

DISTURBED THE PEACE

A La Platte Fisherman Becomes a Guest of Jailor McBride.

Gets on the Outside of a Good Load of Bug Juice and Proceeds to Amuse Himself by Destroying a Well Curb—Junior History Boys Not in Favor of the Cigarette.

A fisherman from La Platte named Alex Hunter came to town yesterday, and after visiting several of the liquor stores and taking on a good supply of the juice that makes a man forget his troubles, he started to walk home via the Missouri Pacific tracks. By the time he reached the depot he was feeling so good that he could not resist the temptation to destroy something and proceeded to amuse himself by tearing boards off a well curb belonging to a citizen in that part of town.

The officers were quickly notified by telephone of Hunter's actions, and Policeman Fitzpatrick hurried to the scene of the trouble. Hunter was brought to town and locked up.

When brought before Judge Archer this morning he seemed to regret having sinned as he did, but this tender feeling did not prevent him from pleading guilty to the charge of disturbing the peace, but he was very particular to impress the court that he was not intoxicated at the time, he having merely removed the boards to light a fire. Judge Archer listened to his explanation and then stated that it was the sentence of the court that he pay a fine of \$1 and costs, amounting in all to \$5.30. Hunter will stay at the jail for a few days.

Not in Favor of Cigarettes. The Boys' Junior History class are using their best efforts to suppress the sale of cigarettes in the city. Roy McKinney is circulating a paper for the signatures of the merchants, and those who sign it agree not to sell cigarettes and to use all possible means to further the good cause. Several have already signed such an agreement. The boys and the business men as well are to be commended.

D. E. Thompson Donates \$50. D. E. Thompson of Lincoln sent in \$50 this morning to be applied on the library fund. This is the largest donation from a non-resident and the city will appreciate his generous contribution. Mr. Thompson is noted for his generosity for other enterprises and it is fortunate for Plattsmouth that he remembered his former home.

SUBMITS PLANS OF WORK.

A Committee of the Woman's Christian Temperance Union Reports.

The committee on plan of work respectfully submitted the following, which was adopted by the W. C. T. U. at their county convention, held at Avoca June 27 and 28:

1. We recommend that each union place more stress upon the devotional exercises to make them more spiritual, that new members may catch the spirit of crusade fire that must follow a spiritual meeting, which will give them a desire to attend.

2. We recommend the organization of young women's work upon the plan of the Young Peoples' Christian Temperance Union, but wherever a separate organization cannot be maintained the young people be urged to unite with us in our work, and special programs be prepared and carried out by them.

3. We also recommend that a separate time be set apart for the study of department work in our local union; that drills in parliamentary usage be held under the auspices of the local union. Also that an effort be made to have the study of parliamentary usage introduced into our schools.

4. We recommend that our women continue their protests against the post canteen system until such a time as our government shall cease to put temptation before our soldiers. To this end we would recommend that each union hold a public meeting at the earliest date possible, at which time extracts from the Union Signal, the Ram's Horn or any other source be read and discussed, thereby bringing the subject more prominently before the people.

5. Believing that we should keep in touch with the educational interests of the state, we recommend that our women attend the primaries and exercise the right of franchise at the annual school election, seeking to place in nomination and secure the election of women as members of the school board.

6. In view of the importance of the information contained in our Year Book, we recommend that the county pay for a copy for each county superintendent, and that each union place one in the hands of each local superintendent.

7. Believing that the petition work is a great means of bringing reforms before the public, we recommend that our women be more active in their circulation.

A Very Bad Idea and Imposition. Cigar manufacturers think that any old thing in the shape of a cigar is good enough to sell over a saloon bar. But that is not the case with Pepperberg's products. The only 5 cent cigar having a merited reputation and fit to smoke are Pepperberg's Bicycle Club and Buds 5 cent cigars and El Boca 10 cent cigars.

A VERY QUIET FOURTH.

No Celebration of Any Importance in Plattsmouth.

One of the Features of the Fourth of July This Year Was the Fact That No Serious Accidents Occurred—Burl Chandler Has a Good Time Destroying a Screen Door.

The Fourth in Plattsmouth was a rather quiet event—there being no celebration of any importance. Both the bands were out of the city, and scores of people went to Omaha, Lincoln, Havelock, Wahoo, Weeping Water, Glenwood, Ia., and various other surrounding towns to spend the day.

The report of fire crackers could be heard frequently around town, but the day seemed more like Sunday than the Fourth. In the afternoon nearly all the business houses were closed.

An unusual feature of the Fourth of July this year was the fact that no serious accidents occurred. Mildred, the daughter of Mr. and Mrs. C. S. Johnson, met with a slight accident while shooting off fire crackers. Her mouth was quite badly burned by the discharge of a cracker while she was stooping to relight it.

Destroyed a Screen Door.

Burl Chandler celebrated the Fourth yesterday by taking on a little too much fire water. Upon the complaint of his mother-in-law, Mrs. Jennie Greener, he was brought before Judge Archer this morning to answer to the charge of disturbing the peace by using obscene and profane language and conducting himself in a vicious and offensive manner by tearing off and breaking up a screen door, which evidently got in his way while he was celebrating. He entered a plea of guilty and was accordingly assessed the sum of \$10 and costs. Burl did not have the cash at the time, and will be a guest of Jailor McBride.

Burlington Route.

Seven excursions to the Black Hills—June 21, July 7, 8, 9, 10 and 18 and August 2. Make a mental memorandum of these dates. On any of them you can buy tickets to Hot Springs, Custer (Sylvan Lake), Deadwood, Spearfish and Sheridan, Wyo., at rate of one fare plus \$2 for the round trip. Tickets will be good to return until October 31—the longest return limit ever made for tickets sold at so low a rate.

Unless you have been there you have no idea of the attractions of the Black Hills resorts. At Hot Springs, for instance, you can bathe, ride, drive, bicycle and play golf all day and every day. The pure air and the wonderful healing waters will rejuvenate and strengthen you as nothing else can do. Sylvan lake, besides being the prettiest spot in the Black Hills, is one of the most popular. Go there if you would escape midsummer's heat. The railroad ride to Spearfish is one of the experiences of a lifetime. Thousands make the trip every year. Spearfish canon, through which the railroad runs, is worthy of comparison with the finest scenery in Colorado.

Information about trains, through cars, etc., can be had at all B. & M. railroad ticket offices.

WILL OPEN A SANITARIUM.

Dr. A. Disbrow Decides to Start An Institution of This Kind at Kearney.

Dr. A. Disbrow, the gentleman who was in Plattsmouth for some time in the interests of his cure for the liquor habit, is now at Kearney making arrangements for the establishment of a sanitarium at that place. Dr. Disbrow made many friends during his stay at this place, and they join in wishing him success in his undertaking. Speaking of the doctor and his proposed plans, the Kearney Hub says:

"Articles of incorporation of 'The Disbrow Sanitarium company' were filed in the office of the county clerk Tuesday afternoon, July 3, and will also be filed at once with the secretary of state. The purpose of the incorporation is the establishment of a sanitarium in this city for the treatment of nervous diseases, and the incorporators are Dr. A. Disbrow, late of Chicago, his wife, and Mrs. Joe M. Fisher. The incorporation is preliminary, and whether a great sanitarium shall be founded here or located elsewhere depends upon the enterprise and public spirit of the people of Kearney.

"People in this city who have means to invest and who desire the most possible form of business investment, will be given an opportunity to subscribe to the capital stock; in view of the marvelous work that has been done here by Dr. Disbrow, the Hub is confident that the incorporation can and will be capitalized sufficiently to create one of the greatest sanitariums in this or any other country.

"As the Hub has said before, Dr. Disbrow came to Kearney by chance. His stay was unexpectedly prolonged. As a result he has formed so favorable an opinion of Kearney as a clean, delightful and orderly city, and is so greatly impressed with the advantages of climate and altitude, that he believes Kearney is one of the few favored spots in this country for a sanitarium such as he proposes. Its advantages to Kearney, and its profitability to those who may become interested in it, certainly do not need to be impressed upon the people of this city."

MURDOCK ITEMS.

Theodore Thingan made a business trip to Lincoln Saturday.

The open air concert given Saturday evening was well attended.

Bert Long and family have gone to Horton, Kan., for a summer vacation.

Mrs. E. O. Holmes has gone to Fremont on a two weeks' visit among relatives.

Miss M. Heath, a music teacher of Lincoln, has a class of eight here to whom she gives instruction.

Arthur Rikli and family spent the Fourth at Milford with the former's daughter, Mrs. Walter Stolz.

John Story is building a nice laundry and summer kitchen, with an ice cellar beneath, on his place north of town.

Mrs. Learned has returned to her home in Lincoln, after a three weeks' visit with her daughter, Mrs. C. L. Meyer.

Paul Konavanz, who learned telegraphy in the local office, is substitute during the vacation of the regular operator.

George Mills' boy has been suffering with summer complaint, but the attending physician reports him as getting along nicely.

An instructive lecture, accompanied by stereopticon views, relative to the Philippine islands, will be given at the school house next Tuesday evening. It will be free and every one is invited to attend.

A. N. McCrory and daughter returned from their eastern trip last Monday. They speak in glowing terms of the cities there, but for the country, well, Nebraska is good enough for them.

The Fourth of July was celebrated in an appropriate manner by Murdock—the first time in the history of the town. A train was made up consisting of E. M. Shatto's traction engine, a grand wagon and four lumber wagons, all gaily decorated and filled with patriotic souls, who made the trip to the picnic grounds at Wahash in the forenoon, where a most excellent program was enjoyed by a large crowd. In the evening the "Murdoch special" brought home the picnickers in time to see a splendid display of fire works, the band discoursing the "Star Spangled Banner" and "Marching Through Georgia" at intervals. It will be a long time before Murdock has another such a big day.

Free Lecture on the Philippines.

George R. Boomer, a member of the "Fighting First," will give his interesting lecture on the Philippines in most of the towns of the county. He illustrates the same with 150 stereopticon views. The American people are interested in these islands, and every one should take advantage of the opportunity of hearing him. He has made the following appointments:

Louisville, Monday, July 9.
Murdock, Tuesday, July 10.
Elmwood, Wednesday, July 11.
Avoca, Thursday, July 12.
Union, Friday, July 13.
Nebawka, Saturday, July 14.
Murray, Monday, July 16.
Cedar Creek, Tuesday, July 17.
South Bend, Wednesday, July 18.
Greenwood, Thursday, July 19.
Eagle, Friday, July 20.
Alvo, Saturday, July 21.

Big Revenue Collections.

The report of the collector of the internal revenue for the month of June, 1900, shows total receipts of \$324,484.04, the collections for the last week being the heaviest for the same period in the history of the office. On July 2 and 3 the collections were in excess of \$30,000 per day and the average for the last week in June was in excess of \$27,000 daily.

The total collections for the fiscal year ending June 30 were \$3,383,918.23, against \$3,438,279.38 for the fiscal year ending June 30, 1899, and \$2,376,957.40 for eleven months ending June 30, 1898. The total collections to date, from the time Collector Houtz took charge of the office, is \$9,088,955.01.—Omaha Bee.
