ONE can hardly realize that our flag is floating over the Chinese capital.

CONGRESSMAN BURKETT is billed to speak in Green wood Saturday evening,

IT SEEMS to be difficult for any one to find fault with the administration in its dealings with the Chinese question.

PLATTSMOUTH seems to have sufferered as little damage from the storm vesterday as most any city or town in its path.

THE Union restaurant of Chicago has been sued for \$50,000 by Sol Bloom of that city for refusing to serve him while he was clad in a shirt waist. It would seem as though he had put the damages rather high.

FUSION politicians are just a little sensitive about that silver and wheat story. The farmer, however, though he be a democrat or a populist, rejoices in the fact that Mr. Bryan's pre diction did not prove true.

PROFESSOR J. W. CRABTREE, well known in Cass county, and George L. Towne have incorporated the University Publishing company, with a carital stock of \$20,000. Their object is M to publish school books and texts.

THE St. Paul Pioneer Press thinks the paramount issue is whether the country shall continue to be run or sound business principles or turned over to the tender mercies of a set of theorists who do not know their own minds.

The picture is to be very realistic. It will show the colonel barefooted, a stone bruise on his left heel and only one gailus and that fastened to the pin. If plain people yearn for anything in plain demagogy, plainer than "this paramount," they are irrational.

C. H. DIETRICH has strong convic tions and has plenty of courage to back them, and when he is governor there will be no wavering in any matter. ### It is Incontrovertible!

The Editor of the "Christian Million," under the heading of General Notes, on August 20, 1806, wrote > "A good article will stand upon its own merits, and we may rely upon it that nothing will continue long which does not, in a more or less degree, harmonize with the statements which are published concerning it."

Mr. Hall Caine, Author of "The Deemster," "The Manx-man," "The Christian," etc., when speak-ing on "Criticism," recently, said — "When a thing that is advertised greatly is good it goes and goes permanently; when it is bad, it only goes for a while; the public finds it out."

#### The Proprietor of BEECHAM'S PILLS

has said over and over again:

"It is a fallacy to imagine that anything will sell just because it is advertised. How many nostrums have been started with glare and snuffed out in gloom? The fact is, a man is not easily guiled a second time; and every dissatisfied purchaser does ten times more harm than one satisfied does good. Assuredly the sale of more than 6,000,000 boxes of BEECMAM'S PILLS per annum, after a public trial of half-a-century, is conclusive testimony of their popularity, superiority and proverbial worth."
