Fair Counts-All Parties to Unite to Bring About Modification of the Goebel Law.

FRANKFORT, Ky., Feb. 6 - Whether it shall be war or peace in Kentucky rests tonight with Governor Taylor alone. The question has been in his mind all day and tonight he declared that he had reached no decision and will announce none before tomorrow.

The agreement reached by the Louisville conference last night was brought to him tonight by a committee consisting of General Dan Lindsay, T. H. Banter and T. L. Edelin. They handed Governor Taylor a copy of the agreement and were closeted with him for a short time and then departed. As they left the building Mr. Baker remarked: "I hope and believe that the entire matter will be amicably adjusted. More than this I am unable to

say at the present time." General Lindsay and Mr. Edelin spoke in similar terms and while all expressed themselves as reasonably confident that Governor Taylor would acquiesce in the terms of the agreement they all desire to be understood as saying that they had no authoritative reason from Governor Taylor for entertaining the belief they expressed.

Eirly in the morning, before he had received a copy of the agreement, Governor Taylor said: Wants Fair Elections

"Under no circumstances will I discuss the agreement before a copy of it reaches me. It would be most unfair and most discourteous for me to do so.
