

ASKS FOR HIS FREEDOM

Mike Smith Claims He Is Being Unlawfully Imprisoned.

Files an Application For a Writ of Habeas Corpus With County Judge Douglas, and a Hearing on the Same Will Be Had Tomorrow—An Old Land Mark Being Torn Down.

From Wednesday's Daily.

Mike Smith, the young man arrested about two weeks ago, and who is wanted by the Council Bluffs authorities on the charge of grand larceny, is evidently getting tired of waiting for the Iowa officers to arrive with requisition papers, and this morning, through his attorney, A. N. Sullivan, filed with County Judge Douglas an application for a writ of habeas corpus, claiming that he is being wrongfully and unlawfully held in custody, and further alleging that he is not being held by virtue of any mittimus or warrant of commitment issued out of any court of the state of Nebraska. A hearing upon the application will be had tomorrow afternoon at 2 o'clock.

Sheriff Wheeler at once called up the Council Bluffs authorities by telephone and informed them of the action Smith has taken. He received a reply that the necessary requisition papers had been made out, but in some way were lost. However, it is expected an officer from that place will be here tomorrow to make a proper showing to the court in regard to why Smith is being held.

Has Tough Job on His Hands.

The following appeared in yesterday's Lincoln News: "There are times when even a United States marshal wishes some one else had his job. Mr. Matthews this morning decried that another is entitled to the home of Mr. Hans Hendricks and wife, an aged German couple living in Cass county, and Marshal Matthews is now confronted with the duty of enforcing the court's decree.

"Mr. Hendricks is a combative man. Especially now, when he feels that he is the victim of the machinations of designing lawyers, county officials, abstracters, etc. Once before the old gentleman chafed officials from his farm, and it isn't improbable that he will have just as much objection to Mr. Matthews' features. The decree was in the suit brought against Hendricks by Braden Kellor. It was called in federal court this morning. Neither the defendant nor his attorney was present, so nothing else could be done. The order taking away his home was entered up."

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac.

Matt Will Support McKinley.

The following dispatch from Lincoln, published in today's Omaha Bee, will be of interest to Plattsmouth people: "Matt Gering of Plattsmouth, the well known attorney and hitherto staunch supporter of democratic tickets, has abandoned that party. He announced here today that he would work and vote for McKinley and the whole republican ticket.

"It was in the office of the clerk of the supreme court that Mr. Gering made the announcement. Later he was called up at his home at Plattsmouth and over the telephone reiterated his intention of giving his support to the republican ticket."

Pleasant Surprise Party.

Mr. and Mrs. Emer Yonkers, who reside six miles west of town, were very pleasantly surprised Monday evening by a party of their Plattsmouth friends who called on them to celebrate Mrs. Yonkers' birthday anniversary. A good social time was enjoyed by all.

The party was composed of Messrs. and Mesdames Charles Blatt, Oliver Hudson, Tim Todd, John Barley, Misses Grace Perry, Annie Fry, Annie Critchfield, Carter of Denver, Hattie Hudson; Messrs. John Crabill, Nick and Ross Todd and Jesse Perry.

Tearing Down Old Building.

The work of tearing down the old Matthews building was begun this morning, and the Gund Brewing company expects to put in the foundation for their new building as soon as this work is finished.

The Journal printing plant, which has heretofore occupied the front part of the building, is being moved to the rear room under the bank of Cass county.

Establish Headquarters.

The republican club of this city has established headquarters in the corner room of the Union block, formerly occupied by Parmele's Savings bank. The room is being neatly cleaned up and will be a first class place for holding meetings. The club will meet there tonight to decide whether or not they will go to Omaha Saturday to hear Senator Hanna.

MRS. S. P. HOLLOWAY

One of Plattsmouth's Most Prominent Women, Her Sickness and Her Cure.

PLATTSMOUTH, Neb., Oct. 11, 1900.—Prof. C. E. Blair—Dear Sir: For the benefit of others who may be suffering as I did, I wish to make this statement telling what you accomplished in my behalf by Magnetic treatment. In January, 1899, symptoms of sciatic rheumatism set up in my left lower limb, and it was not long until a severe case of rheumatism had developed, affecting my whole left limb and back. My suffering was certainly beyond any language to describe, indeed at times death would have been preferable to my intense suffering. The pains were so severe I could find no rest day or night. In September, 1899, I was able to walk a little by the aid of crutches, but I soon had to give them up to take to my bed. I had been treated by some of our best local physicians, I had taken treatment from specialists at Denver, Colo., and Olatum, Ia., but none of them could cure or relieve me. I gradually grew worse, until I became partially paralyzed and so badly drawn to one side that I could not stand erect. When I was reduced to a helpless and as my friends thought, a hopeless invalid, my family and others persuaded me to try your treatment, about which I was at that time quite skeptical, but now I can say I bless the day I first began your treatment, as one year has almost passed since I took my last treatment, and I can say I feel better than I have for many years.

I will also add that during the entire treatment I did not take a single dose of medicine of any kind whatever. I heartily commend your treatment to all who suffer as I did. Most heartily thanking you for the great good done me, I am respectfully,

MRS. S. P. HOLLOWAY.

Mrs. Holloway has recently moved to Lead, S. D., and will gladly answer any letters in regard to her sickness and cure. Other testimonials on file at our office. Osteopathic and Magnetic treatment, as the case requires.

PARMELE'S NEW THEATRE

Seats for Opening Attraction Will Go On Sale Tomorrow Morning.

From Wednesday's Daily.

The new Parmele theatre is rapidly nearing completion and those who have not yet seen the interior will be most agreeably surprised at the handsome and artistic showing made.

The first attraction is one which should certainly fill the play house from pit to dome, it being Mr. Clay Clement and his talented company in "New Dominion," a play in which he made a tremendous hit in all the principal cities of the country last season.

The house will be opened Monday evening, October 29, and seats go on sale at the box office at 9 o'clock tomorrow morning. Reserved seats in any part of the theatre will be \$3, while seats in the second balcony may be had for \$1.

Plattsmouth people should see to it that the new Parmele is filled to overflowing for this performance, as the house is certainly a credit to the city as an institution, the need of which has long been realized by all.

THE DEATH RECORD.

Mrs. C. A. Weldey.

Mrs. C. A. Weldey died at 6:30 last evening, after suffering for over three years with lung trouble. Deceased was born in Fremont county, Iowa, and was thirty-eight years of age. She leaves, besides a husband, four children—three sons and one daughter.

Funeral services will be held from the residence in the First ward at 2 o'clock tomorrow afternoon, conducted by Rev. Asa Sleeth of the Methodist church. Interment will be made in Oak Hill cemetery.

Mrs. Philip Eidmann.

News was received in this city today of the death of Mrs. Philip Eidmann at Stewart, Neb. Her death occurred at 5 o'clock this morning and was caused by Bright's disease, she having been ill since February.

Deceased was sixty-five years of age, and came to Plattsmouth in the fall of 1870, removing to Holt county in 1874. She was the mother of Mrs. Charles Heger of this city, Mrs. George Horn of Cedar Creek and Mrs. H. G. Boardman of Elmwood, and was a sister of Philip and Peter Nickle of Elmwood.

Deceased was a kind mother and was loved and highly respected by all who knew her. The funeral will occur at Stewart on Friday.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, Pa., is the subject is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts., guaranteed, at F. G. Fricke & Co.'s drug store.

The hearing upon the application of Mike Smith for a writ of habeas corpus was taken up in county court this afternoon, but was continued until 1 o'clock tomorrow afternoon in order to enable the Council Bluffs authorities to produce more witnesses. C. F. Kimball, deputy prosecuting attorney of Pottawattamie county, Iowa, was present at the hearing.

TRAGEDY AT CLARKSON

Plattsmouth Man Is Killed in a Shooting Scrape.

Pete Cole Reported to Have Been Shot Down by James Walker—Little Daughter of Mr. and Mrs. D. A. Moore Has a Remarkable Experience With a Grain of Corn.

From Thursday's Daily.

Meagre details of a tragedy which occurred near Clarkson, Neb., yesterday and which resulted in the death of Pete Cole, a former Plattsmouth man, reached this city today. So far as could be learned, Cole became involved in a quarrel with a policeman named James Walker, and during the altercation was shot by the latter.

Cole lived in Plattsmouth for some time, having worked for Sam Henderson and later was employed at the B. & M. shops. Tuesday afternoon he left town and the news of his death today is the first heard from him since his departure.

The unfortunate young man was about twenty-five years of age, well built and had the distinction of being quite an athlete. He was a cousin of Bert Balden, and, it is said, was engaged to be married to a young woman in this city.

CHILD HAS A NARROW ESCAPE.

Grain of Corn Lodged in Her Lungs, Causing Strangulation.

Vena, the five-year-old daughter of Mr. and Mrs. D. A. Moore, had a rather remarkable experience today. About three weeks ago the little girl got a grain of corn lodged in her windpipe, and despite the efforts of the child and her parents to remove it, the obstruction gradually worked downward to the lungs. Various physicians were consulted, and, while several of them gave credence to the story that she had swallowed a grain of corn, a majority of them were inclined to misbelieve it. Frequently the child would suffer strangling spells, and would feel the obstruction move upward in her throat. About 11 o'clock this morning she was seized with an unusually severe coughing and strangling spell, and for several hours her life hung upon a very slender thread. Everything which loving hands could do was done for her, apparently in vain, when suddenly she coughed up the grain of corn she had swallowed three weeks ago.

The little girl is getting along nicely, and it is needless to say that the parents are thankful beyond the expression of words for the restoration of their child.

END OF CELEBRATED CASE

Judge Baxter of Blair Decides Against Nebraska Hall Association.

Nebraska farmers need not pay assessments levied upon them by the Grain Growers' Mutual Hall association, says the Omaha News.

Judge Baxter so decided in the district court at Blair, and unless that ruling should be overturned by the supreme court, it extends to all the farmers in Nebraska who are affiliated with the hall association. Judge Baxter's decision was rendered in a suit against several Washington county farmers, which was brought by the officers of the association to compel the payment of assessment. It was a test case.

While there has within the last year been a vast amount of litigation involving the Grain Growers' Mutual Hall association, this is the first decision that has been rendered by the district court as to the liabilities of the farmers for assessments. It is, therefore, of widespread interest, because the hall association has members in nearly every county in the state, and at one time its membership was estimated at about 60,000 farmers. In each county where the association has done business there have been misunderstandings about assessments, and the affairs of the association have been more or less involved in controversy throughout the state.

The chief point of contention has been that the assessments were too high and that they came with startling frequency. It has been charged that the officers of the concern were living like railway magnates from the salaries and perquisites derived by reason of their positions, and a few months ago several arrests were made in Omaha. About the first of the year there was an abrupt change in the official roster, the old officers being deposed. That, of course, added to the mass of tangled litigation.

The question of validity of assessments has been raised in Douglas county, where the membership is particularly strong, and the Washington county decision settles the dispute, unless the case is taken to the supreme court and there overruled. No steps have yet been taken toward appeal, but it is understood that such action is contemplated.

A Quiet Wedding.

The marriage of Miss Edna Freese and L. V. Copenhaver was solemnized yesterday afternoon at 2:30 at the home of the bride. Rev. Asa Sleeth performed the ceremony. Only immediate relatives were present.

Mr. and Mrs. Copenhaver went west on the 8:30 train, and will return in about a week. The groom has purchased a house near the Columbian school, which he has furnished and all in readiness.

THE NEWS joins with their many friends in extending congratulations.

As the stranger seemed to be harmless, it was thought best to permit him to go back home, and when the Iowa farmer returned Mann went with him.

California travel this winter, in the opinion of many passenger men, will make a new record for itself. The growing popularity of the tourist car excursions is responsible for the increase. All of the old tourist car lines are in the business again this fall, and several new ones have been established. Of the latter class is a weekly excursion over the Burlington from Omaha to Kansas City, and thence to Los Angeles over the Santa Fe. The route through Denver and Salt Lake City maintains its popularity, and the Burlington is making plans to change its service from weekly to semi-weekly via these cities from Chicago and Omaha to San Francisco and Los Angeles.

Rheumatism

Rheumatic pains are the cries of protest and distress from tortured muscles, aching joints and excited nerves. The blood has been poisoned by the accumulation of waste matter in the system, and can no longer supply the pure and health sustaining food they require. The whole system feels the effect of this acid poison; and not until the blood has been purified and brought back to a healthy condition will the aches and pains cease.

Mrs. James Kell, of 707 Ninth street, N. E., Washington, D. C., writes as follows: "A few months ago I had an attack of sciatic rheumatism in its worst form. The pain was so intense that I became completely prostrated. The attack was an unusually severe one, and my condition was regarded as being very dangerous. Having heard of Dr. E. Swift's specific, recommended for Rheumatism, I decided, almost in despair, to give the medicine a trial, and after I had taken a few bottles I was able to hobble around on crutches, and very soon thereafter I was able to get on my feet. I am cured and well. All the distressing pains have left me, my appetite has returned, and I am happy to be again restored to perfect health."

There are no opiates or minerals in it to disturb the digestion and lead to ruinous habits.

We have prepared a special book on Rheumatism which every sufferer from this painful disease should read. It is the most complete and interesting book of the kind in existence. It will be sent free to any one desiring it. Write our physicians fully and freely about your case. We make no charge for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

The "prairie" type of freight locomotives of the Burlington road have now been in service six months and are a success. They have not only met the expectations of the designers and builders, but the road probably never had a new class of locomotive receiving so little adverse criticism.

The essential features of the design have already been adopted by other roads, and the Burlington has ordered thirty more engines of this class. Each will weigh 150,000 pounds, with cylinders 20x24 inches, and boilers sixty-eight inches in diameter. Twenty of these engines will be for service on the lines west of the Missouri river.

Notice of said proposed action, and to the electors of Plattsmouth precinct shall be given by publishing a copy of the aforesaid resolutions for four weeks prior to October 6, A. D. 1900, in the Plattsmouth Journal and the Plattsmouth News-Herald.
