will meet all his engagements, speaking in three Iowa towns tomorrow, after which he will go at once to Kentucky.

Mr. Bryan positively refused to be interviewed regarding his letter to J. Sterling Morton, written in 1889, in which Bryan said he wanted office for the money there is in it, not for honor.

Mr. Bryan chatted very agreeably about his health and about his tour, about political prospects in Iowa, but when pressed on the J. Sterling Morton letter reiterated, "I don't care to be interviewed; I don't care to be interviewed," and insisted upon changing the subject abruptly.

JOHN C. WATSON IS ACQUITTED.

Forgery Case Concluded at Nebraska City Yesterday Afternoon.

Yesterday afternoon General L. W. Colby concluded his argument in behalf of the defense in the case of the State vs. John C. Watson about 4 o'clock, and owing to the fact that Hon. A. J. Sawyer, who was to close for the prosecution, was not feeling well, the court adjourned until 9 o'clock this morning.

This morning a large number of ladies were present and for two hours and sixteen minutes Hon. A. J. Sawyer spoke. The court took a recess at noon until 1:30 o'clock, this afternoon, when the case was given to the jury. The actual time consumed in speeches by the attorneys was as follows: County Attorney W. W. Wilson, 11 o'clock; three minutes; Mat Gering, two hours and seven minutes; L. W. Colby, five hours and seven minutes; and A. J. Sawyer, two hours and sixteen minutes.

The trial began on Monday, October 2, and has been in full blast ever since, save Sunday—one or two evening sessions have been held. There were fifty-six witnesses subpoenaed, of which forty-nine were sworn and gave testimony. The trial has been a long and tedious one and none regret that it is at an end.

At 3:45 o'clock this afternoon the jury in the case of the State vs. John C. Watson, after being out a little over two hours, returned a verdict of "not guilty."

One could hear a pin drop when the verdict was read. The scene that followed was pathetic, indeed, for the defendant's wife threw her arms about the defendant's neck and broke down. Other members of the family did likewise.

The defendant then, with tears in his eyes, made a neat and timely address, thanking the court, the jury and all.

William Warsaw, who was found guilty of daylight burglary, was called before Judge Ramsey this afternoon and sentenced to eighteen months in the penitentiary.

The Hawke case and the piano case, in which Watson is defendant, were continued until December 11 on motion of the state, on account of the absence of important witnesses.—Nebraska City News.

Meeting of the Woman's Club.

From Saturday's Daily.

The regular meeting of the Woman's club was held last evening in the parlors of the A. O. U. W. hall. A large number of the club members were present, also several visitors.

Mrs. Toliff took charge of the parliamentary drill and gave an outline of the proposed method of handling this subject.

A paper was read by Miss Myrtle Levings on the rise of Parliament, beginning with the house of commons, while Mrs. S. M. Chapman read a paper on "Colonial Methods, Their Growth and Scope." Both contained descriptive and instructive matter and were well received.

Miss Olive Gass took charge as leader in "American Literature," and gave a very interesting review of the contribution to literature by Franklin, also during the revolutionary period and the writings of Hamilton and Jefferson. Speaking of Hamilton, she stated that his political writings and state papers have never been surpassed. Irving, of whom it is said very few can show a long succession of volumes so pure, so graceful and so varied, was then discussed, and by their remarks the members showed their great appreciation of this foremost writer.

Mrs. Byron Clark was present, having just returned from the national state federation at York. A report of the meeting will be given next week. Subject next meeting: "Current Topics and American History."

Plattsmouth Well Represented.

From Saturday's Daily.

This city was well represented in Omaha today, this being A. O. U. W. day at the exposition. There were nine coach loads on the early Burlington train, including the two bands. Arriving at Omaha the crowd headed by the bands went to the Burlington headquarters and serenaded the officers. The offices of both the B. and W. H. Herald were also serenaded. The delegation from Plattsmouth made a good showing and it was a good advertisement for the city.

There were 175 tickets sold for the first train and there were something near 400 passengers. The noon Missouri Pacific train carried a number of passengers as well as all of the Burlington trains.

The shops were entirely closed down this afternoon.

Fire Starts in a Trunk.

Fire broke out in the farm residence of Will Williams, southeast of town, Monday morning and did considerable damage. The family was not at home and a neighbor woman, Mrs. Wids, discovered the fire and gave the alarm in time to save the building. The fire originated in a trunk, where it is thought mice had gnawed some matches.—Louisville Courier.

C. W. Sherman arrived home this morning from a week's visit at Centerville and Knoxville Ia. He attended a reunion of his regiment at the former place and visited his wife and daughters at Knoxville. He reports an enjoyable trip.

REV. S. A. DONAHUE

Testifies to the Good Qualities of Chamberlain's Cough Remedy.

On the 10th of December, 1897, Rev. S. A. Donahue, pastor M. E. church, South Pl. Pleasant, W. Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by all druggists.

The most stubborn cases of bronchitis succumb to Ballard's Horehound Syrup. Price 25 and 50 cts. F. G. Fricke & Co.

A Cass County Pioneer.

William J. Young, one of the pioneers of southern Cass county, died Thursday night at his home near Union, aged ninety-one years, one month and sixteen days. He moved to Nodaway county, Missouri, in 1842. In 1850 he came to Nebraska and staked out a claim of 320 acres (supposed to be, as there were no lines to be governed by) and moved with his family there March 5, 1855. His biographer says: "They lived in a tent, with wolves and wild cats about them, until he built a log cabin, but received no harm from his friendly neighbors, except the loss of a few sheep. He was elected county surveyor the first year, and ran the first county road in Cass county. They lived here two or three years without any school. There being no school house, Mr. Young gave up one of the rooms of his house for a school house and employed a lady teacher. He had by this time built a double log house, and when Uncle Sam's boys came along they ran a line both ways through his farm, so that he sleeps on one quarter section and eats on another." He left a family of four daughters and two sons.—Nebraska City News.

Remains Brought to This City.

The remains of Mrs. William Hughart, whose death occurred at St. Joseph last Thursday, were brought to this city at 5 o'clock this afternoon and the funeral will be held from the residence of J. W. Campbell tomorrow afternoon at 2 o'clock.

Deceased was aged thirty-seven years and ten days, and leaves a husband, two children, mother, sister and two brothers. She was a sister of Mrs. J. W. Campbell.

A Good Comparison.

Says an exchange: A boy was sent after a pair of water. It was necessary to prime the pump each time and give a dozen or more strokes at the handle to start the water. He poured in the priming and pumped out as much as he poured in. Then he stopped to rest and the prime ran down again. After two or three hours of alternate pumping and resting he concluded it did not pay to pump and therefore quit in disgust. This story reminds us of a merchant who advertised a few weeks, then stopped a while and allowed the people to forget him and his business before he advertised again, and concluded it did not pay to advertise. The fact is that the pump had lost its priming while he rested.

RAILROAD NOTES AND PERSONALS.

Henry Waterman of the Burlington supply department at Lincoln was in the city today.

The new time card went into effect on the Burlington yesterday. The trains effected by the change are No. 19, the morning train, which goes west one minute earlier, making its time 7:38; No. 29, freight, from 7:44 a. m. to 7:10 a. m.; No. 6, going east, from 7:21 a. m.

It is rumored that A. B. Fricke, master mechanic at Wymore will be transferred to Havelock to take E. S. Gressel's place.

So far as the Baltimore & Ohio road is concerned, there will be no discontinuation of the courtesies which so long have been extended to the bicycle. The road will not abide by the decision made at a meeting of the central passenger association on Wednesday to establish a charge for the transportation of the wheels on the association lines. It will continue to carry free of cost any passenger's bicycle the weight of which, combined with that of the checked baggage, does not exceed 150 pounds.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at F. G. Fricke & Co.'s Drug Store.
