His Men Drive the Boers From Strong Positions.

HIS OBJECTIVE IS LAING'S NEK.

Which He Believes He Has Made Un-tenable - Little Iron Roberts.

Botha Swears to Take to the Mountains—The Far Eastern Difficulty—No Change Apparent in the Situation.

London, June 9.—The war office has received the following dispatch from General Buller:

"Yellow Boom Farm, June 8.—On June 6 General Buller, with the Tenth brigade and the South African Light horse, seized Van Wyke hill. The enemy made some resistance, and a good deal of sniping occurred. Our casualties were about four killed and thirteen wounded.

Delivers a Frontal Attack.
"During that day and the following we got two 47 and two 12-pounder naval guns on to Van Wyke hill and two 5-inch guns on to the southwestern spur of Inkwele. Under cover of their fire General Buller today assaulted all the spurs of the berg between Botha's pass and Inkwele.

May Make Laing's Neck Untenable.
"The attack which was well planned by Buller and carried out with immense dash by the troops, for whom no mountains were too steep, outflanked the enemy, who were forced to retire from their very strong position. I think we did not have any casualties; and I hope I have obtained a position from which I can render Laing's neck untenable."

Roberts Bottles Up the News.
Lord Roberts has communicated nothing for three days, but permitted the correspondents to wire what is going on. London's inference is that he is resting, although he is possibly disposing his army for a reach after Commandant General Botha. A blockade of the wires owing to the crush of official correspondence may account for the scanty press dispatches. Some telegrams filed a week ago are only just now arriving. Among these are spirited descriptions of the fighting at Elandsfontein. According to one of them the streets were filled with women and children. Rifle-shots could be heard everywhere. Among the soldiers would start firing and join in the chase after chickens. The burghers surrendered to any one. Kafirs went about looting the Jewish stores, and mounted infantry galloped hither and thither.

Said to Have Deceived the Prisoners.
The Daily Express has the following from Pretoria, dated Wednesday: "The 1,000 prisoners who were deported from Waterburg were told that they were about to be given up to Lord Roberts. They entrained cheerfully and were conveyed to Nootk Gedeo, instead of Pretoria. General Botha, with a rear guard of 2,000, left Pretoria during the night. The British advance guard, on entering, was upon the very heels of the retreating Boers. Botha has sworn to carry on the war in the mountains."

THINGS ARE WARM IN CHINA.

Continued Fighting with the Boxers, Begun by the Russian Forces.

Washington, June 9.—That matters are in a serious condition in the "Flowery Kingdom" is evidenced by two cables received at the navy and state departments yesterday. One is from Admiral Kempff and says that there was a battle Wednesday between Chinese and Boxers near Tientsin, and that a large number of Boxers expected to reach Tientsin today. He also wired that the "Russian forces began the fighting" and that he wanted the Helena and a battalion of marines at once.

Minister Conger's message said there was to be no improvement in the situation, and asked for instructions. It was not deemed proper by the officials to indicate upon just what point Conger needs advice, but there is an intimation that he wishes to know to what extent he is to co-operate with the diplomatic representatives of the European powers at Peking. Secretary Hay took the message to the cabinet meeting. Conger will be instructed to do whatever is necessary to protect the lives of Americans and their property and to maintain the dignity of this government. He will be instructed to form no alliance with any government.

Then there was a cable from Tientsin, dated yesterday, which said that the Chinese reported that 4,000 Boxers surrounded 1,500 Chinese troops between Lofa and Yung-tsun Thursday and, according to the latest news, fighting was still going on yesterday morning. Officials said that 500 Boxers were killed, but give no account of the Chinese casualties. The Spectator, commenting on the Chinese difficulty, says it considers that if the situation becomes acute the "only alternative to a European concert—which will be effective only in the event of a war between England and Russia to act together in a definite agreement." The papers add: "They alone possess physical power near enough to the scene to be of immediate use. Every conflict in this case uses her Indian troops."

Continuing The Spectator strongly opposes any partition of China, and thinks it unsafe to assume that the Chinese soldiers prominent in the most exclusive and wealthiest social circles of this city. They were married ten years ago in Nashville, Tenn., where Mrs. Scott's family was very prominent.

Sanwore Weather in Dakota.
St. Paul, June 9.—Mrs. Mary Lee Scott has been granted a divorce, granted a divorce, from Thomas B. Scott, a resident of Chicago for the past two years, previous to which time the Scotts were prominent in the most exclusive and wealthiest social circles of this city. They were married ten years ago in Nashville, Tenn., where Mrs. Scott's family was very prominent.

Will Race the Stamp Duty.
Berlin, June 9.—In the reichstag, after a debate on the amendments to the stamp law necessitated by the increase in the duty, it was agreed to raise the stamp duty on home shares to two marks and on foreign shares to 2 1/2 marks per hundred.

ROBINSON'S BODY FOUND.

A Letter Received From Kansas City Throws Light Upon the Mystery.

B. J. Reynolds yesterday received a letter from Kansas City, containing the description of a body recently found in the Missouri river at that place, which Mr. Reynolds is confident is that of his cousin, Jack Robinson, who so mysteriously disappeared from his home near Nebraska City during the early part of April. The description is identical with that of Mr. Robinson—even to the missing thumb—and Mr. Reynolds has telephoned to the coroner at Kansas City to learn what disposition was made of the body and for further particulars, if any are to be had. He also received notice from the Odd Fellows' lodge at Tropic, Mo., of the finding of the body.

Mr. Reynolds is more certain than ever that his cousin's taking off was a case of foul play and the matter will be thoroughly investigated.

Enjoyed a "Stag" Party.

D. S. Guild invited a large number of his gentlemen friends to his home Saturday evening to enjoy a "stag" party. The host proved himself to be a very successful entertainer, and the guests spent a very enjoyable evening at various social amusements. Refreshments were also served and the only thing which in any way marred the pleasure of the occasion was the fact that quite a number of the "boys" were caught in the rain while returning home. The following gentlemen were present: Dr. W. B. Elster, Byron Clark, J. M. Robertson, C. C. and Tom Parmele, Thomas Kempster, H. J. and Arthur Helps, S. C. Wilde, J. K. Pollock, Dr. E. W. FARM HOUSES BURNED.

Isaac Nelson Loses All of His Residence Property.

The Loss Is Estimated at About \$1,500. With No Insurance—Owing to the Prevailing High Wind and the Absence of Apparatus to Fight the Flames the Buildings Could Not Be Saved.

Isaac Nelson, residing five miles south of Plattsmouth, lost all of his residence property—including three buildings—by fire at 6 o'clock Friday evening, the origin of the same being on a defective flue. One of the buildings was a substantial new residence, another the original home and the third a temporary building which his son, Lafayette, was occupying during the construction of a new house about eighty rods distant. The buildings destroyed stood within six feet of each other, and with the prevailing high wind and the absence of apparatus with which to fight the flames, they soon went up in smoke.

The furniture in the buildings was nearly all saved. The loss was about \$1,500, with no insurance.

The senior Mr. Nelson was in Weeping Water and knew nothing of the conflagration.

Twelfth Wedding Anniversary.

Friday being the twelfth anniversary of the wedding day of Mr. and Mrs. J. L. Root, it occurred to twelve friends to invade their domicile and assist them to celebrate the occasion. Mr. Root pretended that surprise parties were an every-day occurrence at his home, but when the guests presented Mrs. Root with a set of exquisite green and gold dessert plates, he concluded there were surprises and, and this was the most enjoyable of any he had experienced. A delightful social evening was spent and delicious refreshments were served. The guests were Messrs. and Mesdames R. O. Fellows, L. D. Bennett, Byron Clark, C. M. Butler, H. D. Travis, J. N. Wise, Mr. Cooper and Mrs. Wilson.

An "Unusual" Social.

The King's Daughters gave an "unusual" social last evening at the residence of Dr. C. A. Marshall. It was a very pleasant affair, and all present seemed to have a good time. The attendance was not very large owing to the numerous entertainments which have been held during the past week or ten days. The ices left were taken down to the store of E. G. Dovey & Son today, where the ladies succeeded in easily disposing of the same to customers who felt the need of a little refreshment.

April 30 there were 279 prisoners, there being seventeen received from the courts during the month of May, five whose term expired and one released on order of the supreme court.

The report shows that there was 10 cents a day difference between the cost of keeping the prisoners and the employees. The state paid 17 cents a day for the food of each employe during the month of May and 7 cents for each of the inmates.

Mike was at work on a ladder about thirty feet from the ground, when he took an aeronautic leap through the air. Instead of going up, as is customary in such feats, however, he went straight down to mother earth, alighting squarely on his feet. Aside from being shaken up pretty badly he sustained no injury. RHEUMATISM

Distorts Muscles, Shatters Nerves, Stiffens Joints.

Is due to an acid poison which gains access to the blood through failure of the proper organs to carry off and keep the system clear of all morbid, effete matter. This poison through the general circulation is deposited in the joints, muscles and nerves, causing the most intense pain. Rheumatism may attack with such suddenness and severity as to make within a few days a healthy, active person helpless and bed-ridden, with distorted limbs and shattered nerves; or it may be slow in developing, with slight wandering pains, just severe enough to make one feel uncomfortable; the tendency in such cases is to grow worse, and finally become chronic.

Like other blood diseases, Rheumatism is often inherited, and exposure to damp or cold, want of proper food, insufficient clothing, or anything calculated to impair the health, will frequently cause it to develop in early life, but more often not until middle age or later. In whatever form, whether acute or chronic, acquired or inherited, and no matter how severe, it can be cured. Neither do the preparations of potassium and mercury, and the various mineral salts, which the doctors always prescribe, cure Rheumatism, but ruin the digestion and break down the constitution.

Rheumatism is Strictly a Blood Disease, a remedy which builds up the general health and at the same time rids the system of the poison is the only safe and certain cure for Rheumatism. S. S. S., made of roots, herbs and barks of wonderful solvent, purifying properties, attacks the disease in the right way, and in the right place—the blood—and quickly neutralizes the acid and dissolves all poisonous deposits, stimulates and reinforces the overworked, worn-out organs, and clears the system of all unhealthy accumulations. S. S. S. cures permanently and thoroughly, and keeps the blood in a pure, healthy state.

Mr. J. O. Malley, 123 W. 12th Street, Indianapolis, Ind., for eighteen months was so terribly afflicted with Rheumatism he was unable to feed or dress himself. Doctors said his case was hopeless. He had tried fifty-two prescriptions that friends had given him, without the slightest relief. A few bottles of S. S. S. cured him permanently, and he has never had a rheumatic pain since. This was five years ago. We will send free our special book on Rheumatism, which should be in the hands of every sufferer from this torturing disease. Our physicians have made blood and skin diseases a life study, and will give you any information or advice wanted, so write them fully and freely about your case. We make no charge whatever for this service. Address, SWIFT SPECIFIC CO., Atlanta, Ga.

REPORT PROVES UNTRUE.
Young Beville Still in the Custody of Kansas Authorities.

News received today from the superintendent of the state reformatory in Kansas indicates that the report which was in circulation last week in regard to Elwin Beville was untrue. Jack Danson, on behalf of one of Beville's relatives, wrote a letter of inquiry to the superintendent of that institution last Friday, and received the following reply this morning:

BUTCHERSON, Kan., June 9.—J. R. Denson, Constable, Plattsmouth, Neb.—Dear Sir: In answer to your inquiry about Beville I have to say that he is still here and doing very well. He has never escaped and we do not intend that he shall. We do not think that he would attempt to run away if he had a chance. Your information was entirely wrong. Yours truly,

J. S. SIMMONS, Superintendent.

Hardly a day passes, in families where there are children, in which Ballard's Snow Liniment is not needed. It quickly cures cuts, wounds, bruises, Burns and Scalds. Price 25 and 50 cents. F. G. Fricke & Co.

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said at first it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 50 cent bottle cured me entirely. I now recommend it to all my friends.—F. A. Babcock, Erie, Pa. It is for sale by all druggists.

The Press acknowledges receipt of an invitation to the nuptial ceremonies of Harry Northcutt and Miss L. Blanche Kennedy, which occurs at the First Presbyterian church at Plattsmouth June 14. Congratulations are extended in advance. Mr. Northcutt is well known in the city of his nativity, and was court reporter under Judge Ramsey in the district court. His many friends in Nebraska City extend to him and his bride congratulations, and wish them nothing but happiness and prosperity.—Nebraska City Press.

The Chinese ask "how is your liver?" instead of "how do you do?" for when the liver is active the health is good. DeWitt's Little Early Risers are famous little pills for the liver and bowels. F. G. Fricke & Co.

Johny Likewise, the accommodated clerk for Weekback & Co., hired a lively rig yesterday and drove out to Louisville to see his best girl. On the way home in the evening, however, he had a little accident which, for a time, completely upset his presence of mind, and he was decidedly thankful today that he is among the living. A short distance west of the poor farm the animals began to run away, and it seemed the more Johny pulled back on the lines the faster the horses persisted in going ahead. Realizing that something must be done quickly, he turned them in the direction of a steep embankment which spanned one side of the road. This move, perhaps, saved the vehicle from total destruction, but the horses stopped so suddenly as to throw Johny several feet into the air, and the force with which he struck the ground gave him a bad shaking up. The tongue of the buggy was broken, and John found it absolutely necessary to walk the rest of the distance—about three miles. He is feeling very sore today as a result of the shaking up he received, and is thinking of hiring Uncle Ned Baker's horse hereafter when he makes the trip to Louisville.
