THE MANY USES OF PAPER

In the home cannot be estimated. It can be used to beautify the otherwise ugly pantry shelves, to put under the carpets, in fact it can be used all over the house and is a cheap means of sanitation. We have a limited number of old papers which we will sell for 5c per bunch. THE NEWS-HERALD.

A Sanitary Kitchen

In these days of enlightenment sanitation is considered very important. If the kitchen is kept sanitary the flies will find it less of an attraction, and isn't that worth considering? We have best display of sinks and plumbing goods in the city and they will assist you very materially in fighting flies. Let us figure with you on that plumbing. It will pay you.
