AFTER FILIPINO LEADER

Known to Have Passed Between
San Fabian and Fernando.

American Forces Have a Little Encoun-
ter With the Filipino Rear Guard,
But the Enemy Is Forced to Retreat
With Considerable Loss—Otis Reports
Operations.

MANILA, Nov. 22.—12:55 p. m.—
General Young reports that Aguinaldo,
with a party of 200, including
some women and a few carts, passed
Aringay, on the coast between San
Fabian and San Fernando, in the
province of Union, on Friday, Nov. 17.
The general adds that Aguinaldo
probably intended to strike inland
through the Binqua mountains toward
Bayambong, in the province of Nueva
Viscaya.

General Young, with cavalry and
Macedbebe, is pursuing the Filipino
leader, part of the American force
taking the direction of San Fernando.
In a fight with Aguinaldo's rear guard
at Aringay one Macedbebe was
wounded and the insurgents retreated.
There loss is unknown.

Otis Reports Operations.
WASHINGTON, Nov. 22.—General
Otis today cabled the war department
as follows:

"MANILA, Nov. 22.—Dispatch 21st
from Lawton at Tayug reports Young
with cavalry and Macedbebe scouts
at Aringay, with advance north to
Baoang rear San Fernando about to
move on trail east to Trinidad. Young
reports considerable insurgent force
moving in that direction; that Aguinaldo
is in charge, seeking to cross
over to Bayambong.

"Portions of Lawton's troops now
being pushed through to Tayug with
rations. Battalion Twenty-fourth will
join Lawton tomorrow. Nothing
from Wheaton for several days. Mac-
Arthur operating west of railroad
and north of Tarlann. Wire from
Tarlann north working; troops on en-
tire railroad line stationed without
difficulty.

"Otis reports seven companies
Sixth and Twenty-sixth volunteers,
under Dickman, struck insurgents
northeast Jaro; casualties, six
wounded. Enemy left on field eighteen
killed. Dickman captured seven
prisoners, four one-pound brass
fieldpieces and several thousand
rounds ammunition. Eighteenth in-
fantry yesterday drove insurgents
north on Santa Barbara. Hughes
with column north and west of Santa
Barbara; reports of results not yet
received."

The dispatch from General Otis does
not yet make it appear that the ef-
forts to capture Aguinaldo and the
larger portion of his army will be
successful. The intention of General
Young to prevent Aguinaldo reaching
Bayambong seems evident, but this
seems scarcely probable now. Some
errors have been made in the trans-
mission of the dispatch. Bayambong
is evidently meant instead of Bayam-
bong. The town given as Tarlann is
probably Tarlac, as the situation of
MacArthur would indicate that he is
operating not far from that place. No
alarm is felt regarding the situation
of General Wheaton, as he has been
for some time beyond telegraphic com-
munication.

Operations are also progressing in
the islands south of Luzon, as the last
portion of the dispatch indicates.

HAYWARD ON THE MEND.

His Doctors Are Hopeful of Permanent
Improvement.

NEBRASKA CITY, Neb., Nov. 23.—
Senator Hayward has rested easily to-
day and appears better than he was
yesterday. His pulse and temperature
are normal, a fact that is gratifying
to his physicians. The paralysis of
the lower limbs which alarmed the
physicians yesterday seems to be
gradually receding today, giving
these members freer action, but his
right arm is useless, his speech diffi-
cult and his mind is clouded at inter-
vals.

Dr. Bridges came from Omaha last
evening and spent most of the night
with the sick man. He says that the
condition of the patient has improved
over what it was when he was here be-
fore. He held a consultation with Dr.
Whitten and endorsed the treatment
prescribed by the latter during the
last few days.

Dr. Bridges agreed with Dr. Whit-
ten that it cannot be known at this
time whether or not there is serious
inflammation about the lesion in the
brain. Both physicians expressed
themselves as being satisfied with the
manner in which the case is progress-
ing, but were reticent upon the sub-
ject of the prospects of any permanent
improvement.

WAIT ON THE PRESIDENT.

Present Petition From the Farmers' and
Planters' Association.

WASHINGTON, Nov. 22.—Evaristo
M. Montalvo and Francisco Figueras,
commissioners appointed by the Plant-
ers' and Farmers' association of Cuba;
W. O. McDowell, president of the
Cuban-American league, accompanied
by Senor Quesada, the Cuban commis-
sioner, called upon the president to-
day and laid before him a petition
adopted by the Farmers' and Planters'
association. The petition is based on
the belief of the commissioners that
the rehabilitation of Cuba depends,
first of all, upon the revival of its
natural industries, sugar, tobacco and
mines. To secure this industrial re-
vival the commissioners pray the pre-
sident to provide for the establishment
of an agricultural bank, with branches
in the principal cities of the island so
that money may be easily obtained by
the planters on crop and land security.

They pointed out, however, that no
amount of production can bring pros-
perity to Cuba without a market for
its crops. They, therefore, ask that
the president extend to Cuba the same
commercial privileges as will be en-
joyed by the islands of the British
West Indies under recent treaties, or
else that he renew the reciprocity ar-
rangements made for Cuba's benefit
with Spain under President Harrison
in 1891.

Minor points touched on by the peti-
tion is the desirability of the same
postal arrangements with the United
States that now exist between the
United States and Mexico and Canada,
also the repeal of any order prevent-
ing competition in capital out of Cuba.
The petition quotes the views of
Commissioner Robert P. Porter on the
economic needs of Cuba and submits
the draft of a charter for the proposed
agricultural bank. They discussed the
general situation in Cuba with the
president and when they left the
White House said their conference had
been very satisfactory, though not in-
clined to go into details as to what the
president had told them. Later they
went to the treasury department,
where they had an interview with
Secretary Gage.

Will Likely Help Roberts.
MUNCIE, Ind., Nov. 23.—Said Con-
gressman George W. Cramer of the
Eighth district:

"I predict that Brigham H. Roberts,
congressman-elect from Utah, will be
allowed to retain his seat in congress,
through the influence of democratic
politicians. The republican majority
in the Fifty-sixth congress will be
only fourteen. The democrats, I be-
lieve, will never permit a free silverite
and expansionist democrat to be
elected from his seat by republicans in
congress. It would be voting against
themselves. Besides, to expel Mr.
Roberts it will require two-thirds of
the members and unless the democrats
vote with the republicans he will keep
his seat."

HOT FIGHT AT ILOILO.

Filipinos Kill Four Americans
and Wound Twenty-five.

Rebels Driven From Trench to Trench By
Colonel Carpenter's Force—Another
Engagement Is Anticipated at Santa
Barbara. Where General Hughes Is
Already Supposed to Have Met Rebels.

MANILA, Nov. 23.—10:50 p. m.—Se-
vere fighting in the north of Iloilo be-
gan Tuesday, November 21. Four
Americans were killed and twenty-
five wounded, including three officers.
The insurgents are retreating to Santa
Barbara, but the fighting continues.

Colonel Carpenter, November 18, ad-
vanced to Santa Barbara, straight
north from Jaro, taking trench after
trench, the enemy fighting and re-
treating.

General Hughes' column has steady-
ly been advancing north to gain a po-
sition west of Santa Barbara.

It encountered the enemy in small
detachments. Six to ten Americans
were wounded in this column. Colonel
Carpenter started during the night of
November 20, and opened with Bat-
tery G of the Sixth artillery at day-
break, November 21, on the trenches.
The enemy volleyed as the artillery
took up a position, wounding four.

Two companies of the Twenty-sixth
regiment garrisoning Jaro, moved
through Capuz, attacking the enemy
of the right flank just north of Jaro
at daybreak, November 21, driving
them toward Colonel Carpenter. The
country between Jaro and Santa Bar-
bara is thickly entrenched, especially
near Pavia. The Sixth artillery fired
on the trenches and the Eighteenth
regiment charged, the enemy retreating
to the next trench. The Eight-
teenth again charged, encountering
and attacking a force of bolomen who
were hidden in the long grass and
who severely wounded several Ameri-
cans.

During the afternoon of November
21 the fighting was severe immedi-
ately south of Pavia, three miles
north of Jaro.

Capture Three Cannon.
The column returned to Jaro after
the flank movement, having captured
three six-pound smoothbore cannon
and a quantity of arms and ammu-
nition.

The enemy's loss was not obtainable,
but seven men were found dead in one
trench. The insurgents are falling
back on Santa Barbara, which it is ex-
pected General Hughes has attacked
before this.

A Spanish corporal, captured by the
Filipinos, has arrived here from Tar-
lac. He says he saw Aguinaldo, ac-
companied by a prominent leader and
fifteen men, arrive at Bayambong
during the night of November 13, hat-
less, his clothes torn and spattered
with mud and his horse exhausted.
Aguinaldo, it appears, rested a short

time, seemed anxious, consulted with
his companions and the villagers as to
the nature of the roads, secured fresh
horses and proceeded immediately
toward Mangalaren in Pangasinan
province, west of Bambang.

The corporal tells a straight story,
giving minute details. He is con-
vinced he is not mistaken, having
seen Aguinaldo several times during
recent months.

Aguinaldo, it appears, would have
time to leave Bayambong November
13 and pass through General Wheat-
on's lines November 17.

HEIRS TO \$50,000 MISSING.

Public Administrator at Butte, Mont., Is
Looking for Legatee of Singer's Will.

BUTTE, Mont., Nov. 23.—Public
Administrator J. H. Collins is looking
for heirs to the \$50,000 estate of the
late James C. Singer, a formerly well
known old-timer in Butte, who died
suddenly in San Francisco, in Septem-
ber, 1898. Before leaving Butte, Sing-
er purchased government bonds and
\$50,000 worth of them were found in
his trunk in San Francisco.

An administrator was appointed for
the estate in that city and the public
administrator in Butte took charge of
the portion of the estate remaining in
Montana. He says he is satisfied that
Singer's legal residence at the time of
his death was Montana and that the
money in San Francisco should be
turned over to the estate in Montana.
Singer left a will, in which Mrs.
Marion Bennie and Alice Jenkins are
named as the legatees, but Mr. Collins
says he has been unable to locate them
or get any trace of them.

Wreckers Find Gold Chest.

SANTIAGO DE CUBA, Nov. 22.—The
wreckers working on the sunken Span-
ish armored cruiser Almirante
Oquendo yesterday discovered a chest
containing \$18,000 in Spanish gold,
which the Cendoya company, the firm
employing the divers, will retain.
Work on the cruiser has been in pro-
gress for five months and many thou-
sands of dollars worth of treasure has
been secured. The safe was found in
the bottom, where it fell during the
burning of the ship.

Only a few days ago the wreckers
began on the torpedo boat destroyer
Furor. They have already found a
service of heavy silver plate. Experts
assert, after inspecting the destroyer,
that it might have easily been raised
and repaired. The wrecking opera-
tions have proved a source of large re-
turns to the companies, estimated at
\$500,000.

Attempted Train Wrecking.

OTTUMWA, Ia., Nov. 23.—What is
supposed to have been an attempt to
wreck the Burlington fast mail No. 8
occurred this evening two miles east
of Russell. While the train was run-
ning at the rate of more than fifty
miles an hour it struck a number of
ties on the track, knocking them
clear of the train, far onto the right of
way. No one was hurt and the train
arrived in this city forty-five minutes
late. One of the ties became lodged
in the pilot and necessitated the re-
moval of the pilot. The object of the
perpetrators of the deed is supposed
to have been robbery. There is no
clue to the guilty parties.

The Kind Kaiser and His Sermon.

In a recent story about the kaiser,
William is made to size up his own
ability as a preacher. It is well known
that the kaiser on his annual trip on
board the Hohenzollern to the Norwe-
gian fjords is in the habit of conduct-
ing divine service every Sunday morn-
ing. He usually reads a short liturgy
and follows the prayers with a sermon.
In his recent trip the officers of the
Hohenzollern noticed that a sailor dur-
ing divine service had fallen fast
asleep. After service the captain called
the sailor before him, gave him a
sound rating and sentenced him to two
days' arrest. The captain afterward
reported the incident of the sleeping
sailor, and the punishment inflicted on
him. "Was he on watch the night be-
fore?" asked the kaiser. "He was,
your majesty." "Then, let the poor
devil off. Besides, it wasn't much of
a sermon, anyhow."
