

BOER LOSS IS REPORTED HEAVY

Dispatches Received at London Say Over 500 Were Killed at Mafeking.

Forces Under Commandant Schooman Easily Capture Town of Krokoddipot.

LONDON, Oct. 27.—The magistrate at Vryburg is responsible for the report made to Premier Schreiner at Capetown that 513 Boers were killed at Mafeking.

LORENZO MARQUEZ, Oct. 27.—The following dispatch has been received here from Pretoria, filed yesterday:

"The government has issued a proclamation, declaring that no roots or interests on bonds can be claimed during the continuance of martial law, nor within a certain fixed period after the repeal of the same.

"The Boers at Vryburg have secured a quantity of ammunition, Commandant Schooman seized Krokoddipot and destroyed the railway bridge there.

"President Kruger is in excellent health."

Boers Threaten Native Chiefs.

CAPETOWN, Oct. 27.—A telegram from Bulawayo, Rhodesia, dated Monday, says:

A Boer force is threatening Chief Khama and Chief Litewo, who are loyal to Great Britain. The two chiefs' country lies at the extreme northwest of the Transvaal and includes Bechuanaland. It seems a gross mistake for the Boers to provoke war among the natives. The probable explanation is that the Boer force intends to destroy the railway to Bulawayo and thus prevent any attempt of Colonel Plummer's Rhodesian force to go to the relief of Mafeking.

Already there have been stories of a Rhodesian armored train engaging the Boers some distance north of Mafeking.

Chamberlain Entered at Poils.

LONDON, Oct. 27.—The parliamentary bye-election for the Bow and St. Giles division of the Tower Hamlets, London, held today to replace the Hon. Lionel R. Holland, conservative, was fought on the government's Transvaal policy and resulted in a big victory for the government, the conservative candidate, William Guthrie, being elected by 4,338 votes against 2,123 votes cast for his liberal and radical opponent, Harold Spender. The conservative majority was practically twice that secured at the election of Mr. Holland.

PARIS, Oct. 27.—An authoritative statement was issued this afternoon, formally denying the rumors of intended Franco-Russian intervention in the Transvaal and declaring that France has no ground and no desire for any such intervention at present, and that Russia is most likely placed in the same position, adding that Germany is the only power directly concerned in the matter.

Rivera Forced to Get Out.

HAVANA, Oct. 27.—General Ruiz Rivera, former civil governor of the province of Havana, whose withdrawal from the governorship was called last evening as a resignation, denies that he has resigned. He says he was dismissed and that he does not know what ground the dismissal was ordered.

He admits he had recently remarked he would resign in the event that at least one of the three nominations had made to public offices were not approved, but he attributes his dismissal to the direct influence of Senor Domingo Mendez Capote, secretary of state in the advisory cabinet of Governor General Brooke.

Senor Capote, according to General Rivera, sent, asking for the latter's resignation, which was refused.

General Brooke, when approached regarding the matter, declined to talk for publication, saying that he preferred that any explanation should be made by General R to a himself.

Senor Capote a-erts that he requested General Rivera to resign because he is an obstructionist and out of harmony with the administration and that General Rivera replied that he would wait until he was dismissed, which was decided upon immediately.

There was no objection, according to the secretary of state, to General Rivera holding certain views as a private individual, but as a subordinate it was the duty of General Rivera to carry out instructions and not to make himself an obstacle.

Hurricane Strikes Santiago.

SANTIAGO DE CUBA, Oct. 29.—After five days of continuous rain storms a terrific hurricane from the southeast swept over Santiago today, causing much destruction. Twelve houses were wrecked and others badly damaged.

The unoppeated rainfall continues. Telegraph wires are down and it is impossible for vessels to leave or enter the harbor. A Ward liner has been delayed four days. The United States ship Burside has kept cruising outside the harbor and fears are expressed for the fleet of schooners from Jamaica and elsewhere that usually arrive on Monday morning. The barometer is still falling.

Big Miners' Strike Ended.

SPRING VALLEY, Ill., Oct. 27.—The big strike inaugurated by the 2,000 miners on the Spring Valley Coal company on October 17 was brought to an end today.

All the demands of the organization were granted except that of weighing coal at the bottom of the shafts and this was not pressed by the union.

Meeting of Woman's Club.

The meeting of the Woman's club last evening was one of unusual interest. There was but little routine business to be transacted, so that nearly all of the allotted time was given to two subjects for the evening's study—Parliamentary Laws and English Literature, leaders, Mrs. Toliff and Miss Gass. Miss Arnold read the opening paper, "Parliament of the Republic of Ancient Rome." She presented the subject in a most entertaining manner, giving the class much information and material for further study. Mrs. Cole read a paper on "German Parliament"; Mrs. Stoutenborough on "Russian Government" and Mrs. Harold on "England Since Queen Victoria's Reign." The writers were not given much scope for original thoughts, being confined mainly to facts, but the class were given opportunity for expressions of opinion which was taken advantage of in the after discussion.

The time allotted to Parliamentary Laws having expired, Miss Gass took charge of the English Literature department, the subject for study being Whittier's "Huskers." The class was required to respond to roll call by quotations suitable for the season of the year, and many "autumn stanzas" were given. The "Huskers" is one of Whittier's best pieces of "word painting," and the remainder of the evening was given to its study and the "Coro Song."

Next Friday evening the club will have Current Topics to discuss and a History lesson led by Lieut. R. Wils.

James Reed Injured.

Mr. James Reed struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Mr. Reed is one of the leading merchants of Clay Court House, Va. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by all druggists.

Didn't Know His Own Brother.

Mr. Frank Hoenstein came in from Nevada brother of the week to visit with his brother Zake. Mr. Hoenstein is a large mine owner in Nevada and had not seen any of his relatives for twenty-three years. Zake had been looking for his brother for several days and when he arrived he did not know him. Zake boards at Drake's restaurant, and his brother came in, and seeing he was not recognized, took a seat at the same table and conversed with him during the meal. After supper Zake announced that he was going over to the train to see if his brother came, when someone gave the snapshot by saying that his brother had dined at the same table with him. It was quite a while before Zake could be convinced that he was not being made a victim of a practical joke.

Mr. Hoenstein will remain here a few days and then proceed on his way to Pennsylvania, his old home.—Louisville Courier.

The "Plover Boy Preacher," Rev. J. Kirkman, Belle Plaine, Ill., says: "After suffering from bronchial or lung trouble for ten years, I was cured by One Minute Cough Cure. It is all that is claimed for it and more." It cures coughs, colds, grip and all throat and lung troubles. F. G. Fricke & Co.

Lord Tennyson's Story.

Lord Tennyson used to tell how an urchin in Lincoln once got the better of him in a perfectly legitimate way. He was looking for a certain chemist's shop one morning, and meeting a lad, he said: "My boy, may I inquire where Mr. —'s shop is?" "Yes, sir," said the boy, in a very solemn and respectful manner. "Well," said Lord Tennyson, after waiting a while, "where is it?" "I haven't the least idea," replied the boy, in the same respectful and solemn manner.

How Women Help.

By staying away from the building yards women aid in the making of ships. No feminine visitors are allowed to go through the Cramps' yards in Philadelphia because every time a woman passes through the shops every one of the 7,000 workmen raises his eyes "from his work, and in one minute one man's work for a fortnight is lost to the employers.—Brooklyn Eagle.

REV. S. A. DONAHUE

Testifies to the Good Qualities of Chamberlain's Cough Remedy.

On the 10th of December, 1897, Rev. S. A. Donahue, pastor M. E. church, South Pl. Pleasant, W. Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by all druggists.

Many Thanks.

I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy, for having put on the market such a wonderful medicine," says W. W. Massingill, of Beaumont, Texas. There are many thousands of mothers whose children have been saved from attacks of dysentery and cholera infantum who must also feel thankful. It is for sale by all druggists.

THE NEWS PRINTS THE NEWS.

Diet in Phthisis.

The diet of the consumptives should be rich in nitrogenous articles, care being taken that they are completely digested. There is a certain antagonism between uricemia and consumption, and the meats that produce uric acid protect against the graver affection. Milk is most useful if from cows certainly not themselves infected. Eggs, fish, oysters, rare meats, with acid-pepsin to aid their digestion, are of special value. But these are not to be used to the exclusion of other food. The most infinite variety of foods gives better results than any limited diet.
