

NOT WITH SEYMOUR.

Pekin Legation's Still in the Hands of the Chinese.

ADMIRAL HAD A VERY TOUGH TIME

Fifteen Days of Continuous Fighting Was One Feature.

At Sea Had Been Surrounded and on Very Short Rations When the Relieving Column Arrived

—Losses at Tien-Tsin.

Shanghai, June 28.—It is asserted here that the viceroy of Nankin, has received instructions from Peking to inform the foreign consuls here immediately that the legations at Peking "have been arranging peace terms."

London, June 28.—An imperial decree published in Shanghai yesterday says a correspondent of The Daily Express, asserts that the imperial palace in Peking was burned on June 16 and that the attack on the palace was made by revolting Chinese troops.

London, June 28.—The casualties of the international force attacking Tien-Tsin were: American—Killed, 3; wounded, 2. British—Killed, 2; wounded, 1. German—Killed, 15; wounded, 27. Russian—Killed, 19; wounded, 35.

The 35th and 36th regiments of Americans and British is described as "beautiful." After the relieving force pushed on to relieve Admiral Seymour Chinese regulars under General Nieh, says a dispatch from Shanghai, again attacked the relieving force and held the foreign settlement with a terrible fire.

Found Seymour Surrounded. Colonel Dordward, British, commanded the column which relieved Admiral Seymour. American marines participated in the achievement. The admiral was found entrenched and surrounded by immense masses of Chinese who were advancing on the relieving column after a brief fight. His men had made a brilliant resistance, never falling in courage for fifteen days of continuous fighting during ten days the column was in quarter rations. They started with provisions for ten days, and they could have held out a day or two longer.

Caught Between Two Chinese Armies. The column was a few miles beyond Lofa. Deeming it hopeless to attempt to break through the hordes Admiral Seymour essayed a night retreat toward Tien-Tsin, but he came into collision with a Chinese force of Chinese arriving from the northwest and could neither advance nor retreat. There was nothing to do but to entrench and to stand siege. He vainly attempted heliographic communication.

Fate of Ministers Still in Doubt. Seymour's men caught several Chinese who said the legations had been burned and the ministers killed. Others said that the ministers had been captured, but they were in a very precarious position. The dispatches of the last two days indicating that they were a few miles from Tien-Tsin had allayed in a measure the tension existing here as to their safety. Yesterday's developments in Chinese affairs were meager. Two messages were received—one from Kempff and the other from Li Hung Chang—which could not be accepted as settling the important question as to the fate of the foreign ministers at Peking and their families and attaches.

Kempff's telegram was dated Chefoo, June 28, and said: "About 12,000 foreign troops now ashore. Soldiers ordered should report at Taku instead of Chefoo. Substituted Nashville for Yorktown at Chefoo. Yorktown used as dispatch boat, being more suitable."

There was little concrete information about the legations in that, surely, Minister Wu's was more definite, but seems to have been a lie-out of whole cloth, in spite of the fact that it was signed "Li Hung Chang." It was dated Canton, June 28, and read: "The legation ministers, having left Peking, are now twelve miles from Tien-Tsin with Admiral Seymour." Wu said he received this through the Chinese minister at London. Minister Wu would not explain away the points of variance between the viceroy's statements and the cable messages received from other sources. However, he pinned his faith on the accuracy of the message, and pointed out that it agreed closely with Admiral Kempff's message of Wednesday stating that the ministers were reported to be with Seymour.

Beats Reports His Loss. London, June 28.—Admiral Prince, in command of the British forces at Taku, reports to the British admiralty the following casualties: "At Taku, June 24, one seaman wounded. At Tien-Tsin up to the forenoon of June 23, four seamen killed and Lieutenants Strickland, Powell and Wright, Commander Beatty and forty-four midshipmen and seamen wounded."

Money Not Available. Columbus, O., June 27.—The Ohio supreme court handed down a decision adverse to the Toledo centennial project. The court held that the \$500,000 which the centennial board seeks, is not available. The decision will probably kill the centennial movement.

Gathering of French-Canadians. Marquette, Mich., June 27.—Early 8,000 French-Canadians from all parts of upper Michigan were here Monday to help the Marquette Society of St. John the Baptist to celebrate the twenty-fifth anniversary of its founding.

MILWAUKEE'S CARNIVAL.

Greatest Feature Is an Electrical Pageant Which is Also Novel.

Milwaukee, June 28.—The greatest feature of the carnival was the electrical pageant last night. It is said to be the third of its kind, and as each additional effort is usually an improvement on the other it is safe to say that the pageant was without exception the most beautiful of its kind yet seen. The pageant was made up of twenty floats which were erected on flat cars and propelled by electricity over the lines of the street railway company. The floats were illuminated with the aid of 1,500 incandescent lamps and presented a picture that would fall properly to describe.

The first float was a representation of the new battleship Wisconsin, the design being minutely carried out on a small scale. A music cabinet came next, which was followed by Rex, king of the carnival, sitting on his gorgeous throne attended by his royal court. The floats were made up of twenty floats which were erected on flat cars and propelled by electricity over the lines of the street railway company. The floats were illuminated with the aid of 1,500 incandescent lamps and presented a picture that would fall properly to describe.

KANSAS CITY IS AWAKE

Proposes to Prove Her Ability to Handle a Large Crowd.

SOME ANTE-CONVENTION GOSSIP.

Michigan Republicans Nominate Bliss for Governor—Prohibitionists Make Woolley the Standard Bearer.

Kansas City, Mo., June 28.—Convention signs are apparent, but not very plentiful. No one in Kansas City talks about anything but the coming Democratic national convention, and it is evident that the gathering is to be the event in the history of the city. They are getting ready for the crowds, and intend to take care of all who may come, notwithstanding the doubts that have existed concerning the ability of the city to handle a great national gathering. Over at the convention hall every effort is being made to complete the building by next Wednesday morning, and the men in charge renew their promises that the convention will not be delayed a minute by reason of incomplete arrangements.

Context Given the Platform Mooted. As to political news relating to the convention there is more coming into Kansas City than is being found or manufactured here. There is the faintest intimation that there may be a contest over the platform. It is known that Bryan not only wants the Chicago platform reaffirmed but desires the 16th declaration reiterated as strongly as it was in the Nebraska state platform. There are other Democrats who think a strong reaffirmation of the Chicago platform in a few words and then to pass on to "imperialism," trusts and other new features will be sufficient. The latter course is advised as one tending to satisfy eastern demands.

Speculation Over the Second Place. Speculation is rife about the man who is to be the vice presidential candidate with Bryan and here New York occupies the center of the stage. Gets a number of names have been suggested from that state besides Sulzer. No one here pretends to explain the talk about ex-Senator Hill, and western Democrats say that his announced intention to make Kansas City for the purpose of trying to secure a modification of the platform is sufficient to take him out of the vice presidential race. Other candidates mentioned include John A. Logan, and there is some little talk about Charles A. Towne. There is no doubt about the earnestness of Towne and his friends. He has headquarters organized and the Silver Republicans will hold a convention simultaneously with the Democratic gathering.

Their Fate Is in Doubt. Sioux City, Ia., June 28.—Grave fears are entertained by the family of Chrys Moller, manager for the Brice railway interests in China and for the city of Chicago, that he has been killed. No word has been received from him for an alarming length of time, and hopes that he had left the city to avoid danger have been shattered. The family, consisting of his wife and six small children, are now in this city.

Horse Had Hydrophobia. Seymour, Ills., June 28.—In January Seymour had a mad dog which bit a horse, which was subsequently killed. The horse was taken to the city and was very much frightened, gnashing its teeth and tearing around. Tuesday night it screamed and barked at times like the cries of a human being, tore its stall to pieces and partly demolished the barn in which it was kept. Wednesday the animal was lassoed and shot.

Bloomington Man in China. Bloomington, Ind., June 28.—Friends of Professor Norman McGee in this city are anxious over the reports from Tien-Tsin. Professor McGee was appointed to the chair of civil engineering in the imperial university at Tien-Tsin about six months ago, and it is feared that he has been killed. Professor McGee was born in Bloomington about 26 years ago and is the son of Dr. and Mrs. B. A. McGee, who now resides at Decatur.

Rains Pity Have with Crops. Arcola, Ills., June 28.—The recent heavy rains have played sad havoc with the growing crop. John Jones, a prominent farmer and an authority on such matters, says that corn, especially in the lowland, as well as broom corn, has suffered a depreciation of at least 50 per cent. Both of these crops on higher ground have probably sustained a loss of 30 per cent. The oats crop is practically gone in this section.

Republicans of Minnesota. St. Paul, June 28.—The Republican state convention yesterday afternoon adopted a resolution endorsing Senator Kaute Nelson for re-election, nominating Captain S. R. Vansant for governor, and endorsing the re-election of Governor L. A. Smith, both by acclamation.

This Boy Will Miss the Fourth. Kaukauna, Wis., June 28.—John Hoffman was caught and convicted of breaking into the store of John Surgen, and burning fireworks. The boy is but 14 years of age and is said by his parents to be incorrigible. He has been committed to the state reform school.

Blow Heated Fatally. Torre Haute, Ind., June 28.—George Crother, truck driver, for the Pittsburg Oil Well Supply company, was struck on the head by George Cox last Sunday during an altercation, and died Tuesday as a result of the assault. Cox is making his escape.

No Cannon Crackers on the Fourth. West Bay City, Mich., June 28.—The common custom will prohibit the use of cannon crackers on July 4.

Condition of the Injured People. Fond du Lac, Wis., June 28.—The condition of the patients injured in Sunday's railroad wreck continues favorable. Robert Wells rested most comfortably Wednesday night and is out of danger. Reports from Green Bay are to the effect that all the patients there are doing nicely.

Death of Gottlieb Ecker. Indianapolis, Ind., June 28.—Gottlieb Ecker, for many years president of the Indianapolis Mechanics' Association, is dead, aged 56 years.

SULZER BOOM GROWING

Most Notable Thing That Has Arrived in Kansas City.

Illinois Democrats Complete Their Ticket and Adopt a Platform—Michigan Republicans Go into Convention.

Kansas City, June 28.—Representative Sulzer, who is being boomed for vice president on the Democratic ticket, and Richard Croker and ex-Senator E. G. Murphy, of New York, will have a conference at Lincoln, Neb., with William J. Bryan before they come to Kansas City to attend the national convention. Sterling Price, of Texas, who has opened headquarters here for Sulzer, yesterday received a telegram from that gentleman saying he had left New York for Lincoln on noon yesterday. Another telegram says that Croker and Murphy will be in the Nebraska capital tomorrow night. Sulzer hopes to be on the ticket with Bryan, and he has expressed a desire to confer with him. Further than this Price would vouchsafe nothing.

More Help for Sulzer's Boom. President O'Connell, of the Sons of Liberty, the oldest organization in New York, has written to Kansas City and will open headquarters for Sulzer this evening or tomorrow, and Fred Flegel, editor of the Tammany Times, another Sulzer boomer, will arrive tomorrow. The city is beginning to take on a gala appearance in anticipation of an early arrival of delegates. Business houses are being decorated, and incense-burners are being strung in front of downtown streets, and a general clean-up is in progress. A good-sized contingent of eastern newspaper reporters has already arrived, but a general influx of people is not expected till tomorrow.

Innovation in Convention Proceedings. A convention innovation, the reading of the Declaration of Independence, from the platform, will be introduced at the first session on July 4, and according to the present programme the music and decorations of that day will be selected with a particular view to commemorating the national holiday. The badges for the delegates have been received. They are an elaborate affair. There is an oxidized silver bar on which is engraved the name of the delegate, and which hangs a silk ribbon four inches long. To the flag is attached a medalion of gold or oxidized silver.

Illinois Democrats Adjourn. Ticket Completed and Platform Adopted—Alleged Is Satisfied. Springfield, Ills., June 28.—Following is the Democratic state ticket as completed yesterday: Governor, Samuel A. Minton; lieutenant governor, Edward C. Stanger; secretary of state, Thomas E. O'Donnell; auditor of public accounts, George B. Parsons; state treasurer, John W. Doolittle; judges of the supreme court, John M. Doolittle, John W. Doolittle, and John W. Doolittle.

Michigan Republicans Go into Convention. The Michigan Republican convention opened yesterday afternoon at Detroit. The delegates were in the city in large numbers, and the convention was held in a large hall. The delegates were in the city in large numbers, and the convention was held in a large hall. LEGATIONS EXPELLED.

Given to Understand Their Absence Was Desired.

PROBABLY WITH SEYMOUR'S FORCE

Which is Now Located Eight Miles from Tien-Tsin.

And is Probably Believed by This Time—Further Assurance That the Pekin Foreigners Are Safe—Tien-Tsin Fight.

Washington, June 28.—The following cablegram was received at the navy department late yesterday afternoon, dated Chefoo, June 27: "Pekin force and ministers reported with Peking relief expedition entrenched eight miles from Tien-Tsin."

London, June 28.—The foreign office has issued the following telegram received from W. R. Carles, the British consul at Tien-Tsin, undated, but probably sent June 24 and forwarded from Chefoo June 27: "More news has been received by the commissioner of customs here from Inspector General Hart (Sir Robert Hart), at Peking, dated June 19, stating that the foreign legations have been evacuated by the Peking with twenty-four hours."

Seymour is Probably Relieved. London, June 28.—The composite brigade of 2,300 men which raised the investment of Tien-Tsin and advanced to help Admiral Seymour has probably saved him, but the news has not yet reached Chefoo,
