## Carnival is Assured Success

### Commercial Club Committee Reports Progress of Arrangements.

At the regular meeting of the Commercial club Tuesday night at Coates Hall the committee which was appointed to investigate the matter of a Business Men's Carnival made their report. The time was definitely set for holding the carnival, commencing on Wednesday September 1 and continuing the 2, 3, 4 and 6 of September.

This carnival event will be the biggest thing this city has ever undertaken. Each day will be a special day and it is hoped that not less than 50,000 people may be attracted to witness the entertainment and amusements and bargains which the business men of Plattsouth will have provided for them. Every business man and merchant in the city will be assigned some special work to do. When the assignments to the various committees have been made, the detail work of arrangements will be taken up. Doubtless many prizes will be offered to induce competition in various lines.

The committee reported that one day will be devoted to live stock and agricultural interests. This should be one of the great days of the carnival. The farmers and stock raisers of Cass county and adjoining counties will doubtless take advantage of this opportunity for exhibiting what Cass county is now accomplishing in stock raising as well as studying the various methods of improvement.

Another day will be set aside as Musical Day. This should be a special feature and doubtless bands from the various towns surrounding Plattsouth will enter the contest for the prize. Aside from the band music there will be choruses and glee clubs to make the occasion remembered by those who take advantage of the opportunity to see and hear what can be produced in a musical line.

Another day will be Pioneer Day. It will be arranged to secure the attendance of all the pioneers of Cass county and south eastern Nebraska. The state officers of the Nebraska Pioneer Association will be present and a banquet will doubtless be provided and the present generation will be given an opportunity to hear the reminiscences of the men and women who

made Nebraska in the early days, and who laid the foundation for the great achievements of the state.

The fourth day will be a real carnival day devoted to sports of every kind and the sport lovers will be given the opportunity of a lifetime in the way of a carnival celebration. The young and old and middle aged will doubtless be delighted in the sports that will be provided. Wrestling, balloon ascensions and base ball with hundreds of other attractions will make up the program for this day. The last day will be called Burlington day. A grand parade will be given and everything will be done that is possible to make this a most interesting and attractive event. The city is beginning to become enthusiastic over the matter and the people of Cass county will be given the greatest carnival week ever given by any city of its size in the history of the state. Let everybody reserve this week to enjoy the hospitality and merriment offered by the business men of the city of Plattsouth and remember the dates—September 1 to 6. Tell your neighbors and friends about it. Write to your friends and relatives in other counties. Let everybody come and be welcome.

#### District Clerk Busy.

James Robertson, the genial clerk of the District court, has been quite busy this week, several cases having been filed at his office. Wm. A. Cleghorn as executor of the estate of Fred Brunko, deceased, seeks to quiet title to some land near Louisville with D. K. Thomas et al as defendants.

Frank Graham brings suit against estate of John Knight, deceased, to quiet title to some land near the quarries at South Bend.

The administrator of the John H. Bauer estate would like permission to sell some of the property, the funds to be used paying debts.

#### Old Settlers Reunite.

The NEWS-HERALD is in receipt of the advance announcement of the 21st reunion of the old settlers of Cass and adjoining counties which will be held at Union on Friday and Saturday, August 6 and 7. Excellent programs have been prepared and the committees and citizens of Union will endeavor to make this event eclipse all previous efforts.

Chas. K. Ward was in the city Tuesday. Mr. Ward represents the Lincoln Construction Co. and was here for an interview with the county commissioners. Glenn E. Smith of the Nebraska Construction Co., was also here for that purpose.

## THE COUNTY BOARD

REGULAR MEETING HELD AND USUAL AMOUNT OF ROUTINE BUSINESS TRANSACTED.

Plattsouth, Neb., July 20, 1909. Board met pursuant to adjournment, present M. L. Friedrich and C. R. Jordan. Minutes of previous meeting read and approved, when the following business was transacted in regular form: Bond of the Lincoln Const. Co. filed and approved.

Board adjourned to meet August 3, 1909.

W. E. ROSENCRANS,

County Clerk.

## Are You Going To Alberta?

Harvesting and Threshing in Progress—Can See What Land is Producing.

Tuesday, August 3, is the date of the next excursion to "Sunny Southern Alberta," Canada. This will be the best time of all the year for prospective purchasers to look at Alberta land as small grain will just be ready for cutting and thrashing. One can see at a glance exactly what the climate and soil will produce. Crop prospects in this famous wheat belt have not been better in 20 years, which means that the price of land there will continue to advance in price.

About 20 or 40 farmers, business and

professional men of Cass county have already made purchases in Alberta. Land-seekers from some 15 or 20 states are flocking there by the thousands, most of them buying a quarter section or more before they return. Six years ago this land sold at from \$2 to \$5 an acre; today, it is selling at from \$12 or \$15 up to \$50 an acre.

The Canadian Pacific R. R. Co. advanced the price of its lands 20 per cent on July 15 and further advances are sure to come as the home seekers continue to rush into that country.

If you cannot possibly get away to go on Aug. 3, you can go on the next excursion day, which will be August 17.

Alberta grows the best wheat to be found, the yield being from 30 to 55 bushels per acre. Oats yield from 60 to 100 bushels and barley, 40 to 80 bushels. You can purchase first class dry land within 2, 3 or 4 miles of a market at \$18 an acre and irrigated land at \$30 an acre. Where can you buy land at that price that will grow such large crops?

TERMS: One-tenth down and balance in nine equal annual payments.

For further particulars, call upon or write, GEO. L. FARLEY,

Local Agent, Coates Block, Plattsouth, Nebr.

#### Elmwood Boosters.

An automobile party consisting of Attorney Wm. Deles Dernier, John G. Stark, republican candidate for County treasurer; Banker C. S. Aldrich, Merchant L. F. Langhorst, and Chauffeur Charles Quinn, all prominent business men and citizens of Elmwood, arrived in the city in time for supper Monday evening. These gentlemen were boosting for the Elmwood Chautauqua which is soon to be held in that lively little city. The party left Elmwood about 4 o'clock and made stops at Murdock and Louisville making the trip to this city in record time.

## The World's Big Industries.

According to the latest figures the water power development of this country is reported as 5,357,000 horsepower, and the number of wheels which it turns at 52,827.

The canals of Holland have a total length of 5,000 miles, and they are much more important than the country's railroads, which have a mileage of 2,000 miles.

The available iron ore supply of the United States is estimated at 4,785,000,000 long tons.

The wealth production on farms, according to the estimate of the department of agriculture, was in 1897, \$4,250,000,000 and, in 1909, \$7,512,000,000.

The production of iron ore from the mines of the United States in the year 1907 was 52,000,000 tons, the largest total ever produced in a single year.

The system of building embankments by running trains of loaded cars on rails hung from a suspension cable above the line of the embankment is being used with great success.

The foundation work alone of the new municipal building of New York City, which is to be at the Manhattan end of the Brooklyn bridge, will cost \$2,000,000.

The postoffice business of the United States has grown from practically \$1,000,000 in 1820, and \$5,500,000 in 1850 to \$20,000,000 in 1870, \$33,000,000, in 1891, \$61,000,000 in 1899, \$102,000,000, in 1900, and \$191,500,000 in 1908.

According to government statistics, the estimated coal supply of the United States is put down at 3,135,708,000,000 tons, while the output from the mines of the United States in 1907, the year of the largest production, was 429,000,000 tons.

ONE DOLLAR spent at our Summer Clearance Sale goes as far as TWO DOLLARS elsewhere. If you doubt it--test it. This is a genuine CLEARANCE--no holding back on the price of any summer merchandise, not contract goods.
