SOME SOCIAL EVENTS

Mrs. Pepperberg and Mrs. Unruh Entertain Friends.

Mrs. O. H. Snyder of Tabor, Ia., the Guest of Honor—Ambrose Neligh Pleasantly Remembered By His Friends—Other Local Happenings of Interest to "The News" Readers.

Mrs. Pepperberg entertained last evening for Mrs. Snyder of Tabor, Ia., who has been visiting in this city for the last two weeks.

Messrs. Cable and Donat of Plattsmouth made a business trip to the Harbor last Saturday.

William Jameson, the rollicking, jolly farmer from west of town, passed through the Harbor Tuesday.

Mrs. George Ray is still very ill. All of her friends—which means all who know her—sincerely hope to hear of her early recovery.

R. E. Contryman and family, former residents of this village, but now of Weeping Water, passed through Crow Harbor Wednesday.

The farmers of this locality are about done stacking their small grain. They have had nice cool weather for such work and have been making the best of it.

T. E. Fulton's "Old Plow Hospital" is having quite an increase in patronage at present. The farmers are hurrying to get their stubble turned under before it gets too dry.

Jake Smith, recently appointed street commissioner, has made a good start, but that is all. The work he did shows that he understands his business but he doesn't keep at it. There are more weeds to cut, and the work should go on until they are slain.

A Mast made a business trip to the Harbor Tuesday and entertained the citizens for an hour or two with reminiscences of early times. Mr. Mast is one of those old timers who has seen a great deal of the great west and has an inexhaustible fund of information gathered from his travels. Come again.

The ice cream social at Z. Shrader's last week was well attended. It is reported that some of the young men present seemed to be very diffident about securing partners for supper. It is suggested that a committee on introduction be appointed next time. It would probably be a boon to young men and at the same time swell the proceeds of the entertainment.

The musical tones of Ben Dill's threshing outfit are drawing nearer and nearer, and they say he is sweeping the country clean as he goes. Ben has a good outfit and knows how to handle it. It will thresh more grain than any other machine ever brought to this locality. He just pulls into a forty-acre field and in a couple of hours has the grain in the wagons and the straw and chaff blown over into the next county.

The Cow Boy base ball nine and the second nine from Weeping Water had a match west of town last Sunday, resulting in a score of 6 to 7 in favor of the cow boys at the end of the fifth inning.

The second nine from Murray then appeared upon the scene for the purpose of having a bout with the Weeping Water boys and the cow boys gave way. The second game resulted in a score of 9 to 10 in favor of Weeping Water. The Murray boys and cow boys were arranged for a match, which will be played at Murray next Sunday.

Local politics are beginning to warm up a little and there is considerable talk of the need of a change in some of the local officers. Mayor Norris accused of neglecting his official duties in the interest of his private business, likewise the street commissioner. But thus far the opposition to his honor has not assumed enough importance to suggest his possible successor, and then the change in the name of the place, adopted by the council and approved by the mayor at its last meeting is coming in for its share of criticism. It is claimed that a matter of such importance should only be acted upon through a petition from the people. So far as known the only prominent citizen reported as favoring the change is Charles Bodecker, of the State bank. The councilmen are all quibbling about it, it is said, and are inclined to evade all questions as to who proposed the change, and so far the author is not known. Councilman Charles Cunningham of the Fifth ward, F. R. Cunningham of the Sixth, Comptroller Cathey and City Engineer Dill are among the accused. The ladies, especially, are indignant, and are talking of marching in a body to the polls and turning the rascals out. Altogether, there are fine prospects of one of the hottest times ever known in this village the coming campaign.

Jake Lohnes had business in Murray Thursday. Miss May Valley is rapidly recovering from her recent attack of fever. Grandpa Motteer of Elmwood visited last week with friends at this place.

Miss Helen Sherman of Plattsmouth is a guest of Mrs. Albert Wolankamp. Miss Minnie Penton has returned from a week's visit with friends in Iowa. Earl Jenkins is in possession of a
