

AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis. — "Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pains in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me." — Mrs. EMMA LUSE, 833 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

THE HEIR'S HAIR-MOVING.

Mr. White—It's no use, my dear, I shall have to have my whiskers off; baby is pulling 'em out by the roots.
Mrs. White—How unfeeling of you. It's the only thing that keeps baby quiet. Now you threaten to take the dear's enjoyment away!

Kicking Kindness Into Him.
The benevolent old gentleman got busy when he saw four boys eight or nine years of age attack one boy of about the same age.

"You mustn't, you mustn't," he said, when he had hauled them off, "attack your little companion this way. What has he done to deserve such harsh treatment?"

The four boys glowered sullenly while the one boy whimpered as he thought what would happen to him when the benevolent gentleman went on his way.

"Well," said one of the four at last, "he won't join the band of kindness our teacher wants to get up at school!"

Three Meals at Once.
"Now, Mary," said her mistress, "you must come to the door of the drawing room and say: 'Breakfast is ready, and supper is ready, but dinner is served.'"

The newly corralled domestic inwardly digested the concise instructions, and that evening convulsed the guests who were awaiting the announcement of dinner by stepping between the portieres, dropping a courtesy and repeating: "Breakfast is ready, and supper is ready, but dinner is ser-ved!"

THINK HARD

It Pays to Think About Food.

The unthinking life some people lead often causes trouble and sickness, illustrated in the experience of a lady in Fond Du Lac, Wis.

"About four years ago I suffered dreadfully from indigestion, always having eaten whatever I liked, not thinking of the digestible qualities. This indigestion caused palpitation of the heart so badly I could not walk up a flight of stairs without sitting down once or twice to regain breath and strength.

"I became alarmed and tried dieting, wore my clothes very loose, and many other remedies, but found no relief.

"Hearing of the virtues of Grape-Nuts and Postum, I commenced using them in place of my usual breakfast of coffee, cakes, or hot biscuit, and in one week's time I was relieved of sour stomach and other ills attending indigestion. In a month's time my heart was performing its functions naturally and I could climb stairs and hills and walk long distances.

"I gained ten pounds in this short time, and my skin became clear and I completely regained my health and strength. I continue to use Grape-Nuts and Postum for I feel that I owe my good health entirely to their use. 'There's a Reason.'

"I like the delicious flavour of Grape-Nuts and by making Postum according to directions, it tastes similar to mild high grade coffee."

Read "The Road to Wellville," in pkgs. Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

FIXING ASSESSMENT

NORTHWESTERN CASE DEFERRED FOR A SHORT TIME.

GOVERNOR WANTS INCREASE

Value of the Pullman Company Allowed to Stand at the Same Figures Prevailing Last Year.

The state board of assessment came very near assessing the Northwestern railroad, but owing to the fact that Land Commissioner Cowles had been called away from the meeting, an adjournment was taken for a few days, no action was taken on the motion by Governor Shallenberger to increase this road \$4,000 a mile.

The Northwestern is now valued at \$33,500 a mile, and the governor moved that the valuation be placed at \$37,500 a mile. This motion was seconded by Auditor Barton.

The motion was discussed informally while awaiting the return of the land commissioner. Treasurer Brian said he was ready to vote for the increase, but he had given the railroads to understand that if the road was to be increased he would give the man another opportunity to appear and make further argument. For this reason he was in favor of a delay.

The value of the Pullman company was fixed at the same figure as last year, \$12,500 for the Standard cars and \$8,000 for the tourists. Auditor Barton moved to value the Standard cars at \$15,000 and the tourists at \$10,000 and his motion was seconded by the governor, but the other three members of the board voted to leave this corporation at its present assessment.

The car companies were assessed at the same figure as last year, though the mileage was reduced from 150 miles a day to 100, which will boost the values somewhat. The total valuation of the Pullman company will depend upon the number of miles these cars have run in Nebraska. This has not yet been figured.

In his talk for an increased valuation of the Northwestern the governor called attention to the fact that the Northwestern is assessed at \$6,700 a mile, while the Missouri Pacific is assessed \$7,440 a mile; the St. Joseph & Grand Island at \$6,500 and the Rock Island at \$8,507. The Northwestern, he insisted, was out of proportion to the other roads, and therefore should be increased. Treasurer Brian announced that he would vote for the increase, though no figures had been submitted to show that the road was assessed too low.

May Have Dispensary.

The excise board is seriously thinking of appointing an agent or drug store to dispense liquor for medicinal, sacramental and mechanical purposes and grant a license to no other firm or store. It is said to be the idea of the board to permit whoever gets the license to sell the stuff upon the statement of the purchaser that it is for the purposes enumerated. So far, however, no one has been appointed and the police are still raiding places and bringing in beer and boozers under the law.

Fitting New Office Rooms.

The third floor of the state house not otherwise used is being cut up into rooms for the use of the supreme judges who have not already been provided for. The State Railway commission has been given the use of the senate chamber in which to care for its work in discovering the physical valuation of the railroads.

Stock Judging Building to Be Erected on Nebraska State Fair Grounds.

Premiums for Kid Corn Raisers.

The Nebraska State Board of Agriculture is offering \$150 in premiums to the boys under 18 years of age who grow the greatest number of bushels of corn to the acre during 1909. The money is divided, \$50 to first, \$25 to second, \$20 to third, \$15 to fourth, \$10 to fifth and \$5 each to sixth to eleventh.

Adopts Schedule 44.

After considering the matter for a number of months and after repeated hearings of State Railway commission has adopted schedule No. 44, prepared by the Western Traffic association, with some modifications.

Club Test of Liquor Law.

The right of the excise board of the city of Lincoln to enact and enforce a rule prohibiting bona fide incorporated clubs, organized for beneficiary or social purposes, from incidentally furnishing liquors to their members, is to be tested in the supreme court of the state at the earliest possible date. The case made up in district court and which will be carried to the higher tribunal as soon as the transcript can be prepared, is that of the state against John S. Gipson, president of the Waiters' club.

CHOSEN CHANCELLOR.

Dr. Samuel Avery is Placed at Head of State University.

Dr. Samuel Avery, who has been serving as acting chancellor of the State university since January 1, was elected chancellor by the board of regents. This action would not have been taken until the June meeting, except that one of the regents will not be in the state at that time, and he wanted to take part in it. Mr. Avery's selection for the position of head of the State university was unanimous.

Dr. Avery, himself a graduate of the State university, was professor in chemistry, had studied abroad and had received signal recognition over there for his work in that science. When Chancellor Andrews withdrew because of ill health the regents wanted to put a man in his position who was familiar with conditions in Nebraska, and recognized in Prof. Avery a broad-minded, brilliant man, they made him acting chancellor. They have been highly pleased with the way that he has taken hold of the work, and consequently determined to make him chancellor.

Dr. Samuel Avery.

In future it will be Superintendent of Schools W. M. Davidson, LL.D., for the regents decided to confer the degree of doctor of laws on him because of his eminence in the educational work of the state.

Stringent rules were adopted in regard to students drinking, and in future members of any organization that serves liquor at its banquet or meeting will be expelled. Practically the same action was taken concerning teachers.

The following resolutions were adopted:

First—No student of the university shall retain membership in any society, fraternity or organization in the university whose membership is secret, concealed or not made public in the usual way.

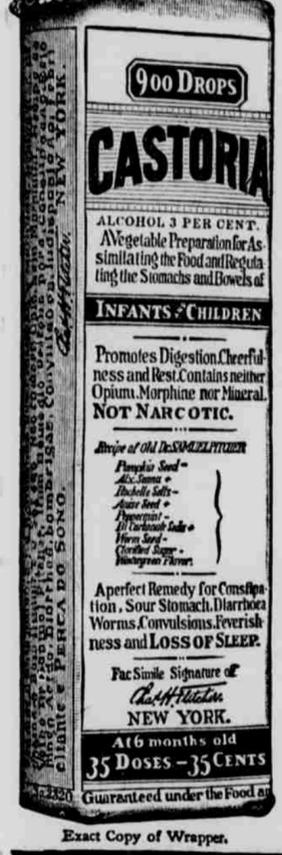

Second—Hereafter the general supervision and control of the Pan-Hellenic dance and all similar inter-fraternity social functions or events are vested in the inter-fraternity council.

Third—No student shall be a member of any secret order or fraternity or other secret organization which exists primarily for the purpose of controlling student affairs, or which holds or maintains banquets or other gatherings at which alcoholic liquors are served.

Fourth—Any student convicted of violating any of the provisions of sections one and three, or either of them, shall be expelled or suspended from the university. Any conduct on the part of the members of the teaching or official bodies of the university clearly tending to support or encourage students in the violation of those sections shall be deemed an impropriety.

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and A FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. **CASTORIA DOES NOT CONTAIN NARCOTICS**, if it bears the signature of Chas. H. Fletcher.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. J. W. Dinsdale, of Chicago, Ill., says: "I use your Castoria and advise its use in all families where there are children."

Dr. Alexander E. Mintie, of Cleveland, Ohio, says: "I have frequently prescribed your Castoria and have found it a reliable and pleasant remedy for children."

Dr. J. S. Alexander, of Omaha, Neb., says: "A medicine so valuable and beneficial for children as your Castoria is, deserves the highest praise. I find it in use everywhere."

Dr. J. A. McClellan, of Buffalo, N. Y., says: "I have frequently prescribed your Castoria for children and always got good results. In fact I use Castoria for my own children."

Dr. J. W. Allen, of St. Louis, Mo., says: "I heartily endorse your Castoria. I have frequently prescribed it in my medical practice, and have always found it to do all that is claimed for it."

Dr. C. H. Glidden, of St. Paul, Minn., says: "My experience as a practitioner with your Castoria has been highly satisfactory, and I consider it an excellent remedy for the young."

Dr. H. D. Benner, of Philadelphia, Pa., says: "I have used your Castoria as a purgative in the cases of children for years past with the most happy effect, and fully endorse it as a safe remedy."

Dr. J. A. Boardman, of Kansas City, Mo., says: "Your Castoria is a splendid remedy for children, known the world over. I use it in my practice and have no hesitancy in recommending it for the complaints of infants and children."

Dr. J. J. Mackey, of Brooklyn, N. Y., says: "I consider your Castoria an excellent preparation for children, being composed of reliable medicines and pleasant to the taste. A good remedy for all disturbances of the digestive organs."

GENUINE CASTORIA ALWAYS Bears the Signature of

Chas. H. Fletcher
The Kind You Have Always Bought

In Use For Over 30 Years.

About That.

"A popular operatic prima donna makes her money about the easiest way of all."
"How is that?"
"She gets her living for a song."

Shake Into Your Shoes

A Friend In Need

There is absolutely nothing that gives such speedy relief in Dysentery, Diarrhea, Cholera-Morbus, Cholera-Infantum, Colic and Cramps as

DR. D. JAYNE'S CARMINATIVE BALSAM

It is a friend in need, and you should always keep it in your house. Its valuable curative properties have made it a necessity for both adults and children.

Sold by all druggists at 25c per bottle

JUST DOUBLE 320 ACRES INSTEAD OF 160 ACRES

As further inducement to settlement of the wheat-raising lands of Western Canada, the Canadian Government has increased the area that may be taken by a homesteader to 320 acres—160 free and 160 to be purchased at \$3.00 per acre. These lands are in the grain-raising area, where mixed farming is also carried on with unqualified success. A railway will shortly be built to Hudson Bay, bringing the world's markets a thousand miles nearer these wheat-fields, where schools and churches are convenient, climate excellent, railways close to all settlements, and local markets good.

"It would take time to assimilate the revelations that a visit to the great empire lying to the North of us unfolded at every turn."
—*Correspondence of a National Editor, who visited Western Canada in August, 1908.*

Lands may also be purchased from railway and land companies at low prices and on easy terms.

For pamphlets, maps and information as to low railway rates, apply to Superintendent of Immigration, Ottawa, Canada, or the authorized Canadian Government Agent:

W. V. BENNETT, 801 New York Life Building, Omaha, Nebraska.

DAISY FLY KILLER

It kills any house fly, mosquito, or other annoying insect. It is a powerful disinfectant, and kills germs. It is a safe and effective remedy for all insect pests. Sold by all druggists.

Thompson's Eye Water
