**SURPRISES FRIENDS JUDGE LEE ESTELLE**

Ellis Daniel's Neighbors Tender Himself and Family Parting Reception.

Ellis Daniel and family, who are soon to remove to Oklahoma, were the victims of a pleasant surprise Monday evening, a number of the neighbors calling without giving previous notice of their intention to "storm the castle." However, they were given a cordial welcome and spent several hours in having a general good time. Mr. Daniel declaring that he enjoyed it more than the Oklahoma badger fight. Nice refreshments added much to the enjoyment of the evening.

The visitors were Winfield Swan and family, Blair Porter and wife, Dean Austin and wife, Creed Harris and wife, John Faris and wife, John Chalfant and wife, Wm. McCarroll and wife, John Hostetter and wife, Elmer Chapman and wife, Mrs. James Darrough and children, Miss Lottie Wunderlich, Charles Swan, Vance Harris, Jack Chalfant, Hi Gruber and Sam Redman.—Union Ledger.

Addresses the Presbyterian Brotherhood on Boy and Girl Delinquents.

Judge Lee Estelle, of Omaha addressed the Presbyterian Brotherhood at the church Sunday evening, on the subject of children delinquents. His lecture was very entertaining, and instructive. Before proceeding with his lecture, Judge Estelle paid a fine tribute to Judge Samuel Chapman, deceased, Judge Chapman being one of the first men in Plattsmouth with whom the speaker got acquainted, and he referred to the Judge Chapman's courage and fidelity with much feeling. The lecture delivered by Judge Estelle was far out of the ordinary, his subject being in his daily work. Many times during the discourse so vivid were the Judge's portrayals, and so pathetic the objects of his decisions, many eyes in his audience were moist.

The speaker was of the opinion that two of the most wholesome laws on our statute books were the Childs labor law and the law establishing the juvenile court. The Judge says that society will have to answer to the child that is deprived of the chance of going to school, and that society should support the invalid mothers and helpless brothers and sisters, and allow the boy and girl a chance to go to school. That many children needed less mathematics and more love of the beautiful instilled into their natures.

The speaker said that the system was wrong that did not build character, and that an education that did not make character is a menace. The lecture was full of pathos and touching incidents of human frailties which had come under the Judge's observation, and was one to the hearts of his listeners, more than any the writer has heard for a number of years.

**RAILWAYS HARD HIT**

Army of Workers Depending On Transportation Industry Affected.

Railway statistics for 1908 show:

Gross earnings (estimated)	\$2,342,499,753
Decrease over 1907	10 per cent
Miles laid during 1908	3,214
Decrease over 1907	2,409
Cars built during 1908	78,271
Decrease over 1907	169,917
Locomotives built during 1908	2,124
Decrease over 1907	5,238
Total spent for rolling stock and power during 1908	127,000,000
Decrease over 1907	73 per cent

Not for fifteen years have the railroads experienced such a disastrous twelve months' period as the one closing Dec. 31, 1908. The year will go down in railway history as the worst since the panic of 1893, and almost as bad as the year 1876.

The railroads of the United States were compelled to see their gross revenues decrease by at least \$260,000,000 and their net earnings lowered by at least \$180,000,000. Such a sudden drop in the revenues of the railroads necessarily crippled many industries besides that of manufacturing and selling transportation. It is estimated that an army of at least 5,000,000 people depends upon the railroads directly for its living and that a greater army of fully 17,000,000 is dependent directly or indirectly upon railway activities for daily bread. That this army was severely put to it to maintain itself during the year just closed, goes without saying. The economies which the railroads were compelled to effect suddenly and without sentiment threw fully 400,000 employees out of work. This in turn necessitated reductions in the forces of factories and shops which look to the railroads for the principal portion of their business.—Record-Herald.

**HEROLD VS. COATES**

Verdict of Jury For \$12,500 Set Aside by Judge Travis For Errors.

Thursday afternoon the motion for a new trial in the case of Herold against Coates was heard before Judge Travis, and the motion sustained as to the second cause of action, on which the verdict was for \$7,500 and the verdict set aside. Further time was given the parties until Saturday evening at 7 o'clock to present authorities on the motion touching the first cause of action. The verdict on the first cause of action was \$5,000 based on slander while the \$7,500 clause or second cause of action was based on malicious arrest. Saturday evening Judge Sullivan, A. L. Tidd and Matthew Gering appeared for the plaintiff and Byron Clark for the defendant and submitted arguments to Judge Travis on the instruction in which defendant claimed there was an error, while the plaintiff's counsel as stoutly maintained that there was no error and the verdict should stand. Judge Travis took the matter under advisement until this morning when he handed down his decision sustaining the motion for a new trial on the second cause of action, setting aside the verdict for \$7,500 and granting a new trial. On the first cause of action the court found there was evidence sufficient to sustain the verdict and ordered a judgment entered for the sum of \$5,000.

**Farmer's Institute.**

On the first of January the Cass county Farmer's Institute closed a two days session in this city. The meetings were fairly attended considering the season and the many attractions in the city to draw the farmers away from the meetings. The speakers were of more than ordinary ability this session and with the exception of the night session on the first day, they were all present to fill their dates. The talk of Mr. Eldridge the road expert was practical and gave the farmers new ideas relative to securing the best of attention to the roads. In about twenty states Road Commissions are formed in the state, which looks after the roads question. The commission is represented by local superintendents in the counties, who report to the county commissioners and thus an organized body of men are entrusted with the work, and good results always follow. The Farmers institute promises to do many good things for the farmers and a better meeting is being planned for next year.

**Buy Fine Piano.**

Henry Hinz, one of the prominent farmers of Plattsmouth precinct was in the city last week and made a purchase of a fine piano, buying from J. A. Becker, the piano man. Mr. Becker has the finest line of pianos in the eastern part of the state, and can save money to any one wishing to buy. The instrument was a Christmas present for his daughters, whom Mr. Hinz told could have their choice, between the piano and a gold watch each. The young ladies displayed the same business judgement of their parent, and decided at once that the piano would afford them more pleasure than the watches, and accordingly made that selection.

**THE SATURDAY SALE**

At Smith and Smith's Barn Best Attended and Better Patronized Than Any.

The public auction of live stock which occurred at Smith and Smith's barn Saturday of farmer's horses and cattle was the most successful of any yet held in the city since the new movement was organized. Several good horses were sold at a price fair to both purchaser and seller. Cattle also were disposed of at fairly good prices. Mr. Smith who is expending much energy and time to make the sales a success, has at last been rewarded by a representative crowd in town and a host of appreciative bidders. There were more people on the streets and in the stores last Saturday than has been seen on one day since the celebration last Fourth of July.

The merchants who have in any way assisted in promoting the sales have been gratified to observe the interest growing in the sales, as evidenced by the increased numbers on the streets. The farmers like it better too, when they come to the city, they like to greet their friends from the different precincts and the bigger crowd in town the more life and sociability prevails. Farmers are urged to bring in their live stock of what ever kind which you do not need, and let some one buy it who does need it.

Judge Thomas Jefferson O'Day, who presides with dignity over the supreme judicial court of Nebraska, was brushing up against the Plattsmouth judges Wednesday evening. He made a pleasant call at the NEWS-HERALD office.
