Work Being Rapidly Pushed

Carnival Committees are Doing Good Work in Making Arrangements.

There was great enthusiasm at the special meeting of the Carnival committee and those interested in the success of the festival last evening. Director Frank Janda and Joseph Kanka of the Modern Woodman Band met with the committee and entered into an agreement to furnish music during the five days. No trouble at all was experienced in coming to terms as both the carnival committee and the band boys were disposed to do what was right to further the best interests of the city.

Luke Wiles, the enterprising stockman, was present at the invitation of the committee and accepted the chairmanship of the committee on the Live Stock and Agricultural exhibit, which will take place on Wednesday, Sept. 1, Quartus Parmelee, the former appointee's business being such that he will be out of town for the greater part of the next few weeks. As this will be one of the most difficult parts of the big show to carry to a successful termination the committee considered itself fortunate in securing the service of Mr. Wiles. He will be assisted by several live citizens each of whom will take hold of a certain department of the exhibit.

Arrangements for a special service over the M. P. on Pioneer Day will be made to handle the visitors from Fort Crook sure to follow the company of soldiers who will put on a fancy drill and the base ball club which will play a match game with the locals. The effort to get the Government Band to accompany the soldiers and ball players will no doubt be successful. Also arrangements will be made for a special train from Elmwood on Friday, Merchants Day, which will bring in a large number of visitors accompanied by the Elmwood base ball nine which will play the locals that day. Elmwood's live citizens will also probably bring along their brass band which would be a splendid attraction. The committee has also started negotiations for a special train from Havelock on Monday, Labor Day, when the Havelock shop men hope to be present and take part in the big industrial parade. The Plattsmouth and Havelock ball clubs play a match game on this day which alone will be worth a trip of many miles.

Numerous inquiries for concessions insure almost every amusement that could be thought of for the principal streets and the committee will also soon come to a decision on which of the several splendid and wonderful free attractions shall be secured for the occasion, which will be one of the biggest and best ever undertaken by the city, and every citizen should at once appoint himself a committee of one to go to boosting, as the natural result of the carnival can be the beneficial to each and everyone whether in business or simply an owner of property.

Three automobiles filled with live

boosters went out this morning for a trip over the county. The following gentlemen made up the party and on the trip they will renew acquaintance with our Cass county friends and endeavor to create an interest in the coming event. J. W. Crabill, A. L. Tidd, Doc Young, Chas. Parmelee, Frank Schlater, Henry Schneider, Hilt Wescott, Hugo Asmussen, Arthur Troop and John Nemetz. A great many hand bills will be distributed also scores of large ones will be pasted up in prominent places by Mr. Young efficient city bill poster.

Things Social At Mynard

Special Correspondence.

A. A. Wetenkamp was in Omaha on business Tuesday.

Mrs. Fern Gerber is visiting at R. L. Propst for a few days.

Carl Cole has purchased a fine Reo auto. Now girls who is to be the lucky one?

Misses Phemie and Florence Richardson are attending the Epworth Assembly at Lincoln.

R. L. Propst had the misfortune to have his driving team killed by an M. P. freight train.

The Sunday School boys club accompanied by their pastor are camping at Rock Bluffs this week.

Miss Edna Propst returned Tuesday from Mitchell, S. Dakota, where she has been visiting her sister, Mrs. Maud Test.

The automobiles fly through so fast and furious about all one can see or hear is the honk-honk and thud-thud as they jostle over the M. P. tracks.

Mrs. Glen Vallery took her little brother to Omaha Tuesday to have his arm attended by a surgeon. It was hurt sometime ago by falling from a horse.

Albert and Chas. Will of Nelson, Nebr., are visiting relatives here. The boys say their father, Fred Will, has sold his Nuckolls county farm and bought a section in Oklahoma.

Rev. Cornish announces for his sermon next Sunday evening the following text, "The tie that binds" or the "Young man and his friends." Every one invited to attend especially the young men.

The following attended the Old Settlers Reunion at Union Saturday, Mr. and Mrs. W. B. Porter, Mrs. Will Stokes, Sam Tubbs, Mrs. Gilmour, Mrs. Taylor, Misses Edith Pitts, Anna Gilmour, Emma Eikenbury, Robin Richardson, Eva and Benneta Porter.

Industrial Alcohol.

What Denatured Alcohol is, how made, why it has not come into large consumption, and the prospects of its future utility, form the substance of a series of four articles beginning in the September number of Popular Mechanics, as stated by the Editor. The articles are written by Dr. Harvey W. Wiley, Chief of the Bureau of Chemistry, U. S. Department of Agriculture. Numerous illustrations accompany each article, and the language employed is non-technical and within the understanding of any one.

...PROGRAM...

Sunday School Convention, First District Cass County Sunday School Association, to be held at Murray, Neb., Tuesday, Aug. 17.

AFTERNOON.

1:15—Song Service..... Mrs. Morgan
1:30—Devotional..... A. A. Randall
1:45—Welcome.
Response..... George Farley
1:55—Roll Call of District..... J. P. Perry

8:00—Address..... Mrs. Warner
8:30—Address, "Evangelism"..... Rev. Mr. Kohjer
Reports of Committee on Resolutions

All Sunday Schools in the District invited to send delegates. Everyone invited.

Big Gun Inscribed.

Through the efforts of Col. H. C. McMaken the cannon on the court house grounds which was presented to Cass county by McConie Post has been suitably inscribed, reciting its history and the manner of its possession by the county. The inscription is on a plate of copper about six by thirteen inches, and is as follows:

"This cannon was used during the war of the Rebellion at Ft. Mifflin, Pennsylvania, and was given to John McConie Post No. 45, Grand Army of the Republic, by an Act of Congress of the United States of America, for their military service in the war of 1861 to 1866.

April 9th, 1901, this cannon was given by John McConie Post to Cass county Nebraska, to keep for all time.

We leave this cannon to future generations as a remembrance of the soldiers who fought for the preservation of the Union in the civil war of 1861 to 1866.

This gun was obtained and mounted by the special efforts of Henry C. McMaken and James W. Thomas."

First Church of Christ, Scientist.

Sunday Services, 11 a. m. Subject "Spirit."
Sunday School, 10 a. m.
Testimonial Meeting, Wednesday 8 p. m.
Coates Block, Room No. 227.
Reading Room same address. Open daily except Sunday and Monday, from 1 to 3 p. m., where authorized literature on Christian Science may be read or purchased.
The public is cordially welcomed.

Will Have Special Train.

Word has been received from the management of the Elmwood Chautauqua that on Sunday, August 22, a special train will be run from Plattsmouth and intermediate points. An exceptionally fine program has been prepared for that day and it is hoped and thought that large numbers from this end of the county will avail themselves of this opportunity to visit the chautauqua.

Two Promotions.

Two Plattsmouth boys have recently received good promotions which will be good news to their many friends in the city and vicinity. Geo. Bruhl, who has been working for the Burlington for some time as brakeman successfully passed the examination and was appointed to be freight conductor. He is now working as extra conductor and will doubtless receive a regular run in the near future. The other promotion comes to Frank L. Barkus, who was express baggageman at the B. & M. station for many years. He has received an appointment as express messenger; his run being between Lincoln and Fairfield, Nebr. The many friends of the young men rejoice with them in their success.

Grandma Clark, mother of Simon Clark of this city at whose home she has been visiting for several days was a passenger for Cedar Creek today. She was accompanied by Mrs. Simon Clark who will help her make the trip safely.

NOTICE.

It is the urgent request of the Committee on Pioneer and old Settlers day at the Carnival, that all persons knowing the address of any of the early settlers of Cass county, send the same at once, to either of the undersigned. It is also desired that anyone having old papers, printed during the early days, or records of any kind, or articles, associated with Pioneer days, furnish the same to the committee. We will also gladly receive suggestions from anyone, tending to make the 2nd day of September one of absorbing interest. Act promptly.

R. B. WINDHAM, Chairman.
B. S. RAMSEY, Secretary.

Baseball Girls were Boys.

The game between the Plattsmouth and "Sunflower Bloomer" base ball clubs Tuesday afternoon was a slow and uninteresting affair, the visiting team being unable to score, though in the first half of the eighth inning a walk, an error and a single filled the bases, and with only one out the visitors were full of hope. But a double play retired the "girls" and another opportunity to score failed to present itself, the result being 6 to 0. A larger crowd would doubtless have witnessed the game but for the fact that the report was circulated prior to the game that most of the girls were men made up to represent lady players.

Nebraska's

Crop Report

Government Summary Indicates Increased Yields in Five States.

A summary of the government's latest crop report by the department of Agriculture is of great interest to Nebraska farmers and a few of the chief features are mentioned for the benefit of those in this vicinity.

This season's winter wheat yield will total 432,920,000 bushels as against 437,908,000 bushels last season the average quality being considered 2-tenths per cent better than last year. The comparative figures on corn given this season's average as 89.3 as against a ten year average of 82.6 for August first. It is estimated this season's yield of winter wheat in three states with per cent of quality will be as follows.

State	Bushels	Pct.
Kansas	85,478,000	88
Nebraska	42,040,000	95
Missouri	28,562,000	92

The average condition of corn now as compared on a 100 per cent basis during the past 10 years is as follows:

State	now 85 per c.	ten years ago 84
Iowa	88	80
Missouri	93	80
Nebraska	93	83
Kansas	90	78
So. Dakota	92	86

These figures show an average improvement in prospect for this season's corn crop of nearly 7 1-2 per cent in the five states mentioned. Persons who traveled in Illinois and other corn states claim that the prospects for a bumper crop are the best they have ever known, and there is a growing belief that the present high prices for grain of all kinds will slump off considerably in the near future, though on account of larger consumption there is little danger of prices going so low that farming would be considered unprofitable.

Second Church of Christ, Scientist.

Sunday school, 9:45 a. m.
Divine service at 11 a. m. Subject "Spirit."
Mid-week meeting Wednesday evening at 8 o'clock.
Church is located on Sixth street, two blocks south of Main street. The public is cordially invited to all services. The reading room in the Coates block is open every day from 2 till 4 o'clock.

Celebrate

Golden Wedding

Mr. and Mrs. Pollock Receive Congratulations of Friends on Fiftieth Wedding Anniversary

A more beautiful and touching picture it would be difficult to imagine than was presented to the throngs of guests who gathered at the residence of Mrs. C. C. Parmelee Monday afternoon and evening to pay homage to her father and mother, Mr. and Mrs. Thomas Pollock, "who reigned supreme as King and Queen wearing crowns of silvery sheen," and graciously received the congratulations and good wishes bestowed upon them by their hosts of friends and relatives. Golden indeed was the day which celebrated in happy commemoration that other golden day of fifty years ago when Thomas Pollock took unto himself Miss Mary Kerr of Lexington, Kentucky, to travel life's pathway through "storm and sunshine, snow or flowers."

Most gently has the hand of time touched cheek and brow of this estimable couple who came to dwell among us over forty years ago, and whose benign presence made possible the delightful event which marked the half century milestone of their journey. The stately dignity of the still stalwart groom as he stood beside his lovely little bride whose smiling flower-like face beamed sweetly upon all she greeted, left an impression of conjugal love and faithfulness not soon to be forgotten. That they may continue in health and happiness together for many more bright years is the sincere wish of all who know them.

Their children are James, of Omaha, T. H., of this city, Mrs. Alice McElroy of Minneapolis, Minn., and Mrs. Lillian Parmelee of this city.

Extra Police for Carnival.

At the meeting of the city council Monday night E. A. Wurl appeared as a representative of the Commercial club and spoke in favor of the appointment of special police during the carnival. There was little opposition and Mayor Sattler was authorized to appoint such extra police force as in his judgment would be found necessary. Some of our citizens were apprehensive of trouble, and with good cause as one challenge for a fight to the finish has already been printed and given a great deal of prominence. As a matter of fact the carnival promoters expect but little trouble from boozers and high tempered scrappers but it is well enough to have more police officers to keep a sharp lookout for such offenders among the crowds so that if any of them start trouble they can be quickly and efficiently subdued and punished by fine.

The subject of hitching posts also came up Mr. Wurl explaining that persons who drove in were often complaining because of no place to tie teams. The council acted favorably on this and it was decided to erect posts at various places on the streets and vacant lots near the business center.

Our Final Clearance

Is a final chance to buy fine goods at fabulously low prices.

Men's Suits.....	7.90
Boys Suits.....	1.39
Men's Pants.....	1.39
Men's shirts.....	39c
