

TWO LIVELY RUNAWAYS

Delivery Team of Weckbach & Co. Take a Notion to Run.

Driver Thrown to the Ground, But Escapes Being Injured—The Team of Frank Blatzer Takes Fright And Makes a Lively Dash—Other Local Happenings.

The delivery team belonging to Weckbach & Co. took a notion to run away on Washington avenue about noon today and started out at a rapid gait. Frank Schiele, the driver, was thrown from the seat when the wagon struck a crossing, but the animal was stopped soon afterward, the front wheels of the vehicle striking a telephone pole. Fortunately, the only damage resulting from the runaway was a broken double-tree.

Frank Blatzer and wife, who reside on a farm several miles west of Myrard, were coming to Plattsmouth this morning in a buggy. When they were a short distance east of Myrard, the team became frightened and ran away, throwing the occupants out, but they were not injured. The animals ran for about a mile and, when finally stopped, it was found that the buggy had been badly demolished and the harness broken in many places. The buggy was a new one, having been recently purchased by Mr. Blatzer.

An Enjoyable Afternoon.
About thirty ladies were delightfully entertained by Mrs. Agnew and Mrs. Byron Clark at the home of the former yesterday afternoon. The reception hall and parlors were artistically decorated with carnations and ferns—pink being the color scheme throughout the rooms.

A sewing contest furnished entertainment during the afternoon. Squares of patchwork were distributed, a prize being the incentive for the neatest and most tasteful arrangement. Mrs. Dave Miller was the lucky recipient of a beautiful wedgewood jardiner as a reward for her neat needlework. At 5 o'clock an elegant three course luncheon was served at seven small tables. Partners were found by locating cities—a state and three cities being assigned to a table.

The following guests were entertained: Mesdames C. F. Stoutenborough, J. N. Wise, F. E. White, J. Peppenberg, F. S. White, Dave Miller, B. Elson, J. G. Richey, S. Waugh, Wendall, C. A. Rawls, V. L. Leonard, F. E. Ruffner, H. J. Staight, J. Herold, Robert Black, W. Wintersteen, J. Waterman, H. D. Travis, J. Mitchell, A. Patterson, — Gardner, D. S. Guild, J. I. Urub, J. R. Cox, A. L. Munger, Omaha; S. H. Atwood, Lincoln; Misses Baker and Stoutenborough, assisted by Lillian Shryock and Marjory Agnew, served refreshments and assisted through the rooms.

German Ladies Entertained.
The Frauenverein of St. Paul's Evangelical church met at the home of Mrs. F. G. Fricke yesterday afternoon. There was a large attendance, and besides the "sewing circle" a portion of the afternoon was spent listening to the reading of an interesting paper by Mrs. Phil Mileroff, entitled "Queen Louise." Refreshments were served by Misses Tillie Lehnhoff and Dora Fricke.

Following were among those present: Mesdames Hoffman, J. Martin, Thorton, Thierolf, Lehnhoff, E. Lutz, Rhode, H. Martin, J. Mumm, Leuchinsky, Fricke, Ploeger, Rudig, H. Herold, J. Lutz, Sattler and Misses Henrietta Hansen, Gusta Rader, Martha Leuchinsky and Henrietta Meister.

SCHOOL NOTES.

Haife & Reed, the plumbing contractors, have practically completed the heating plant for the new building.

The shingling of the new high school building is almost completed and will probably be finished this week.

Several new pupils have entered the High school this week and the rooms all over the city are crowded—some with more pupils than seats.

The visiting committee of the Woman's club—Mrs. Stoutenborough and Mrs. Rawls—spent some time visiting in the central building this week.

The board of education will take action upon the lighting of the new building, as well as the seating, at their next regular meeting, Monday evening, February 5.

Superintendent McHugh, who is chairman of the auditing committee of the State Teachers' association, left for Lincoln this afternoon to audit the accounts of the treasurer for the past year. The committee meets for that purpose this evening.

The books of views belonging to the High school reference table have been loaned to the seventh and eighth grades during the past two weeks and they have enjoyed the fine views of the places mentioned in their study of geography and United States history.

The board of education, at a special meeting, this week, decided to raise the door of the new High school building so as to have all the steps on the outside and thus do away with the steps in the vestibule. There will be a platform in front of the main doors and the steps will lead down from that.

In pulmonary trouble, the direct action of Ballard's Horsebalm Syrup upon the throat, chest and lungs, immediately arrests the malady, by relieving the distress, cutting the phlegm and freeing the vocal and breathing organs. Price 25 and 50 cents. F. G. Fricke & Co.

C. A. Rawls of Plattsmouth and Thomas Barnum of Union passed through the city yesterday enroute home from a business trip to Sidney, Ia.—Nebraska City Press.

Bob Patton, who was called to Ashland Wednesday afternoon by the announcement of his mother's serious illness, returned last evening. He reports his mother slightly improved.

F. A. Sneiderman, an accomplished young musician of Chicago, arrived in the city yesterday, and if he can secure sufficient encouragement in his line of work, will remain in Plattsmouth.

Professor F. A. Sneiderman of the Chicago Conservatory, teacher of violin, wants amateurs to train for orchestra work. Music furnished for balls, parties and weddings. Now located in Rockwood building.

Go and hear Blind Boone depict "The Tornado of Marshfield." It is truly grand and realistic. Beneath his manipulation, the piano seems alive and thrills his hearers with exquisite strains of delicious melody.

No one can afford to miss the Blind Boone concert at the Presbyterian church next Tuesday evening. It will be the treat of a lifetime. Be sure and take the children. Tickets only 25c—at Helpe's bookstore; reserved seats 35c.

There was a report in circulation on the streets today to the effect that the Boers had retaken Solonkap and that General Warren and his entire force were prisoners. The report was based upon a dispatch to that effect printed in an extra edition of the New York Journal this morning.

The grand concert given at White's opera house last night by Miss Rosa D'Erena and her talented husband was largely attended. These artists are celebrated throughout Europe and America, and their entertainment last evening was certainly worthy of the patronage which it received.

Mrs. Longenhagen entertained the Presbyterian Aid society very pleasantly Tuesday afternoon of this week. A large number of members and guests were present and the afternoon was spent in needle work and discussing plans for church work. A nice luncheon was served at five o'clock.

Blind Boone is a musical prodigy. Nature only produces one such genius in every few centuries. He can imitate various instruments or the incoming train to perfection. Having been blind since his infancy he learns a piece of music by hearing some one play it over two or three times. Blind Boone the phenomena of the age, at the Presbyterian church, Tuesday evening, January 30.

Quite a delegation from Golden Rod Castle No. 15, Imperial Mystic Legion, visited Loyal Castle No. 62 of Murray last evening, and report a very pleasant time. State Deputy Joseph Goldschmidt acted in the capacity of chaplain. Eighteen candidates were initiated, two of which took both the full degree and side degree. Among those present were: Misses Stella Boyd, Edna Oliver, Kate Rishel, Catharine Jess and Messrs. A. W. MacGowan, Joseph Goldschmidt, E. W. Fitt, A. B. Davis, William Carstens and J. I. Mason.

INJURED BY PILE DRIVER

Will Fitzgerald May Die As a Result of an Accident.

His Brother In This City Receives Word to That Effect—A Bad Fire at the Home of Robert Gilliam—Jewvenile Brass Thieves at the Burlington Shops.

Ed Fitzgerald received a message last evening from Minnialin, a station twenty miles north of Alliance, conveying the information that his brother, Will, had been injured while working with a pile driver. The dispatch did not state when the accident happened or the nature of the injuries. The unfortunate man was working on the Alliance extension of the Burlington, and was employed by William Neville of this city.

About 10 o'clock this morning Mr. Fitzgerald received another dispatch, which said the young man was not expected to live, and he left this afternoon on No. 7 for Alliance.

The injured man is quite well known in this city, having resided here and at L. U.ville for a number of years. He has a large number of friends who hope to hear of his early recovery.

A Bad Blaze.
The fire alarm was sounded about 11 o'clock last night and the department was called to the home of Robert Gilliam on Chicago avenue. The blaze had already assumed great proportions when the firemen arrived, and it required some hard work to put out the flames.

About 10 o'clock, just before retiring, Mr. Gilliam emptied the ashes and fire from his pipe into a basket of cobs standing near the stove. Some time after the cobs began to burn and gradually the flames worked their way to the ceiling and had spread over the whole room before they were discovered.

Mr. Gilliam and some of the neighbors succeeded in getting the furniture and other contents out of the burning building, and they were thus saved. The damage to the building is estimated between \$75 and \$100, with no insurance.

It was indeed fortunate that the high wind did not cause the flames to spread to surrounding buildings.

Jewvenile Thieves.
A number of small boys were caught stealing some brass, copper and other materials at the shops the other day, and Deputy Sheriff McBride was called on yesterday afternoon to look after the matter.

The lads admitted having taken the articles and sold them, but their location could not be found, and it was decided to let the boys go this time upon promising to cease their pilfering work.

Imperial Mystic Legion, at its regular meeting last evening, installed the following officers:
Worthy Past Regent—G. F. S. Burton.
Worthy Regent—A. W. Magowan.
Worthy Vice Regent—Jack Pierce.
Physician—E. W. Cook.
Surgeon—T. P. Livingston.
Warden—Miss Stella Boyd.
Messenger—Miss E. Oliver.
Secretary-Treasurer—E. W. Fitt.
Herald—William Carstens.
Watch—Jacob Mason.
Guard—Ben Davis.
Trustees—J. Pierce and E. W. Cook.

Several applications for membership were considered, and a committee was appointed to make arrangements for an entertainment to be given in the near future.

About twenty Mystics, chaperoned by Deputy Regent Goldschmidt, will go down to Murray this evening to visit Loyal Castle, No. 40, and assist in the initiation of about forty-nine members.

MURDOCK ITEMS.
Cora is beginning to move freely.

John Arres is down with a severe case of diphtheria, so that his family is much alarmed over his condition. Dr. Conzett is attending.

The William Rennwanz sale last Tuesday was well attended and every thing brought good prices. About March 1 the family will leave for Germany.

Christ Mockenbaupt and son made a trip to Lincoln to visit the former's two oldest boys who are attending a parochial school there, and he says they are doing fine.

Work is progressing rapidly on the Methodist church now in course of erection here, and a few more days of fine weather will find it inclosed where it can be completed at leisure.

We had the pleasure of listening to a good sermon last Sunday evening by Howard Tool, who supplied the pulpit in the Evangelical church here. It was Howard's maiden effort delivered in a conscientious manner to a fair sized congregation, and we bespeak success for the young worker.

RAILROAD NOTES AND PERSONALS

The boiler-makers at the Cheyenne Union Pacific shops have been granted an advance in wages of 14 cents per hour. They are now getting 34 cents per hour, instead of 22 cents. This is the final settlement of the strike trouble at the shops, and it is said to be quite satisfactory to the men.

The Burlington has just arranged to put on a new train to run from St. Louis to Portland, O. e., beginning May 1. The project is considered by railroad men to be one of the biggest strokes of enterprise undertaken by any railroad for a long time. The service will be a solid train throughout, all cars of the high class, and is expected to revolutionize the passenger business from the southeast to the northwest. After leaving St. Louis the train will pass through Kansas City, St. Joseph, Lincoln, and then go northward to Billings, Mont., where it strikes the Northern Pacific, and is to be carried by that road on to Portland, passing through Helena, Spokane and other cities along the Northern Pacific line. Passengers will not be required to change cars from the time they leave St. Louis until they enter Portland. The train will be composed of a baggage car, mail and express, combination coach and smoker, chair car, with toilet compartment and smoker combined, tourist sleeper, Pullman sleeper and diner. All of the cars are to be new from the shops.

Burlington passenger No. 19 was over a half hour late this morning.

A passenger coach which has been undergoing repairs at the shops was turned out this morning and attached to No. 19.

An official of the Burlington has stated that a new deal is contemplated on the system. Hereafter brakemen will not be allowed the privilege of making the time cards. The right to make new time cards and announce them several months ahead of the issue will be delegated to the men in the switch stables.

A new pension plan, which has been submitted for consideration to the officials of the Chicago, Burlington & Quincy by that company's employes, provides that each of the 23,000 employes pay 1 per cent of his monthly wages into the pension fund, and that when any member reaches the retiring age he be paid thereafter one-half of his regular wages; also that the \$600,000 reserve fund in the Burlington relief be invested so as to yield at least 4 per cent annually for the fund.

Roadmaster Patrick O'Donnell of the Burlington was in town today on company business.

WHEREAS, in His inscrutable providence the Divine Creator of the Universe has removed from our midst a dearly loved and valued brother, Frank I. Vermilyea, and

WHEREAS, in the death of our deceased brother, Lodge No. 8, Ancient Order of United Workmen, Jurisdiction of Nebraska, has lost a valued, esteemed and enthusiastic member to whose indefatigable energy, we in no considerable degree, are indebted to the strength of our organization and the existence of our lodge building, which stands as a monument to his untiring zeal and endeared memory, therefore be it

Resolved, That we the Ancient Order of United Workmen, hereby tender to our deceased brother's family our sincerest and tenderest sympathy in their loss, and great bereavement, and express our profound sense of sorrow at the loss of a member for whose manhood and honor we have so high a regard, and may his life and conduct as a Workman be an inspiration to our order and emulated by others, and be it further

Resolved, That these resolutions be spread upon the records of our lodge and a copy presented to our brother's family.

A GIFT FROM GERMANY.

German Students Present a Bible to Rev. Mary Baker Eddy.

(Published by Request.)
Concord has recently had two visitors who came here upon an unusual and unique errand. These visitors were Frau Bertha Gunther Peterson and Frau Ida Schoon of Hannover, Germany, who crossed the water to pay their respects to an eminent citizen of Concord, Mary Baker Eddy, and to present her with a beautiful and valuable copy of the German bible, the gift of the Christian Scientists of Germany.

Frau Peterson, who is the leader of the Christian Science work in Hannover, Germany, is the daughter of a celebrated physician, and is a woman of great intellectuality and marked ability. Through the healing of a friend who had come to America, she was led to send for a copy of the Christian Science text-book, "Science and Health with Key to the Scriptures," of which Mrs. Eddy is the author.

From her study of this treatise on the science of life, she was herself healed of severe maladies and restored to perfect health. She then visited America and took a thorough course of study in one of the leading Christian Science institutes. On her return to Germany she at once entered actively upon the work of applied Christianity with great success.

This movement has a large following in Germany, and, as elsewhere, is growing rapidly. Among the first to visit Frau Peterson for help was the son of the famous Count von Moltke, the great field-marshal of the German empire. Herr von Moltke was completely healed of long standing ailments, for which he had vain sought far and wide for relief. His restoration to health was so remarkable that it attracted widespread interest in the court circles of the empire; and among others who became interested in the sister of Emperor William, who is now reading Science and Health with interest and profit.

Herr von Moltke, thoroughly convinced from careful study and from his own practical experience of the trustworthiness of the Christian religion which had healed him, identified himself with the movement, and, being a talented musician of exceptional ability, gladly gave his services as soloist for the religious services of the First Church of Christ, Scientist, in Hannover.

Among others to receive physical and spiritual help in Hannover from this healing religion is a distinguished doctor of medicine, who said to Frau Peterson: "Your religion is doing greater things than I have ever done." A clergyman was healed of many ailments, after an unprejudiced and intelligent study of Science and Health, and is now performing his Christian ministrations in healing the sick and restoring the sinful in the light of Christian Science. After being convinced, from a thorough investigation of the Christ Spirit made manifest in its followers, he declared that he must put in practice its divine principle.

The studious habits, the profound scholarship, the kindly nature, and the simple faith of the German people make easy the acceptance of the Christian Science which Mrs. Eddy has named Christian Science.

This copy of the Holy Scriptures, which is a rare specimen of the printer's and book binder's art, is substantially bound in leather with rich silver trimmings and clasp, upon the latter of which is engraved the name of Mrs. Eddy.

From the title page one learns that the sacred work is a translation of the Holy Scriptures according to Martin Luther, and contains thirty fine engravings upon Old Testament subjects by the great masters, and fifteen rare engravings on the life of Jesus by the world-famed artist, Heinrich Hoffman.

A handsome illuminated page has been inserted, which in beautiful German text reads as follows: "The members of First Church of Christ, Scientist, in Hannover, Germany, in profound esteem, present this volume to their beloved teacher and leader." Then follow the names of the donors.

In connection with this expression of love and gratitude for the physical and spiritual healing that has come to these reverent people through Mrs. Eddy is an interesting incident. One of the early students of Mrs. Eddy said, "Germany will be the first European nation to accept Christian Science. Their love of God, their profound religious character, their deep faith, and strong intellectual qualities make them particularly receptive to Christian Science." In the presence of this gift it is seen that this prophecy is being fulfilled.—Concord Monitor.

Neapolitan's Death Mask.
On March 4, 1821, the day after the great Napoleon died, Alphonse, his physician, took a plaster cast of his face, and for this death mask he was soon afterward offered £6,000 by a wealthy London collector of curiosities. He refused the offer and retained the mask in his possession until he had secured a perfect copy of it in bronze. The original cast was then offered for sale in London, the price asked being first £6,000, and afterwards £5,000. No purchaser, however, appeared, and the same was the case in Brussels, where the price asked was 100,000 francs. The bronze mask had meanwhile become the property of the society entitled the Sons of Glory, all of whom were at one time officers of the grand army. Whenever a member of the society died the mask was placed on his coffin during the funeral services. After the death of the last member the mask passed into the possession of Miss Forty, an English lady. She has just died, and at the sale of her effects the once famous mask fetched a comparatively small sum—ridiculously small, indeed, when compared with the sum which was once offered to Automarck.
