Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking three bottles I was cured, and never felt so well in all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. WILL YOUNG, 6 Columbia Avenue, Rockland, Me.

Interrupted the Wedding.

The other day, at the Shawnee county Court House, Probate Judge Schoch was about to marry a young couple. He pronounced the preliminary words and told them to join hands, and started on the ceremony. "Hey, there! Hold up a minute! Wait, I say!" This series of startling exclamations came from the door. The groom was horrified—the bride badly scared.

"Just a minute. I want to give you each an apple before you are married," said the man who had made the noise. And in he calmly walked and handed each of them a Grimes Golden.

It was one man's idea of a joke.—Kansas City Journal.

No Butler for Pneuritch.

"We'll have to get a butler, you know," said Mrs. Pneuritch. "What for?" asked Mr. Pneuritch. "Well, to look after the wine cellar and—"

"Not much, Priscilla! I'm capable of looking after the booze myself."

"A butler lends dignity to an establishment, too."

"Well, when I get so hard up for dignity that I have to borrow it from a butler, I'll quit and go back to the retail grocery business. You manage the hired girls, Priscilla, and I'll attend to running the man part of this shebang."

GOT TO THE CAUSE

And Then All Symptoms of Kidney Trouble Vanished.

C. J. Hammonds, 517 S. Hill St., Fort Scott, Kansas, says: "I was operated on for stone in the kidney but not cured and some time after was feeling so bad that I knew there must be another stone to be cut out. With it disappeared all symptoms of dizziness, rheumatism and headaches. I have gained about 50 pounds since and feel well and hearty."

AGONIZING ITCHING.

Eczema for a Year—Got No Relief Even at Skin Hospital—In Despair Until Cuticura Cured Him.

"I was troubled with a severe itching and dry, scurfy skin on my ankles, feet, arms and scalp. Scratching made it worse. Thousands of small red pimples formed and these caused intense itching. I was advised to go to the hospital for diseases of the skin. I did so, the chief surgeon saying: 'I never saw such a bad case of eczema.' But I got little or no relief. Then I tried many so-called remedies, but I became so bad that I almost gave up in despair. After suffering agonies for twelve months, I was relieved of the almost unbearable itching after two or three applications of Cuticura Ointment. I continued its use, combined with Cuticura Soap and Pills, and I was completely cured. Henry Seale, Little Rock, Ark., Oct. 8 and 10, 1907."

Rabbinical Wit.

An English rabbi was asked if there was any weighty reason against having a clock in the synagogue. "By no means," was the reply. "How I envy you!" said the first. "You must be in a paradise." "Hold, friend!" the second explained. "In the original paradise there was only one serpent, but in this congregation are many of them."

Ate a Chick with Big Eyes.

A trainman is telling an incident that occurred on a Mohawk & Malone train up in the woods the other day. The train was standing on a siding waiting the arrival and passing of another train when an Italian walked through the coach, his hands crossed on his stomach and his head wagging from side to side in a doleful manner.

"What's the matter, John?" some one inquired.

"Oh, me sick—me sick as a dog," replied the man, rolling his head still more distressingly and continuing the rubbing of his stomach.

"Sick? Well, what you been eating?" asked the sympathetic passenger.

"Eata de chick with the big eyes," responded John, as his groans increased.

Sees Final Victory Over Tuberculosis.

Dr. William Osler says: "Whether tuberculosis will be finally eradicated is an open question. It is a foe that is very deeply entrenched in the human race. Very hard it will be to eradicate completely, but when we think of what has been done in one generation, how the mortality in many places has been reduced more than 50 per cent.—indeed, in some places 100 per cent.—it is a battle of hope, and so long as we are fighting with hope, the victory is in sight."
