MOVES FROM ILOILO.

Occupies Tagbunan and Guimbal on Southern Coast.

Report an Expedition Evaded the Navy—Ports of Sulu Islands, Outside of American Ports, Are Ordered Closed to Commerce—Censor Scratches Names of Killed and Wounded.

MANILA, Nov. 15.—1 p. m.—General Hughes, with parts of the Nineteenth and Twenty-sixth regiments, moved from Iloilo Thursday, November 9, to Otton, six miles west, for the purpose of capturing Santa Barbara, the rebel stronghold, ten miles west of Iloilo. Heavy rains preceded the movement and the roads were in places impassable. The same night Colonel Carpenter, with the Eighteenth regiment and Battery G of the Sixth artillery, made westwardly from Paro to Jaro, on account of the heavy rains and by lack of proper transportation. Company C of the Twenty-sixth regiment had the only fighting. When only three miles out of Jaro this company charged the rebel trenches and three of the enemy were killed. One man was wounded.

General Hughes November 12 occupied Tagbunan and Guimbal, on the southern coast, and also Cordova, in the interior. The enemy did not oppose General Hughes' advance.

Recent orders from Aguinaldo found in the trenches said: "Do not oppose the Americans' advance. Burn the villages as they are evacuated. Divide the forces in small bands and harass the Americans on every occasion."

Areneta, the rebel leader of the island of Panay, was captured at Tagbunan while attempting to pass the lines into Iloilo. Two battalions of the Twenty-sixth will garrison Iloilo and Jaro.

A signal visible from Iloilo has been burned by the rebels.

It is reported that an expedition, evading the navy, recently landed arms and ammunition on the Antigua coast, and that the rebels threaten opposition with an armed force of 3,000 men. These stories are not believed.

All ports of the Sulu islands, outside of the American ports, have been ordered closed to commerce.

Censor Scratches Names.

NEW YORK, Nov. 15.—The dispatches from Manila yesterday referred to Major Marsh as commanding the left battalion of the Thirty-third regiment, commanded by Colonel Luther R. Hare, in the sharp engagement with the insurgents near San Fabian, Saturday. The officer is Major Peyton C. March, formerly captain of the Astor battery and later on General MacArthur's staff. Owing to the character of the censorship at Manila, General Otis is not permitting the sending of the names of the killed and wounded. A full account of the engagement near San Fabian was cabled, but the correspondents were not permitted to send the name of Major John A. Logan, killed in action, or those of others killed or wounded.

McKinley Cables Aguinaldo.

WASHINGTON, Nov. 15.—The president is making efforts to secure the protection of the Spanish prisoners with the insurgents in the Philippines. A cable message has been sent to General Otis, and by him forwarded to General MacArthur, with instructions to get it to Aguinaldo, if possible, relating to this subject. The president requests the kindly and humane treatment of the Spanish prisoners, and the message also contains an intimation that any of the insurgents responsible for the ill-treatment of such prisoners will be held to strict account when they are taken by the United States forces operating in the islands.

Big Strike Is Probable.

CHICAGO, Nov. 15.—Chicago's labor war broke out afresh today as a result of the failure of the long promised conference between special committees appointed by the building contractors' council and the Building Trades council, respectively.

The representatives of the contractors were on hand, but the labor committee did not put in an appearance. This piqued the contractors and it is announced that at a meeting of the Builders' association called for tomorrow the gauntlet will be thrown to the labor unions.

Courtship at Long Distance.

MUNCIE, Ind., Nov. 15.—Tonight there arrived here directly from Dublin, Ireland, Miss Mary Mangrin, who will be wedded to a man she saw for the first when she stepped from the train here yesterday. He is Constable William Plume.

Mr. Plume and the girl have carried on a courtship, by mail and even the proposal of marriage and acceptance were made in the same way. Not long ago Plume sent the girl a ticket for passage to America and she came last night. The bride-to-be is a sister of Plume's first wife, who died a few months ago.

FUNERAL OF MAJ. LOGAN

His Remains Laid Away in Paco Cemetery, Manila.

Chaplain Pierce officiated at Grave and the Twentieth Infantry Furnishes the Escort, Commanded by Major Rodman, With Captains of Same Regiment as Pallbearers.

MANILA, Nov. 16.—7:15 p. m.—The remains of Major John A. Logan, killed in action at San Jacinto Saturday, were buried in Paco cemetery this morning. Many persons followed the body to the grave. Chaplain Pierce officiated and the Twentieth infantry furnished the escort, which was commanded by Major Rodman. The pallbearers were the captains of the Twentieth infantry.

Reports have been received here from General Young dated Humingang yesterday. Humingang is about thirty miles east of San Fabian. General Young is supposed to have advanced considerably farther toward San Fabian.

A correspondent of the Associated Press telegraphs an account of the rapid pace with which General Young covered the road with his cavalry. The Macanabe scouts demoralized the insurgents around the low country. A messenger and reinforcements, who were captured, say no town from San Jose to San Nicolas expected the arrival of the Americans until a day or two after they actually arrived.

Aguinaldo and his government are making desperate efforts to escape to Bayombong. The information here is that he is still in the low country.

Lieutenant Johnson, with Troop M, Third cavalry, captured yesterday at San Nicolas twelve barrels containing the wardrobe of Aguinaldo's wife, some personal effects, the records of the secretary of war and much commissary and medical supplies. Sonora Aguinaldo probably escaped over the divide, but the secretary of war is thought to be inside the lines.

Thomas W. Hayes, a civilian, and Calvin S. Davis of the Sixteenth infantry, who were held prisoners by the insurgents, have been rescued.

Colonel Wessels captured at Tayug several hundred thousand pounds of rice, 7,500 pounds of salt, 1,500 pounds of flour marked "Dayton, Ohio," 2,500 pounds of sugar, 1,800 new uniforms and hundreds of thousands of Mauser shells.

The names of Lieutenant Gilmore and seven of his men were found written on the walls of the convent of San Quentin. The garrisons of all the town surprised resisted feebly. General Wheaton has not yet appeared.

HAYWARD'S CONDITION.

Partial Paralysis Sets In and He Is Slightly Worse.

Just Been Made Public That the Senator Suffered a Slight Attack of the Same Nature in Lincoln Last Winter—Great Sorrow Expressed in Washington Over Mr. Hayward's Serious Illness.

NEBRASKA CITY, Nov. 16.—Senator Hayward's condition tonight is not much changed from yesterday. His brother, Major E. B. Hayward, of Davenport, Ia., arrived this morning and was recognized by the senator.

Dr. Whitten states that the pressure is on the left side of the brain just over the speech center and extending to the motor center of the right arm and leg. These members are therefore without feeling or motion. The patient's temperature is 100, pulse 67 and respiration 23.

It has just been made public here that Senator Hayward suffered a slight attack of a similar nature in Lincoln on the night that he was nominated in the republican caucus last winter. He was hurried to bed by his friends and by morning was able to be up.

WASHINGTON, Nov. 16.—Great sorrow is expressed in Washington over the serious illness of Senator Hayward and in some quarters, especially among the leaders of currency reform, consternation is shown over the possibilities that may arise should an ad interim senator be appointed from Nebraska. Chairman H. H. Hanna of the Sound Money league is especially solicitous, as he had hoped that a currency measure would pass congress during the coming session, but with the small majority the republicans have in both branches he has almost given up hope that anything but a makeshift in the way of currency legislation will be attempted.

To Spend \$60,000,000 on Our Navy.

The United States has fallen into line with Great Britain and Russia in wanting a new naval outfit that will cost from \$50,000,000 upward. Each of the two last named countries says it needs an extraordinary naval increase in order to keep pace with the other. The United States wants \$60,000,000 worth of new outfits for our navy because of the large and widely scattered interests it has now to protect. According to present plans our navy now requires, or will require as soon as they can be constructed, three first-class battleships of 13,900 tons displacement each, three armored cruisers of 12,000 tons each, three protected cruisers of 6,000 tons each, and six unprotected cruisers of 5,000 tons each. Our new navy needs greater weight and speed, a minimum of wood work, fewer thirteen-inch guns and more secondary battery weapons.

Paris to Have a Great Theater. The Paris exhibition of 1900 will contain the largest theater in the world. According to the report of M. Raulin, the architect who has been intrusted with its construction, it will accommodate from 12,000 to 15,000 persons.

It may be quickly cured by One Minute Cough Cure, the only remedy that produces immediate results in coughs, colds, croup, bronchitis, pneumonia and throat and lung troubles. The Innocent Convict. On the very day when the Rennes court martial returned a judgment of guilty against Dreyfus there arrived at Marseilles from Noumen a man who is known throughout France as "the forat innocent"—the innocent convict. This is Benjamin Reynier, who was condemned to death in 1883 on the charge of having murdered a little girl, and whose sentence was commuted to imprisonment for life. Not very long after Reynier's conviction it was found that he was innocent, and after a long campaign in the press, which was supported by M. Yves Guyot, and several other deputies, President Loubet granted a full pardon. Reynier was met at the wharf by his father and mother, his brothers and sisters and his fiancée, who had remained faithful to him for over sixteen years, and who is now a gray-haired, elderly woman.

A Remarkable Village. In New Guinea the village of Tapuselei is most remarkable. The houses are all supported on piles and stand out in the ocean a considerable distance from shore. This is to protect the villagers from the attacks of the dreaded head-hunters always looking out for victims. Other villages in this queer land are perched up in trees for the same reason.—Spare Moments.
