### ANNOUNCEMENT.

I desire to announce myself as a candidate for the office of register of deeds for Cass county, subject to the republican primaries which will be held on August 17. If selected as the nominee I shall put forth my best efforts to secure election and will give to the office my best attention. L. H. DAPT.

### ANNOUNCEMENT.

I hereby announce myself as a candidate for the republican nomination for Register of Deeds of Cass county, subject to the pleasure of the voters at the coming primaries. In asking for this nomination I desire to call attention to the fact that my services in the office of county surveyor, while being largely of a "thank you" nature, the remuneration being insufficient for the support of a family, have eminently fitted me for the duties of the office to which I aspire, and in case I should receive the nomination I shall use my best endeavors to be elected, and will give to the office my best attention. E. E. HILTON.

### ANNOUNCEMENT.

I hereby announce myself as a candidate for the republican nomination for County Superintendent of Cass county, subject to the pleasure of the voters at the coming primaries, which will be held Aug. 17, 1909. In asking for this nomination I promise if selected as the nominee to put forth my best endeavors to secure election. A. J. WICKLAND

### ANNOUNCEMENT.

I hereby announce myself as a candidate for the republican nomination for Road Overseer of Eight Mile Grove precinct, No. 2, of Cass county, subject to the pleasure of the voters at the coming primaries. SAM P. BEAVER.

Senator Stone probably "don't like a niggah nohow."

HONESTY in politics is as essential as is honesty in business.

TALK about republican harmony! At the state convention Tuesday Victor Rosewater and W. H. Harrison were on the same committee and brought in a unanimous report.

To hear the democrats of Cass county talk of "ring rule" is to laugh. Notwithstanding the fact that no primaries had been previously held to select delegates, a "county convention" was pulled off last Saturday and delegates "elected" to attend the state convention. Some murmuring is being heard among the rank and file but it is not thought that the leaders will have much trouble in handling the insurgents.

has actually been changed and cultivated by Uneeda Biscuit.

No longer are people satisfied with crackers taken from the grocer's box or barrel—exposed to dust, moisture, handling.

They have learned that the only crackers that are crisp, tender, always fresh and really *good* are those protected by a moisture proof package. These are the kind they get—as if just from the oven—when they ask for

THAT man Hayward may be young and hot-headed as accused by some of the older wheel horses, but there is a mighty lot of republicans in Nebraska that would like to beat time to his music.

IN GIVING his reason for the belief that the tariff would be revised downward in conformity with the republican platform, Will Hayward stated that the proposition had behind it a 300-pound man with a 20-ton brain. And you may as well paste it in your hat that that is just enough to turn the trick.

THE harmony at the Lincoln convention presages a republican victory every time the party has a chance to vote. The consensus of opinion seemed to be that the party has lost enough already, and that the only way to regain the ground is to put the shoulder to the wheel and push all the time for those principles which have so long stood the test of time.

DEMOCRATS in this state view a non-partisan policy as the most righteous thing the republicans could adopt. It is a good plan for the republicans to be non-partisan, on which spirit rests the only hope of the democrats. But the latter forget to attain such an exalted, non-partisan standard when they are in control and do not need assistance from the opposition. That fact is attested by the performance of the last legislature, which surpassed all predecessors in the matter of partisan greed and nerve.—Beatrice Express.

ONE of the liverymen of the city objects to the suggestion of the commercial club that a system of hitching posts be placed about the city prior to the carnival in September. He states that we now have enough hitching places for normal occasions and that for even such increased demands as will be made that week, the various barns of the city for a reasonable fee will be able to handle the situation. He also points out the fact that most of the teams will come to the city early in the day and will remain late, thus necessitating feed and water which would obviously be impossible if hitched to a post. And while on the subject it may be as well to call attention to the fact that it is an imposition to maintain a hitching rack on a street contiguous to residence property. This is true in at least one instance in this city, and the matter should be attended to.

If a special session of the legislature should be called to straighten up some of the botch work of last winter the governor might include some of the recommendations of the party in convention assembled the first of the week. Plenty of time will be had before the fall election to enact into law the demands of the platform and thus place the party a few laps ahead of the republicans in the matter of things accomplished. The probabilities are, however, that no legislation of this character will be accomplished, though such a course will be a repudiation of the platform.

NO FEAR need be felt as to the result of the election in Cass county this fall. Every man aspiring to a place on the republican ticket is eminently qualified to acceptably fill the office asked for, and as the best of feeling exists between the various candidates no fear need be felt that any sore spots will be felt after the primaries. Republicans generally feel that there is no excuse for any but republicans holding office in this county, and with harmony in their own household the result next fall is a foregone conclusion.

"Of course, there is one redeeming feature about this Republican administration. That rain yesterday and last night was surely mighty fine."—Journal. Thanks. We hardly expected this from our amiable contemporary.
