JULY 22, 1909.

ANNOUNCEMENT.

I hereby announce myself as a candidate for the republican nomination for Register of Deeds of Cass county, subject to the pleasure of the voters at the coming primaries. In asking for this nomination I desire to call attention to the fact that my services in the office of county surveyor, while being largely of a "thank you" nature, the renumeration being insufficient for the support of a family, have eminently fitted me for the duties of the office to which I aspire, and in case I should receive the nomination I shall use my best endeavors to be elected, and will give to the office my best attention.

E. E. HILTON.

CALL FOR CONVENTION.

The Republicans of Cass county are hereby called to meet in convention at Weeping Water, Neb., on Saturday July 24, 1909 at 1 p. m. for the purpose of selecting delegates to State convention, also selecting a county committee.

The primaries to select delegates to county convention will be held at the usual place of holding primaries in each ward and precinct on Thursday, July 22, 1909 at 8 p. m.

The basis of representation shall be one delegate for each 12 votes or major fraction thereof cast for the Hon. W. H. Taft for President in 1908.

H. A. SCHNEIDER, Secretary. A. F. STURM, Chairman.

IF THE general welfare of the city is to be considered in the matter of working the public streets this year, some steps should be taken to give the avenues by which people come to the city some special attention. Unless the up-to-date methods of working these avenues are adopted they should be left untouched. There is no reason why each avenue leading into this city should not be put in first class condition now so that when the winter season and the wet season comes again farmers will not be compelled to drag through the mud to get here.

COUNTY CANDIDATES

A finer and more capable list of fellows could not be found for county officials than is presented to the republican voters this year from whom the republican ticket is to be selected. They are all popular and well fitted for the offices to which they aspire, and we predict a sweeping victory for the winners at the primary. There is John Gerry Stark candidate for County Treasurer. He is the soul of honor, and is one of the most progressive men Elmwood. He will doubtless be elected by a good round majority. For the office of sheriff there are two aspirants. C. D. Quinton, the present efficient sheriff is a candidate for re-nomination. Everybody knows Carl, and they know him to be an all right good capable fellow. John Busche one of Cass county's honest and industrious young men is also a candidate. John has many friends and they are all proud of his good manly ways. No doubt but the winner in this friendly contest will be elected as the next sheriff of Cass county. Carl and John are good warm personal friends, and no sore spots will be left in this contest. For County Clerk a more deserving, capable, and popular fellow could not be found than is George Lushinsky. George was born in Germany, and came to Cass county when a small child. He was educated in the public schools, and under the private tutelage of Rev. H. B. Burgess. He has been employed in the B. & M. shops here for several years and he was presented as a candidate by his fellow workingmen. He should be elected by a large majority. He deserves every vote in Cass county. Judge Allen J. Beeson was elected County Judge two years ago without opposition. He has made an impartial and upright judge and is entitled to a re-election. He is always considerate of the rights of others and is ever ready to do his full share in every walk of life. For the office of Register of Deeds there are two candidates. E. E. Hilton, who is now serving his eighth term as county surveyor, is a candidate. He is a consciencious citizen. Everybody knows Hilton, and to know him is to respect him. L. H. Daft of Greenwood is a bright and industrious young man with a good record. He is full of energy and enthusiasm and well qualified for the office of register of deeds. He has been employed in the bank at Greenwood for some years, and is well liked by all who know him. Mr. Hilton and Mr. Daft are both gentlemen of such high standing that their contest for the nomination will not leave any sore spots, and which ever one is successful in securing the nomiation, will doubtless be elected by a nice handsome majority next November. For County Commissioner Martin L. Friedrich is a candidate for re-nomination. Martin is one of those whole souled fellows, who is ever ready to help those who deserve help. Many is the man who has been helped by Martin in private life before he ever dreamed of running for office. Mr. Friedrich will no doubt be his own successor. Two finer young men cannot be found than Prof. E. E. Odell and Prof. A. J. Wickland who have entered on a friendly contest for the nomination for County Superintendent of Schools. Both of these young men are thoroughly educated and qualified for the office. Both are successful teachers. Prof. Wickland has been Principal of the schools of Greenwood for several years, and Prof. Odell has been elected as Principal of the schools of Elmwood for the coming year. They are both thorough gentlemen and scholars. To the successful one in the contest for the nomination, we predict success at the polls in November.

For city assessor in the city of Plattsmouth, John C. Lindeman has filed. John was for several years employed in the B. & M. shops, and was always a faithful worker. He has by his industry and frugality secured a home and some stock. He is a man who is not afraid of honest toil, and should be elected by an overwhelming majority in November.

THE present city administration has selected a street commissioner, who has begun to do some work on the public streets of this city. The work is being done in the same old way, which costs the taxpayers about two to four times as much as it ought to cost. Old methods of road and street work are expensive, even when honestly done. The modern method of road and street work under the conditions that exist in this country and city, is the use of the plow and log-drag. We suggest to the city authorities that the log-drag be adopted this year in working the streets. In our issue of July 15 we gave explicit directions for making and use of the log-drag in road work. The directions there given are approved by the government road experts, and other experts on road building. Our neighboring county of Sarpy has demonstrated the success of such methods. Two teams with plow and drag will do more work in the same length of time than six teams will do by the old method of plow and scraper. And the work when done will last much longer. Let the city administration adopt up-to-date economical methods in this part of the city's expenses. We are all interested in having good streets. These suggestions are not made in a spirit of fault finding, but for the purpose of rendering some valuable services to the city adminiatration and to the city.

A FREE TRADE FAKE.

A fake was perpetrated on the Commercial Club Tuesday night. Just before adjournment E. H. Wescott read a fake letter from A. B. Kirschbaum & Co., which had been received by the firm of C. E. Wescott's Sons. The letter requested the sending of telegrams to the President asking for a veto of the Tariff Bill unless there was a revision downward.

Mr. Wescott acted in good faith but he was the victim of a bunch of Free Trade fakers and he imposed the fake on the Commercial Club. The fake letter says that "the proposed measure has already caused an advance of as much as 32 per cent in the price of spring woolens for 1910." This statement in this "fake" letter is absolutely false. The wool and woolen schedules in the Aldrich Tariff Bill leaves the wool schedules exactly the same as they now are in the Dingley Law, which has been the law since 1896, and the only changes proposed by the Payne Tariff Bill are some reductions on the cheaper classes of woolens. It is therefore clear that the rot in the fake letter about the "proposed measure has already caused an advance of as much as 32 per cent in the price of spring woolens for 1910," is absolutely false.

The only proposed changes affecting woolen clothing are for a downward revision. The matter should not have been taken before the Commercial Club at all. The Commercial Club is not the place for political matters, and as soon as it commences to mix politics it might as well quit altogether. So far as Mr. Wescott is concerned he was innocently made the victim of a bunch of Free Trade fakers, and he made the Commercial Club a victim with himself.

Runs Away With Binder.

Mrs. Geo. Born returned from a visit to the country yesterday where she had been to visit her sister-in-law, Mrs. Grace Born. Mrs. Born reports nearly all farmers through with harvesting. Gustave Heidman, who rents Mr. Born's farm was unfortunate in having four horses run away with his binder. The boys stopped the horses after they had run into a nearby corn field for some distance. Luckily none were injured though the binder was somewhat broken.
