## Bryan Says "No" To Temperance People.

W. J. Bryan refused this afternoon to sign a petition asking the legislature to submit a prohibitory amendment. The petition was presented to him by Mrs. Heald of Osceola.

"Will you sign this petition asking the legislature to submit an amendment providing for prohibition?" she said to Mr. Bryan.

"No," said the presidential candidate. "Wait until you get the initiative and referendum."

The request was made in the lobby of representative hall while Mr. Bryan was watching the vote on Jerry Howard's woman's suffrage bill. He had come to the state house to appear before the committee in opposition to the Carnegie pension fund. He so timed his visit that he was also in the state house during the discussion of H. R. 1, the Oregon primary plan of electing United States senators.—Omaha Bee.

Mr. Bryan's slogan last fall was "Let the People Rule." Now he is unwilling to submit the temperance question to a vote of the people. He says "No." He seems to believe in his slogan "Let the People Rule," if it means elect Bryan to office. If it does not mean elect Bryan, then, he says "No." The dear temperance people will continue to take Bryan dope. Remember Bryan has said he cannot refuse to be a candidate for president in 1912.

## Special From Murdock.

Something has evidently been "diddling" out Murdock way. We are in receipt this morning of a communication signed by that well known writer, "Anon," which hints at an attack, pursuit and escape which was certainly thrilling to the parties concerned. For the benefit of our readers we pass it along as 'twas given to us:

It was dark the footman said, when from the shade of the implement shed, seeking his victim on the way to bed, spoiling his clothes from foot to head. Then down the street the victim fled as swift as a coaster on his sled. Calling on heaven and sometimes hell to save him from—chickens in the shell. When once within his own domain he mustered brother, lantern, gun and cane, then sallied forth upon the street, praying the assailants they might meet. But as is usual in such cases they had been wise and left no traces. Then rushed they to the corner store arrayed in all their accoutrements of war. And there unto the crowd, dismayed at seeing such a calvacade he explained how he had been humiliated by being almost granulated. Now had he kept his head instead, cleaned his clothes and gone to bed, much better 'twould have been. We cannot doubt it, for no one would have heard about it.

## WORK THAT TELLS

Plenty of It Has Been Done  
Right Here In Plattsmouth.

Cures that last are cures that tell. To thoroughly know the virtues of a medicine you must investigate the cures and see if they prove permanent. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Plattsmouth. People who testified years ago to the relief from backache, kidney and urinary disorders, now declare that relief was permanent and the cure perfect. How can any Plattsmouth sufferer longer doubt the evidence?

J. S. Hall, South Sixth Street, Plattsmouth, Neb., says: "In 1896 I strained my back and soon after I began to suffer from kidney trouble. I had severe pains across the small of my back and on this account it was difficult for me to stoop or rise from a chair. I tried several remedies but to no avail and finally when I had the good fortune to hear about Doan's Kidney Pills, I decided to use them. I procured a box at Gering & Co's. drug store and within forty-eight hours after the first dose, I felt better. Since then, I have always kept a supply of Doan's Kidney Pills in the house, finding that they bring the best of results whenever used." (Statement given June 6, 1906.)

On December 30, 1908, Mr. Hall said: "I cheerfully renew my former endorsement of Doan's Kidney Pills. I know that this remedy is a reliable one for kidney complaint."
