

**We Just Want
an Even Chance**

If you are in need of a traction engine or a separator or are contemplating buying threshing machinery you should investigate CASE threshing machinery. It will not only pay you to investigate it but it will also pay you to buy it. CASE threshing machinery is built along the most scientific lines, the CASE engine having an equal distribution of weight on both axles, making it a wonderful hill climber and puller and works as well under the belt as on the road. You will find in the CASE steel separator a fine combination of efficiency in the working parts and an architectural perfection in construction that gives it a conspicuous advantage over all competitors. A CASE 15 h. p. 9x10 inch cylinder traction engine would cost \$1450.00 and a 54-inch, 32x32 inch cylinder 20 bar separator would cost \$475.00. See me about catalogues and particulars.

Are Learning the Duty of
the Kidneys.

To filter the blood is the kidneys' duty. When they fail to do this the kidneys are sick.

Backache and many kidney ills follow; Urinary trouble, diabetes. Doan's Kidney Pills cure them all. Plattsmouth people endorse our claim.

P. M. Lindsay, Marble Street, Plattsmouth, Nebr., says: "Off and on for about two years I suffered from pains in my back and while at work, a dull, steady ache through my loins greatly disturbed me. I had reason to believe that the trouble was caused by disordered kidneys but I was unable to find relief from the remedies I used. Finally Doan's Kidney Pills were brought to my attention and I procured a box at Gering & Co's. drug store. The results that followed their use showed that I had at last found the right remedy for my trouble and thus encouraged, I obtained another box. In return for the great improvement Doan's Kidney Pills have made, I heartily endorse them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
