

IS FALLING TO PIECES

Insurrection in Luzon Appears to Be Rapidly Collapsing.

Eight Hundred Insurgents Surrender to Lieutenant Monroe With Fifty Men of the Fourth Cavalry—Seventy Spaniards and Several Americans Among Those Turned Over.

MANILA, Dec. 2.—8:25 a. m.—General Conen has surrendered 800 officers and men with rifles, several American and seventy Spanish prisoners and the garrison at Bayambang, province of Nueva Viscaya, to Lieutenant Monroe with fifty men of the Fourth Cavalry.

WASHINGTON, Dec. 1.—Considerable interest is felt here in the news that the insurgents at Bayambang have surrendered, particularly as the number is said to exceed that captured by the United States troops at any one time.

Bayambang is the city to which Aguinaldo at one time contemplated retreating for the purpose of locating the rebel capital after he was forced to flee from Tarlac, but the American troops pressed him so hard that he was unable to carry out his intention. General Otis' dispatch of today, repeating information received from General Lawton, said it indicated that Bayambang had been captured on the 28th of November and it is thought this is the same place referred to in the Manila dispatch. No information regarding the surrender had been received at the war department up to an early hour this morning.

Rebellion Is Near an End.

WASHINGTON, Dec. 1.—The cabinet today discussed briefly the president's message, to which the finishing touches have been placed, except to that portion relating to the Philippines. That section of the message is being held up in the hope that the president may be able to announce the complete collapse of the insurrection before it goes to congress. Members of the cabinet are unanimously of the opinion that the rebellion is on its last legs and that at any day may see the end.

"The Philippine question is solving itself," is the way one member put it today.

The president has decided not to send the message to congress until Tuesday, as the immediate adjournment of the senate upon the announcement of the death of Vice President Hobart would preclude its being read on Monday.

NEW YORK, Dec. 1.—A special dispatch to the Herald from Manila says: General Lawton is at Bambong, twenty miles south of Bayambang, in the Cagayan valley.

He is in telegraphic communication with the insurgents over the wire in their possession, and commanders of the opposing forces are considering propositions made by telegraph looking to the surrender of the rebels to the Americans.

Push Into the Interior.

WASHINGTON, Dec. 1.—General Otis' advice to the war department today show that the advance into the interior is being vigorously pushed and the American troops continue to drive back and disperse the scattered bands encountered.

He states that Captain Warwick, Eighteenth Infantry, was killed in an engagement at Passi, Iloilo province, on the 26th ultimo. General Otis' dispatch is as follows:

"MANILA, Dec. 1.—Hughes reports from central Panay that Iloilo province, one-third of island, is cleared of insurgents. By forced marches with two battalions from Labuanon by way of Calangue he obliged enemy to engage at Passi on 26th ultimo and drove him with loss to the mountains in detached bodies, capturing ten fieldpieces, of which two are breechloaders; also nine rifles and several thousand rounds of small ammunition; Hughes' casualties, Captain Warwick, Eighteenth Infantry, and Private Daniel W. Humphreys, Company K, Eighteenth Infantry, killed. He reports his troops in excellent health. Is now converting wheel into pack transportation for purpose of entering mountains. Expected that he will pass on to Caniz, northern coast of island.

"Dispatches from Lawton indicate Bayambang captured on the 28th ultimo. Both trails over mountains impracticable for wheel transportation of any kind. Troops have subsisted on rice and scant supply of that. MacArthur's troops have had several minor engagements, capturing men and rifles. Bull's capture in mountains includes fourteen modern guns, all in good condition; over fifty pieces of artillery captured by troops of corps in last three weeks.

"Oregon brought in 106 Spanish prisoners from Vigan yesterday, ninety-four received by rail previous evening. Young, with three troops cavalry and March's battalion Thirty-third Infantry should have reached Finan yesterday.

"Conditions Zamboanga satisfactory. Additional ordnance surrendered consisting of four fieldpieces, seventeen rifles, quantity of ammunition. Natives of adjoining towns are visiting the city and native military bands are serenading troops. Thirty-first Infantry leaves Manila this evening for garrison several stations on Mindanao coast; no difficulties anticipated.

Miss Annie E. Guining, Tyre, Mich., says: "I suffered a long time from dyspepsia; lost flesh and became very weak. Kodol Dyspepsia Cure completely cured me." It digests what you eat and cures all forms of stomach trouble. It never fails to give immediate relief in the worst cases. F. G. Fricke & Co.

HAYWARD IS AGAIN WORSE

Requires the Utmost Efforts of Dr. Whitten to Rally His Patient.

NEBRASKA CITY, Dec. 3.—Senator Hayward's condition has been more unfavorable today than at any time during his illness. It required the utmost efforts of Dr. Whitten to rally his patient, whose temperature was 101, nearly two degrees higher than at any previous time. Dr. Whitten posted the following bulletin at 10 a. m.:

"Senator Hayward passed a restless night, only sleeping three hours. His temperature is 101, pulse 100, respiration 33. His mind is clouded and he is only conscious a portion of the time."

At 7 p. m. Dr. Whitten issued the following bulletin: "Senator Hayward is resting easy. His temperature is 101, pulse 107 and respiration 36."

Woman's Club Meeting.

The Woman's club held a pleasant and instructive meeting last Friday. Their parlors were comfortably filled and much interest was manifested in the two subjects—"The Transvaal" and "Colonial Wars."

Mrs. Waugh, leader of the Current Topics department, was well prepared with the events of the week and she was assisted by members of her department. Current Topics and interesting events, besides the latest press reports of the Transvaal war, were discussed—most of the members taking part.

The school visiting committee were prepared with their monthly report, which was listened to attentively. Nearly all the members of the club have children in the public schools, and they naturally feel a great interest in this branch of club work.

Mr. Root delivered a most interesting address, his subject, "Revolutionary Period," being one of great interest, and his manner of presentation brought long forgotten incidents of this period vividly before the minds of the class. A vote of thanks was tendered Mr. Root by the class at the close of his address. A number of visitors were present.
