

Investigate New Chicago

On Account of the Large Volume of Business Being Done In Plattsmouth We Have Decided to Remain at Burlington Depot Until Saturday, April 3

To the persons of small means or modest monthly income it often seems that all the chances for making profitable investments will have passed by forever before he will be in position to take advantage of any of them. There are thousands of men would invest in lands if they knew of the right opportunity and if the lands could be had on suitable terms.

It is a recognized fact that there is no safer investment on earth than lands. Do you know that farms in Southern California and also in the Rockyford district, Colorado are selling for \$1,000 to \$2,000 per acre? When these lands were first placed on the market a few years ago you could have purchased them for \$20 and \$40 per acre. We are offering you the opportunity of a lifetime for lands surrounding New Chicago, Anderson county, Texas, are just as productive as those of any on earth and the climate is ideal the year round.

Join one of the clubs that are now being formed by Plattsmouth people and get in on the ground floor.

You are Now Offered an Opportunity the Equal of Which Has Never Before Been Presented to You--That of Securing a Tract of 10 Acres of Land Together With a Town Lot in New Chicago for \$190 Payable if You Wish at \$10 per Month only \$2.50 per Week.

The members of the club elect one of their number to go to New Chicago and investigate the proposition and if he reports favorably the club members purchase. If the member finds that the men in charge of the exhibit car have misrepresented, the members of the club do not purchase. On this representation you are invited to come and join one of the club. Remember you take no chance, and the Giant Construction Co. pays the transportation both ways of the representative elected by the purchasers to investigate. For further information call at the exhibit car now at the Burlington depot. Open evenings.

Texas Looks Good to Plattsmouth People

Mr. J. D. Phillips, Manager Texas Exhibit Car.

Plattsmouth, Neb., March 27, 1909.

Dear Sir:

From personal investigation from a trip to the country, and from interviews with business men, bankers, planters, growers and professional men, Texas impresses us as a state where considerable money can be made with a small investment. The soil is fertile, the climate is pleasant and the atmosphere healthy. Almost anything that can be grown in any other state can be grown in Texas, and Texas is becoming a great fruit country, and we believe in a few years it will be far ahead of California as a fruit belt. While we have not been in the vicinity of "New Chic-go" where the Giant Construction Company are promoting their colonization plan, whatever benefits one part of the state benefits all the state. We are convinced they have a good proposition. We have visited their exhibit car now at the Burlington depot and wish to say that it is a good representation of what can be accomplished in the fruit and truck growing industries in Texas.

While conditions are in embryo as yet, opportunities are not lacking, providing thrift, energy, industry and enterprise are shown.

We would advise any young man to go at once and locate in the state of Texas, where by little effort he can soon win himself a home and in a few years become independent. We do not believe anyone can make a mistake.

Signed, D. C. Morgan, W. E. Rosencrans, F. G. Egenberger, Philip Thierolf.

Most Brilliant Record

Secretary Root Retires From Cabinet Covered With Glory.

Secretary Root made a brilliant and an impressive termination of his duties as a member of the cabinet, by the agreement reached with respect to the Newfoundland fisheries question, which for years has been a source of friction between that country and our own, and if the action taken is ratified it will go to The Hague, where it belongs. It has been rare in the history of the government when a secretary of state has terminated his service with so clear a docket as that which Mr. Root turns over to his successor. He has come nearer to putting this country on an arbitration basis with the rest of the world than it ever was before and he has strengthened friendly relations between the United States and the other powers in general. He has done all that the limitations of his position permitted him to do for the promotion of good understanding and if some of the arrangements that he has negotiated fail of ratification the fault will not be his. The peculiar and valuable quality of his service was first shown in his attitude toward the South American republics. He not only formulated a policy calculated to win their friendship and confidence, but he made his message doubly impressive and effective by delivering it in person. There has been, because of his good offices, a closer drawing together of the governments and peoples of the western hemisphere than ever before, and this is true to the north as well as to the south of us. As secretary of state his record has been not merely brilliant, but what is a great deal better, it has been one of the highest usefulness and benefit, not only to American interests, but to other countries as well. It is a fortunate day for New York when a man of such trained statesmanship and large achievement, once more fills a place that was intended for statesmen. —Boston Transcript.

Fifteen years	\$30 34,000 votes.	28,000 votes.

Twice Confirmed Proof

Residents of Plattsmouth Cannot Doubt What Has Been Twice Proved.

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Plattsmouth, who so testified years ago, now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Plattsmouth kidney sufferers.

John Janda, Street Commissioner, North Twelfth street, Plattsmouth, Neb., says: "I have previously endorsed Doan's Kidney Pills through the local papers and at this time, I do not hesitate to confirm all that I have previously said about them. We procured this remedy at Gering & Co's. drug store and it brought relief from an acute attack of lumbago and various annoying symptoms of kidney trouble after other remedies had failed."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. 88 4
