Meeting of City Council

The city council met in regular session Monday night. Minutes of previous meeting were read and approved. The finance committee reported favorably upon the following claims:

John Miller, work	\$ 50
W. R. Gardner, labor	5 42
J. W. Crabill, poll tax	3 00
Phil Harrison, labor	1 27
M. Archer, salary	30 00
John Hickson, same	2 53
Chas. Bates, hauling cart	1 50
Chas. Bates, labor	1 75
Neb. Light Co., cinders	1 00
Neb. Light Co., light	1 00
Neb. Light Co., light	3 00
Olive Jones, salary	25 00
Jas. Donnelly, same	9 68
Ben Rainey, same	50 00
Anton Nitka, same	4 00
Platts. Tel. Co., rent	1 65
M. C. McMaken, hauling cart	1 50

The city treasurer reported \$6287.92 in the treasury on the last day of February.

The police judge reported that during the month of February, no fines had been collected.

The judiciary committee reported that City Attorney B. S. Ramsey asked further time to explain his beliefs in the matter of the suit on the Wescott light bond. As is his custom, the city attorney is rarely prepared with any matter at the time that it should be acted upon. In this bond case he seems to be either desirous of avoiding the bringing of the suit or recognizes his incompetency to prosecute the matter on behalf of the city. He seems to seek to draw his salary on much the same basis as the former chief of police Fitzgerald. In this case it might be well for the committee to change the allowance from "salary" to "donation."

The Nebraska Light Co. submitted a bid for lighting the city and accompanied the same with a certified check for \$1500.00. The bid was as follows: for 95 32-candle-power 40 Watt Tungston lamps, at the rate of \$1600.00 for a ten year contract and \$2060.00 for a five year contract. It also included power for day service when 25-horsepower was secured and proposes a reduction on gas rates of 10 cents per 1000 feet. On motion of Councilman Neuman it was referred to the light committee. Councilman Dwyer from the first ward offered an ordinance regulating the price of gas, reducing it to \$1.50 per 1000 cubic feet. This ordinance was read the first time and then laid over, under the rules, until the next regular meeting of the council.

It was shown that the road fund was now over-drawn more the \$4700.00. These appropriations in excess of the fund limited by law, under section 8511 Cobbey Annotated Statutes of Nebraska, 1907, makes the councilman who vote for the same and their bondsmen personally liable. The statute reads as follows: "Each councilman before entering upon the duties of his office shall be required to give bond to the city, with two or more good and sufficient sureties, or some responsible surety company; if by two sureties,

they shall each justify that he is worth at least two thousand dollars over and above all debts and exemptions. Such bonds shall be in the sum of one thousand dollars, and shall be conditioned for the faithful discharge of the duties of the councilman giving the same, and shall be further conditioned that if the said councilman shall vote for the expenditure or appropriation of money or creation of any liability in excess of the amount allowed by law, such councilman, and the sureties signing said bond, shall be liable thereon. Said bond shall be filed with the city clerk and approved by the Mayor and any liability sought to be incurred, or debt created in excess of the amount limited, or authorized by law, shall be taken and held by every court of the state as the joint and several liability and obligation of the councilman voting for and the mayor approving same, and not the debt liability, or obligation of the city, and voting for, or approving of such liability, obligation, or debt, shall be conclusive evidence of malfeasance in office for which such councilman, or mayor, may be removed from office."

Misery in the Stomach

And Indigestion Vanishes in Five Minutes.

Why not start now—today, and forever rid yourself of Stomach trouble and Indigestion? A dieted stomach gets the blues and grumbles. Gives it a good eat, then take Pape's Diapiesin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapiesin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach in five minutes.

There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and besides, one triangle will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapiesin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach Misery is waiting for you as soon as you decide to begin taking Diapiesin. Tell your druggist that you want Pape's Diapiesin, because you want to be thoroughly cured of Indigestion.

Card of Thanks.

We desire to extend our heartfelt thanks, to the friends and neighbors who so kindly assisted us during the illness and after the death of our beloved wife and mother. Such acts live long in the memory.

A Citizen's Convention

The Citizens convention, the call for which appears in another column of this paper, is for the purpose of nominating a clean business city ticket. Back of this movement are most of the best business men in this city irrespective of former party affiliations. It is the belief of practically every business man in this city, that the manner of handling the city's business can be greatly improved. It is fully appreciated that during the past few months the city government has been an absolute failure and a farce. Every good citizen, who believes in good citizenship and a clean non-partisan city government should attend the citizens convention. Better and cleaner city government will be the slogan of the citizen's convention.

Read the Label.

Under the Pure Food Laws baking powder labels now show the ingredients of which the powder is made.

Those who appreciate the importance to health and good baking of using a pure cream of tartar powder will read the back of the label carefully and make sure that the ingredients mentioned include cream of tartar.

The food law does not force consumers; it merely helps them to protect themselves. All good housekeepers want cream of tartar baking powders, and will not use alum substitutes in the food, if they know it. As the ingredients are printed on the back of the label, all may know the facts.

Good baking powder is one of the most useful things in the kitchen; it is easily obtained at any store; the better it is, the more economical it is in cooking materials, and the more it conserves the health of the family.

Will Build New Home.

C. W. Baylor, the coal man, has purchased the three lots at the corner of Ninth and Elm streets formerly owned by Mrs. J. L. Root, and will soon commence the erection of a modern residence thereon. When it has been completed it will add greatly to that portion of the city and will make a delightful abiding place for Mr. Baylor and his estimable wife.

Cass County The Loser

C. W. Phillips Monday loaded his household goods into a car and shipped them to his new home at Cambridge, Neb., where he will take the position as cashier in a recently organized bank. Mrs. Phillips left for the new home one day last week. The NEWS-HERALD joins with scores of friends in regretting the loss of this estimable family from our midst, but trusts that their lines may be cast in pleasant places and that the best that life affords may be theirs in their new home.

School Board Has Session

A special session of the school board was held Monday night for the purpose of electing teachers for the coming year. All the present teachers had filed applications for positions and all were elected again and given until the 27th inst., to file acceptances. General satisfaction has been given the past year and no changes in the faculty had been anticipated.

THE NEW STORE

IF

methods and policies of doing business were alike in every store then there would be no "best" place to trade. We take pride in pointing to the methods and policies which have made this store so justly popular. It stands for certain things and these certain things make it a safe place and a satisfactory place to buy clothes.

It stands for quality, good quality. If we cannot sell good clothes we'd rather not sell any. It stands for one price and no monkey business—a square deal for everybody.

It stands for money's worth or money back. If you buy anything here not satisfactory bring it back and get your money.

It stands for a uniform cash discount to the man who pays cash. No premium, no chance schemes.

If these things appeal to you then let us see you when you want good wearing apparel.
