

CHIEF NATIONAL RANGE

Although this range may have an exterior appearance resembling the Ranges exhibited in other stores in the city, and therefore does not appeal to you, as a subject of special attraction. We assure you that it is decidedly different from all others in construction, containing those particular features which make it the best Range ever offered to the user. The firebox is so constructed that the heat will radiate into the oven at the same moment a fire is started. Consequently, soon as the fire has attained the necessary 250 degrees of heat, the oven also will register the same temperature; therefore, it is ready to bake. The results of this direct action will have a telling effect on the coal pile, saving nearly half the fuel used in ordinary stoves. The fire back lining is guaranteed for 5 years use. The front section of the top can be suspended, making a convenient place for broiling or roasting. A special cover or lid on top is arranged for cooking out meal, milk, rice, etc., without fear of scorching. The body is made up of three distinct walls, which retain all heat into the stove. If you will call at my store and examine this Range, you will admit there is no other to equal it at prices that will meet your approval. I have some special bargains in express wagons, chairs and Misses Rockers, bookcases.

LOUISVILLE GROWS

To Keep Pace With Her Progress Uncle Sam Increases Postmaster's Salary.

In keeping pace with the republican prosperity the Louisville post office has increased its receipts to such an extent that the department at Washington has raised the grade of the office and at the same time increased the pay of the postmaster.

The Louisville Courier discussing the matter says that Louisville is continually on the increase in all lines is evidenced in no better way than the changing of the local postoffice from fourth to third class.

This indeed is good news to Postmaster Dorsey, as it makes this a salaried office, paying \$1000 per year besides an allowance for rent, fuel and lights.

IS VERY ANNOYING

This Hardly Expresses What Plattsmouth People Say of It.

Any itchingness of the skin is annoying. Little danger in itching skin diseases. But they make you miserable. Doan's Ointment is a never-failing cure.

For Piles, Eczema, all itching troubles, Plattsmouth citizens endorse it.

Mrs. Joseph Wurga, of 1400 Main street, Plattsmouth, Neb., says: "Experience has taught our family the value of Doan's Ointment. My mother was troubled for a good many years with a skin irritation on one of her feet. Despite the fact that she tried remedies of various kinds no relief was obtained until she used Doan's Ointment which by chance she learned about and procured at Gering & Co.'s drug store. This preparation not only banished the trouble at the time but effected a permanent and absolute cure. I also used Doan's Ointment for a terrible itching on my right hand and wrist. A few applications reduced the inflammation and stopped the itching. I have had slight touches of the trouble since but an appeal to Doan's Ointment has always given me relief. We are never without this splendid preparation in the house, finding it invaluable."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Renew Your Auto License.

Many owners of automobiles throughout the state are careless about renewing their license with the secretary of state as provided by section 141, chapter 78, compiled statutes of 1907. Notices will be sent to all delinquents during the month of January, and sheriffs of the various counties will be notified to keep a lookout for those who fail to comply with this provision of the law. The penalty is from \$25 to \$50 or thirty days imprisonment in the county jail, at the discretion of the court. A license is issued with each registration, showing the date of the expiration of the same, so there can be no excuse offered for failure to receive special notice. The fee for registration is the same as the original license, one dollar.—Omaha Bee.

Of Special Interest To Women.

It is doubtful if any other newspaper in the United States offers so much that is of interest to women and of value in the home as does The Chicago Record-Herald. In the daily issues are to be found a daily pattern suitable for home dressmaking, the daily bill of fare chatty society news and Mme. Qui Vive's daily feature of answers upon beauty topics. On Monday appears "Martha's Management," devoted to household and culinary topics, while short light reading for the whole family is always found on the editorial page. On Friday appears Dr. Withrow's comment on the Sunday school lesson, and through the week will be found crisp reviews of the new books. In the Sunday issue a complete section is devoted to women, containing Mme. Qui Vive's beauty page, "Hints for the Home Dressmaker" by Jeannette Hope, Marion Harland's page, Dame Cursey's "Novelties in Entertainment," society news and many special articles of interest to women. The Sunday Magazine of The Record-Herald is full of good stories, in verse, wit, humor and miscellany, with many beautiful illustrations. It has the best magazine flavor.

CITY FATHERS MEET

Light Question Goes Over—Bell Phone Gets Franchise Asked For.

The city council met in regular session Monday night and transacted some very important business.

After the usual formality of roll call and reading and approving the minutes of the previous meeting, communications and petitions were taken up. The first communication to be taken up was from ex-Mayor Gering thanking the members of the city's law making body for their resolutions of respect which were passed a few weeks ago, a copy of which was mailed to the ex-mayor at Omaha. The reports of the city officers were read and placed in the hands of the proper committees.

One of the surprises of the evening was the resignation of Street Commissioner John Janda. Mr. Janda has served the city in that capacity for the past five years and has been a faithful and efficient officer. He has not shown partiality to any individual or faction, and it will be difficult for the city to find a man to fill the place as acceptably to the taxpayers as Mr. Janda has done.

The sensation of the evening was sprung when the committee which had in charge the Bell telephone franchise ordinance, which was proposed to be passed some months ago and was thought to have been abandoned, dragged it out again and proceeded to have it passed. Councilmen Weber and Newman made strong protests about hurrying the ordinance through with such limited time for discussion, but their objections fell on deaf ears and the measure was passed requiring the Nebraska Telephone Company to transfer its poles and wires from the streets to the alleys and giving them the privilege of doing business in the city for a long time. The ordinance does not mention rates and will leave that matter wholly to the conscience of the corporation.

WISE TALKS BY THE OFFICE BOY

Josh Wise says, "Some men sneer at women's shopping but when women shop they don't have to eat cloves to disguise what they've been buying. Speaking of cloves I think we carry the smoothest line of spices that ever came over the seas. You know some spices are all drawn out of a lot of trouble for the spice mills, because they don't have to have a different hopper for grinding every kind of spice, but of course that is all done away with now. When you buy spices at our store you are not buying ground almond shells or some kind of hulls flavored with essences and oils but you are buying the real thing, perfectly pure, and not mixed with cracker crumbs or any other dope to make it go farther. We handle Dwinell-Wright Co's spices and flavoring extracts, cranberries, Sour Cider, Celery, Lettuce, Bananas, Nuts, Figs and Dates, Raisins and Currants, Candied Citron, Oranges and Lemons, Curtis Bros.
