PORTO RICAN RELIEF

Over $2,000,000 Set Apart for the Benefit of That Island.

To Be Used by the President in Assisting the Impoverished Islanders—An Amendment Declaring an Important Principle Defeated Two to One—Tillman's Compliment to the President — Resolution Aimed at the Standard Oil.

Washington, March 17.—After a debate, at times spirited, extending over parts of two days, the senate yesterday passed the Porto Rican relief appropriation bill. As passed the measure carries $2,085,000, the president being authorized to use that sum "for public education, public works and other governmental and public purposes" in Porto Rico. Allen of Nebraska offered an amendment to the bill declaring that the constitution extends over Porto Rico by its own force, but it was lost by the decisive vote of 36 to 17. Jones of Arkansas withdrew a free trade amendment offered by him, and that proposition, therefore, did not reach a vote. Other efforts to amend the bill were fruitless.

Tillman's Compliment to McKinley.

Tillman referred to what he said would be the monumental salaries of the officials in the insular possessions, particularly noting the members of the Philippine commission. Foraker informed Tillman that he had been told that the highest salary of any member of the commission would be $10,000 a year. "That may be disappointing to the senator," suggested Foraker.

"No," replied Tillman. "I'm gratified. I'm always willing to trust William McKinley, but it's his bad and wicked partners that I'm afraid of. He is a patriotic and noble man, although just now he may be carried off his feet by the dream of appearing in history alongside of Jefferson and others whoaddled largely to our territory."

Vote on an Important Point.

The yea vote on the motion to table Allen's amendment was as follows:

Allison, Baker, Bard, Beveridge, Carter, Davis, Dehoe, Elkins, Fairbanks, Foraker, Foster, Gallinger, Gear, Hale, Hanna, Hawley, Kean, Lindsay, Lodge, McBride, McComas, McCumber, McMillan, Penrose, Perkins, Pritchard, Quarles, Ross, Sewell, Shoup, Simon, Spooner, Thurston, Warren, Wellington, Wetmore—36.

Porto Rican Government Bill.

The bill for establishing a civil government in Porto Rico has been practically completed by the sub-committee of the house committee on insular affairs. The bill prohibits the issue of stock or bonds except for cash, or the issue of stock or bond dividends. It prohibits the granting of public franchises by private bills, but provides for a general franchise law reserving to the legislature the power to amend, alter or repeal franchises at will, and also the right to purchase such franchises. It prohibits the organization of banks of issue and the organization of agricultural corporations. The latter provision is to prevent the agricultural lands of the island falling into the hands of a big corporation. Following the law in this country it also provides that banks procuring title to lands in payment of debts must dispose of such land within five years.

AIMED AT THE STANDARD OIL.

Resolution Calling Attention to the Recent Immense Dividend.

Washington, March 17.—Fitzgerald of Massachusetts yesterday introduced the following resolution in the house:

"Whereas, It appears as a matter of public record that the Standard Oil company paid in the city of New York on March 15, 1900, the sum of $17,000,000, this amount being an extra dividend in addition to the regular quarterly dividend of $3,000,000; and,

"Whereas, It is a matter of public record that this last dividend is $5,000,000 in excess of the last quarterly dividend paid by this corporation; and,

"Whereas, It is also a matter of public record that the price of kerosene oil, the sole means of lighting used by the middle and poorer classes of people, during the period of time between the declaration of these dividends was increased 3 cents per gallon, constituting a tax on every home in the land; therefore, be it

"Resolved, That in the opinion of congress this action of the Standard Oil company is in direct violation of the provisions of the Sherman anti-trust law, and therefore punishable by fine and imprisonment; and the attorney general is hereby directed, in accordance with the provisions of that act, to direct the several district attorneys of the United States in their respective districts to institute proper proceedings to bring the above named violators of law to justice."

Naval Board in Case of War.

Washington, March 17.—Secretary Long yesterday issued the order constituting a general board "to insure efficient preparation of the fleet in case of war and for the naval defense of the coast." The order designates the admiral of the navy, the chief of the bureau of navigation, the chief intelligence officer and his principal assistant, the president of the naval war college and his principal assistant, and three other officers not yet named, as the board, which is to meet once a month in this city.

Treasury Clerks Are Busy.

Washington, March 17.—The officials of the treasury are overrun with work as a result of the passage of the new financial bill. The applications for the exchange of old bonds for new up to the time of closing the department yesterday amounted to about $27,000,000, all but about $3,000,000 coming from national banks. A considerable number of state banks have applied for authority to convert themselves into national banks.

Was Driven Out by the Press.

Washington, March 17.—The state department has been notified that the Persian government is about to send a minister to Washington. For ten years this post has been vacant, the incumbent leaving in wrath owing to the merciless ridicule heaped upon him by the American paragrapher on account of his queer name—Hadji Hassan Gooli Kahn, with a half doze n additional syllables.

Gen. Wheeler at Washington.

Washington, March 17.— General Wheeler arrived at Washington yesterday and was with the president some time. On leaving the White House he said his resignation had not yet been accepted, but he expected a decision would be reached within a few days.

GEN. HARNDEN IS DEAD.

Another Veteran of the Civil War Passes to His Long Rest.

Madison, Wis., March 19.—General Henry Harnden, commander of the Wisconsin department of the Grand Army of the Republic, and the officer who commanded the Wisconsin troops that with a Michigan company captured Jeff Davis, died of pneumonia Saturday evening, after lingering several days. He was born in Massachusetts in 1823, roved the sea for several years, was in California in 1838 and then in a decade later participated in the Mexican war, was several times wounded in the civial war, captured Jeff Davis, was ten years revenue collector, and had lived in comfortable retirement since. A widow and four children survive.

At the capture of Davis an unfortunate affair happened which was afterwards the cause of some controversy between General Harnden and the lieutenant colonel of a Michigan cavalry regiment, but was finally settled by congress dividing the reward given for Davis between the two parties and exonerating General Harnden from all blame in the collision of the two regiments, in which two men of the Michigan regiment were killed and several wounded, also the wounding of several of the Wisconsin men.

Madison, Wis., March 19.—S. H. Tallmadge, the new commander of the Wisconsin G. A. R., arrived from Milwaukee last night and will today complete arrangements for the funeral of General Harnden, which will take place at 10 o'clock Wednesday morning at the Congregational church. Posts of the G. A. R. are urgently requested to send representative to the funeral.

USED A WHIP ON WOMEN.

They Wanted to Spread the Smallpox and Defied the Quarantine.

Indianapolis, March 19.—A special to The Sentinel says: "Two women living at Lyons, Greene county, caught smallpox and were promptly placed in quarantine. They imagined they had the chicken pox and were angry because they were not allowed to go and come as they pleased. One of them said she would get even with the town authorities by spreading the disease all over the place.

"They started out in male attire. The health authorities had a man on guard and he attempted to stop them. They attacked him and he was forced to beat a hasty retreat. The next night he armed himself with a black-snake whip and when they attempted to leave the house he gave them each a whipping and drove them back."

HADLEYS' MILL BURNED.

Loss Said to Be $2,000, With Insurance to the Amount of $1,000.

The feed mill on Chicago avenue, recently built by Messrs. Hadley, was almost totally destroyed by fire at about 1 o'clock Saturday morning. The origin of the fire is unknown, but it is thought to have been caused by gas which escaped from the engine. When the mill was closed in the evening, a small fire was allowed to remain in the engine, in order to prevent the water in the boiler from freezing, and it is thought the door of the furnace was in some manner forced open, permitting the gas to escape.

Nearly the entire building and all the machinery was destroyed and very little, if any, can be saved. The plant was insured for $1,000, but this will barely cover one-half of the actual cost. The loss to the owners is a very severe one, as they had just gotten the machinery in first-class working order, preparatory to doing an extensive business in the way of grinding feed during the coming summer. They are not certain whether or not they will be able to rebuild.

What to Do Until the Doctors Arrive.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany (N. Y.) dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as the child was much better. The druggist, Mr. Otto Scholtz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends, until he has a constant demand for it from that part of the country. For sale by all druggists.

A Pastor Called.

The Mount Olive colored Baptist church, in a special meeting last night, extended a call to Rev. Samuel W. Beasly of Nebraska City as its pastor, and fixed the days of meeting to be the second and fourth Sabbaths of each month. Mr. Beasly will enter upon his duties as pastor on the fourth Sunday of this month, at which time the church will prepare a special program.

An Editor Finds a Sure Cure for Rheumatism.

I tried Chamberlain's Pain Balm, and was surprised to receive relief almost immediately. The Pain Balm has been a constant companion of mine ever since and it never fails." Decided Against Stull.

The case of the State of Nebraska, ex rel., C. Lawrence Stull, relator, vs. Frank Otto, treasurer of school district No. 28, was decided by Judge Jessen in district court last Saturday. This is an action wherein Stull asks that the court issue a premptory writ of mandamus to Otto, compelling the latter to register a certain warrant. The relator also asked that the costs of the action be taxed against the defendant. The court refused to grant the writ, however, and accordingly dismissed the application at relator's cost.

How to Save Doctor Bills.

We have saved many doctor bills since we began using Chamberlein's Cough Remedy in our home. We keep a bottle open all the time, and whenever any of my family or myself begin to catch cold we begin to use the Cough Remedy, and as a result we never have to send for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. Mearkle, general merchant and farmer, Mattie, Bedford county, Pa. For sale by all druggists

The work in the stone quarries has been going along nicely this week, and considering the condition of the ground the work has been quite satisfactory. Mrs. Calvin Zimmerman, Milesburg, Pa., says: "As a speedy cure for coughs, colds, croup and sore throat One Minute Cough cure is unequaled. It is pleasant for children to take. CATARRH: FORERUNNER OF CONSUMPTION.

Few realize what a deep-seated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, little or no attention is given it. But, however insignificant it may seem at first it is serious and far-reaching in its results.

The foul secretions entering the circulation poison the entire system. The stomach, kidneys—in fact all the organs—feel the effect of this catarrhal poison, and when the lungs are reached its progress is rapid and destructive, and finally ends in consumption.

It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft bones of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment.

CATARRH IS A CONSTITUTIONAL OR BLOOD DISEASE,

and far beyond the reach of mere local remedies. Those who rely upon them for a cure lose valuable time, meet with disappointment and allow the disease to take firmer hold. Only a real blood remedy can reach this troublesome and dangerous disease.

S. S. S cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and puts new life into the sluggish worn-out organs, and thus relieves the system of all poisonous accumulations.

Mrs. Josephine Pollhill, of Due West, S. C., writes: "I had Catarrh, which became so deep-seated that I was entirely deaf in one ear, and all inside of my nose, including part of the bone, sloughed off. When the disease had gone this far the physician gave me up as incurable. I determined to try S. S. S. as a last resort, and began to improve at once. It seemed to get at the seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease."

S. S. S. is made of roots, herbs and barks of wonderful tonical and purifying properties. It is the only vegetable blood purifier known, and a certain and safe cure for all blood troubles. Send for our book on Blood and Skin Diseases, and at the same time write our physicians about your case. They will cheerfully give you any information or advice wanted. We make no charge for this.
